1. Reference is made to your memorandum of 15 February 1954, your file number 105-11898, requesting information on P. E. RUIZ in Maracaibo, Venezuela, who was in communication with Pedro ALBIZU Campos, and suggesting that P. E. RUIZ was identical with Jacinto RIVERA Perez. Reference is also made to our CS-33489, dated 15 March 1954, and to our CS-34327, dated 24 March 1954, for information concerning Jacinto RIVERA Perez.

2. No information has been obtained in Venezuela to identify P. E. RUIZ. A search of the files of this organization, of the United States consulate in Maracaibo, and of the Venezuelan Security Police in Maracaibo have failed to reveal any information concerning P. E. RUIZ.

3. The additional possibility exists that P. E. RUIZ may be identical with Clemente PEREDA, a Puerto Rican Nationalist teaching English at the University of Zulia, in Maracaibo. PEREDA was arrested in Maracaibo about 4 March 1954 but was released within a day or two. CS-32884, dated 9 March 1954, and CS-33489, dated 15 March 1954, contain additional information on PEREDA. It was reported in April 1953 that PEREDA and a group of about six students had been arrested on 19 April 1953 in Maracaibo and were charged with having spoken disrespectfully of the Venezuelan Government.

4. If P. E. RUIZ is identified you will be advised upon receipt of the information.

DETAILS:

I. STATUS OF IMPRISONMENT AND APPEAL

The Nationalist Party of Puerto Rico, hereinafter referred to as the NIPR, has been designated by the Attorney General of the United States pursuant to Executive Order No. 10450.

Mr. JOSE C. AIONTE, Chief Special Prosecuting Attorney, Commonwealth Department of Justice, Fortaleza Street, San Juan, Puerto Rico, on June 17, 1954, advised of the present status of PEDRO ALBIZU CAMPOS.

Mr. AIONTE stated ALBIZU CAMPOS has been incarcerated in the Commonwealth Penitentiary, Rio Piedras, Puerto Rico, since his arrest on March 6, 1954. According to Mr. AIONTE, ALBIZU CAMPOS is incarcerated to serve the remainder of sentences imposed in 1951. Approximately a minimum of thirty-one years remains to be served. Mr. AIONTE said ALBIZU CAMPOS had filed appeals, which motions the Commonwealth of Puerto Rico desires to stop. On July 2, 1954, a hearing for both parties is scheduled to be held before the Supreme Court of Puerto Rico.

II. STATUS OF HEALTH

Captain GERARDO DELGADO, Acting Warden, Commonwealth Penitentiary, Rio Piedras, Puerto Rico, on June 15, 1954, advised SA JOHN PAGE of the physical condition of ALBIZU CAMPOS as shown from the reports of the penitentiary physicians.

According to these reports, Captain DELGADO advised ALBIZU CAMPOS is presently in favorable physical condition. His legs have healed and are normal. ALBIZU CAMPOS can walk around without assistance, but remains resting or in bed a great part of the time.

Regarding the mental attitude of the subject, Captain DELGADO stated the reports show ALBIZU CAMPOS insists that the doctors take his temperature at different parts of his body. The doctors do not permit the subject to have wet towels in his possession, but do permit the subject to have an ice bag from which they say no harm can be caused to his body. ALBIZU CAMPOS, since he cannot have wet towels, has requested he be issued

the atomic protective garments used by the United States Army, inasmuch as he continues to be attacked by nuclear rays.

ALBIZU CAMIÓS states the United States Government is experimenting with these nuclear rays on the pregnant women in Puerto Rico, which is causing many births to be without a foot or an arm and some even born as "blue babies." According to DELGADO, ALBIZU CAMIÓS says the United States will drop an atomic bomb on the island of Vieques.

The island of Vieques is situated off the east coast of Puerto Rico.

Captain DELGADO pointed out that ALBIZU CAMIÓS occupies a room by himself at the prison hospital. There is a room adjacent to that of ALBIZU and opening into ALBIZU's room, in which a non-Nationalist prisoner is maintained who attends to ALBIZU, handles the food and cleans the room. These prisoners are changed periodically. Captain DELGADO advises that from March 6 ^{P.R.} until May 14, 1954, ~~FELIX ORTEGA CASTRO~~ lived in the adjacent cell and attended ALBIZU. ~~ORTEGA CASTRO~~ entered the prison in March, 1952, on a three to seven year sentence for attempted murder. Prisoner BENIGNO BELLEZ CRESPO, who was sentenced in December, 1953, to one to two years for burglary, is now attending ALBIZU.

