COMPLIMENTARY

This book or any portion thereof cannot be copied, microfilmed or reproduced for any commercial purpose. Data therein can, however, be used and published with acknowledgement of the sources.

Foreword

I am delighted to learn that Bangladesh Bureau of Statistics (BBS) has successfully completed the 'District Statistics 2011' under Medium-Term Budget Framework (MTBF). The initiative of publishing 'District Statistics 2011' has been undertaken considering the importance of district and upazila level data in the process of determining policy, strategy and decision-making. The basic aim of the activity is to publish the various priority statistical information and data relating to all the districts of Bangladesh. The data are collected from various upazilas belonging to a particular district.

The Government has been preparing and implementing various short, medium and long term plans and programs of development in all sectors of the country in order to realize the goals of Vision 2021. For any pragmatic approach in formulating and evaluating development plans and programs reliable statistics are indispensable. BBS has been performing the major responsibility of supplying comprehensive and accurate statistics at the national level.

The present government, in line with its commitment to decentralize administration, has declared upazila as the focal point of administration regenerating upazila parishad through participatory elections. However, upazila level official statistics are still very inadequate. It is praiseworthy that BBS has undertaken timely program of publishing 'District Statistics 2011' where data representing socio-economic characteristics of upazilas of all districts will be available. I am confident that this publication will be of invaluable help to the planners, administrators, researchers, field level officers as well as other users. Various government, non-government and international organizations closely related to policy formulation and implementation may also find this publication useful.

I sincerely thank Mr. Golam Mostafa Kamal, Director General, BBS for bringing out the publication of 'District Statistics 2011'. I hope that in future 'District Statistics' will be published in much more improved form to make it more effective and informative.

(Md. Nojibur Rahman)
Secretary
Statistics and Informatics Division
Ministry of Planning
Government of the People's Republic of
Bangladesh

Preface

The 'District Statistics 2011' is mainly a compilation work of Bangladesh Bureau of Statistics (BBS). The decentralization policy of government has enhanced demand for timely, qualitative and comprehensive statistical data both for administrative and development requirements. The major regular publications of Bangladesh Bureau of Statistics like Statistical Pocketbook of Bangladesh, Statistical Yearbook of Bangladesh and Agricultural Yearbook of Bangladesh provide aggregate data mainly at the national and regional level. Data for smaller administrative unit like upazila often remains absent in such publications. The 'District Statistics 2011' emphasises to provide upazila level data.

The 'District Statistics 2011' provides both structural and flow-type information of almost all of the priority sectors of our national economy depending on data availability both from published and unpublished sources.

The publication of 'District Statistics 2011' would have not been feasible without the wholehearted co-operation of the various government, semi-government, autonomous, non-government offices and other organizations. In particular, the district and upazila level officials extended their total support and supplied all data. I like to express my sincere thanks to them and hope such co-operation will continue in future.

I am obliged and grateful to Mr. Md. Nojibur Rahman, Secretary, Statistics and Informatics Division (SID) for his enormous support and advice to prepare and to finalize this important publication. My sincere thanks also go to all officers of SID for their wholehearted support and sincere co-operation towards accomplishing this document.

I acknowledge the contributions of Mr. Md. Mizanur Rahman, Deputy Director General, BBS and Mr. Ghose Subobrata, Director, FA & MIS, BBS during development of the Document.

The regional and upazila statistics officers of BBS actively participated in preparation of the report. I thank them all. Finally, I thank Mr. Iftekhairul Karim, Focal Point Officer and Mr. Nasir Uddin Ahmmed, Deputy Director & Ex.Focal Point Officer as well as staff members of Bangladesh Bureau of Statistics for their untiring efforts in making the 'District Statistics 2011' a success. Through user's interaction and feedback, we hope to improve the coverage and quality of information contained in this edition. Any suggestion for improvement of the publication will be highly appreciated.

Dhaka

(Golam Mostafa Kamal)
(Additional Secretary)
Director General
Bangladesh Bureau of Statistics

Acknowledgement

The report on ‘District Statistics 2011’ is the result of the initiative of the honorable Secretary, Statistics and Informatics Division (SID). Ex-Director General Mr. Md. Shahjahan Ali Mollah and the present Director General Mr. Golam Mostafa Kamal of Bangladesh Bureau of Statistics (BBS) have guided us in every steps of the journey to whom we remain grateful.

All the data providers of different offices/organizations of respective district and upazila deserve special thanks for their cooperation. We will be in need of such cooperation in future too and hope that the same hospitality will be received from them again.

I gratefully acknowledge the contribution of all members of Editors’ Forum and also of Project Directors’ Forum of BBS in editing this compilation work.

I acknowledge the contribution of Begum Aziza Parvin, Director, Computer Wing, Mr. Md. Mofizul Islam, Programmer and the members of data entry team.

I would like to thank Mr. Iftekhairul Karim, Focal Point Officer for his rigorous exercise and valuable contribution in bringing out this publication. I also acknowledge the hard work of Mr. Nasir Uddin Ahmmed, Deputy Director & Ex-Focal Point Officer for this activity. My sincere thanks also go to the respective Regional Statistical Officers, Upazila Statistical Officers and the employees of BBS.

I acknowledge the work of Mr. Md. Abdul Mannan, Administrative Officer, Mr. Mohammad Abdullah, Assistant Statistical Officer, Mr. Md. Monzurul Islam, Assistant Statistical Officer and Mr. Md. Yeasin Miah, Statistical Investigator for their sincere assistance to the Focal Point Officer in many possible ways. Officers and staff of Reproduction, Documentation and Publication Section of FA & MIS have contributed in printing the report in possible shortest time.

