FOREWORD

The present State Statistical Abstract of Haryana 2011-12 which contains the latest available data on almost all socio-economic aspects of the State economy, is issued every year by Department of Economic & Statistical Analysis, Haryana. It is presented every year to the Hon'ble Members of Haryana Vidhan Sabha alongwith other budget documents.

The Department endeavors to include in the document as much data as possible to meet the demand arising out of the changing economic conditions. I hope that the information contained in this document will be more beneficial for formulating future development plans and policies. Planners, Administrators, Legislators, Financial Institutions and various research organizations interested in the economy of the State will find this publication extremely useful. For its wider use and utility, it is placed on the Department website also which can be accessed at www.esaharyana.gov.in.

I appreciate the efforts made by Director, Department of Economic & Statistical Analysis, Haryana and his staff who have been able to present exhaustive data, in time.

CHANDIGARH
Dated the 12th February, 2013.

HARMOHINDER SINGH CHATTHA
Finance and Planning Minister,
Haryana.

PREFACE

The present edition of the Statistical Abstract of Haryana is the 46th in the series. It contains comprehensive statistics covering all important socio-economic aspects of the State's economy such as area, population, agriculture, irrigation, forests, animal husbandry, power, industries, labour, roads, transport, health, education, co-operation, public finance, prices and state income. It is hoped that this document will serve as a useful reference for statistical requirement of Planning and Policy making. To facilitate interpretation of the data presented in the document, the concepts and definitions used in various tables have been briefly explained in the beginning of each section. Footnotes, wherever necessary and sources of the data have been indicated at relevant places.

The ever increasing demand for the Statistical Abstract from government departments, universities, research institutions and research workers is a matter of gratification for its immense usefulness. It is hoped that the modifications now made in the present edition will further enhance the utility of the Abstract. For its wider use and utility, it is placed on the department website also which can be accessed at www.esaharyana.gov.in.

I am thankful to the various Heads of the Departments and the District Statistical Officers for their co-operation in ensuring the timely supply of data.

Thanks are also due to the Controller, Printing and Stationery Department, Haryana, Government Press, Panchkula and his staff for computerising the manuscript this big volume expeditiously.

The acknowledgement is also made of the useful work done by Shri Shyam Sunder Sharma, Research Officer, Sh. Satyavir Singh, Asstt. Research Officer, Sh. Anil Mahajan, Smt. Sneh Lata, Smt. Anita Tanwar and Smt. Indu Jain, Statistical Assistants under over all supervision and guidance of Sh. Jagbir Singh Dalal, Joint Director in the preparation of this Abstract.

SECTION III

AREA AND POPULATION

This section provides data on area and population of Haryana State according to Census 1961, 1971, 1981, 1991, 2001 and 2011.

At the time of formation of Haryana State on 1st November, 1966 there were seven districts viz. Ambala, Karnal, Rohtak, Gurgaon, Mahendragarh, Hisar and Jind. Thereafter, new districts were notified from time to time by changing the boundaries of the existing districts. The details of new districts created so far are as under :—

Sr. No.	District	Date of creation
1.	Bhiwani	22 December, 1972
2.	Sonipat	22 December, 1972
3.	Kurukshetra	23 January, 1973
4.	Sirsa	26 August, 1975
5.	Faridabad	2 August, 1979
6.	Yamunanagar	1 November, 1989
7.	Kaithal	1 November, 1989
8.	Panipat	1 November, 1989
9.	Rewari	1 November, 1989
10.	Panchkula	15 August, 1995
11.	Jhajjar	15 July, 1997
12.	Fatehabad	15 July, 1997
13.	Mewat	4 April, 2005
14.	Palwal	13 August, 2008

District Panipat was abolished and merged in Karnal district,—vide State Govt. notification dated the 24th July, 1991 but was created again w.e.f. 1-1-1992,—vide notification dated the 31st December, 1991.

Mewat and Palwal districts came into existence w.e.f. 4-4-2005 and 13-8-2008 respectively and wherever the information of these districts have not been indicated separately, the information is included in the old districts.

The data have been taken from the Census of India, 1961, Census of India, 1971, Census of India, 1981, Census of India, 1991, Census of India, 2001 and Census of India 2011. Final population totals : Brief analysis of Primary Census Abstract.

Table 3.1 gives the information regarding district-wise and tahsil-wise area and population.

Table 3.2 shows growth in population of Haryana from 1901 to 2011.

Table 3.3 indicate the district-wise growth of population in Haryana from 2001 to 2011.

Table 3.4 presents the number of villages and towns in Haryana as per 2001 and 2011 Census.

Table 3.5 gives the information regarding the district-wise area, population, density of population and sex ratio as per 2011 Census.

Table 3.6 provides rural and urban population by sex.

Table 3.7 gives Tahsil-wise population, number of villages and towns.

Table 3.8 provides block-wise population and number of villages.

Table 3.9 presents the district-wise number of rural and urban Households in Haryana.

Table 3.10 shows the district-wise uses of Census Houses—2011

Table 3.11 gives the information regarding classification of villages by various population ranges. Towns classified by various population ranges has been shown in Table 3.12, area, population of towns and density has been shown in table 3.13 and trend in population of towns in Table 3.14. Table 3.15 shows information regarding Cities having population one lakh and above.