In May, 1954, T-1, of known ^{P.R.} reliability, stated the Nationalist ~~AGUSTIN MALDONADO RODRIGUEZ~~ had explained he had received information from ~~RAFEL TREMINO SELLAS~~, in charge of the penitentiary hospital and whom MALDONADO considers a very good source, that PEDRO ALBIZU CAMIÓS is in an excellent state of health and that his appetite and spirits are entirely normal. According to the informant, MALDONADO opined that the Nationalists could look forward to having a leader for many years to come (S/W)

In May, 1954, T-2, of known reliability, advised the Nationalist ~~ELFIDIO JIMENEZ NORALES~~ had told the Nationalist ~~SEGUNDO LORENZO QUIZ~~ in the latter part of May, 1954, that PEDRO ALBIZU CAMIÓS appears to be in good physical condition. (S/W)

It is to be noted that ELFIDIO JIMENEZ NORALES had been arrested in the March 6 through 8, 1954 roundup of Nationalists by the Puerto Rico Police Department and had been incarcerated at the Commonwealth Penitentiary, Rio Piedras, Puerto Rico. JIMENEZ was released from this incarceration on bond in April, 1954.

T-3, of unknown reliability (u) but who is a friend of many incarcerated Nationalists, in May, 1954, stated ALBIZU CAMIOS is in no manner insane or showing signs of insanity, although he does display a more pronounced hatred of the United States than before.

The San Juan daily Spanish language newspapers, "El Mundo," and particularly "El Imparcial," have occasionally carried articles commenting on the improvement in ALBIZU CAMIOS' health since incarceration. These publications also have set forth items concerning the arrest of ALBIZU CAMIOS.

III. CONNECTIONS WITH THE NATIONALIST PARTY OF PUERTO RICO

A. Alleged Violence (u)

T-3 in May 1954 advised [redacted] and [redacted] incarcerated Nationalists, had been accused by prison authorities of planning an uprising in the penitentiary in order to remove PEDRO ALBIZU CAMIOS to a new location away from his proximity to tuberculosis patients. It was believed the public attention brought to such an uprising would cause this change to be brought about.

In May, 1954, T-2 advised the Nationalist ~~INOCENCIO MONTALVO~~ MONTALVO had been advised by PEDRO ALBIZU CAMIOS, before MONTALVO's release from prison on bond, to continue the struggle for Puerto Rican independence (u)

On May 11, 1954, SAs JOSE RICE and GEORGE E. BULLIN interviewed the incarcerated Nationalist [redacted] stated the present tactics of ALBIZU CAMIOS and his close followers are to use recurring incidents of violence to attract world attention to Puerto Rico and its problem of fighting for independence. [redacted] continued, stating ALBIZU CAMIOS sends out orders via trusted messengers to zone commanders scattered throughout Puerto Rico, in New York City, Chicago, Cuba, South America and even Europe.

[redacted] advised he is able to contact ALBIZU CAMIOS by written coded messages. [redacted] stated, however, that ALBIZU CAMIOS seldom answers him in writing because [redacted] does not want the messages intercepted. According to [redacted] ALBIZU has ordered all incarcerated Nationalists to conduct themselves as model prisoners.

~~CONFIDENTIAL~~

(S)(u)
[In April, 1954, T-3 advised] ALBIZU CAMUOS had said there were others to help and perform tasks for the NTR. This informant advised ALBIZU CAMUOS had stated President EISENHOWER is going to be removed and some people in the United States have been assigned to that job, but will not try unless they can succeed. According to this informant, ALBIZU CAMUOS said, "We can afford to be patient because we are going to win. The great United States will be surprised when we strike. The next time will be a real blow."

(S)(u)
[In March, 1954, T-3 advised] that ALBIZU CAMUOS had made the statement, "The FBI on orders from Washington is persecuting me and the people of Puerto Rico, but retribution is coming fast and hard." This informant stated ALBIZU CAMUOS had made the remark when he arrived in the Commonwealth Penitentiary following his arrest on March 6, 1954.

3. Security Measures

(S)(u)
[According to T-3 in April, 1954] some persons who write to ALBIZU CAMUOS do so by addressing the letter to other persons in order to have their messages delivered without being looked into.

In May, 1954, this same informant advised ALBIZU CAMUOS is attempting to secure a fellow prisoner for the purpose of being a courier and performing duties on behalf of the NTR, by performing a service of traveling to Miami and Guatemala in the latter part of September, 1954, after the prisoner's release.

C. Support From Individuals

(S)(u)
[In March, 1954, T-3 advised] ALBIZU CAMUOS had received a cable from the League of the Oppressed and Society for the Independence of Countries, which cable read, "We are with you; all the Argentine. Good luck."

This informant stated that ALBIZU CAMUOS had also received greetings and correspondence which was in sympathy with the subject from Argentina, Ecuador and the United States during the month of March following his incarceration.