Finally, I want to be submissive that this work of compiling data from various secondary sources at district and upazila level is undertaken after a long time gap of almost 25 years. Some errors or unwilling mistakes may remain there in spite of our full hearted endeavor to make it an error free publication. It will be highly appreciated if any user kindly communicates any shortcomings of the report.

4.32 Area and production of brinjal, lady's finger and arum 2010-11	37
4.33 Area and production of brinjal, lady's finger and arum 2009-10	37
4.34 Area and production of cauliflower and cucumber 2010-11	38
4.35 Area and production of cauliflower and cucumber 2009-10	38
4.36 Area and production of papaya, guava, lime and lemon 2010-11	38
4.37 Area and production of papaya, guava, lime and lemon 2009-10	39
4.38 Area and production of jackfruit, banana and pineapple 2010-11	39
4.39 Area and production of jackfruit, banana and pineapple 2009-10.....	39
4.40 Area and production of mango, litchi and blackberry 2010-11	40
4.41 Area and production of mango, litchi and blackberry 2009-10.....	40
4.42 Number and area of pond, dighee and other area 2010-2011	40
4.43 Number of fisherman and production of fish during the year 2010-2011	41

Chapter 5: Industry

5.01 Number of selected industry 2011	45
5.02 Number of jute mill and number of worker 2011	45
5.03 Number of textile industry 2011	45
5.04 Number of handloom establishment and loom 2011	46

5.05 Employment status in handloom industry 2011.....	46
5.06 Dying facilities of handloom industry 2011	46
5.07 Number of small scale and cottage industry 2011	47
5.08 Number of establishment and person engaged in cottage industry 2011.....	47
5.09 Number of bamboo and cane industry and person engaged 2011	47
5.10 Number of wooden furniture and person engaged 2011.....	48
5.11 Number of Saw mill and person engaged 2011	48
5.12 Number of auto rice mill and person engaged 2011	48
5.13 Number of semi-auto rice mill and person engaged 2011	49
5.14 Number of rice mill and person engaged 2011	49
5.15 Number of bakery and person engaged 2011	49
5.16 Number of pottery and person engaged 2011	50
5.17 Number of printing press and person engaged 2011	50
5.18 Number of tailoring shop and person engaged 2011	50
5.19 Number of garments factory (for local use) and person engaged 2011	51
5.20 Number of garments factory (Export oriented) and person engaged 2011.....	51
5.21 Number of flour mill and person engaged 2011	51
5.22 Number of plastic industry and person engaged 2011	52

Chapter 6: Education

6.01 Literacy (7+) rate of 2001 & 2011.....	55
6.02 Number of Government primary school (class I-V), teacher and student 2011	55
6.03 Number of registered primary school (class I-V), teacher and student 2011	55
6.04 Number of private (non-registered) primary school (class I-V), teacher and student 2011	56
6.05 Number of kindergarten school (pre schooling), teacher and student 2011	56
6.06 Number of NGO school, teacher and student 2011	56
6.07 Number of Non-government secondary school, teacher and student 2011	57
6.08 Number of school & college (operating jointly), teacher and student 2011	57
6.09 Number of Non government college, teacher and student 2011.....	57
6.10 Number of madrasah, teacher and student under the madrasah education board 2011	58
6.11 Number of kawmi madrasah, teacher and student 2011	58
6.12 Number of ebtedayee madrasah 2011	58
6.13 Number of technical and vocational institution, teacher and student 2011	59
6.14 Number of (public or private) university, teacher and student 2011	59

Chapter 7: Health and Social welfare

7.01 Number of Government health complex and health personnel 2011	63
7.02 Number of private hospital/clinic and related health personnel 2011	63
7.03 Number of diagnostic centre and related health personnel 2011	63
7.04 Number of physician/practitioner in the upazila/city corporation 2011	64
7.05 Number of health centre, providing health and family planning service 2011.....	64
7.06 Number of existing family planning personnel 2011	64
7.07 Status of family planning activity 2011	65

7.08 Number of cooperative society and member 2011	65
7.09 Number of Government office, post office, bank, NGO and dak-banglow/rest house 2011 ...	65
7.10 Number of cinema hall, registered club, auditorium, public library and orphanage 2011	66
7.11 Number of different club 2011	66
7.12 Number of hat-bazar, growth centre, hotel & restaurant 2011	66
7.13 Number of warehouse and their storage capacity 2011	67
7.14 Progress of rural electrification 2011	67
7.15 Number of technical personnel 2011	67
7.16 Number of community clinic and person engaged 2011	68

Chapter 8: Transportation and Communication

8.01 Length of metalled, semi metalled and unmetalled road 2011	71
8.02 Length of railway and water way 2011.....	71
8.03 Length of embankment road & canal 2011.....	71
8.04 Number of bridge, baily bridge, culvert, pool, shako and others 2011.....	72
8.05 Number of railway station, steamer/launch station and bus stand 2011.....	72
8.06 Number of registered rickshaw, van, easy bike and auto-rickshaw 2011.....	72
8.07 Number of non-registered rickshaw, van, easy bike and auto-rickshaw 2011	73

Chapter 9: Price and Wage

9.01 Average price of selected item 2011.....	77
9.02 Annual average wholesale price of selected building material 2011	77
9.03 Daily average wage rate of agricultural labour 2011	77
9.04 Daily average wage rate of construction labour 2011	78
9.05 Daily average wage rate of non-agricultural labour 2011	78
9.06 Average doctor's fee per patient 2011	78
9.07 Average rate of vehicle per kilo meter 2011.....	79

