## Foreword

The Department of Census and Statistics (DCS), carried out a special enumeration in Eastern province and in Jaffna district in Northern province. The objective of this enumeration is to provide the necessary basic information needed to formulate development programmes and relief activities for the people.

This preliminary publication for Trincomalee district has been compiled from the reports obtained from the District based on summaries prepared by enumerators and supervisors. A final detailed information will be disseminated after the computer processing of questionnaires.

This preliminary release gives some basic information for Trincomalee district, such as population by divisional secretary's division, urban/rural population, sex, age (under 18 years and 18 years and over) and ethnicity. Data on displaced persons due to conflict or tsunami are also included. Some important information which is useful for regional level planning purposes are given by Grama Niladhari Divisions. This enumeration is based on the usual residents of households in the district. These figures should be regarded as provisional.

I wish to express my sincere thanks to the staff of the department and all other government officials and others who worked with dedication and diligence for the successful completion of the enumeration. I am also grateful to the general public for extending their fullest co-operation in this important undertaking. This publication has been prepared by Population Census Division of this Department.

D.B.P. Suranjana Vidyaratne  
Director General of Census and Statistics

## **Acknowledgements**

This publication has been prepared by the staff of the Population Census Division under the guidance and direction of Mr. H.R. Gunasekera, Director (Census) assisted by Mr. A.D.H. Gunathilaka and Mr. H.R. Dias, Deputy Directors.

The analysis was carried out by Mr. H.R. Dias, Deputy Director and publication was organized by Mr. W.L.D.P.de.A. Goonatilleke, Senior Statistician. Compilation of statistical tables and the preparation of charts were done by Mr. V.T. Anuruddha, Statistical Assistant. Maps were prepared by Mr. R.D.M. Padmakumara, Data Entry Operator/Coding Clerk. Mr. P.V.D.T.L. Saparamadu, Statistician was responsible for some operational activities of the enumeration stage.

Mr. L.S.J.de.S. Wijeratna, Deputy Director of the field operations division assisted in organizing field arrangements and Mr. D.G.S.G. Munasingha, Deputy Director of the industry, construction, trade & services division was responsible for overall coordination of the districts within Eastern Province.

District statistical staff headed by Mr. T. Chandran, District Statistician of Trincomalee district was responsible in conducting and supervising the enumeration activities in the district.

The report was printed by the printing division under the supervision of Mr. W.C. Weerawansa, Senior Statistician, head of printing division.

Special Enumeration-2007  
POPULATION INFORMATION ON TRINCOMALEE DISTRICT

**BASIC SUMMARY RESULTS**

**1. Introduction**

The Census of Population and Housing –2001 was unable to carryout completely in Northern and Eastern provinces. In order to overcome the lack of data required for ongoing development programmes in Northern and Eastern provinces, Department of Census and Statistics has carried out a special enumeration in Jaffna district in Northern province and in Batticaloa, Trincomalee and Ampara districts in Eastern province. This is a complete enumeration covering all the persons who are usual residents of households in the district. Usual residence is defined as the housing unit or collective living quarter at which the person usually lives, i.e. sleeps, keeps his clothes and other belongings etc. It is the residence from which a person generally goes to work or if a student, attends school. This ‘de jure’ method of enumeration differs from the ‘de facto’ approach used during the last Censuses in which people were enumerated during a specified period (usually 6 hours) at the place where they are found irrespective of the usual residence. Basic demographic information such as date of birth, sex, marital status, religion, ethnicity, relationship to head of household, number of displaced persons, reason for displacement etc. were collected through a carefully designed schedule. An enumerator for each Grama Niladhari (GN) division and a supervisor for 10 GN divisions were appointed with the help of District administration. The enumerator listed all the building units and collected the information visiting each and every building unit within the area allocated to him/her. Close supervision has been maintained throughout the enumeration by supervisors. The necessary administrative arrangements in the district were carried out by the District Secretary and Divisional Secretaries and all the technical guidance was provided by the staff of the Department of Census and Statistics. Enumeration was carried out during the first three weeks of August 2007.