Table 3.16 gives information regarding district-wise rural and urban workers and non-workers. Table 3.17 shows the number and percentage, distribution of workers by industrial categories, Information regarding working population classified into Broad industrial categories has been given in Table 3.18.

Tables 3.19, 3.20 and 3.21 depict district-wise distribution of population by age, religion and by languages, respectively.

Table 3.22 gives information regarding Scheduled Castes population. Information regarding working population among Scheduled Castes classified into Broad industrial categories has been given in Table 3.23.

Table 3.24 gives information regarding district-wise number of literates in Haryana.

Table 3.25 gives information regarding district-wise number of scheduled caste literates in Haryana.

Table 3.26 shows the district-wise classification of disabled population by type of disability.

Table 3.27 gives area and population of various States in India according to 2011 Census.

Table 3.28 gives working population of various States in India according to 2001 Census.

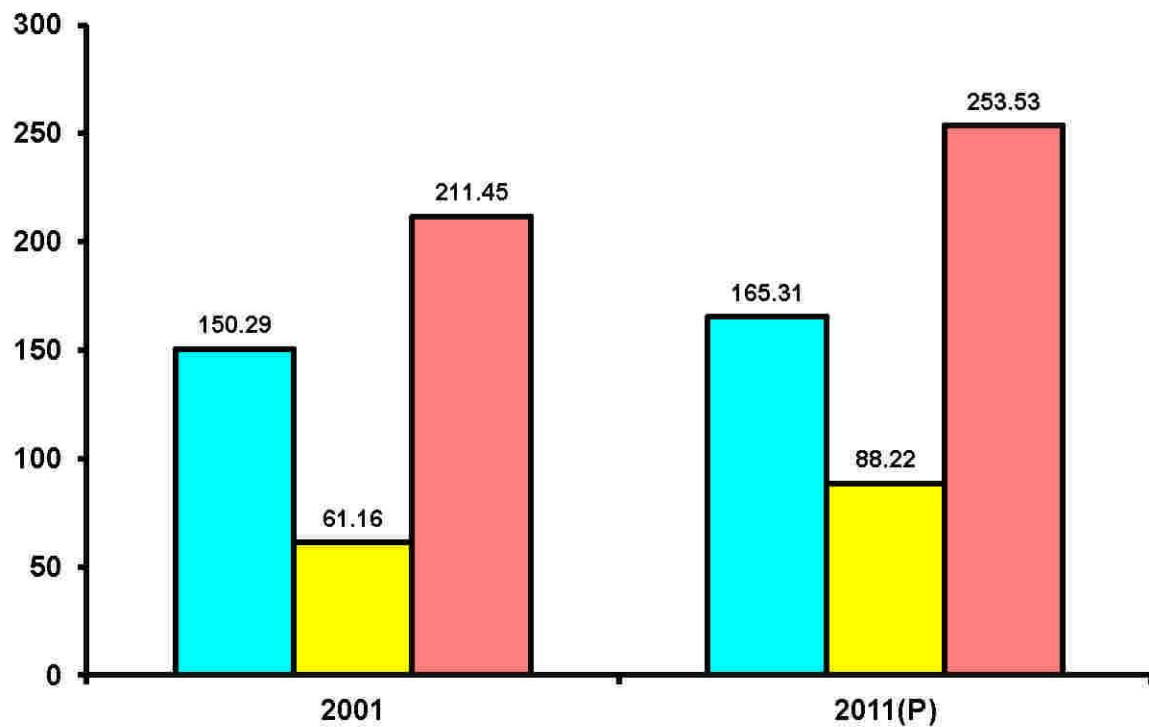

Table 3.29 gives information regarding State-wise Scheduled Caste population, literacy among Scheduled Castes and working population of Scheduled Castes according to 2001 Census.

Tables 3.30 and 3.31 give estimated population of Haryana. State-wise estimated Population of India has been given in Table 3.32.

Table 3.33 gives the State-wise information regarding population by major religious communities.

