

Product Change Notification

106013 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 106013 - 00
Change Title: MCS® 51, MCS® 251 and MCS® 96 Microcontroller Product Lines, the Intel® 186, Intel386™ and Intel486™ Processors Product Lines, and the i960® 32 Bit RISC Processor, PCN 106013-00, Product Discontinuance
Date of Publication: March 29, 2006

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	Mar 30, 2006
Last Product Discontinuance Order Date:	Mar 30, 2007
Last Product Discontinuance Shipment Date:	Sep 28, 2007

Description of Change to the Customer:

Intel Corporation has been manufacturing its MCS® 51, MCS® 251 and MCS® 96 Microcontroller Product Lines, the Intel® 186 Processor Families, the Intel386™ Processor Families and the Intel486™ Processor Families for over 30 years now. Additionally, we have been manufacturing the i960® 32 Bit RISC Processor Families for over 25 years. All of these products have enjoyed long and healthy product life cycles. However, at this time, the forecasted volumes for these product lines are now too low to continue production of these products beyond the year 2007. Therefore, Intel will cease manufacturing silicon wafers for our 6" based processes in 2007. Affected products include Intel's MCS®51, MCS®251, MCS®96, 80X18X, 80X38X, 80X486DXX, the i960® Family of Microcomputers, in addition to the 82371SB, 82439TX and the 82439HX Chipsets. Intel has no choice but to issue a Product Discontinuance Notice (PDN) effective 3/30/06. Last time orders will be accepted till 3/30/07 with last time ship dates of 9/28/07.

Customer Impact of Change and Recommended Action:

Please determine your remaining demand for each specific product and place your non-cancelable "Last Product Discontinuance Order" by March 30, 2007 in accordance with the "Key Milestones" above.
