It shall be the policy of the Society to foster the employment of all individuals with the Society in accordance with their fullest capacity and ability, regardless of race, color, creed, religion, sex, sexual orientation, age, national origin, marital or veteran status or status with regard to public assistance or disability, and to safeguard their right to hold employment with the Society without discrimination; and
- B. Every contract for or on behalf of the Society for materials, supplies, construction or licenses may be cancelled or terminated by the Society when discrimination on account of race, color, creed, religion, sex, sexual orientation, age, national origin, marital or veteran status or status with regard to public assistance or disability, exists in the hiring or employment of common or skilled labor by the contractor pursuant to the contract for or on behalf of the Society.

1.16 Acceptance of gift

No manager, officer or employee of the Society shall accept from a person or company that does business with the Society, any gift, gratuity, cash, merchandise or thing of value. This prohibition shall extend to the acceptance of food or beverage or merchandise at less than full retail price from a license holder during the State Fair.

1.17 Hiring of relatives

No relative of a Society employee or a relative of a member of the board of managers shall be given preferential treatment in being hired or promoted. Relatives may be precluded from working in the same Society department.

1.18 Dogs

During the period of the annual State Fair, no dogs or other pets shall be allowed on the State Fairgrounds. There are two exceptions:

No dogs or other pets may be allowed on the State Fairgrounds at any time unless confined or restrained on a leash of less than six feet in length. During fair and non-fair periods, society personnel are empowered to order the removal from the State Fair any dog or pet in violation of the above, or found to be disturbing or endangering the public.

1.21 Use of metal detectors

The use of metal detectors or similar devices shall be prohibited on the State Fairgrounds. Any activity of discovery, whether undertaken with or without a detection device, which results in digging, probing or otherwise disturbing the ground, shall be prohibited on the State Fairgrounds. This rule shall neither limit nor prohibit activities or the use of detection devices as may be directed by the secretary or delegate in the legitimate conduct of Society work.

CHAPTER THREE - COMPETITIVE EXHIBITS**3.01 Competitive exhibition times**

Times for the setup of State Fair competitive exhibits, the dismantling and removal of exhibits and the hours of public viewing will be set annually by the secretary or delegate and will be stated in individual department premium books.

3.02 Responsibility for competitive exhibits

The Society will use diligence to protect livestock and articles entered for exhibition, after their arrival and placement, but under no circumstances will it be responsible for any loss, injury or damage done to or caused by any animal or article on exhibition. It is the responsibility of the competitive exhibitor to obtain appropriate insurance for any damages due to or caused by the exhibit and to indemnify and hold the Society harmless against any claim arising out of incidents involving the exhibit. Removal or pickup of exhibits at established times as stated in individual department premium books, entry blanks or entry receipts, shall be the responsibility of the competitive exhibitor. The Society shall not be responsible for any exhibit not removed or picked up at established time and the secretary or delegate will dispose of all exhibits not removed or picked up within one year of such established time.

3.03 Board of Animal Health

The exhibition of livestock on the State Fairgrounds shall be under the supervision of the Minnesota Board of Animal Health and its applicable rules and regulations will be complied with in full. Health requirements for individual departments will be set forth in their respective premium books.

3.04 General competitive entry requirements

Competitive exhibitors must file proper entry blanks with any applicable fees prior to the designated closing date for entries. The Society reserves the right to refuse entries or prohibit the exhibition of animals or articles entered if the showing of such animals or articles is contrary to law, or violative of the Society's interest in providing for the health, safety and protection of its patrons. Exhibits entered in the wrong lot or category may be transferred prior to judging at the discretion of the department superintendent to the proper lot or category of competition. Deception of any type by an exhibitor, as determined by the department superintendent will ban the exhibitor from any further competition and result in the forfeiture of all premiums. Mechanical or artistic articles must be entered in the name of the artist, inventor, manufacturer or maker. No Society employee or department superintendent, or member of their family, shall be permitted, directly or indirectly, to make a competitive entry in any department over which that person has supervisory responsibility or in which that person is employed. No society officer or member of the Board of Managers, or member of their family, shall be permitted to make a competitive entry of any type in any department.

3.05 Animal competitive entry requirements

When animals are entered for State Fair competition by an entity other than an individual, that entity (whether a corporation, partnership, breeding establishment or other) must have been in existence as of the closing date of entries. Appropriate documentation showing the status of the entity must be available for inspection by the department superintendent. All animals entered under a breed classification must be recorded in a breeding association recognized as representative of the particular breed. The competitive exhibitor must produce a certificate of registry at the request of the department superintendent. All animals shown must be owned by the competitive exhibitor from the time of making entry, except as otherwise provided in special rules of the department.

3.06 Judges

Competent and qualified persons will be employed as judges by the Society to evaluate all competitive exhibits. Judges shall be responsible for reading and understanding the general rules and all special rules applicable to the department or class in which they are to serve. No person who is a competitive exhibitor may act as judge in a class in which they are competing.