(S)(u)
[In April, 1954, T-3 advised] that approximately half of the

incarcerated Nationalists are in support of ALBIZU CAMACHO and Puerto Rican independence but that the remainder want to leave the penitentiary and Puerto Rico.

D. Communist Sympathy and Support from the ICI

The Communist Party of Puerto Rico, hereinafter referred to as the ICI, is a Communist Party in its own right and not a district organization of the Communist Party, USA, although it adheres to the same Marxist-Leninist principles as the Communist Party, USA.

The Communist Party, USA, has been designated by the Attorney General of the United States pursuant to Executive Order No. 10450.

(u) In May, 1954, T-3 advised it was his impression that the nationalists at the Commonwealth Penitentiary appear to agree with the Communist cause and that help for the Nationalists can be obtained from the Communists. This informant believes ALBIZU CAMACHO is now more Communist than the other Nationalists know. This informant stated that ALBIZU CAMACHO had said, "We and the Communists are fighting the common enemy, the United States."

T-4, of known reliability, in March, 1954, advised that RAMON MIRABIL, Interim Secretary General of the ICI, had known of the stand taken by two supporters regarding PEDRO ALBIZU CAMACHO which was: To defend him as a victim of political persecution, and to respect him for his valor and integrity in the struggle against imperialism. (u)

IV. MISCELLANEOUS

FR. In April, 1954, T-1 stated that ~~MANUEL NEGRON~~ ^{MANUEL NEGRON} ~~NOVOA~~ ^{NOVOA} had said ~~JUAN HERNANDEZ VALLE~~, both of whom are nationalists, was a traitor, and NEGRON's feelings stemmed from HERNANDEZ VALLE's remarks where HERNANDEZ VALLE said ALBIZU CAMACHO was engaging in immoral relations with the woman who resided with him at PIR headquarters. (u)

(u) In June, 1954, T-5, of unknown reliability, but a prominent individual, stated that he was sure an interview with ALBIZU CAMACHO had been recorded and broadcast over station WKUM, Santurce, Puerto Rico, after ALBIZU's release from prison in September, 1953.

It is noted that in several places in the
referenced report the stenciling for the mimeograph
has been rather poorly cut causing faint impressions
to be made on the finished pages. Inasmuch as reports
of this category receive wide dissemination at the
Seat of Government you should take greater care in the
preparation of stencils in order that the finished
copy will be completely legible.

It is further noted in connection with the
referenced report that the last paragraph on page 6
contains the statement attributed to T-5 to the
effect that Albizu Campos had a recorded interview
subsequent to his release from prison in September of
1953 which was broadcast over San Juan Radio Station WKUM.
No lead has been set out to verify this allegation and,
in the event it is true, to obtain a copy of the recorded

Rebulet dated 6-29-54 with reference to the Bureau's inquiry regarding a recorded interview with the subject.

This office initiated an investigation into this matter on June 1, 1954, and has continually followed the matter to this time.

The following information is being set forth to acquaint the Bureau with the data developed in this matter to date. In a subsequent report this data will be set forth in a form suitable for dissemination.

On June 1, 1954, Mr. RALPH PEREZ PERRY, Manager, Radio Station WKUM, Stop 15, Santurce, Puerto Rico, advised that PEDRO ALBIZU CAMPOS had made no speeches over that station nor over any other radio station during the period of his pardon, September 30, 1953, through March 6, 1954. PEREZ stated that the station has no record of any sort of NPPR broadcast during the above period, though he recalled that shortly after the release of ALBIZU CAMPOS in 1953 on conditional pardon, Station WKUM had carried a brief announcement of an interview which had been conducted with ALBIZU CAMPOS at NPPR Headquarters by ANTONIO DIAZ VELAZQUEZ, an announcer at WKUM.

PEREZ stated that the station had retained no copy of the announcement but to the best of his recollection it consisted merely of the type of statement that ALBIZU CAMPOS had been making to the press after his release from jail in September, 1953, that is complaining about his alleged bad treatment in La Princesa Jail.

PEREZ stated that he had attached no significance to the broadcast. He pointed out that the interview of the subject by DIAZ had been played over the radio from a tape. He believed the tape had been furnished by and returned to some member of the NPPR, ~~although~~ he did not know to whom.

The San Juan Office has made no attempts to contact DIAZ VELAZQUEZ because of the alleged labor dispute at the above radio station and instead has made local inquiry to identify DIAZ VELAZQUEZ more fully.