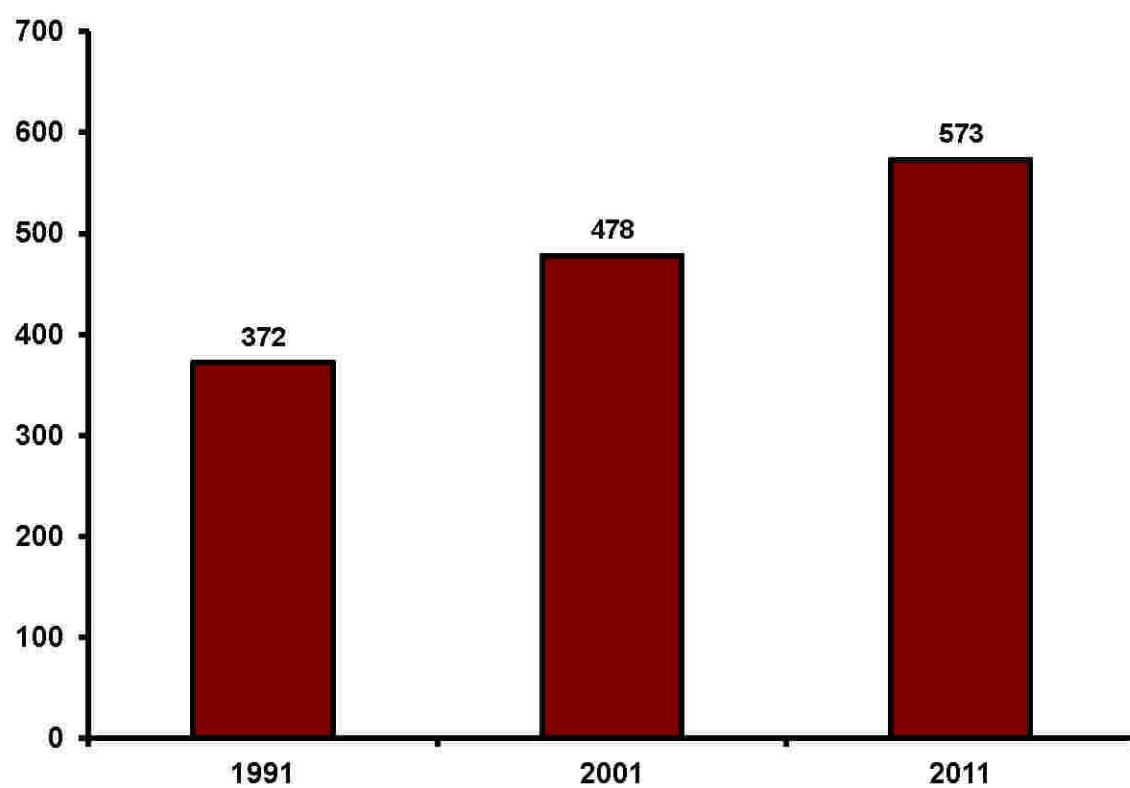

Table 3.34 gives the State-wise information regarding population of Scheduled Castes and Scheduled Tribes.

- Notes :— (1) No castes were scheduled by the president of India for Nagaland, Andaman and Nikobar Islands and Lakshadweep.
- (2) No Tribes were scheduled by President of India for Haryana, Jammu & Kashmir, Punjab, Chandigarh, Delhi & Pondicherry.

SECTION IV

ENVIRONMENT STATISTICS (CLIMATE)

Meteorological data given in this section relate to average rainfall—district-wise.

The figures in this section have been obtained from the Director of Land Records, Haryana.

Table 4.1 gives district-wise monthly average rainfall figures for 2010.

Table 4.2 shows district-wise monthly normal rainfall figures—average of 5 years (2006-2010).

Table 4.3 gives the district-wise average annual rainfall.

SECTION V**VITAL STATISTICS**

Vital Statistics—Registration of Births and Deaths is compulsory in Haryana State under Civil Registration Scheme and is governed by Registration of Births and Deaths Act, 1969 enacted by Government of India which was enforced in Haryana in 1970. In addition, information on birth and death rates is also collected under Sample Registration Scheme. The data collected under Sample Registration Scheme is more reliable because there is under-coverage in the Civil Registration Scheme.

The information in Table 5.1 is according to the Sample Registration Scheme whereas the data in Tables 5.2 to 5.7 on birth and death rates is according to the Civil Registration Scheme.

The Table 5.8 explains the estimated age specific death rate for Haryana and India.

SECTION VI

EDUCATION

This section presents data on education in the Haryana State. The information contained in this chapter has been taken from the Director of Higher/Secondary/Primary Education, Haryana and from the Ministry of Human Resource Development (Deptt. of Education), Government of India.

Table 6.1 shows number of recognised institutions in Haryana.

Table 6.2 shows the classification of colleges by management and nature of education imparted therein in Haryana.

Table 6.3 shows the district-wise classification of colleges in Haryana.

Table 6.4 shows the number of scholars in recognised colleges in Haryana.

Table 6.5 gives the classification of recognised schools in Haryana.

Table 6.6 shows the number of students in recognised schools for general education according to qualifications in Haryana.

Table 6.7 shows the number of Scheduled Castes Students in recognised Schools of Haryana (class-wise).

Table 6.8 shows the number of teachers in Schools of Haryana (institution-wise).

Table 6.9 gives the number of students in schools of Haryana (class-wise).

Table 6.10 gives the intake capacity in Degree courses in Engineering by Department-wise.

Table 6.11 depicts the expenditure incurred on educational institutions by type of education in Haryana.

Table 6.12 shows the district-wise and year-wise teacher-pupil ratio in Haryana.

Table 6.13 to 6.15 give the number of recognised institutions, teachers and scholars in India (State-wise).

Table 6.16 and 6.17 depict the Enrolment ratio for general education and Scheduled Castes Students in recognised schools in India (State-wise).

PART - II
ECONOMIC STATISTICS

SECTION X

STATE INCOME OF HARYANA

State Income refers to the aggregate of factor incomes originating within the boundary of the State. For estimating the State Income, the entire economic activity has been classified into thirteen sectors, viz., Agriculture and Animal Husbandry, Forestry, Fishing, Mining and Quarrying, Registered Manufacturing and Unregistered Manufacturing, Construction, Electricity, Gas and Water-Supply, Transport, Storage and Communication, Trade, Hotels and Restaurants, Banking and Insurance, Real Estate and Ownership of Dwellings, Public Administration and Other Services.

The total State Income of a year divided by the population of that year gives per capita income which is an index of the level of living of the people.

These estimates are revised and are based on data available at the moment and are subject to revision necessitated by the availability of additional information and change in methodology.

The figures of per capita income have been arrived at on the basis of population data supplied by Registrar General of India.