Chapter 10: Urban Area Statistics

10.01 Number of thana, ward, mahalla, household and population by city corporation 2011 Urban Area Statistics of Dhaka District.....	83
10.02 Number of primary school (Class I-V), teacher and student by municipality 2011	88
10.03 Number of secondary school, teacher and student by municipality 2011	88
10.04 Number of secondary school & college (operating jointly), teacher and student by municipality 2011	88
10.05 Number of college, teacher and student by municipality 2011	88
10.06 Number of vocational institute by municipality 2011	89
10.07 Number of fire service unit and causality by municipality 2011	89
10.08 Number of cinema hall and audience capacity by municipality 2011	89
10.09 Institutional accommodation facility by municipality 2011	89
10.10 Other accommodation facility by municipality 2011	90
10.11 Police personnel and criminal offences by municipality 2011	90
10.12 Medical institution and personnel by municipality 2011.....	90
10.13 Number of published newspaper & television centre 2011	90

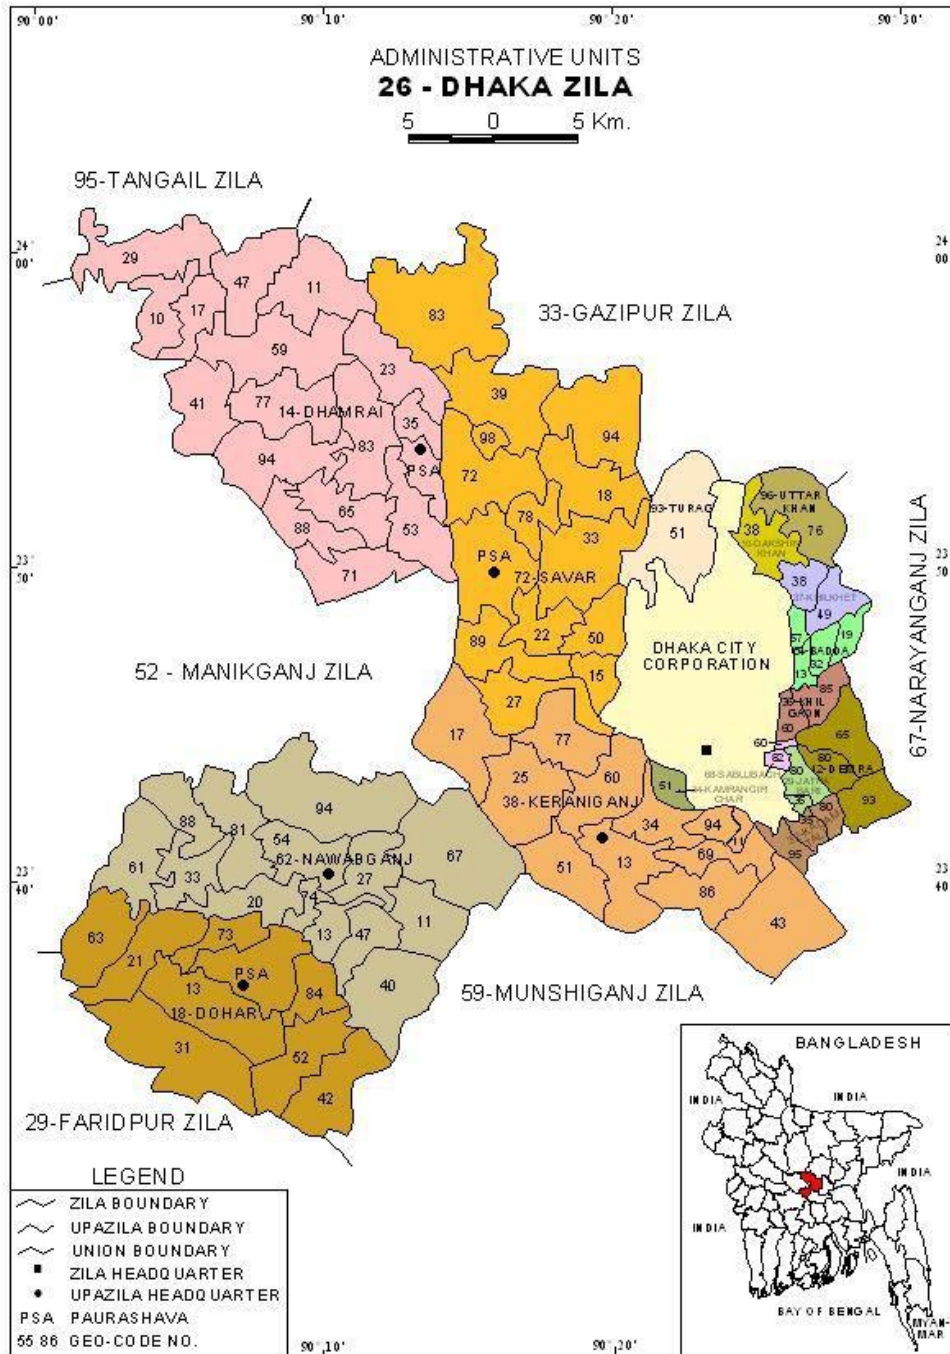

Chapter 11: Public Administration, Accounts and Banking

11.01 Number of branch of nationalized commercial bank 2011	93
11.02 Number of branch of private commercial bank 2011	93
11.03 Number of branch of specialized (Krishi, Co-operative etc) bank 2011	93
11.04 Number of branch of foreign bank (Standard Chattered, American Express etc) 2011	94
11.05 Number of branch of Grameen bank 2011	94
11.06 Number of insurance company 2011	94
11.07 Number of co-operative society 2011	95
11.08 Number of branch and accounts of Sonali and Janata bank 2011	95
11.09 Number of branch and accounts of Rupali and Agrani bank 2011	95
11.10 Number of branch and accounts of Pubali and Uttara bank 2011	96
11.11 Number of branch and accounts of Krishi and Co-operative bank 2011	96

