**GILGIT-BALTISTAN  
AT A GLANCE 2013**

**STATISTICAL CELL  
Planning and Development Department  
Government of Gilgit-Baltistan**

# FORWARD

*Development Statistics of Gilgit Baltistan is one of the most important documents released by the Statistical Cell Planning and Development Department, Gilgit Baltistan. This issue is the first in its series. This publication contains latest district and sector-wise data for GB covering social-economic, production, infrastructure and other sectors of the economy. In some cases national-level data is also incorporated to enable to compare development figures of Gilgit-Baltistan with national average.*

*The evidence based planning and decision making based on the logical and statistical facts by policy and decision makers is one of the challenges. So this publication is being released with a specific objective to meet the broader data needs of the decision makers, planners, economists', researchers, statisticians and other potential users from the development sector.*

*The Statistical Cell of the P&D Department depends on the secondary data collected from the development agencies, line departments and the NGOs. Efforts have been made to ensure that the information provided by the feeding departments is authentic and correct. Moreover, these departments will also be requested to provide data regularly and timely, to avoid delay in future publications. The planners and academia will find this documentary useful. The Planning & Development Department, however will appreciate their valuable suggestions for improvement.*

*Efforts of the staff of Statistical Cell especially Mr. Ghulam Rasool, in preparation of this publication is hereby acknowledged. The input from the consultant Mr. Gul Baz Khan is also appreciated. I am also thankful to all the Departments, semi-Government Organizations and other concerned agencies for supplying the data needed for this publication. I am also indebted in the guidance provided by the worthy Chief Minister as well as the leadership support provided by the Chief Secretary, Mr. Sikander Sultan Raja. Last but not least we acknowledge the funding provided by UNICEF for this publication.*

SAAD S. KHAN, Ph.D  
Secretary P&DD

## POPULATION AND AREA

District	Census 1998					Projected 2013	
	Area Sq.KM	Population in million	House hold size	Growth Rate	Literacy rate	Population (in Mill)	Literacy rate