## 2. Population Size and Growth

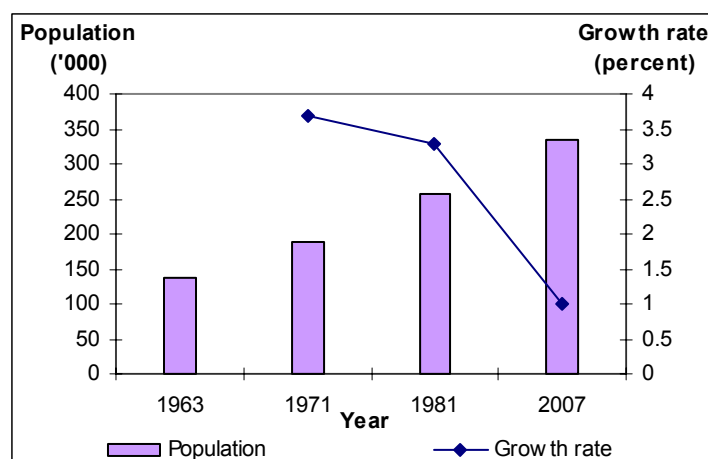

The total population enumerated in the Trincomalee district is 334,363. This represents 30.6 percent increase since the last Census in 1981. The average annual growth rate during the period of 1981-2007 shows a remarkable decline. The enumerated population, intercensal increase, and average annual growth rates are shown in Table A and Figure A for the district.

**Table A : Total population, percentage increase and average annual rate of growth, 1963 - 2007**

Year	Population	Increase		Average annual rate of growth (percent)
		No.	%	
1963	138,553			
1971	188,245	49,692	35.9	3.7
1981	255,948	67,703	36.0	3.3
2007	334,363	78,415	30.6	1.0

Note : 1963, 1971 and 1981 figures are from the corresponding Population Censuses

**Figure A : Population size and average annual rate of growth, 1963 – 2007**

Note : 1963, 1971 and 1981 figures are from the corresponding Population Censuses

### 3. Population Density

Population density measured as the number of persons per unit area of land is shown in Table B and Figure B. Population density stands at 132 persons per square kilometre in the district. Population density has shown a significant increase from 1971 to 2007.

**Table B : Population density, 1963 - 2007**

Year	Population	Population density (persons per sq. km.)
1963	138,553	54
1971	188,245	73
1981	255,948	98
2007	334,363	132

Note : 1963, 1971 and 1981 figures are from the corresponding Population Censuses

**Figure B : Population density, 1963 – 2007**

Note : 1963, 1971 and 1981 figures are from the corresponding Population Censuses

#### 4. Population Distribution

Number and percentage of population by Divisional Secretary's (DS) division is shown in Table C. Town and Gravets DS division reports the highest population while Morawewa DS division reports the lowest population in the district. The pattern of the population distribution is shown in Figure C.