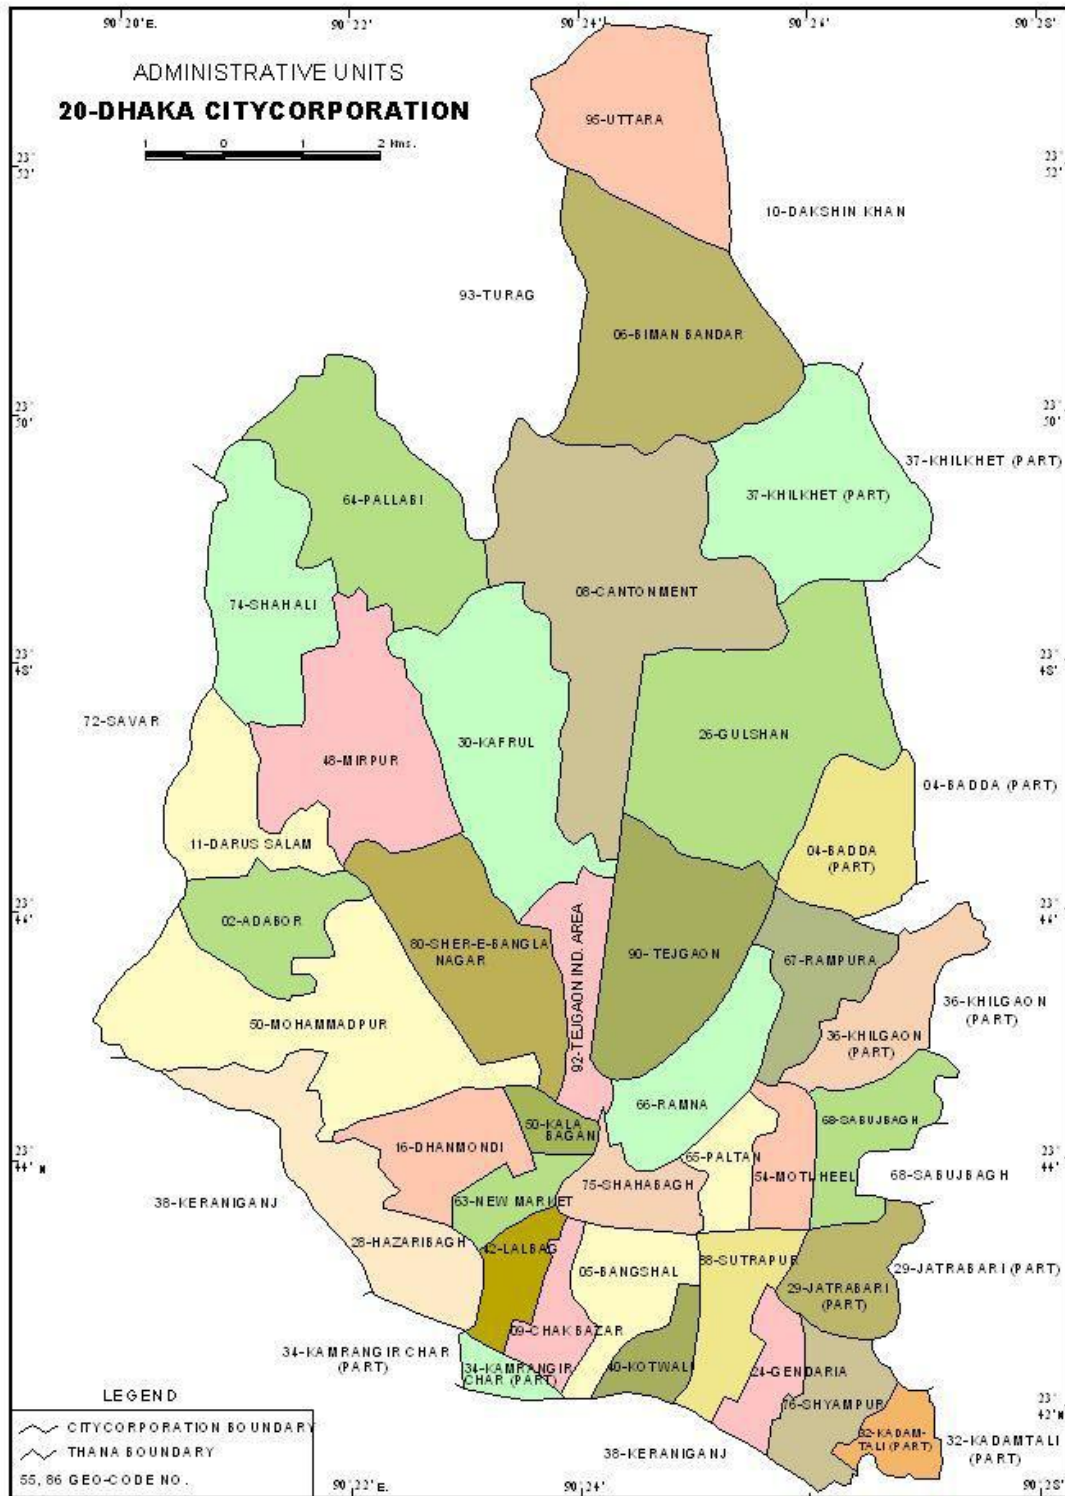

Chapter 12: Miscellaneous

12.01 Number of Government health complex and health facility 2011	99
12.02 Number of Non-Government health complex and health facility 2011	99
12.03 Number of person/institute borrowing money from nationalized bank 2011	100
12.04 Number of person/institute borrowing money from private commercial bank 2011	100

CHAPTER 1

Introduction

District at a Glance

Background: Dhaka is the capital of Bangladesh and is known as the city of mosques. Dhaka district is situated almost at the middle place of the country. Dhaka (city) stands on the bank of the river Buriganga. There are several myths on the origin of the name Dhaka. One is that the name came following the establishment of Dhakeshwari temple by Raja Ballal Sena in the 12th century CE and Dhakeswari is the name of a Goddess. While others say that Dhakeshwari stands the meaning of Goddess of Dhaka; so the temple must have been named after the region. Another myths says that the Dhak (a membranophone instrument) is used as part of the Durga Puja festival in this temple and hence the name Dhaka. Yet another one says it came from the plant named Dhak (*Buttea Frondosa*) which was widely found in that area. The more credible one comes from the source of Rajatarangini written by a Kashmiri Brahman, Kalhana. It says the region was originally known as Dhakka. The word Dhakka means watchtower. Bikrampur and Sonargaon — the earlier strongholds of Bengal rulers were situated nearby. Dhaka was most likely used as the watchtower for the fortification purpose.

