 COPYRIGHT FLORIDA DEPARTMENT OF TRANSPORTATION 2006  
 INFORMATION 2006

REVISIONS	DATE
State Maintained Roads	Oct., 2006

This map was compiled from U. S. Geological Survey quadrangle maps, Florida Dept. of Transportation aerial photography compiled in 2005, General Land Office maps, inventory surveys and other available map data.  
 This map was compiled using interactive computer graphic methodologies.  
 This map was prepared on the Lambert conformal conic projection, 1983 North American Datum, Florida system of coordinates, North Zone.  
 The railroad stations on this map do not necessarily denote the presence of a depot or like facility. It may be only a point, such as a platform or siding, designated for the receipt or delivery of freight.  
 No attempt has been made to show all drainage canals or ditches.  
 All populations are taken from the United States Census. In 2000 the population of Bay County was 148,217. There are 753 square miles in the county.  
 No claim is made for the basic cartographic source material taken from a work or works of the United States Government.  
 Due to the scale of this map, the Florida Department of Transportation assumes no responsibility for inaccuracies in road alignments, configurations or intersections or other related data.  
 Corporate boundaries are determined using all available descriptions at the date of revision. The Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or undetectable information.  
 Maps of this series are in the public domain. The maps are compiled and published using public tax monies and are copyrighted to prevent reproduction and resale for profit.  
 For the price and availability of this map, contact Maps and Publications, Florida Department of Transportation, Tallahassee, FL 32399-0450. Phone (850) 414-4050.
