

Curriculum Vitae

Harvey Bialy

Education

Bard College, Annandale-on-Hudson, NY
AB degree (Biological Chemistry) awarded 1966
Rank in graduating class, first

University of California, Berkeley, CA
Ph.D. in Molecular Biology awarded 1970

Distinctions

Member of the South African Presidential Panel on AIDS, April, 2000 -

Advisor in biotechnology to the Innovation Foundation of the University of Natal, Durban, South Africa, 1994 - 1996.

Advisor in biotechnology to UNESCO/Division of Basic Sciences, 1991 - 1998

Advisor for biotechnology development to the Minister of Higher Education and Scientific Research, Republic of Cameroun, 1989 - 1992.

Advisor, UNDP/WHO/World Bank Special Programme for Research and Training in Tropical Diseases, Initiative for Biotechnology Implementation, 1988 - 1993.

Co-organizer, Miami Bio/Technology Winter Symposium: Advances in Gene Technology, 1988 - 1998.

Member, International Advisory Board, UNESCO World Journal of Microbiology and Biotechnology (Oxford University Press), 1987 - 2000

Advisor, Center for Genetic Engineering and Biotechnology, Havana, Cuba, 1987 - July 1996.

Recipient, World Health Organization grant to study the epidemiology and genetics of antibiotic resistant enteric pathogens in Nigeria, 1982.

Co-recipient (with Stanley Falkow, Stanford University) of a grant from the Charles Merrill Trust to study antibiotic resistant pathogens in Nigeria, 1978.

National Endowment for the Arts Fellowship in Poetry, 1976.

US National Science Foundation Grant to study heterologous phage interference genes of bacteriophage P2, 1974.

Research Fellow of the Damon Runyon Foundation for Cancer Research, 1971-72.

William J. Lockwood Prize, Bard College, 1966. "Awarded to the

senior student who in the judgment of the Faculty and President has contributed most to the intellectual life of the college".

Professional Experience

2000 - 2005. Editorial consultant, Nature Biotechnology, Nature Publishing Co., 345, Park Ave South, NY, NY 10010

1997 - 2006. Resident investigator and founding director of the Virtual Library of Biotechnology for the Americas Institute of Biotechnology, UNAM, Cuernavaca, Mexico

1996 - 2000. Editor-at-Large, Nature Biotechnology, Nature Publishing Co., 345 Park Ave. South, NY, NY 10010

1984 - 1996. Research Editor, Bio/Technology (Nature Biotechnology), Nature Publishing Co., 345 Park Avenue South, NY, NY 10010

1983. Visiting Research Professor, Department of Biology, University of New Mexico, Albuquerque, NM

1980-82. Senior Lecturer, Department of Biological Sciences, University of Calabar, Calabar, CRS, Nigeria

1979. Senior Research Fellow, National Jewish Hospital and Research Center, Department of Cellular and Molecular Biology, Denver, CO

1975-78. Lecturer I, Department of Microbiology, University of Ife, Ile-Ife, Oyo State, Nigeria

1972-75. Assistant Professor of Biology, Northeastern University, Boston, MA

1971-72. Postdoctoral Research Fellow, Department of Microbiology, University of Connecticut, Storrs, CT

1966-70. National Institutes of Health Predoctoral Research Trainee, University of California, Berkeley, CA

Publications

More than 25 peer reviewed scientific articles in molecular genetics, and numerous editorials and commentaries on contemporary issues in biotechnology in Nature Biotechnology and other leading journals.