The first table (10.1) in this section shows the comparison of movement of Gross and Net State Domestic product at factor cost at current and constant (2004-05) prices.

Tables 10.2 and 10.3 show the sectoral distribution of the Gross State Domestic Product at current and constant (2004-05) prices respectively.

Tables 10.4 and 10.5 show the sectoral distribution of the Net State Domestic Product at current and constant (2004-05) prices respectively.

Table 10.6 shows the indices (2004-05=100) of Net State Domestic Product at factor cost by major sources.

Table 10.7 depicts the percentage change in Gross State Domestic Product over the previous year.

Tables 10.8 and 10.9 show per capita income at current and constant prices of various States in the country.

SECTION XI**GROSS FIXED CAPITAL FORMATION IN HARYANA**

Gross fixed capital formation in Haryana consists of additions to the assets of producers of tangible reproducible goods which have an expected life time use of one year or more. The main object of these estimates is to assess the pace of development brought out as a result of investment both in public and private sectors. These estimates also provide insight as to the quantum of expenditure that has been made for the creation of capital assets during the year. For estimating the gross fixed capital formation, the entire economic activity has been classified into thirteen sectors, viz. Agriculture, Forestry, Fishing, Mining and Quarrying, Registered Manufacturing and Un-Registered Manufacturing, Construction, Electricity, Gas and Water Supply, Transport, Storage and Communication, Trade, Hotels and Restaurants, Banking and Insurance, Real Estate and Ownership of Dwellings (Residential part only) Public Administration and Other Services.

These estimates are based on data available at the moment and are subject to revision necessitated by the availability of additional information and change in methodology.

Table 11.1 and 11.2 show the Gross Fixed Capital Formation in Haryana by Industry of Use at current and constant (2004-2005) prices respectively.

Table 11.3 and 11.4 show the Gross Fixed Capital Formation in Haryana by Type of Institutions at current and constant (2004-2005) prices respectively.

Table 11.5 and 11.6 show the Gross Fixed Capital Formation in Haryana by Type of Assets at current and constant (2004-2005) prices respectively.

SECTION XII

AGRICULTURE

Agriculture statistics regarding classification of area and production of principal crops and yield per hectare of major crops for some years from 1966-67 to 2010-11 for the State as a whole and district-wise data only for the year 2010-11 have been presented in this section. It also contains information in respect of land revenue assessment, area under high yielding varieties, area under fruits and vegetables, consumption of fertilizers, agricultural machinery and implements including tractors and consolidation operations, etc. The information has been collected from Deputy Commissioners, Director of Land Records and Director of Agriculture, Haryana and the data relates to agricultural year (1st July to 30th June.)

Area according to Village papers—It is based on the returns of area prepared by village staff for revenue purposes in the districts.

Area under forests—This includes actually forested area on the lands classed or administered as forest under any legal enactment dealing with forests whether state owned or private. Besides, the forest area along roads, railways and canals have also been included. The area under forests given in this section will not tally with that of the Forest Department shown in section XV, owing to the fact that certain lands though not wooded are taken as forest by the Forest Department whereas these are not treated as such by the revenue authorities.

Land not available for cultivation—This includes absolutely barren and unculturable land like mountains, deserts, etc. which cannot be brought under plough except at exorbitant cost, land covered by buildings, roads and railways and water or otherwise appropriated for non-agricultural purposes.

Other uncultivated land excluding fallow lands—This denotes land available for cultivation, either not taken up for cultivation or abandoned later on for one reason or the other and includes culturable waste, permanent pastures and other grazing lands and lands under miscellaneous trees, crops and groves.

Fallow land—It denotes cultivable land which after abandonment remains uncultivated over a long period called 'old fallows' and those kept uncultivated during the current year are called 'current fallows'.

Net area sown—It is the net area sown under crops, the areas sown more than once during the year being counted only once.

Total Cropped area—It includes total area covered with crops during the year. In case, different crops are raised on the same land during the year, the same area is counted more than once.

Table 12.1 gives classification of area of Haryana by land use.

Table 12.2 shows comparative position of various States in regard to area and its classification.

Table 12.3 shows sizewise number and area of operational holdings in Haryana.

Table 12.4 shows number and area of holdings by ownership and by size group in Haryana.

Table 12.5 shows State-wise number and area of operational holdings in India.

Table 12.6 shows area and production of foodgrains.

Table 12.7 presents data regarding area, production and average yield of principal crops in the State. Production and yield figures are based on crop cutting experiments.

Table 12.8 shows area under high yielding varieties of foodgrains in Haryana.

Table 12.9 shows area under fruits and vegetables (district-wise).

Table 12.10 shows the percentage distribution of area and production of principal crops, district-wise.

Table 12.11 shows various index numbers related to agriculture in Haryana.

Table 12.12 presents index numbers of area under crops in Haryana.

Table 12.13 gives index of agricultural production in Haryana.

Tables 12.14 and 12.15 show comparative position of various States in regard to the area and production of principal crops.

Table 12.16 shows average yield of important crops in India.

Table 12.17 shows the consumption of fertilizers (Nutrients) in Haryana.

Table 12.18 shows consumption of pesticides in Haryana.

Table 12.19 shows the district-wise consumption of pesticides (Technical Grade).

Table 12.20 shows the number of agricultural machinery and implements according to Live-stock Census, 2007.

