The LEGOLAND® Malaysia Resort brings together a LEGOLAND Park, Water Park and Hotel in one LEGO® themed location. It is the ideal family holiday destination with more than 70 hands-on rides, slides, shows and attractions offering adventure, education and fun for action-packed day trips or short break destination. The LEGOLAND Malaysia Resort is specifically designed for families with children aged 2-12. The LEGOLAND Malaysia Resort is the first of its kind in Asia and the largest in the world.

A unique LEGO® themed destination

Containing the most successful rides, slides, shows and attractions from around the world, LEGOLAND Malaysia Resort is tailor-made for the local environment. It covers the same area of more than 50 full size football pitches and contains more than 15,000 LEGO models made from over 60 million LEGO bricks. Other LEGOLAND Resorts can also be found in Denmark, Germany, United States and the United Kingdom.

Areas of the LEGOLAND Malaysia Resort

LEGOLAND Park was opened on 15 September 2012 and is a full day interactive family experience. The Park is divided into seven themed areas containing thrilling rides, exciting LEGO® workshops, and the awe-inspiring Miniland, where Asia's interesting landscapes, countries and landmarks are recreated in miniature scale using more than 30 million LEGO bricks.

LEGOLAND Water Park opened on 21 October 2013 and is the largest LEGOLAND Water Park in the world. There are more than 20 unique slides, over 70 LEGO models and much more for families to enjoy. The fully LEGO themed interactive Water Park features two restaurants, a retail store and some of the most famous attractions from other LEGOLAND Water Parks in the world. This includes the Build-A-Raft River and Joker Soaker. The first is a unique concept where children can customise their own raft with soft LEGO bricks before floating down a lazy river. The latter is an interactive attraction with platforms in the wade pool where children can play with water cannons as a giant bucket pours 350 gallons of water.

LEGOLAND Hotel will turn days into nights families won't forget. For a good reason too! All 249 rooms are themed to give guests the choice of playing Pirate, commanding a Kingdom or embarking on an Adventure. Interactive LEGO features can be found throughout the Hotel's themed rooms, play areas, themed elevators and restaurants.
