The indemnification provided hereunder shall continue as to a person who has ceased to serve in the capacity designated and shall inure to the benefit of his heirs, executors and administrators.

5. Authority

Notwithstanding the provisions of paragraph 4 above, when a representative of the ISU acting on its behalf exceeds his authority, any subsequent commitment or agreement resulting there from shall not be binding upon the ISU, unless ratified by it, if the other party thereto knew or had reason to know of such action.

6. Limitations to commit or legally bind the ISU

No person, including Office Holders, other officials, advisors, consultants, agents and employees, may commit or legally bind the ISU unless authorized by this Constitution, by the Council or by the President and Director General.

II. Membership

Article 6

1. General Requirements

Membership in the ISU may be granted to a national association located in a country in which there exists no national association already being a Member of the ISU. If the Council is satisfied that the two Branches of Skating are controlled by two different associations in the same country, the Council may elect two Members from that country, one to be designated as Figure Skating Member and the other to be designated as Speed Skating Member. However, when a national association for only one Branch of Skating exists in a country, the Council may elect such national association a Member of the ISU and designate it either the Figure Skating Member or the Speed Skating Member, as the case may be.

2. Provisional Membership

- a) The Membership of each newly admitted Member shall be provisional for the first two years except when a new Member is created by a political division in a country where the previous Member was a full Member provided that the new Member fulfils all of the other relevant requirements for Membership.

After expiration of this two-year period, if the Minimum Requirements listed in paragraph 3 below for provisional Membership are established to the satisfaction of the Council, the provisional Membership shall become a full Membership. If the Council, prior to the expiration of the two-year period, decides against granting full Membership to a Provisional Member, the reasons for such decision must be stated in a Council decision and published in an ISU Communication. Any decision of the Council to this effect shall be subject to an Appeal to the next Congress (See paragraph 10 below);

- b) Provisional Membership of the ISU may also be granted to an organization which is not a national association, but which is established in and controls either one or both Branches in a country in which there exists no national association already a Member of the ISU;
- c) The same general minimum requirements for full Membership set forth in paragraph 3 below shall also apply to applicants for provisional Membership.

3. Minimum requirements

In order to guarantee the activity of Members in organizing and administering the ISU sport disciplines, the following minimum requirements for Membership in the ISU shall be required. Other conditions may also be established by the Council from time to time.

- a) An applicant national association or organization must prove that it has had control of its sport disciplines as the national governing body in its country for not less than two years prior to application for Membership;
- b) Applicants, Provisional Members and Members shall have:
 - (i) a headquarters office in their respective country;
 - (ii) been organized pursuant to a duly adopted Constitution and/or By Laws;
 - (iii) duly elected governing body or bodies and officers;
 - (iv) adopted and published Rules for the orderly conduct of their respective activities, including competition;
 - (v) accepted the ISU Statutes and specifically provided in their respective Rules that all persons under their jurisdiction shall be bound by the ISU Statutes, including amendments thereof, as a condition of participation in their activities;
 - (vi) included in their respective Rules appropriate Procedural Rules necessary to effectively implement the ISU Anti-Doping Rules and specifically provided in those Rules that all persons under their jurisdiction shall be bound by the ISU Anti-Doping Rules, including amendments thereof, as a condition of participation in their activities;
 - (vii) conducted national championships on a regular basis;
 - (viii) conducted seminars or schools for the training and/or education of officials;
 - (ix) in existence in the country one or more actively operating natural or artificial ice rinks of a size adequate to practice the respective ISU sport discipline;
- c) A Provisional Member shall in addition, before expiration of the two year period, present proof that it has applied to the NOC of their country for inclusion as a voting member of the NOC in accordance with Article 28 of the Olympic Charter, and that such application has been granted.
- d) Should such NOC fail to grant such inclusion to a Provisional Member or fail to continue such NOC inclusion for a Member, the Council may nevertheless grant full Membership to the Provisional Member or maintain the respective Member as an Member in good standing, and may further, in its discretion, refer such lack of inclusion by the NOC to the IOC for appropriate action.