Geographic Area and Location: Dhaka district is surrounded on the north by Gazipur and Tangail districts, on the east by Narayanganj district, on the south by Munshinganj and Faridpur districts and on the west by Manikganj district. It lies between 23°53' and 24°06' north latitudes and between 90°01' and 90°37' east longitudes. The total area of the district is 1463.60 sq. km. (565.00 sq. miles).

Administration: Dhaka district was established in 1772. The district consists of 6 upazila and 41 thanas, 86 unions, 974 mauzas, 1999 villages, 2 city corporations, 92 city wards, 855 city mahallas, 3 paurashavas, 27 wards and 133 mahallas. The upazilas are Dhamrai, Dohar, Keraniganj, Nawabganj and Savar. It consists of forty one thanas namely Adabor, Gulshan, New Market, Badda, Pallabi, Hazaribag, Bimanbandar, Cantonment, Demra, Dhanmondi, Kafrul, Kamrangir Char, Khilgaon, Sutrapur, Tejgaon, Shyampur, Kotwali, Lalbagh, Mirpur, Mohammadpur, Motijheel, Uttara, Ramna, Sabujbagh, Bangshal, Chak Bazar, Dakshinkhan, Darus Salam, Gendaria, Jatrabari, Kadamtali, Kalabagan, Khilket, Paltan, Rampura, Shah Ali, Shahbagh, Sher-E-Bangla Nagar, Tejgaon Industrial Area, Turag and Uttar Khan.

Township: Dhaka municipality was established in 1864 and was turned into a Town Committee in 1960. The name of the Town Committee was changed to Dhaka Municipality in 1972. It was turned into a Municipal Corporation in 1983. Finally it was elevated to City Corporation in 1991. Dhaka is the capital city of Bangladesh. Other important establishments include Bangladesh Supreme Court, High Court, Judge Court, Diplomatic Missions of many countries, Bangladesh Secretariat, National Museum, National Zoo, and head offices of various sectors and corporations, government departments, business houses and NGOs.

River System: The main rivers flowing through the Dhaka district are the Padma, the Buriganga, the Dhaleswari and the Turag. Among the rivers, the Padma, the Buriganga, the Dhaleswari and the Turag are very important and almost navigable throughout the year. The small rivers are the Bangshi, Turag, Balu, Elamjani, Alam, Bherujkha, Ramkrishnadi, Elisamari, Tulsikhali etc.

Archaeological Heritage and Relics: Lalbagh fort and the tomb of Bibi Pari (1668), Bara Katra (1641), Chhota Katra and the tomb of Bibi Champa (1663), ancient fort and the palace of the Nawab (jail hospital, 1638), Ahsan Manzil (1872), Husaini Dalan (1642), Binod Bibi Mosque

(1456 ad), Seven domed Mosque (1676), Chawk Mosque (1676), Bibi Meher Mosque (1814), Armanitola Mosque (1716), Khawja Shahbaj Mosque (1679), Shayesta Khan Mosque (1664-78), Khawja Ambar Mosque (1677-78), Moriam Saleh Mosque (1706), Sitara Begum Mosque (1815), Farruk Shayer Mosque (1703-1704), Tara Mosque, Azimpur Mosque (1746), Kartalab Khan Mosque (1700-1704), Holy Rosary Church (1678), Setara Begum Mosque (1819), Bagmara Math (Nawabganj), home stead of Raja Harish Chandra (eighteenth century, savar), Shree Shree Sani Ashram and Math (1199 ad), Dhakeshwari Mandir (eventeenth century), Jaykali Mondir, Bahadur Shah Park, Nimtali Deuri (Asiatic society of bangladesh, 1765) etc. are archaeological heritage and relics of this district.

Historical Events: Historically Dhaka was ruled by the Hindu Kings. The Pala and the Sena dynasties ruled Dhaka for many years. It was not until early fourteenth century when the Muslim rulers began to come to Bengal. Dhaka was made the capital of Bengal in 1608 and Islam Khan renamed Dhaka as Jahangirnagar after the name of Emperor Jahangir. In the eighteenth century Dhaka lost political importance when Murshid Quli Khan transferred the capital of Bengal from Dhaka to Murshidabad. But Dhaka never lost its commercial importance.

Dhaka is very closely related with the politics of the post 1947 political history. Among them Language Movement in 1952, Six-point Programme in 1966, Mass upsurge in 1969, historic speech of Bangabandhu Sheikh Mujibur Rahman on 7 March 1971, signing the document of surrender of Pak Army on 16 December 1971, etc are mentionable. During the War of Liberation the Pak army conducted massive killings and plundering in Dhaka. Once indigo was being cultivated centring round Joypara of Dohar upazila of this district. During 1920s, the people of Dhaka were seriously influenced by the Non Co-operation Movement led by Mahatma Gandhi. Avay Ashram was established at Dohar in 1922-23 following the ideals of Gandhi. The All India Convention of Gandhi Seba Sangha was held at village Malikandha of Dohar upazila in 1940. On this occasion Gandhi came here and stayed for two days.