Table 12.21 gives information regarding number of tractors in Haryana.

Tables 12.22 and 12.23 show district-wise number of villages and area repartitioned in Haryana.

SECTION XIII**IRRIGATION**

The tables in this section contain the irrigation statistics of Haryana as well as India. Information has been collected from the Departments of Irrigation, Agriculture and Land Records of Haryana State and Economic and Statistical Adviser, Ministry of Agriculture, Government of India.

Table No. 13.1 shows net area under irrigation in Haryana according to different sources.

Table No. 13.2 shows net area under irrigation in India by different sources.

Table No. 13.3 shows gross area irrigated and total cropped area in Haryana.

Table No. 13.4 shows gross area irrigated under various crops in Haryana.

Table No. 13.5 shows cropwise gross area irrigated in India by States.

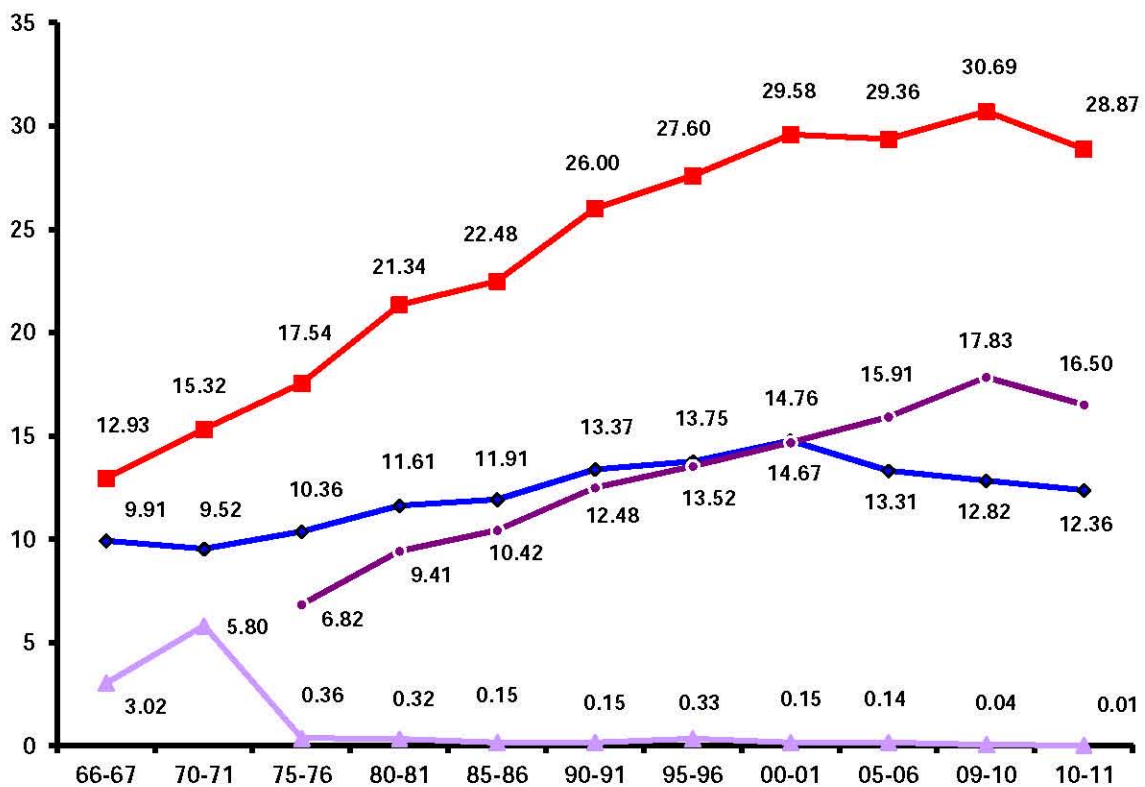

Table No. 13.6 gives the number of tube-wells and pumping sets. The information has been collected from Development Blocks through Agriculture Department.

Table No. 13.7 shows data concerning principal works and results of their operations.

Table No. 13.8 presents canal irrigated area in Haryana.

SECTION XIV**LIVESTOCK, ANIMAL HUSBANDRY AND DAIRYING**

This section contains statistics relating to livestock, veterinary institutions and Government poultry farms. The information regarding livestock is based on quinquennial livestock Census, 2007 conducted by the Director General, Animal Husbandry and Dairying, Haryana.

Tables 14.1 to 14.9 present data in respect of livestock in Haryana.

Tables 14.10 and 14.11 show the number of cattle and poultry per square kilometre and per thousand human population according to estimated population of 2001.

Tables 14.12 and 14.13 indicate the comparative position in respect of livestock and poultry and number of working cattle in various States of India.

Tables 14.14 to 14.21 show the number of veterinary institutions and staff, work done in the institutions, mortality amongst livestock due to various contagious diseases, livestock development centres, number of bulls kept in artificial insemination centres, Intensive Cattle Development Projects, Development of Gaushala and number of recognised slaughter houses.

Tables 14.22 to 14.24 show number of Government Poultry Farms, birds kept and eggs produced therein.

Table 14.25 depicts the data regarding procurement of milk and number of milk plants/milk chilling centres.

Table 14.26 depicts the estimated production of milk and per capita availability of milk per day in Haryana.

Note :— The estimates of milk production for the years 1967-68 to 1976-77 are not available as the scheme under which the information is collected was started only in 1977-78, District-wise estimates are not worked out.