3.07 Interference with judging

Judges shall report to the department superintendent any competitive exhibitor who in any way, whether in person or by agent or employee, interferes with them or shows any disrespect to them during the judging. The department superintendent may exclude any such competitive exhibitor from further competition. The secretary may withhold from such competitive exhibitor any or all premiums that have been awarded and may also exclude such competitive exhibitor from further competition at the State Fair.

3.08 Award books

Judges and persons acting as clerks to the judges must use special care to record the proper names in the award books after awards have been made. The judge, competitive department superintendent in charge and clerk recording the awards of the department must sign the award book at the close of each class immediately after all awards in such class have been made.

3.09 Qualification of entries

If there is any question as to the regularity of an entry or the right of any animal or article to compete in any lot or category, the judge or judges shall report same to the competitive department superintendent in charge for adjustment. Judges shall place a reserve award in each lot. Should any animal or article awarded a prize be disqualified, the animal or article awarded the next lower prize shall graduate into the next higher position, if in the opinion of the judge, it is worthy of such prize. Judges must not award a prize to an unworthy exhibit. No premium or distinction of any kind shall be given to any animal or article that is not deserving.

3.10 Finality of decisions

In judging livestock, the decision of the official State Fair veterinarian and judge as to soundness shall be final. The decision of the judge shall be final in all cases, except when mistake, fraud, misrepresentation or collusion, not known at the time of the award, is discovered. In such cases, the secretary shall take appropriate action or refer the matter to the board of managers.

3.11 Interpretation of rules

A faithful observance of all rules governing the exhibit will be required, and when in doubt as to the application or meaning of a rule, the competitive department superintendent in charge shall interpret such a rule. This interpretation when requested by either a competitive exhibitor or judge must be reduced to writing and returned to the secretary or delegate with the award books.

3.12 Protests

A protest from the decision of a judge will only be accepted from a competitive exhibitor named in the official judge's sheet for competition in the lot or class under protest, and must be filed with the secretary within five hours after the award has been made. An award is deemed to have been made when the notation of the decision of the judge is entered into the department award book. All protests must be made in writing and must be accompanied by a deposit of one hundred dollars (\$100). The protest must state plainly and specifically the facts upon which the complaint or appeal is based. The right to appeal will lie only when it is charged that the award has been made in violation of the rules governing the exhibit, or when it is charged that the decision of the judge has been influenced or interfered with by another person. No protest or appeal based upon the statement that the judge or judges are incompetent or have overlooked an animal or article will be considered. The one hundred dollar deposit will be returned only if the protest or appeal is upheld. In protest and appeal instances where rules established by a breed association or other competitive organization with which the Society has an agreement differ from this rule, rules of the association or organization shall govern.

3.13 Late showing of exhibit

No animal or exhibit will be judged or awarded a prize if it is not ready for judging and promptly brought into the show ring when the lot is called.

3.14 Premium money

Cash premiums awarded will be paid by check made out to the competitive exhibitor and mailed to the post office address as stated on the entry blank. Competitive exhibitors may forfeit all premium money if exhibits are removed from the grounds prior to the official time of release. The board of managers reserves the right to make reductions in premiums if the financial conditions of the Society make such reductions necessary.

Sponsorship prizes will be awarded directly from the sponsor, unless otherwise noted.

The sender's name and address must be plainly written upon the outside of the package and also placed upon a card inside. **A LIST OF THE ARTICLES BEING SENT SHOULD BE ENCLOSED.** If article is made by a person over the age of 65, special note should be made of that fact. Department clerks will classify exhibits, prepare entry tags and attach them to each article sent. All express and parcel post charges must be prepaid by the sender. Directions for return shipment should be given, and money or checks (made out to Minnesota State Fair) must be enclosed to cover cost of returning exhibits to exhibitor. **DO NOT** send stamps.

4. JUDGING.

- A. Judging of all articles except baking will be conducted on Thursday, Aug. 16, Friday, August 17, Saturday, August 18 and Sunday, August 19. Should any article be entered in the wrong lot and the error be discovered before the judging, the superintendent may make proper correction in the entry.
- B. Competent judges will score each exhibit. A duplicate of the judge's scorecard will be returned to the exhibitor for each entry in order that the reasons for decisions may be apparent. The sweepstakes winner is chosen from the first place winners within a category.
- C. Judges are instructed not to award premiums unless articles are deemed worthy of merit. If no competition exists and an article is not worthy of a first premium, the judge may award a second or a third premium, according to his or her judgment. In large lots only the top 25 will be scored.
- D. **Only finished or mounted work will be accepted.** Wall hangings and pictures must have a means of hanging them. Any article having exhibitors' name displayed must have the name securely covered by stitched cloth or heavy tape.
- E. Soiled articles and articles not made within the last three (3) years will not be judged.
- F. Every effort will be made to display entries in an attractive arrangement and according to display space available. The State Fair reserves the right to reject any exhibit offered if it is objectionable in any way, if it requires an excessive amount of space, or if the capacity of the department has been reached. First place prize winners will be posted near the door of the office in the Creative Activities building during the fair and on the Minnesota State Fair web site at www.mnstatefair.org. No information on prizes will be given over the phone. Due to the enormous number of entries, all entries may not be displayed.
