The SPEEDCUFF is a purpose designed package comprising an integral rigid steel handcuff and an ergonomic plastic grip. (GB. Registered Design No.2034362). Utilising pressure sensitive areas, it can be a significant aid to gaining control.

Speedcuff possesses all the features of Hiatt's Deluxe Handcuffs and now includes the following:

New, improved, 3 independently floating locking bars, with 6 teeth each bar. Provides extra locking positions with perimeter sizes the widest in the industry.

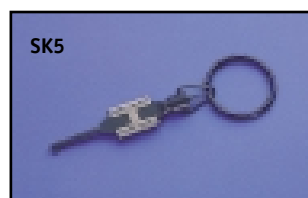

- 25 Locking Positions
- Perimeter - Minimum 6.22" 158mm
- Maximum 9.13" 232mm

ALL PATENTS PENDING WORLD-WIDE