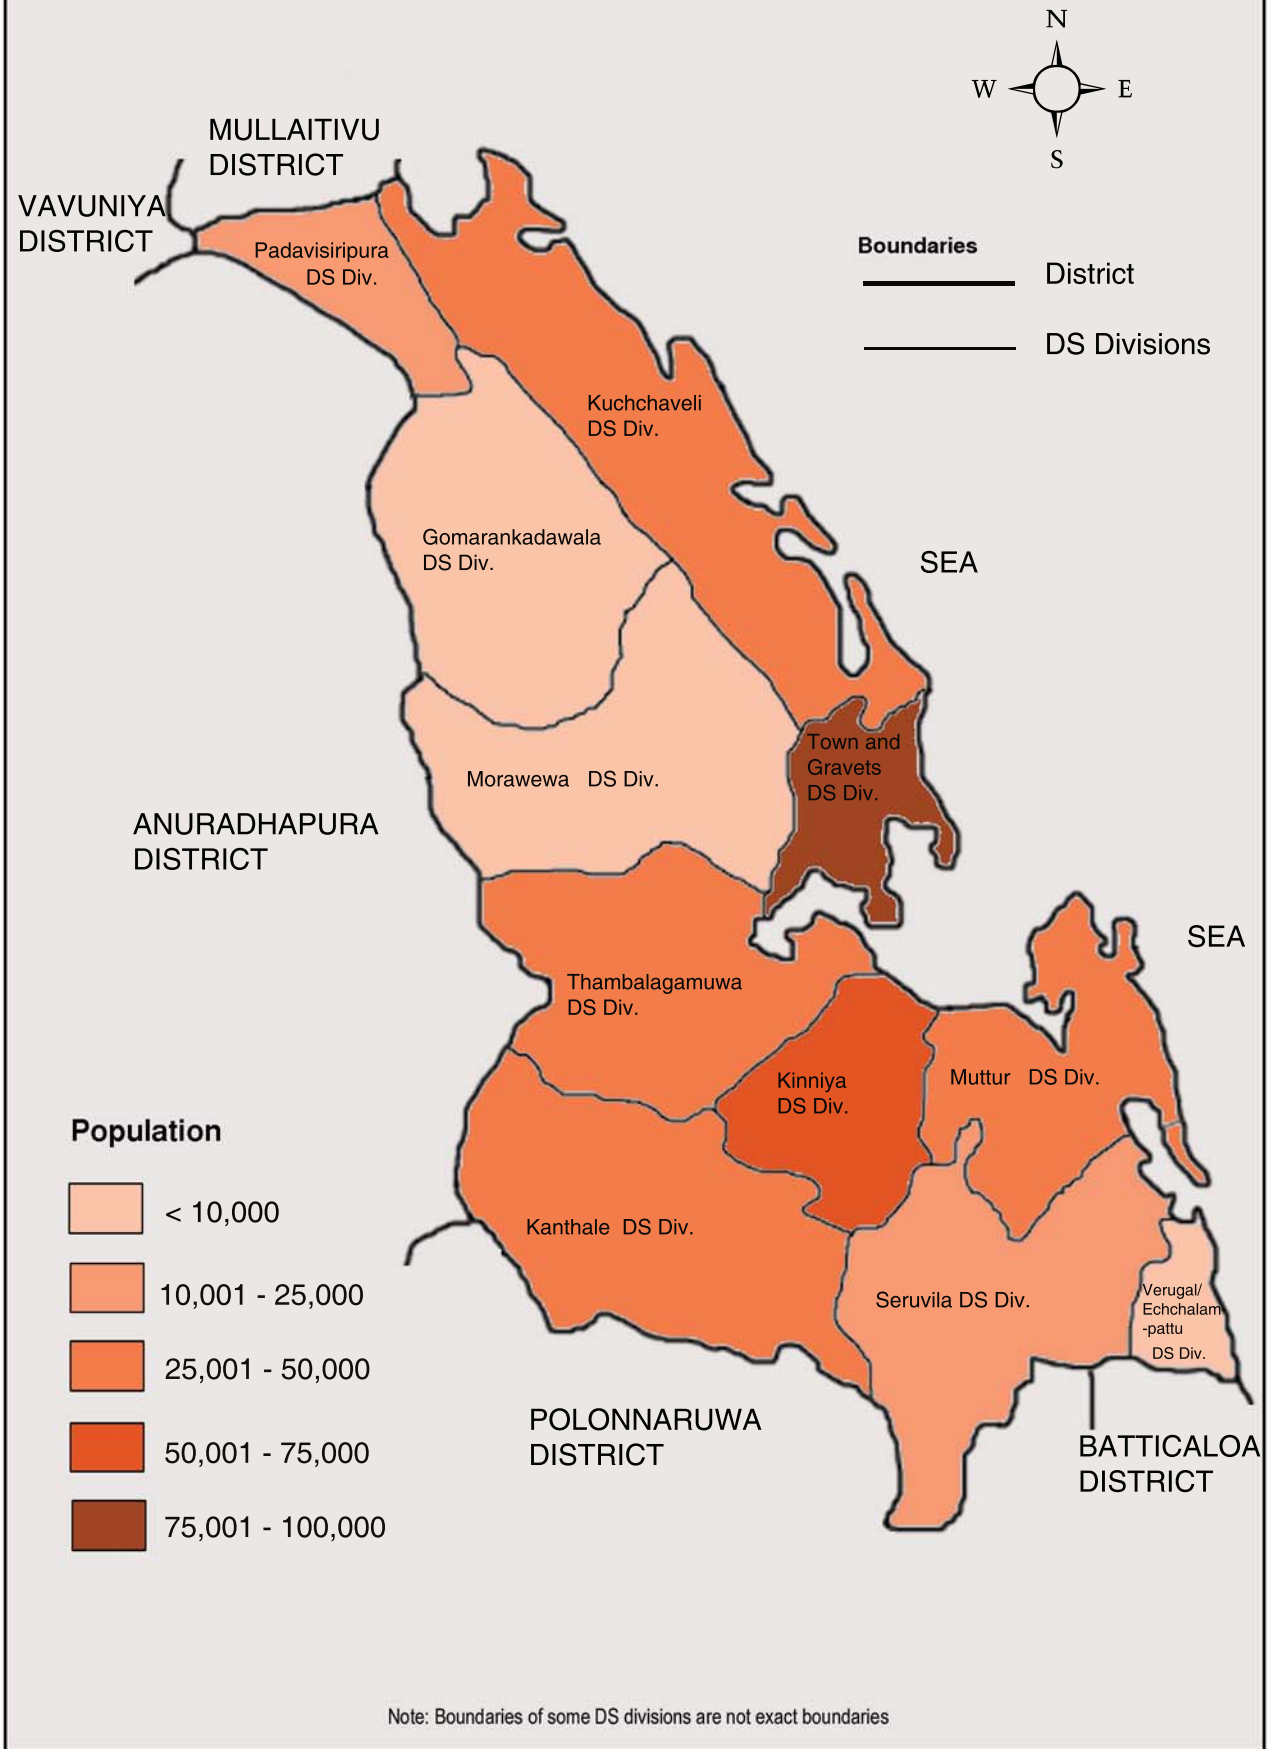

Most of the highly populated DS divisions are in coastal border, viz Town and Gravets, Kinniya, Muttur, Thambalagamuwa and Kuchchaveli.

**Table C : Number and percentage of population by DS division, 2007**

DS division	Population	
	No.	%
<b>Trincomalee District</b>	<b>334,363</b>	<b>100.0</b>
Padavisiripura	10,666	3.2
Kuchchaveli	26,327	7.9
Gomarankadawala	5,879	1.8
Morawewa	5,563	1.7
Town and Gravets	89,046	26.6
Thambalagamuwa	27,572	8.2
Kanthale	42,861	12.8
Kinniya	61,558	18.4
Seruvila	11,142	3.3
Muttur	47,132	14.1
Verugal / Eachchalampattu	6,617	2.0

According to the current definition, urban sector comprised of all Municipal and Urban Council areas. The definition of urban sector is not comparable between 1981 Census which is the last completed Census for Trincomalee district and this enumeration. This happened as a consequence of abolishing town councils which were treated as urban in the 1981 Census and absorbing the administration of such areas into Pradesheeya Sabhas which

Figure C: Population Distribution by DS Divisions, 2007

are considered as rural since 1987. Therefore the urban population figures and percentages should be interpreted cautiously.

**Table D : Number and percentage of population by sector (with urban localities), 2007**

Sector and urban locality	Population	
	No.	%
<b>Trincomalee District</b>	<b>334,363</b>	<b>100.0</b>
<b>Urban Sector</b>	<b>87,269</b>	<b>26.1</b>
Trincomalee Urban Council	51,624	15.4
Kinniya Urban Council	35,645	10.7
<b>Rural Sector</b>	<b>247,094</b>	<b>73.9</b>

Table D shows the population distribution by sectors. Urban and rural percentages are 26.1 and 73.9 respectively.

## 5. Age-Sex composition

At this preliminary stage, age distribution is available only as dichotomy, i.e. population under 18 years and 18 years and over.