A check with ONI and G-2, San Juan, disclosed no allegations of Nationalist, Communist or anti-American sentiments of ANTONIO DIAZ VELAZQUEZ. San Juan informants contacted regarding this individual reported negatively [redacted] (u)

[redacted] contacted on June 8, 1954, advised he knew DIAZ when the latter was employed in the position of radio announcer for a station in Arecibo, Puerto Rico, from approximately 1947 to 1950. This informant advised he never knew DIAZ to be connected with the NPPR but does believe that DIAZ is in favor of independence for Puerto Rico, [redacted] (u)

[redacted] contacted on June 18, 1954, stated he did not know definitely whether DIAZ is or was an NPPR member but advised that he, the informant, had heard NPPR members mention DIAZ VELAZQUEZ frequently. This informant added that JUAN HERNANDEZ VALLE, former NPPR lawyer, had related to the informant that DIAZ VELAZQUEZ visited PEDRO ALBIZU CAMPOS on frequent occasions [redacted] (u)

[redacted] unknown reliability (u) contacted on June 4, 1954, stated he knows ANTONIO DIAZ VELAZQUEZ by sight and knew him [redacted] six or eight years ago. According to this informant, he does not know DIAZ VELAZQUEZ as being involved in Nationalist affairs. (u)

The Bureau of Internal Security, Puerto Rico Police Department, advised that they had received a complaint from [redacted] and a review of this complaint discloses information identical to that furnished to this office by [redacted]. Subsequent check of the complaint by an investigator of the Police Department disclosed nothing additional other than what is already known to this office.

SUBJECT: PEDRO ALBIZU CAMPOS

The following information is furnished for the information of the Bureau and San Juan:

On 3/24/54 PEDRO MARTINEZ LOPEZ furnished a sworn statement to AUSA ELIOT H. LUMBARD, SDNY. On 4/21/54 AUSA ARNOLD BAUMAN furnished a copy of this statement to ASAC EDWARD J. MC CABE. In this statement MARTINEZ advised that he terminated his NPPR membership in 1950 or 1951, when he was released from jail. MARTINEZ stated that he had heard ALBIZU CAMPOS make two speeches in which ALBIZU stated that independence for Puerto Rico could not be secured by peaceful means, that is by means of elections. MARTINEZ stated he could not recall the date that ALBIZU made this statement.

On 5/18/54 an anonymous source advised that JULIO HECTOR VELASQUEZ on 3/9/54 appeared before a Federal Grand Jury, SDNY, relative to his activities within the NPPR. VELASQUEZ advised the Federal Grand Jury that he was convicted in 1936 of the crime of Conspiracy to Overthrow the Government of the US by Force, Conspiracy to Recruit Soldiers for Armed Hostility Against the US, and Conspiracy to Incite Rebellion.

VELASQUEZ stated that PEDRO ALBIZU CAMPOS is an idealist and that ALBIZU believes that force or violence might be necessary in order to achieve the ends of the NPPR.

The information furnished by this anonymous source should not be used in report form or disseminated outside the Bureau.

On 4/21/54 AUSA ARNOLD BAUMAN, SDNY, furnished ASAC McCABE a sworn statement made by MANUEL ANTONIO DOVAL ACOSTA before AUSA THOMAS A. BOLAN, SDNY, on 3/30/54. In this statement DOVAL advised that he had heard PEDRO ALBIZU CAMPOS once say that the Puerto Ricans should not obey laws of the US because the US had no authority to rule Puerto Rico. No specific date of this statement was indicated.

DOVAL also advised that he joined the NPPR in 1931 in Puerto Rico and left the Party in 1944. RUC: 2

[Handwritten marks]

This letter is written in the remote possibility that some of the following thoughts have not occurred to the Bureau. In view of the implications of information most recently furnished by [redacted] particularly that data bearing on the actions of [redacted] in ordering violence, if it has not already done so, it is recommended that the Bureau point out the highlights and the implications of activities of [redacted] for the department and suggest to the department the possible desirability of amending the indictments in the Southern District of New York to include [redacted] as defendants.

The Bureau is aware that the nature of the proof of the Commonwealth authorities is very different from the information which has been received by the Bureau from [redacted] and [redacted].

Information received from [redacted] indicates very clearly that [redacted] are the two principal instigators of the violence of March 1, 1954. This office wishes the Bureau to know that there is a possibility that the cases against these, and especially against [redacted] may fail in the Insular Courts. If they do not fail entirely, in view of the partial and relatively innocuous information which the Insular Government has, short sentences may be imposed upon these individuals which would leave them in a position to resume their activity at some date in the not very distant future. On the basis of the record, the activity which will be resumed will be of quite violent character. An impression of the public reaction to [redacted] which to a certain extent will measure the reaction of a jury to any proof presented against [redacted] which might be in the possession of the Insular authorities, can be gathered from the reaction of the local Bar Association. The Bar Association has made the services of several prominent attorneys available to [redacted] they have carried, absolutely gratis, their duties far beyond the call of normal counsel. These lawyers all feel that [redacted] is innocent, apparently.

