<sup>9</sup>The data presented here are for 2002 because later data were unavailable at the time of this table's preparation.

<sup>10</sup>Persons who had payments made on their behalf at any time during the fiscal year.

<sup>11</sup>Payments are for fiscal year and reflect federal and state hospital share payments. Data exclude disproportionate hospital share payments. Disproportionate share hospitals receive higher Medicaid reimbursement than other hospitals because they treat a disproportionate share of Medicaid patients.

<sup>12</sup>Number of children ever enrolled in SCHIP.

<sup>13</sup>Expenditures for which states are entitled to federal reimbursement under Title XXI and that reconcile any advance of Title XXI federal funds made on the basis of estimates.

<sup>14</sup>Delaware, New Hampshire, South Dakota, and Vermont share the same rank.

<sup>15</sup>Delaware and New Hampshire share the same rank.

<sup>16</sup>North Dakota and Wyoming share the same rank.

Note: If two or more states share the same rank, they are listed alphabetically. When six or more states make up the top 5 or bottom 5 listing due to shared ranks, only five states are listed alphabetically within the table and the remaining states are listed in the corresponding footnote.

<sup>2</sup>Includes net internal migration and residual not shown separately.

<sup>3</sup>The Denver-Aurora metropolitan statistical area includes Broomfield County. Broomfield County, CO, was formed from parts of Adams, Boulder, Jefferson, and Weld Counties on November 15, 2001, and is coextensive with Broomfield city. For the purposes of defining and presenting data for the Denver-Aurora metropolitan statistical area, Broomfield is treated as if it were a county when data are available to do so. In many cases, the data will not be available.