Number and percentage distribution of population by age, under 18 years and 18 years and over by divisional secretary's divisions are shown in Table E. It is seen that 40.2 percent of the population are under 18 years and 59.8 percent are 18 years and over.

**Table E : Number and percentage of population by DS division and age under 18 years and 18 years and over, 2007**

DS division	Total population	Age			
		Under 18 years		18 years and over	
		No.	%	No.	%
<b>Trincomalee District</b>	<b>334,363</b>	<b>134,268</b>	<b>40.2</b>	<b>200,095</b>	<b>59.8</b>
Padavisiripura	10,666	3,802	35.6	6,864	64.4
Kuchchaveli	26,327	11,449	43.5	14,878	56.5
Gomarankadawala	5,879	2,143	36.5	3,736	63.5
Morawewa	5,563	2,153	38.7	3,410	61.3
Town and Gravets	89,046	32,316	36.3	56,730	63.7
Thambalagamuwa	27,572	11,788	42.8	15,784	57.2
Kanthale	42,861	15,229	35.5	27,632	64.5
Kinniya	61,558	27,851	45.2	33,707	54.8
Seruvila	11,142	4,032	36.2	7,110	63.8
Muttur	47,132	20,353	43.2	26,779	56.8
Verugal / Eachchalampattu	6,617	3,152	47.6	3,465	52.4

Sex composition of a certain population refers to the distribution of people according to sex. A useful measure of sex composition is the sex ratio, which is defined as the number of males per 100 females in the population. Population by sex and sex ratio by DS divisions are shown in Table F.

Among 11 DS divisions of the district, the highest sex ratio of 104.9 was recorded for Kinniya divisional secretariat. Kuchchaveli DS division also recorded a sex ratio of 100.8. All other DS divisions show fairly low sex ratios, below 100.

**Table F : Population by DS division and sex, 2007**

DS division	Total population	Sex		Sex ratio
		Male	Female	
<b>Trincomalee District</b>	<b>334,363</b>	<b>165,926</b>	<b>168,437</b>	<b>98.5</b>
Padavisiripura	10,666	5,132	5,534	92.7
Kuchchaveli	26,327	13,216	13,111	100.8
Gomarankadawala	5,879	2,866	3,013	95.1
Morawewa	5,563	2,753	2,810	98.0
Town and Gravets	89,046	43,779	45,267	96.7
Thambalagamuwa	27,572	13,648	13,924	98.0
Kanthale	42,861	21,020	21,841	96.2
Kinniya	61,558	31,516	30,042	104.9
Seruvila	11,142	5,501	5,641	97.5
Muttur	47,132	23,286	23,846	97.7
Verugal / Eachchalampattu	6,617	3,209	3,408	94.2

## 6. Ethnic Distribution

**Table G : Number and percentage of population by ethnicity, 1963 - 2007**

Year	Total population	Ethnicity									
		Sinhalese		Sri Lanka Tamil		Indian Tamil		Sri Lanka Moor		Other	
		No.	%	No.	%	No.	%	No.	%	No.	%
1963	138,553	39,925	28.8	51,081	36.9	3,371	2.4	40,775	29.4	3401	2.5
1971	188,245	54,744	29.1	66,688	35.4	5,061	2.7	59,924	31.8	1828	1.0
1981	255,948	85,503	33.4	87,760	34.3	5,372	2.1	75,039	29.3	2274	0.9
2007	334,363	84,766	25.4	95,652	28.6	490	0.1	151,692	45.4	1763	0.5

Note : 1963, 1971 and 1981 figures are from the corresponding Population Censuses

Number and percentage distribution of population by ethnicity from 1963 to 2007 is shown in Table G. It is seen that 45.4 percent of the population in Trincomalee district are Sri Lanka Moors in 2007. Sinhalese , Sri Lanka Tamil and Indian Tamil comprises of 25.4

percent, 28.6 percent and 0.1 percent respectively (See Figure D). Even there is no considerable change in percentage of Sri Lanka Moor from 1963 to 1981, there is a significant increase in percentages of Sri Lanka Moor from 1981 (29.3 percent) to 2007 (45.4 percent) while the percentages of Sinhalese and Sri Lanka Tamil show clear declines during that period.