To the Director
Re - NPPR
IS - N
August 11, 1954

It would appear from what [redacted] has informed, that there would have been no violence if [redacted] had not given orders for it.

From the over-all point of view concerning the NPPR, it is apparent that no federal prosecution of the Party can be considered as successful unless it includes the conviction of [redacted] and particularly [redacted]

[redacted] the reasoning on this point is as follows:

It is assumed the Department expects that the successful prosecution of the forthcoming seditious conspiracy trial in New York will have a deterrent effect on plans the Nationalists have for future violence. It is the considered opinion of the writer that if the information [redacted] furnished Agents concerning [redacted] or any part of it, is produced in the form of testimony in the trial of the defendants named in the indictment and [redacted] not included as defendants, the trial will have no deterrent effect, but on the contrary, the omission of [redacted] from the indictment and the trial will be construed by the Nationalists as proof that the federal government conducted the trial only to save face. It will confirm them in their belief that the federal government is weak, it will convince them that the federal government is perfectly content to have the Commonwealth government protect and may very well have the effect of encouraging more violence.

The Bureau is also asked to consider that the probable reasoning of the Nationalists, in the absence of testimony about [redacted] will be that the federal government has made only a superficial investigation of the violence of March 1, 1954, and that they, the Nationalists, are perfectly safe in continuing plans for more violence. They will conclude in the absence of such testimony that the mountain has labored and brought forth a mouse. They will recall that there was no federal prosecution of the NPPR as such after the October 30 and November 1, 1950 incidents. They will regard instant prosecution as a token prosecution and will feel that the federal government is either indifferent or weak or both. The Bureau will not fail to notice, in this connection, that all the talk being reported about violence at this time concerns violence in the United States, not in Puerto Rico.

If the foregoing is true, and the writer is convinced it is a conservative estimate of the situation, the question of the consequences of not joining PEDRO ALBIZI CAMPOS as a defendant

b7C

To the Director
Re - WPPR
IS - R

arises. Everything said above about [REDACTED] applies with ever greater force to ALBIZU.

Leaving [REDACTED] untouched will leave the federal government vis-a-vis the Nationalists in the position of a trapper who has manicured the left front paw of a wild cat in the expectation that he has eliminated his capacity to claw. Nationalist behavior will be based on ALBIZU's estimate of the situation. His general opinion of the federal government is fairly well represented by a report from an informant, of unknown reliability, but under the circumstances probably true, that the not guilty verdict on the five counts of assault with intent to kill against LOLITA LEBRON represented the government's fear of the Nationalist Party.

DETAILS:

I. STATUS OF IMPRISONMENT AND APPEAL

MR. JOSE C. APONTE, Chief Special Prosecuting Attorney, Commonwealth Department of Justice, Calle Allen, San Juan, Puerto Rico, on October 13, 1954, advised of the present status of PEDRO ALBIZU CAMPOS' appeals.

MR. APONTE stated that ALBIZU CAMPOS is incarcerated in the Commonwealth Penitentiary, Rio Piedras, Puerto Rico. He said ALBIZU CAMPOS' appeals are still under consideration by the Supreme Court of Puerto Rico, and as yet this court has not acted or handed down a decision on these appeals. MR. APONTE could offer no date when such decision or action by the Supreme Court upon ALBIZU's appeals would be given.

II. HEALTH STATUS OF PEDRO ALBIZU CAMPOSA. Official Status

On July 14, 1954, RAFAEL TROYANO DE LOS RIOS, Medical Director, Commonwealth Penitentiary, Rio Piedras, stated that PEDRO ALBIZU CAMPOS was in good physical condition, but that he had not the slightest doubt ALBIZU was seriously ill mentally. DR. TROYANO stated that ALBIZU's lesions on his legs had been completely cured; that he eats regularly and sleeps a great part of the day, as well as all night, without the use of sedatives. According to DR. TROYANO, his general body functions are carefully checked and are normal. With regard to his mental state, DR. TROYANO stated ALBIZU continues believing he is being subjected to atomic rays. He is permitted to keep an ice pack on his head but he is not allowed to immerse his legs in water, although he has often asked to do so. Although the sores on his legs have been healed, ALBIZU frequently claims they are returning as a result of the nuclear rays. DR. TROYANO opined that ALBIZU hopes for the return of his lesions in order to substantiate his beliefs concerning the rays.