Marks of the War of Liberation: Mass grave: near Kalampur Bazar (Dhamrai), South Kamlapur (Dhaka), National Martyrs' Memorial (Savar), mass killing site at Rayerbazar, Memorial Monument for intellectuals at Mirpur, Central Shaheed Minar, Amar Ekushey and Sangsaptak Sculptures (Jahangirnagar University), Aparajeyo Bangla and Soparjita Swadhinata (Dhaka University), Shahid Jahangir Gate, etc are marks of the war of liberation of Dhaka district.

Economic Situation: The economy of Dhaka rural area is agro-based and Dhaka urban area is industry based. Out of total 2,266,479 holdings of the district 10.65% holdings are farms, which produce varieties of crops, namely, local and HYV rice, wheat, jute, tobacco, potato vegetables, spices, pulses etc. Various fruits like mango, jackfruit, lichee, black berry, palm betel-nut, banana etc. are the main fruits of the District. Varieties of fish are caught from rivers, beels and paddy fields during rainy season. The most common fishes are ruhi, katla, mrigel, magur, singi, koi, puti, shoil, gazar, boal, etc. All these fishes are economically valuable. Besides these common varieties, some other well-known varieties of fish are pangash, airh, bacha, rita batasi, khalisha and chingri are found. Besides crops, livestock and poultry are the subsidiary source of household income of the District.

Non-farm activities are very much significant in Dhaka district. The following table-1 shows the total establishments in the urban and rural areas and persons engaged by sex and activity in Dhaka district.

Table-1: Number of Establishment Persons Engaged by Activity

Activity	Establishments			Persons Engaged		
	Total	Urban	Rural	Total	Male	Female
Mining and quarrying	33	33	0	908	477	431
Manufacturing	35344	31344	4000	687166	431996	255170

Source: Census of Non-Farm Economic Activities 2001-2003

According to the above table there are 358,792 establishments in which 1,892,558 persons are engaged in different types of non-farm activities.

Main Crops: Paddy, jute, wheat, potato, peanut, onion, garlic, chilly, ginger, betel nut, pulse, corn, sugarcane, vegetables etc. are main crops of this district.

Main Fruits: Mango, jackfruit, papaya, guava, olive, coconut, kul and banana etc. are main fruits of this district.

Manufacturing Industries: Ceramic industry, beverage industry, press and publication, garments industry, foot ware, jute mills, textile mills, printing and dyeing factory, transformer industry, automobile industry, biscuit and bread factory, pharmaceutical industry, cosmetic industry, soap factory, rice mill, flour mill, ice factory, ball pen industry, polythene industry, saw mill, brick field, cold storage, welding, plant nursery, etc are main sectors of manufacturing industries of this district.

Flora

The flora of the Dhaka district is largely similar to that of other adjoining districts. This district was thickly populated by many indigenous plants now that unique vegetation has been greatly reduced due to random and ruthless destruction of vegetation for increasing human habitation.

The main agricultural crops are rice, jute, wheat, sugar cane, vegetables, oil seeds, tobacco, spices etc. Rice is the dominant agricultural crop. Among the rice crops, boro covers the largest area followed by aman and aus (Census of Agriculture 2008). Jackfruit is extensively grown and is an important cash crop.

The common varieties of trees that are found in the district are khejur (*Phoenix sylvastris*), plam (*Borassus flabellifer*), black berry (*Syzygium cumini*), baroi (*Zizyphus mauritiana*), starapple

(*Syzygium malaccaensis*), pitraj (*Aphanamixis polystachia*), mango (*Mangifera indica*), guava (*Psidium guava*), sajna (*Moringa oleifera*), bahera (*Terminalia bellirica*), neem (*Azadirachta indica*), kadam (*Anthocephalum cadamba*), palash (*Butea monosperma*), hijal (*Barringtonia acutangula*), mariad (*Tamarindus indica*), bel (*Aegle marmelos*), jackfruits (*Artocarpus heterophyllus*), mandar (*Erythrina variegata*) coconut (*Cocos nucifer*), kamranga (*Averrho karambola*), bat (*Ficus indica*) etc. Various kinds of herbs, shrubs and orchids also grow here abundantly.

Besides, there are several gardens in the Dhaka city in which many interesting and rare plants local or foreign have been planted and maintained. Of these gardens, Balda garden at Batkhola road is very interesting. The collections of the orchids, ferns, cactus and Nymphaea are particularly rich in this garden. The rare plants are Agor plant, Australian acacia, Michaelia champaka, Magnolia grandiflora, century plant, Camellia japonica and the like.

The Botanical garden of Dhaka University, though small, is quite rich in plant collections.

A few plant species occurring in the Ramna Park are Akashmoni, Kanchan, Mahua, Keya, Basanti, Ceylon oak, Sutana champa, Australian acacia etc. Moreover, Mirpur Botanical Garden has some rare plants, such as Rose of Venezuela, Bread fruit, Karpur, African tulip, Devil's tree, Kurchi, Nagalingam, Tree of Heaven, Cashew nut etc.

Fauna

Mammals: Of primates, the rhesus monkey (*Macaca mullata*) is fairly common in the district. Until recently, a large number of monkeys were seen frequently jumping around in the Dhaka city. They have now retreated to the city and far beyond. Other mammals that are commonly found in this district are: Bengal Fox (*Vulpes bengalensis*), Jackal (*Canis aureus*), grey mongoose (*Herpestes edwardsi*) etc.

Bats are represented by a few species' including India fruit bats. At times, porpoises are seen in the rivers of the district. Rodents are represented by different species of squirrels, rats and mice.