- e) Upon application or on its own initiative, the Council may, at its discretion, pardon any requirement stated in sub-subparagraphs (vii), (viii) and (ix) of sub-paragraph b) above if exceptional circumstances or avoidance of hardship so warrant. When pardoning any requirement, the Council shall state a period of time within which the missing requirement(s) must be satisfied for the pardoned entity to continue with the ISU in good standing. Such period may not exceed two years. In case that the Council decides on pardoning certain requirements, it may also decide to reduce or cancel in full any ISU contribution which is otherwise made to Members.
- f) If the ISU is informed of unclear internal situations within a Member, such as conflicting information regarding its legitimate leadership (President, Board, General Secretary etc) or split into two different organizations then the ISU will generally rely on information received from the NOC in the country. However, in consideration of the autonomy of the ISU and the Council's responsibility to identify and admit appropriate Members, the Council may act according to other information and conclusions. In case that the situation is subject of a court action, the ISU ordinarily will not accept any change until the case is finally decided by the courts having jurisdiction.

4. Member Separation of Branches

The Figure Skating Branch includes: Single and Pair Skating, Ice Dance and Synchronized Skating. The Speed Skating Branch includes: Speed Skating and Short Track Speed Skating. If the two Branches of Skating are controlled by one Member and a decision is made within that Member to create separate, independent associations, both associations must apply for individual Membership. If the existing association has been a Member for more than two years, the applicants may be granted full Membership immediately, provided the minimum requirements for Membership set forth in paragraph 3 above are met.

5. If a Member, in accordance with paragraph 4 of this Article, controls only to one Branch of skating, the number of votes of this Member is regulated by Article 29, paragraph 11 and contributions made by the ISU will reflect the situation that the Member controls only one Branch of skating.

6. Applications for Membership

Applications for Membership of the ISU must include at least the following documentation:

- a) a formal application in writing, which shall include the acceptance by the applicant of the obligation to comply fully with the provisions of Article 7 of this Constitution;
- b) a copy of the Constitution and/or By Laws and published Rules of the applicant association or organization in the language of its country;
- c) a translation into English of the documentation furnished under b) above;
- d) a listing of the members of the governing body and officers;
- e) a listing of the number of affiliated clubs and of the members thereof;
- f) results of the most recently held national championships;

2. **Composition**

The DC shall consist of a Chair, experienced either in Figure Skating or in Speed Skating, and a “pool” of four other members available to act as DC Panel members. The Chair and other members of the DC may not hold any other ISU Office and must be of different citizenship and from different Members. They may not hold the office of President or member of the highest executive body of a Member, and upon standing for DC election must tender to the ISU before such election a written resignation from any Member office then held, conditional only upon being elected to the DC.

4. **Minimum Number of Members - Vacancies**

- a) The minimum number of members of the DC must always be maintained. If a permanent vacancy occurs, the person (with either Speed or Figure Skating experience as appropriate to fill the vacancy), with the highest number of votes from the non-elected candidates from the last election shall fill the vacancy;

Temporary vacancies shall be filled on a case-by-case basis with the person so appointed serving for that case only;

- c) If such permanent or temporary vacancy occurs but cannot be filled in the above stated manner, the Council shall immediately appoint a qualified person to fill the vacancy. The term of office of a member appointed by the Council to fill a permanent vacancy shall expire at the next-following Congress. If this requires a special election at a Congress at which no general elections are held, the term of office of the member so elected shall expire when the terms of the other DC members expire.

5. Decisions

Each case shall be heard and decided by a panel composed normally of the Chair of the DC and two other members appointed by the Chair in accordance with the Rules of Procedure. Any such final decision shall however be subject to the exercise of the superior decision authority of the ISU Congress at the next following Ordinary or Extraordinary Congress. The Congress is vested with appellate and review authority to affirm, modify or reverse any such final decision;
- e) In the case a Complaint is obviously not disciplinary or ethical, or evidently lacks any ground or chances of success, the Chair of the DC may dismiss the matter without submission to the DC full panel. The DC Chair's summary decision dismissing the matter for lack of jurisdiction or evident lack of grounds is subject to appeal to the Court of Arbitration for Sport (CAS).