DR. TROYANO asserted that ALBIZU keeps a continuous smile on his face, which TROYANO believed was a mark which

~~CONFIDENTIAL~~~~CONFIDENTIAL~~

covers ALBIZU's hatred and resentment. DR. TRQYANO classifies ALBIZU as a paranoid, but added that ALBIZU has a remarkable memory and actually recalls persons, dates and occurrences of many years ago. The doctor also added that in the first part of July, ALBIZU did not permit himself to be physically examined, claiming that the examination resulted in the adjustment of the rays.

Captain GERARDO DELGADO, Acting Warden, Commonwealth Penitentiary, Rio Piedras, on October 15, 1954, advised that the health of ALBIZU CAMPOS remained good and at the present time ALBIZU is not using any treatment to ward off his allegations of atomic ray attack upon his body, except an ice bag.

Captain DELGADO stated that there is a penal guard and an inmate, who watch over ALBIZU and his needs. According to Captain DELGADO, this inmate brings ALBIZU his food and cleans his cell. DELGADO stated that no visitors are allowed to see ALBIZU CAMPOS at any time, and that ALBIZU remained incarcerated in a room by himself at the prison hospital. DELGADO commented that although ALBIZU's health remained good, his legs were quite weak, inasmuch as he spends a great part of his time resting in bed.

B. Propaganda Regarding ALBIZU's Health

(T-1, of known reliability, in June, 1954, stated that CARMEN MARIA PEREZ GONZALEZ had asserted that the health of ALBIZU CAMPOS was poor and that his left arm was paralyzed. PEREZ told the informant that ALBIZU CAMPOS was kept in a room where tubercular prisoners were formerly held. (u)

(T-2, of known reliability, in June, 1954, stated CARMEN MARIA PEREZ GONZALEZ was telling that PEDRO ALBIZU CAMPOS appeared to be having trouble with his legs, inasmuch as the swelling of these extremities had reappeared. (u)

(T-3, of known reliability) informed that CARMEN MARIA PEREZ GONZALEZ was telling that ALBIZU CAMPOS was once again in poor physical condition. According to this informant, PEREZ asserted she had heard that ALBIZU is left alone and without care in the prison hospital.

The Puerto Rico Police Department, Bureau of Internal Security, furnished information on June 23, 1954, by Superintendent Captain BENIGNO SOTO, which disclosed that an automobile on June 23, 1954, was distributing leaflets throughout metropolitan San Juan. These leaflets announced the very critical state of PEDRO ALBIZU CAMPOS' health and requested the people to organize a committee to free him from prison. These leaflets were distributed, according to the Police Department, by VICENTE MORCIGLIO, who was identified by the department as a Nationalist.

"El Imparcial" and "El Mundo", San Juan Spanish language daily newspapers of June 26, 1954, set forth articles regarding the health of ALBIZU as being satisfactory and commenting briefly regarding his medical conditions.

(T-1, in June, 1954) stated that the Radio Station WIAC on June 25, 1954, had given a news broadcast which told of the death of ALBIZU CAMPOS.

III. CONNECTIONS WITH THE NPPR

A. Information Indicating Subject's Party Position

(T-4, of unknown reliability) but familiar with activities of the NPPR, stated in July, 1954, that in New York City in 1949 JULIO PINTO GANDIA, NPPR leader in that city, had told GONZALO LEBRON SOTOMAYOR to bring his petition signed by 108 Puerto Ricans, which LEBRON had recruited for joining the NPPR, to PEDRO ALBIZU CAMPOS in Puerto Rico, in an effort to gain admittance for that group to the NPPR.

This informant stated that in April, 1949, GONZALO LEBRON went to Puerto Rico and presented the above-mentioned petition to ALBIZU CAMPOS, along with a recommendation from PINTO GANDIA. According to this informant, ALBIZU CAMPOS accepted LEBRON's group into the NPPR.

(In July, 1954, T-4 stated) that about September 16, 1949, GONZALO LEBRON was sent to Lares, Puerto Rico, by PEDRO ALBIZU CAMPOS to help prepare the Grito De Lares celebration. According to this informant, ALBIZU CAMPOS spoke at a theatre in Lares on September 23, 1949, in connection with the above NPPR celebration.

~~CONFIDENTIAL~~~~CONFIDENTIAL~~

~~CONFIDENTIAL~~~~CONFIDENTIAL~~

(s)(u)
 (According to T-4) ALBIZU CAMPOS ordered the re-organization of the Lares, Puerto Rico, NPPR board in late 1949.

(s)(u)
 (T-1, in October, 1954, advised of an assertion made by CARMEN MARIA PEREZ GONZALEZ and DORIS TORRESOLA, wherein they stated that they are mad at the "Yankees" but do not know what they are going to do because they cannot see ALBIZU CAMPOS.