SECTION XV

FORESTS

Area under forests is classified according to type of ownership. Forests owned by corporate bodies and private individuals have been included under private forests. Further the area under forests has also been classified according to its legal status, such as 'Reserved', 'Protected' and 'Unclassed'. Reserved forests are permanently dedicated either to the production of timber or other forest produce and the grazing and cultivation is not permitted. In protected forests these rights are allowed subject to certain restrictions. Unclassed forests include non-exploitable forests which owing to physical conditions or for other reasons have no prospect of being used as forests, area serving only protective purposes and area permanently destroyed as forests but yet not converted to other land uses.

The area under Forests shown in this section will not tally with the figures shown under the section 'Agriculture' supplied by the Director of Land Records due to different definitions followed by the Forest and Land Records Departments. The Forest Department reckons entire area including non-wooded area under its control as the forest area whereas the Land Records Department calculates on the basis of actual area under forests.

The data have been obtained from the Principal Chief Conservator of Forests, Haryana.

Table 15.1—gives area under Forests—According to type of ownership in Haryana.

Table 15.2—indicates percentage of area under forests and forest area per lakh of population.

Table 15.3—depicts quantity and value of Major Forest Produce in respect of State Forests only.

Table 15.4—presents value of Minor Forest Produce in respect of State Forests only.

Table 15.5—presents forest area protected against fire and cattle grazing.

Table 15.6—relates to revenue and expenditure of Forest Department, Haryana.

SECTION XVII**RURAL DEVELOPMENT AND CO-OPERATION**

This section shows the progress of rural development and co-operative movement in Haryana. The information has been collected from Development and Panchayat Department, Haryana and the Registrar Co-operative Societies, Haryana.

Table 17.1 shows Government expenditure on Community Development Programmes in Haryana.

Table 17.2 shows people's contribution in the Community Development Programme in Haryana.

Table 17.3 indicates number, membership and working capital of all types of co-operative societies in Haryana.

Table 17.4 presents classification of all types of co-operative societies and banks in Haryana.

Table 17.5 and 17.6 show selected statistics regarding Primary Agricultural and non-agricultural Credit Societies.

Table 17.7 covers selected statistics regarding Primary Land Development Banks.

Table 17.8 presents information on selected statistics of Central Co-operative Banks.

Table 17.9 relates to Apex State Marketing Federations.

Table 17.10 gives data on selected statistics on Central Consumer Stores.

Tables 17.11 to 17.15 give selected statistics of Labour and Construction, Housing, Dairy and Milk Supply, Women Co-operative Societies and Industrial Co-operative Societies, respectively.

SECTION XVIII
MINING AND QUARRYING

Statistics of mineral production are collected under the Mineral Conservation and Development Rules, 1988. Data have been obtained from the Indian Bureau of Mines, Nagpur.

The basis of evaluation is pit-mouth value of production. Information given in this section relates to Haryana State.

Table 18.1 indicates production of Minerals in Haryana.

Table 18.2 indicates district-wise production of Minerals in Haryana.

SECTION XIX

INDUSTRIES

Information given in this section has been collected from Labour Commissioner, Haryana, Director, Industries and Commerce Department, Haryana, Haryana Financial Corporation, Chandigarh and Haryana Khadi and Village Industries Board, Panchkula.

Table 19.1—Shows the number of Factories registered in the State under section 2 m (i), 2 m (ii) and 85 of the Factories Act, 1948, Under Section 2 m, factories means any premises including the precincts thereof;

2 m (i) Wherein ten or more workers are working or were working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on.

2 m (ii) Wherein twenty or more workers are working or were working on any day of the preceding twelve months and in any part of which a manufacturing process is being carried on without the aid of power or is ordinarily so carried on and does not include a mine subject to the operations of the Indian Mines Act, 1923, or a railway running school.

Under Section 85 of the factories act, 1948, the State Government is empowered to notify any factory not covered under the above two sections.

Table 19.2—Shows the district-wise number of Registered Working Factories according to number of workers. This is based on the returns submitted by the factories and does not relate to all the working factories.

Table 19.3—Shows the district-wise size and distribution of registered working factories in Haryana.

Table 19.4—Shows the district-wise and industry-wise break-up of working factories.

Table 19.5—Shows the district-wise and industry-wise number of workers employed in working factories.

Table 19.6—Shows the production of various Industries in the State.

Table 19.7—Shows the number of cotton textile mills and spindles and looms installed therein.

Table 19.8—Shows the index of industrial production for different years.

Table 19.9—Shows index of industrial production by major groups.

Tables 19.10 and 19.11—Indicate loans to industries advanced by the Haryana Financial Corporation from its funds.

Table 19.12—Shows district-wise classification of loans and advances to industrial units in Haryana.

Table 19.13 and 19.14—Indicate the progress of Khadi and Village Industries in Haryana.

Table 19.15 — Indicate Khadi & Village Industries Board Group wise Margin Money released.

SECTION XX

ELECTRICITY AND POWER

This section contains statistics relating to electricity in the State of Haryana. Haryana is the first State in the country to achieve 100 per cent electrification of all its 6,764 villages and 154 towns (according to 2011 Census). Uchani (Karnal) is the last of Haryana's all villages electrified on 29th November, 1970. The data have been collected from the Central Electricity Authority, Government of India and Haryana Vidyut Prasaran Nigam Limited.