Birds: The common birds of the district include Bhat Shalik (*Acridotheres tristis*), house sparrow (*Passer domesticus*), magpie robin (*Copsychus saularis*), black drongo (*Dicurus macrocercus*), spotted dove (*Streptopelia chinensis*), lesser golden backed woodpecker (*Picus myrmecophonus*), white breasted kingfisher (*Alcedo atthis*), pond heron (*Ardeola grayii*), little cormorant (*Phalacrocorax niger*), white breasted water hen (*Amaurornis phoenicurus*), rose ringed parakeet (*Psittacula cupatria*), common hawk cuckoo (*Cuculus micropterus*), tailor bird (*Orthotomus sutorius*), koel (*Eudynamis scolopacea*), barn owl (*Tyto alba*), house crow (*Corvus splendens*), brahminy kite (*Haliastur Indus*). The smaller and song birds include the bush lark, Halde Pakhi, (*Oriolus xanthornus*) weaver bird, shrike, warblers, purple sun bird etc.

In addition, a large number of migratory birds are found here during winter. They include most of the waders including the Shelduck (*Tadorna tadorna*), greylag goose (*Anser anser*), little ringed plover (*Charadrius dubius*), pintail (*Anas acuta*), fantail snipe (*Gallinago stenura*), brahminy duck (*Tadorna ferruginea*), common teal (*Anas crecca*), common pochard (*Aythya ferina*), grey wagtail (*Motacilla cinerea*), brown shrike (*Lanius cristatus*), pied harrier (*Circus melanoleucos*), common turn (*Sterna hirusdo*), herring gull (*Larus argentatus*), marsh harrier etc.

Reptiles and Amphibians : Different species of fresh water tortoises and turtles such as pond tortoise (*Melanochelys trijuga*), reacock soft shell turtle (*Trionyx hurum*), common roof turtle species of lizard like house lizard (*Hemidictylus brooki*), wall lizard (*Hemidictylus frenatus*), yellow water monitor (*Varanus flaviscens*), striped skink, grey land monitor etc. are also found.

The poisonous snakes include common cobra (*Naja naja*), rat snake (*Ptyas mucosus*), common krait (*Bungarus caeruleus*), banded krait (*Bungarus fasciatus*) and common blind snake.

Amphibians like skipper frog (*Rana cynaphyctis*), bull frog (*Rana tigerina*), cricket frog (*Rana limnocharis*) and toad (*Bufo melanosticus*) are also found in this area.

Fishes: Fishes are caught in the ponds, rivers, creeks and beels of the district. The popular edible fishes are hilsa (*Hilsa ilisha*), ruhi (*Labeo rohita*), catla (*Catla catla*), mrigel (*Cirrhinus mrigala*), kalbaush (*Labeo calbasu*), sarpunti (*Puntius sarana*), chital (*Notopterus chitala*), airh (*Mystus aor*), pabda (Ompok pabda), bacha (*Eutropichthys vacha*), pangas (*Pangasius pangasia*), koi (*Anabas testudineus*), shing (*Heteropneustes fossilis*), magur (*Clarius batrachus*) etc. Beside fish, invertebrates like prawn (*Palaemon carcinus*), shrimp (*Palaemon malcolmsonic*) and crabs are also available here.

Moreover, some exotic fishes like telapia (*Oreochromis mossambicus*), nilotica (*Oreochromis niloticus*), silver carp (*Hypophthalmichthys molitrix*), grass carp (*Cteopharyngodon idella*) etc. have also been introduced in the District.

Concepts and Definitions

Population and Housing Census 2011

The population and housing census is the unique source of reliable and comprehensive data about the size of the population of the country, major socio-economic and socio-demographic characteristics.

It is the total process of collecting, compiling, evaluating, analyzing and publishing or otherwise disseminating demographic, economic and social data pertaining, at a specified time, to all persons in a country. The essential features of a population census are individual enumeration, universality within a defined territory, simultaneity and defined periodicity.

The population and housing census provides information on the geographic and administrative distribution of the population and household in addition to the demographic and socioeconomic characteristics of all the people in the country. The data from the census are classified, tabulated and disseminated so that political leaders, election officials, planners, national organizations including NGOs and civil society, regional and international organizations can use the data in decision-making.

The purpose of community report is to disseminate census data by communities (ward/mahalla in urban area and union/mauza/village in rural area). Data on all key variables namely area, household, population by sex and age group, ethnic population, literacy rate, marital status, school attendance, employment status and religion as well as physical facilities such as source of drinking water, sanitation, electricity and dwelling units have been presented in this report. The planners, researchers and policy makers as well as development partners and community administrators will find this report as a valuable reference for use in advising plans and programs for advancing welfare and well-being of the common people, in particular and the community in general.

Household

Persons, either related or unrelated, living together and taking food from the same kitchen constitute a household. A single person living and eating alone forms one-person household.

Literacy

It denotes ability to write a letter in any language. Literacy status assessment is made for population 7 years and over.

Community

It refers to the following five lower geographic, administrative or revenue units:

- i) **Union:** Smallest administrative rural geographic unit comprising of mauzas and villages and having union parishad institution.
- ii) **Mauza:** Mauza is the lowest administrative unit having a separate jurisdiction list number (J.L. No.) in revenue records. Every mauza has its well-demarcated cadastral map. Mauza should be distinguished from local village since a mauza may consist of one or more villages.
- iii) **Village:** Lowest rural geographic unit either equivalent to a mauza or part of a mauza.
- iv) **Ward:** Smallest administrative urban geographic unit comprising of mahallas and having ward council institution.
- v) **Mahalla:** Lowest urban geographic unit having identifiable boundaries.

Urban Area

It corresponds with area developed around a central place having such amenities as metalled roads, improved communication, electricity, gas, water supply, sewerage, sanitation and also having comparatively higher density of population with majority population in non-agricultural occupations.

