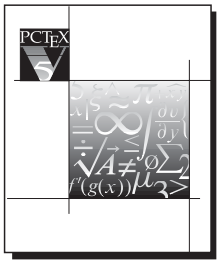
PCTEX v5 Makes Using LATEX a Snap!

PCTEX v5 for Windows has new, enhanced features in an integrated user interface to compose LATEX and TEX documents:

- Smooth edit–typeset–preview workflow
- Project organizer
- PostScript preview
- Built-in PDF distiller
- Export to Adobe Illustrator

. . . and more!



Pricing starts at $99, complete system including MathTimeProfessional fonts is $399. Upgrades from earlier PCTEX versions start at $29.

PCTEX v5 also offers

The *MathTimeProfessional* Fonts

Mathematics symbols to match the Times fonts,

$$\alpha\beta\gamma\delta \pm \zeta\kappa\xi\psi\omega \mp \partial f(x,y,z)/\partial x$$

with *individually designed fonts* for different sizes

$$\alpha\beta\gamma\delta\Gamma\Delta\Theta\ldots\ \alpha\beta\gamma\delta\Gamma\Delta\Theta\ldots\ \alpha\beta\gamma\delta\Gamma\Delta\Theta\ldots$$

to provide more readable symbols in superscripts

$$\sqrt{\frac{x^{y}+\alpha^{\beta^{\gamma}}+\Theta^{\Delta^{\Gamma}}+f_{\alpha\beta}\left(x_{ij}{}^{\lambda^{p}},y_{ij}{}^{\mu^{q}},z_{ij}{}^{\nu^{r}}\right)}{\epsilon\eta\theta+\iota\varkappa\lambda+\pi\rho\sigma+\left(\vartheta\varpi\varphi+\Xi\Phi\Omega\right)^{\phi\chi\varepsilon+\Psi}}}$$

And: parentheses and radicals up to **4 inches high** and math accents extending up to **4 inches wide!** With easy to use guide for LATEX and plain TEX

PC TEX
