Weekly Update of Business & Job Development in the City of Dayton

**September 17, 2009**

## **Lorenz to Add Jobs Following Building Renovations**

Dayton-based [Lorenz Corporation](#), a leading publisher of religious and educational print music, will expand its Dayton workforce following renovations of its headquarters at 501 E. Third St.

Lorenz will add 15 full-time employees to its current workforce of 69 by 2012 and will complete a \$1.7 million remodeling of its offices and production facilities, including a new on-demand printing press.

The City of Dayton will support the company's expansion with a \$240,000 development grant approved by the Dayton City Commission on September 16.

"We are proud to be a Dayton-based company and to continue our growth here," said Reiff Lorenz, President and CEO. "The City of Dayton has worked with us to help ensure our continued success."

Founded in 1890, Lorenz Corporation has four active music-publishing imprints—Heritage Music Press, Lorenz, Roger Dean Publishing Company and Latham Music—and releases more than 500 products yearly. It entered the general education market in 2008 with Lorenz Educational Press and launched a company-wide employee education initiative in 2009.