**Figure D : Percentage distribution of population by ethnicity, 2007**

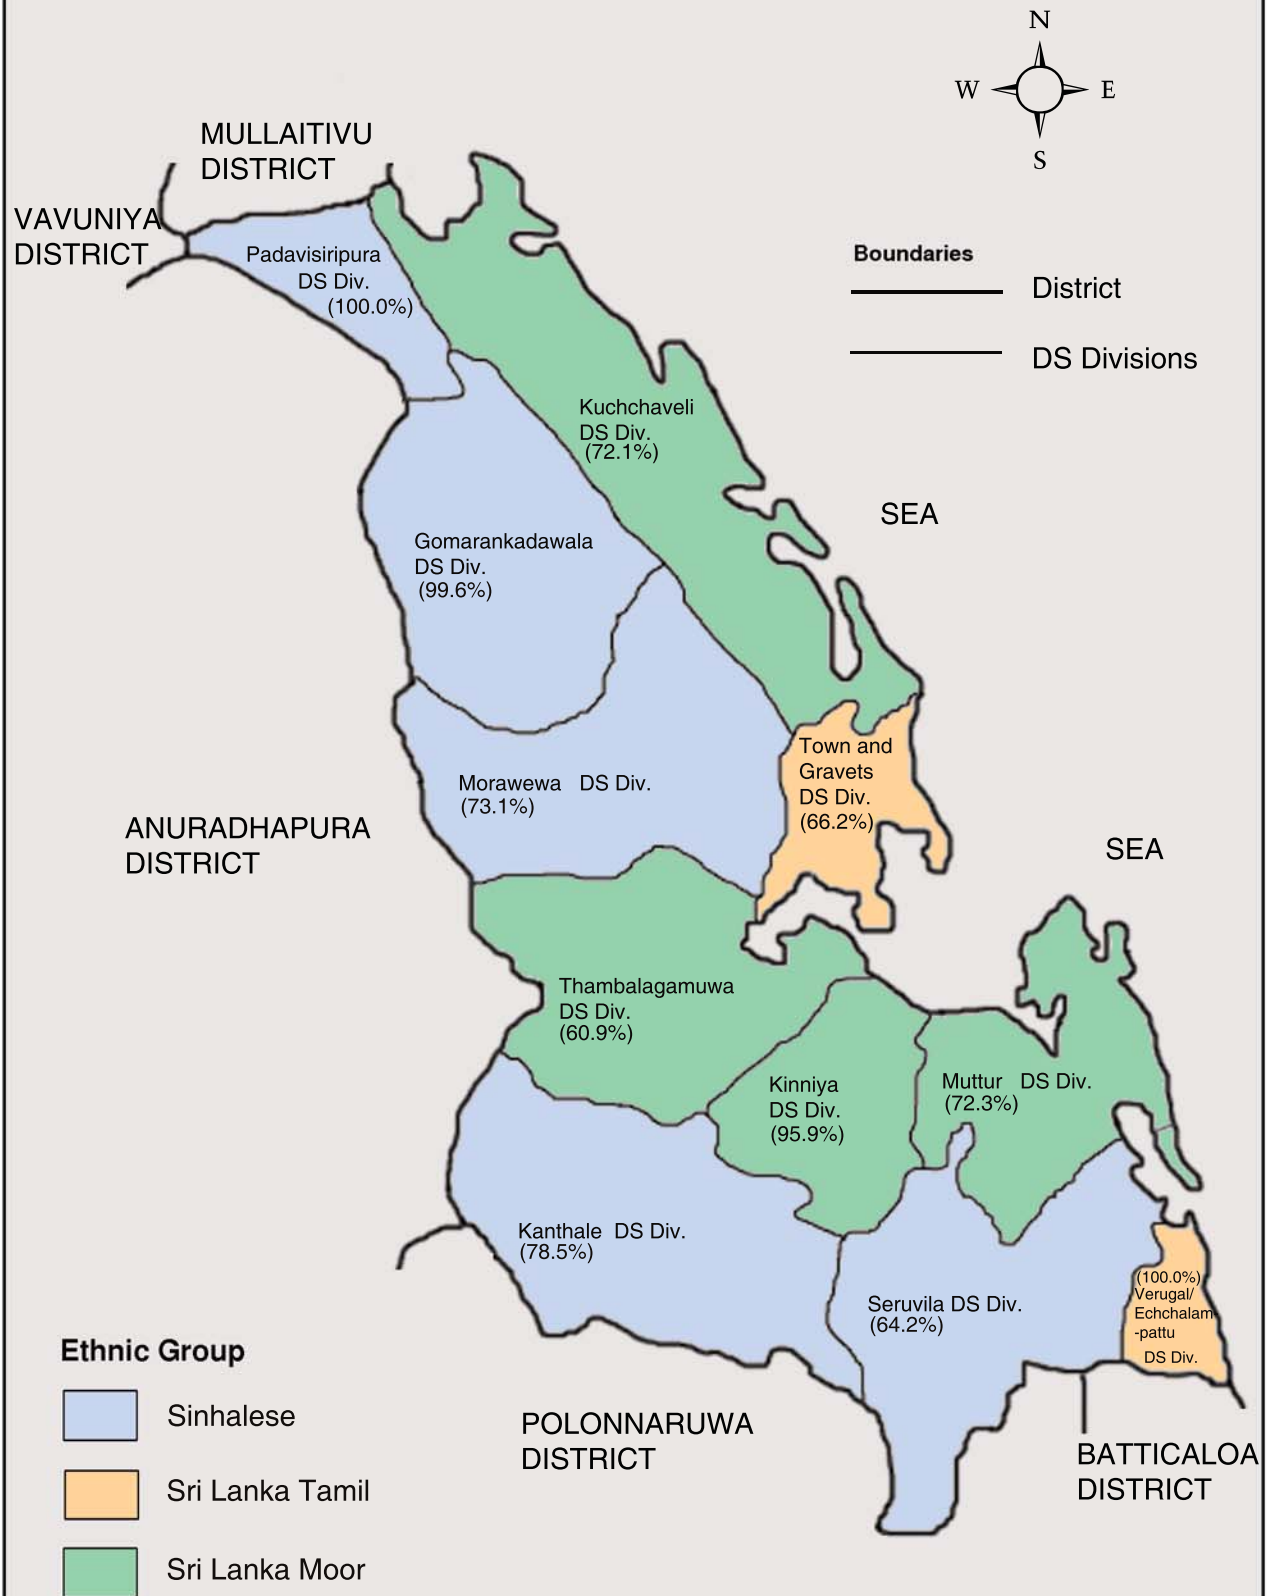

\* Including Indian Tamil

Number and percentage distribution of ethnicity by DS divisions is shown in Table H. Highest percentages of Sinhalese, Sri Lanka Tamil and Sri Lanka Moor population are reported from Padavisiripura (100.0 percent), Verugal/Eachchalampattu (100.0 percent) and Kinniya (95.9 percent) DS divisions respectively. Percentage of major ethnic group of the population by DS divisions are shown in Figure E.

**Table H : Number and percentage of population by DS division and ethnicity, 2007**

DS division	Total population	Ethnicity													
		Sinhalese		Sri Lanka Tamil		Indian Tamil		Sri Lanka Moor		Burgher		Malay		Other

Verugal / Eachchalampattu	6,617	-	-	-	-	-	6,617

One who change his/her place of residence due to conflict or tsunami is identified as a displaced person. People are completely displaced in 24 Grama Niladhari divisions which belong to 7 DS divisions in Trincomalee district mainly due to conflict. Out of total 15,512 displaced persons in the district, 11,473 (74.0 percent) are displaced due to conflict. Rest are displaced due to tsunami disaster. These displaced persons are living in 10 welfare centres situated in 4 DS divisions in the district at the time of enumeration. Highest number of displaced persons (44.6 percent) are recorded from Town and Gravets DS division followed by Muttur (20.1 percent). This is schematically shown in Figure F.

Figure F : Displaced Population by DS Divisions, 2007