B. Connections with Violence

(s)(u)
 (In July, 1954, T-4 stated) that ISABEL ROSADO, while in New York City in January, 1954, was displaying a piece of paper with the written name of PEDRO ALBIZU CAMPOS appearing on it. This informant stated ROSADO displayed the paper and signature to GONZALO LEBRON SOTOMAYOR and asked him if he knew her. (T-4 assumed (s)(u) that ROSADO used this means to show her official status in the NPPR.

(s)(u)
 ISABEL ROSADO, according to (T-4) was telling that the NPPR wanted action in the United States immediately and although she did not specifically say violent action, such was implied. (T-4 stated (s)(u) that ROSADO was telling of the very serious physical condition of ALBIZU CAMPOS and indicated to those whom she talked with that ALBIZU might die at any time.

In July, 1954, this informant said that LOLITA LEBRON went to Chicago, Illinois, in February, 1954. At a meeting of the Chicago NPPR Board a few days after LOLITA LEBRON's visit from New York, GONZALO LEBRON SOTOMAYOR addressed the Chicago Board stating that PEDRO ALBIZU CAMPOS was about to die and said that should he die, violent action would be taken.

(s)(u)
 (T-5, of unknown reliability) but who is familiar with NPPR activities, stated that LOLITA LEBRON arrived in Chicago during the middle of February, 1954, and told members of the NPPR that ALBIZU CAMPOS had solicited her for immediate action and she had gone to Chicago to obtain two men who would accompany those she already had in New York for the purpose of attacking one of the targets that the maestro (PEDRO ALBIZU CAMPOS) had designated.

- 5 - ~~CONFIDENTIAL~~~~CONFIDENTIAL~~

~~CONFIDENTIAL~~~~CONFIDENTIAL~~

The Puerto Rico Police Department, on July 9, 1954, advised that RAMON LUIS RODRIGUEZ OCASIO, described as a Nationalist terrorist by this department, was stating he had been chosen by ALBIZU CAMPOS as shock leader of the aggressive Nationalists, and that a short time ago ALBIZU CAMPOS had sent word to him through JUAN JOSE MUNOZ MATOS to ask why nothing had happened. RODRIGUEZ OCASIO sent word to ALBIZU CAMPOS via MUNOZ MATOS, wherein ALBIZU was advised that RODRIGUEZ OCASIO had no opportunity for action as he was closely watched by the Police Department.

(In July, 1954, T-4) stated that inasmuch as PEDRO ALBIZU CAMPOS is the leader of the NPPR, he believes that ALBIZU must have ordered that an attack be carried out against the Congress of the United States on March 1, 1954, or at least ordered violence to take place on the Continent.

(In July, 1954, T-4) stated that ISABEL ROSADO had said in October, 1953, that ALBIZU CAMPOS had received the impression that people were being sent by the NPPR in New York to Puerto Rico to carry out the "original plan". According to this informant, ROSADO asserted that ALBIZU wanted this stopped as he wanted no action in Puerto Rico.

IV. MISCELLANEOUS

(T-6, of known reliability, in July, 1954) stated ALBIZU CAMPOS had sent his personal regards via his lawyer, FRANCISCO HERNANDEZ VARGAS, to the NPPR members in Arecibo, Puerto Rico.

T-1, in October, 1954, stated he had learned of money in the amount of \$20.00 being sent to ALBIZU CAMPOS by CARMEN MARIA PEREZ GONZALEZ.

Captain GERARDO DELGADO advised that during the period June, 1954, through August 23, 1954, CARMEN MARIA PEREZ GONZALEZ had sent money orders to ALBIZU CAMPOS with which ALBIZU bought necessities not generally provided in the prison, such as toilet items and foods sold in the canteen. According to DELGADO, this money amounted to \$55.00.

~~CONFIDENTIAL~~- 6 ~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Captain DELGADO also noted that a JUAN RICARDO ESTEBAN RIVERA, a godson of ALBIZU, had in August, 1954, sent a money order in the amount of \$10.00 to ALBIZU. In addition, DELGADO stated that this same person in September, 1954, furnished an additional \$10.00 money order for ALBIZU CAMPOS' use.

(T-4) In August, 1954, T-4 advised of an assertion of JULIO PINTO GANDIA before a rally of the American Labor Party in 1949 in New York City that ALBIZU CAMPOS had said the New York Junta of the NPLR would work with this labor party and VITO MARCANTONIO.

