NOTE.—The following *unincorporated* places have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the beats in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.

Name of place.	Beat.	County.	Population.	Name of place.	Beat.	County.	Population.

Kingston township	1,266	1,085					

NOTE.—The following *unincorporated* villages have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the townships in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.

NOTE.—The following *unincorporated* places have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the townships in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.

Sheldon town.....							

NOTE.—The following *unincorporated* places have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the towns in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.

POPULATION OF CIVIL DIVISIONS LESS THAN COUNTIES.

TABLE III.—NORTH CAROLINA—Continued.

NOTE.—The following *unincorporated* places have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the townships in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.

Name of place.	Township.	County.	Popula- tion.	Name of place.	Township.	County.	Popula- tion.

Kirby village	294			Nevada village (in Antrim and Eden)	1,036	828	In 1870, the portions in the respective townships not ascertained.

NOTE.—The following *unincorporated* places have been returned separately by the enumerators. The list is not by any means complete, as very many enumerators have failed to separate such bodies of population. The population of these places has, of course, been included in the townships in which they are respectively situated. The figures can be considered as only approximate, as the limits of such places are not sharply defined.