Table 20.1 shows the L.T. and 11 KV. lines in Haryana.

Table 20.2 shows Consumption of electric power for different uses in Haryana.

Table 20.3 shows the number of connections using electricity for various purposes in Haryana.

Table 20.4 shows the number of pending applications for electric connections by uses.

Table 20.5 shows the number of the Tubewells energised in Haryana.

Table 20.6 indicates units sold and the per capita consumption of Electricity.

Table 20.7 gives information on installed generation capacity and Power availability in Haryana.

Tables 20.8 and 20.9 show installed plant capacity, electricity generated, utilised and number of consumers in India (State-wise) and installed plant capacity and consumption per square kilometre and per thousand of population in India (State-wise).

Table 20.10 depicts annual per capita (State-wise) consumption of electricity in India.

Table 20.11 indicates the number of villages electrified in various states.

SECTION XXI

TRANSPORT STATISTICS

This section contains information relating to road transport, development of roads and the railways. The information of road transport has been collected from the State Transport Controller, Haryana, Police (C.I.D.), Haryana, Engineer-in-Chief, Public Works Department, Building and Roads, Haryana, Ministry of Surface Transport (Transport Research Division), Government of India and Northern Railway, New Delhi.

The Railway system in India is divided into various zones which are further sub-divided into Divisions. The Divisions are not co-terminus with the State territories. On the re-organisation of the Punjab State, about 1,220 kilometres of rail length came to the share of Haryana State as against the total rail length of 3,312 kilometres in the erstwhile Punjab State. The railway administration prepares the railway statistics division-wise and not station-wise or section-wise. They have, therefore, shown their inability to supply the section-wise data on goods booked and number of passengers originating and earnings accruing therefrom, section-wise. In this section, the data have, therefore, been presented for Delhi, Ambala and Ferozepur divisions as a whole. This data will not thus provide a clear idea about the working of railways in Haryana.

Table 21.1 shows the district-wise number of different types of vehicles registered in Haryana.

Table 21.2 shows the district-wise number of different types of vehicles on road in Haryana State for different years.

Table 21.3 shows district-wise road accidents in Haryana for different years.

Table 21.4 shows the district-wise number of Professional and Non-Professional driving licences in Haryana for different years.

Table 21.5 presents the depot-wise data relating to Commercial Wing of Haryana Roadways.

Table 21.6 reflects comparative position in respect of number of various types of vehicles on road in the different States of India.

Table 21.7 shows the number of Motor vehicles per 100 sq. km. of area and per lakh of population in different States of India.

Table 21.8 gives metalled and unmetalled road length maintained by Public Works Department in Haryana.

Table Nos. 21.9 and 21.10 furnish district-wise information by types of road length maintained by Public Works Department and Local Bodies in Haryana.

Table 21.11 shows the length of surfaced roads in Haryana.

Table Nos. 21.12 and 21.13 give number and percentage of villages connected with metalled roads in Haryana.

Table Nos. 21.14 and 21.15 provide State-wise information in respect of total length of different Highways and surfaced roads in India respectively.

Table 21.16 shows road length per 100 square Kilometres of area and per lakh of population.

Table 21.17 includes Route Kilometres of the Railways. In calculating route Kilometres, double or triple lines are counted only once.

Table 21.18 gives number of wagons loaded with important commodities on broad gauge.

SECTION XXII

MARKETING AND STORAGE

This section provides data on Principal Agricultural Markets, Sub-yards, capacity of State owned storages, procurement of important crops and arrival of agricultural produce in Haryana State. The information has been collected from Food and Supplies Department, Haryana and Haryana State Agricultural Marketing Board.

Table 22.1— Gives the names of Principal Agricultural Markets in Haryana.

Table 22.2— Shows the District-wise number of markets in Haryana.

Table 22.3— Shows market arrivals of agricultural produce.

Table 22.4— Shows Capacity of State owned storages in Haryana.

Table 22.5— Gives information on District-wise capacity of State owned Warehouses in Haryana.

Table 22.6— Gives information about the District-wise number of cold storages with their capacity.

Table 22.7— Presents data in respect of procurement of Wheat and Paddy in Haryana.

Table 22.8— Gives information on District-wise procurement of Wheat and Paddy by agencies in Haryana.

SECTION XXIV

LABOUR AND EMPLOYMENT

Data in respect of labour and its related activities has been given in this section. The information has been collected from Labour Commissioner, Haryana, Director of Employment, Haryana and Labour Bureau.

Table 24.1—Shows labour employed in shops, commercial establishments, hotels and restaurants.

Table 24.2—Average per capita annual money earnings of factory workers in India have been shown by States.

Tables 24.3 and 24.4—Industrial disputes affect labour and production. These data are collected by the State Labour Department under Industrial Disputes Act, 1947. Strike means work stoppage declared and organised by the workers and lock-out refers to work stoppage declared by employer generally after a strike. The number of workers involved means the actual number of workers affected either directly or indirectly in the dispute.

Table 24.5—Shows data regarding Trade Unions under the Trade Union Act, 1926.

Table 24.6—Shows classification of Trade Unions in Haryana according to membership.

Table 24.7—Shows registered trade unions affiliated to various parties in Haryana.