- i) City Corporation:** It includes city corporation area declared by the Ministry of Local Government.
- ii) Paurashava/Municipality Area:** It includes paurashavas incorporated and administered by local government under Paurashava Ordinance, 1977.

Agriculture holding

An agriculture holding is a techno-economic unit of agricultural production under single management comprising all livestock kept and all land used wholly or partly for agricultural production purposes without regard to title, legal form or size. Single management may be exercised by either an individual holder or jointly by two or more individuals or holders or by a judicial person such as a corporation, co-operative or government agency. A holding may consist of one or more parcels (fragments of land) located in one or more areas or mauzas or in more than one administrative unit or division provided that all separate parcels of fragments form parts of same technical unit under operational control of same management.

The definition covers practically all holdings/households engaged in agricultural production of both crops and livestock. Some agriculture holdings may have no significant agricultural land, e.g. holdings keeping livestock, poultry and hatcheries for which land is not an indispensable input for production.

Farm holding

A farm holding is defined as being an agricultural production unit having cultivated land equal to or more than 0.05 acres. Farm holdings are classified into following three broad groups:

- (a) **small:** Farm holdings having minimum cultivated land 0.05 acre but operated land more than this minimum but upto 2.49 acres.
- (b) **medium:** Farm holdings having operated land in between 2.50 to 7.49 acres.
- (c) **large:** Farm holdings having operated land 7.50 acres and above.

Small cultivated land 0.04 acre or less is generally used for kitchen garden growing mainly vegetables. Often seeds of white gourd, water gourd, pumpkin and other strains are sown on households; but these creepers spread out around house roofs and other structures. As such, the minimum cultivated land considered for qualifying to be a farm holding is 0.05 acres.

Non-farm holdings

A non-farm holding is defined as being the one which has neither cultivated nor operated land or has cultivated land less than 0.05 acre.

Tenancy

Owner holdings are those having and operating their owned land and who may or may not be leasing out land.

Tenant holdings are those having no owned land but operating land taken from others on share cropping basis or on other terms.

Owner-cum-tenant holdings are those having owned land and who may or may not be leasing out their own land to others and who may be taking land from others on share cropping basis or on other terms.

Agriculture work

Agriculture work signifies all activities of holder and his/her labour force doing planning, management, and operation of a holding. It includes land preparation, sowing, weeding, harvesting, feeding and tending livestock & poultry, kitchen gardening, supervising agricultural workers, keeping farm records & accounts, preparing agriculture products for marketing (including packaging), repairing farm equipment, constructing farm buildings & fences, and engaging in land reclamation and improvement and other related activities. It excludes home and other family domestic chores.

Area under pond

The pond area remains under water almost through out the year. Normally, households use pond water for various domestic and sometimes agriculture purposes. Ponds are also generally used for fish culture.

In the census the pond area data were collected separately for both single ownership and joint ownership of households.

Area under temporary crops

It is the land area planted to crops having growing cycle or length of life less than one year. These are the temporary crops such as paddy, wheat, jute, cotton, tobacco, sugarcane, pulses, oil seeds, potato, vegetables and other seasonal crops. A list of temporary crops for which data were collected separately was given in back page of "Tally Sheet". The minimum area recorded for a temporary crop was 0.01 acre. Area under temporary crops and temporary-crops net area are equivalents.

Area under permanent crops

It is the land area planted to crops which remain standing for a long period of time and do not need to be replanted after a seasonal harvest. Mango, jackfruit, coconut, guava, lemon, and other fruit varieties are all permanent crops.

Current fallow

It is land brought into cultivation but left out uncultivated in census year for fertility regaining and improvement or for other reasons.

Net cultivated area

This is land area actually cropped during the census year regardless of number of crops grown plus current fallow. It includes areas under temporary and permanent crops and also current fallow.

Permanent fallow

It is land not available for cultivation due to coming into residence and commercial & other uses. Play ground, graveyard, wild shrubs and jungles, marshy land, and the like fall in this category.

Irrigated area

This is area of total land brought under irrigation coverage for growing crops with irrigations done through mechanical or manual means. Irrigated area classifications fall into two categories: (1) surface water irrigation with main water sources being rivers, canals, beels, ponds, and other water bodies; and (2) underground water irrigation with water lifted by shallow tube-wells, deep tube-wells, and country traditional devices. The irrigation equipments are run by electricity, diesel or petrol, or manual labour.

Temporary crops gross area

Areas aggregated for all temporary crops grown in the census year have made **temporary crops gross area** greater than **temporary crops net area** since the latter has within it the same land cropped more than once in different seasons of a year.

Intensity of cropping

It is percentage of temporary crops gross area in comparison with temporary crops net area. It is expressed as follows:

$$\text{Intensity of cropping} = \frac{\text{Temporary crops gross area}}{\text{Temporary crops net area}} \times 100$$

Cereals

Main cereals are rice and then wheat. Other cereals are jab, barley, cheena, maize, kaun, bajra and joar.

Pulses

Main and common pulses are gram, mung, lentil, arhar, gari kalai, khesari and pea.

Oil seeds

Main oil seeds are rape and mustard, sesamum, linseed, groundnut, soybean, sunflower and castor.

Vegetables

Farmers grow both summer and winter vegetables. Main vegetables are potato, brinjal, raddish, arum, lady's finger, cauliflower, cabbage, bean, tomato, patal, gourd, cucumber, pumpkin, knoll-kal-turnip, dhundal, barbati, khirai, chichinga, carrot, kakrol and sak.

Cash crop

Main cash crops are jute, mesta, sunhemp, cotton, sugarcane and tobacco.

Spices

The main spices include turmeric, ginger, chillies, onion, garlic, corriander, black cumin and ani seed.

Fuel crops

Dhaincha and other smaller plants used as cooking-fuel.