(T-7, of known reliability) (S)(u) advised that from the time of its inception in 1936 there existed within the American Labor Party a struggle for power among three groups. These were the Communist Party, the Socialist Party and the Social Democrats. By the early 1940s, the Communist Party emerged as the controlling force within the American Labor Party in the major industrial areas in New York State. Generally these were the areas around Albany, Buffalo, Jamestown, Rochester, Schenectady, Syracuse, through the Hudson River Valley, Columbia, Dutchess, Nassau and Westchester Counties, and in New York City, with the exception of Brooklyn. In 1942, the Communist Party was able to capture the American Labor Party in Brooklyn. (T-7) knew this situation to continue up until at least 1949. The American Labor Party never developed into an organization of any real consequence in the non-industrial areas of New York State.

(T-8, of known reliability, in July, 1954) (S)(u) advised that the Communist Party today as in the past, through its members in key positions in the American Labor Party, constitutes the force that controls it.

It is noted that the typewritten draft dated June 1939, referred to in III-B above, appeared in the Argentine magazine "Claridad," issue of June 1939, over the subject's name.

With the exception of the material referred to in the above paragraph, there have been reported to be virtually no published writings of the subject under his own name since his federal conviction in 1936. T-10 advised that on June 9, 1944, JULIO PINTO GANDIA had visited the subject at the Columbus Hospital, New York City, for the purpose of copying a manuscript, prepared by the subject, in PINTO GANDIA's own handwriting. Informant stated that when this was done the original prepared by ALBIZU was destroyed. It was the informant's opinion that the subject was ghost writing the editorials for the publication "Puerto Rico," the then official Nationalist Party organ in New York City. T-10 advised in May 1945 that he had received positive information to the effect that the subject prepared the material for most, if not all, of the NPPA major publications (although the resulting articles were not attributed to the subject when they appeared in published form.)

It is also noted that upon interview by SA FREDERICK E. RODERICK and SA HERBERT F. GRANTHOUSE on May 14, 1952, ISOLINA RONDON, admitted the subject avoided putting into writing things that could be used against him or against the NPPA.

There appear below some examples of intra-party correspondence of the subject.

(u)
T-11 advised in 1944 that the subject wrote a letter to PEDRO PEREZ PAGAN, Interim President of the NPPA, who was residing at Aguas Buenas, Puerto Rico, which read in part:

"As always, you must exact strict discipline, especially from those who are most active and who show an excess of zeal.....I want you to understand that patriotism is invariably manifest in ordinary procedure by competent persons under one supreme head, and that in order to remain in the movement that is working to get freedom for Puerto Rico, it is imperative that these standards be rigidly enforced and obeyed."

In April 1944, T-4 stated that the subject had directed PEREZ PAGAN to see to it that the municipal boards of the NPPA refrain from any declaration or resolution to anyone whether in Puerto

The San Juan Office of this Bureau was advised on February 1, 1954, by Mr. Ignacio Rivera, Secretary of the Supreme Court of the Commonwealth of Puerto Rico as follows:

According to Mr. Rivera the Supreme Court of the Commonwealth of Puerto Rico has upheld the revocation of the pardon granted to Nationalist Party of Puerto Rico President Pedro Albizu Campos finding that the pardon was a conditional one and is, therefore, revocable.

In addition to the above decision, Mr. Rivera advised that the Supreme Court of the Commonwealth of Puerto Rico also upheld the following sentences received in Commonwealth District Court by Albizu Campos resulting from charges filed against him subsequent to the October 30, 1950, revolt: 2 years, 6 months for a violation of Article 12, Insular Law 67, Possession of Explosives with Intent to Commit damage; 6 years for a violation of Article 11, Insular Law 67, Illegal Use of Explosives; 2 years, 3 months on three counts charging a violation of Insular Law 14, Possession of Unregistered Firearms; one count in connection with this charge was dismissed.

The Supreme Court of the Commonwealth of Puerto Rico still has pending before it appeals by Albizu Campos of sentences received resulting from the following charges filed against him in Commonwealth District Court in connection with the Nationalist Party of Puerto Rico uprising of October 30, 1950: a 12-year minimum and 54-year maximum sentence on 12 counts charging a violation of Commonwealth Public Law 53 of January 9, 1948, (Seditious Conspiracy); and a sentence of 7 to 15 years for a violation of Article 218 Penal Code of Puerto Rico, Attack to Commit Murder.

"With reference to politics, the important thing, as before, is the independence of Puerto Rico. I am observing closely the political maneuver that the United States Government is attempting with this pardon which I have rejected. This was not done by MUNOZ MARIN on his own volition. The whole thing is a farce. He merely complied with orders which had been sent him by the Department of State of the United States. In Puerto Rico all the professions are ruled by fear, including the press . . . It is lack of bravery which keeps Puerto Rico on its knees before the whole world. I believe that I am alive because of my faith in providence . . . We will follow through to the triumphant culmination of our cause . . . "