Table 24.8—Under Workmen's Compensation Act, 1923, compensation is payable to workers employed in scheduled employment for injuries due to accidents resulting in death and disablement (permanent or temporary) and not caused through the fault of the worker himself.

Table 24.9—Shows wages paid to agricultural and skilled workers in certain selected villages of Haryana. The data are collected monthly and sent to Government of India.

Tables 24.10 and 24.11—Shows the data maintained in various employment exchanges in the State.

Table 24.12—Shows employment in the organised sector of Haryana.

Table 24.13—Shows estimated employment in Private and Public sectors in India. Act establishments are those which are covered by the Compulsory Notification of Vacancies Act, 1959. Others are non-Act establishments. Previously this classification used to be large and small establishments.

SECTION XXVIII

PRICES

This section consists of eighteen tables containing information on harvest prices, wholesale prices, consumer price index numbers for important towns of Haryana and India and All-India Index numbers of wholesale prices by groups and Index numbers of wholesale prices of important agricultural commodities.

Table 28.1—Harvest Prices are the average of weekly wholesale prices in certain selected markets in each district during the period closely following the harvesting of various crops. The period prescribed for each crop is shown below the table.

Table 28.2—In this table weighted Index Numbers of Harvest (wholesale) Prices of Agricultural Commodities in Haryana during 2011-12 have been given. These indices are compiled by the Economic and Statistical Analysis Department, Haryana.

Table 28.3—Statistics of wholesale prices given in this table are based on weekly wholesale price reports received from important market committees. Annual average wholesale prices of important agricultural commodities have been given therein.

Table 28.4—The All India Index Numbers of wholesale prices are being compiled by the Economic Adviser, Ministry of Industry, Government of India. It is a general purpose index with year 1952-53 as base. This Index includes 112 commodities and 555 individual quotations divided into main groups.

Table 28.5—In this table information regarding all India Index numbers of wholesale prices compiled by the Economic Adviser, Ministry of Industry, Government of India have been given. The base year of this series is 1961-62. 139 commodities and 774 individual price quotations have been included for the compilation of these indices. Annual indices are arithmetic average of monthly indices.

Table 28.6—In this table information regarding All India Index Numbers of wholesale prices with 1970-71 as base have been given. The revised series is based on 1,275 price quotations covering 360 commodities.

Table 28.7—In this table information regarding new series of all India Index Numbers of wholesale prices with 1981-82 as base has been given.

Table 28.8—Gives consumer price index numbers for working class in India on base year 1960. These indices are compiled by the Labour Bureau, Government of India. Annual indices are arithmetic average of monthly indices.

Table 28.9—Gives consumer price index numbers for working class in India on base year 1982. These Indices are compiled by Labour Bureau, Government of India.

Table 28.10—All India Consumer Price Index Numbers for the Industrial workers are given in this Table.

Table 28.11—The consumer price index numbers of working class at Yamunanagar and Faridabad (base 1982) have been given in this table.

Table 28.12—Gives information regarding working class consumer price index numbers for six selected centres and Haryana State(base year1982)compiled by the Department of Economic and Statistical Analysis, Haryana.

Table 28.13—Gives information regarding wholesale price index numbers of 20 important agricultural commodities of the Haryana State (Base year 1980-81) compiled by the Department of Economic and Statistical Analysis, Haryana.

Table 28.14—Consumer price index numbers for agricultural labourers in Haryana State (Base year 1986-87) as compiled by the Labour Bureau, Government of India, have been shown in this table.

Table 28.15—In this table information regarding rural consumer price Index numbers (Base year 1988-89) of selected commodities of the Haryana State compiled by the Economic and Statistical Analysis Department, Haryana has been given.

Table 28.16—Gives consumer price index numbers for urban non-manual employees (Base year 1960) in respect of selected centres of India compiled by the Central Statistical Organisation. Annual indices are arithmetic average of monthly indices.

Table 28.17—Gives consumer price index numbers for urban non-manual employees (Base year 1984-85) in respect of selected centres of India compiled by the Central Statistical Organisation. Annual indices are arithmetic average of monthly indices.

Table 28.18—Gives information regarding commodity-wise procurement prices in Haryana for different crops.

SECTION XXXIII

ELECTORAL STATISTICS

Under the Constitution of India, there shall be a Parliament for the Union consisting of the President and two Houses to be known respectively as the Council of States (Rajya Sabha) and the House of People (Lok Sabha). Similarly, in each State there shall be a legislature consisting of either one House or two Houses known as Legislative Assembly (Vidhan Sabha) and the Legislative Council (Vidhan Parishad). In Haryana State, there is only one House, i.e., Vidhan Sabha.

The data presented in this section have been collected from the Chief Electoral Officer, Haryana.

Table 33.1 indicates the district-wise data regarding number of electors, Vidhan Sabha and Lok Sabha seat in Haryana.

Table 33.2 shows the names of members elected to the Parliamentary Constituency in the 2009 general elections. The party affiliation at the time of Elections has also been given.

Table 33.3 shows the name of members elected to the Haryana Vidhan Sabha in the 2009 elections.

Tables 33.4 shows the number of electors and votes polled in Haryana Vidhan Sabha Elections, 2009.

Table 33.5 shows the Parliamentary constituency-wise number of votes polled in Haryana during 2009 General Elections to Lok Sabha.

Table 33.6 shows the State-wise number of Lok Sabha and Vidhan Sabha seats in India.
