Amr Al-Dabbagh

Governor and Chairman of the Board of Directors, Saudi Arabian General Investment Authority

His Excellency Amr Al-Dabbagh is the Governor and Chairman of the Board of Directors of the Saudi Arabian General Investment Authority (SAGIA), and the Chairman of the Board of Directors of the Economic Cities Agency (ECA), with the rank of Minister.

Under his leadership the Kingdom's global competitiveness rankings in the World Bank's Doing Business Report have jumped from 67 in 2005 to 13 in 2009 out of 181 countries. SAGIA's ultimate objective is encapsulated in two numbers, 10x10, which is to put the Kingdom among the top most competitive nations globally by 2010.

Correlating to the increase in competitiveness is an increase in FDI. In 2006, 7, 8, 9 UNCTAD ranked the Kingdom No.1 in the region for attracting FDI, and in 2009, 14th globally.

His Excellency is also the Chairman of the Board of Directors of The Centennial Fund; Chairman of the Saudi Arabia-Russia Joint Committee; Founding Chairman, STARS Foundation; Former Chairman of the Young Presidents Organization (in Saudi Arabia and Bahrain); Member, World Economic Forum; Member, Middle East Regional Advisory Board, London Business School (also an honorary alumnus); Member of the Board or Trustees, Eisenhower Fellowships.

Dr. Hans-Paul Buerkner

President and CEO, Boston Consulting Group

Hans-Paul Buerkner has been President and Chief Executive Officer since 2003. He joined the firm in 1981 and was a member of the teams that opened BCG's Dusseldorf (1982) and Frankfurt (1991) offices. Before becoming the firm's first chief executive officer from Europe, he was head of BCG's global Financial Institutions practice. During his 29 years at BCG, he has counted among his clients many of the world's leading financial institutions. He has worked with them to redefine the competitive landscapes in their segments, spearheaded major global expansion initiatives, and transformed formerly public enterprises into leading private institutions. Hans-Paul studied Economics, Business Administration, and Chinese, receiving a Diploma from the University of Bochum, an M.A. from Yale University, and a Ph.D. from the University of Oxford, where he was a Rhodes Scholar. Today he is based in both Frankfurt and New York, and travels extensively among BCG's global offices.

NEW MODELS OF COOPERATION FOR THE MILITARY INDUSTRY

Michael Dee

Senior Managing Director, International, Temasek Holdings

Michael represents an independent non-affiliated perspective. For 26 years he was engaged in all aspects of investment banking for Morgan Stanley. He has epitomized a career spanning the globe having working in NY (x2), London (x2), China, Singapore and Houston, Texas. Over the years he has visited over 110 countries and transacted business in over 50 countries.

He believes the great challenges of the age will include private vs state capitalism, the mechanism for allocation of global resources, bringing all the world's population onto the information grid, meaningful utilization of the world's aging population while investing in the youth of the world, inventing the framework of sustainable profitable companies oriented toward social good, and creating a world which is more cooperative than competitive.

More recently Michael relocated again to Asia to work for a Sovereign Investment Company in Singapore where he now lives with his wife and four children.

THE HOUSE OF THE FUTURE NOW

Christine Lagarde

Minister for Economy, Industry and Employment of France

Christine Lagarde was appointed Minister for Agriculture and Fisheries on May 18, 2007, in the newly founded Government under President Sarkozy.

A lawyer with the Paris Bar after graduating from the Political Sciences Institute and the Holton Arms School (USA), Christine Lagarde joined the international law firm Baker & McKenzie in 1981. Mrs. Lagarde

became the Chairman of the Executive Committee of Baker & McKenzie in 1999, and was appointed Chairman of the Global Strategic Committee in 2004, a position she held until her nomination as Minister for Foreign Trade of the French Government in 2005.

In 2007 she became Minister of Agriculture and Fisheries, then she was appointed France's first female Minister for Economy in June. Since then, Christine Lagarde has been in charge of France's economic policy in the challenging context of one of the most severe crisis since WWII.

In 2009, Christine Lagarde was ranked the 17th most influential woman in the world by Forbes magazine, the 5th best European executive woman by The Wall Street Journal Europe and became one of Time magazine top 100 world leaders. The Financial Times named her European Finance Minister of 2009.

Michael Lawrence

Chief Editor, Reuters

Michael leads the team of global editors for text, television and pictures for Reuters, the international news agency serving the world's media and financial market professionals. Michael has had almost 30 years experience as a journalist in print, radio and television. Michael joined Reuters in London in 1994 as Programme Editor for Reuters Financial Television and became Deputy Editor in 1996. He was appointed Managing Editor for Europe, Middle East and Africa in March 2000, leading Reuters' 60+ bureau network across the region. He was named Global Editor in July 2007 ahead of the merger of Thomson and Reuters. Michael began his career as a cadet journalist on the Daily Mirror newspaper in Sydney. He later moved to the Sydney Morning Herald where he worked in Sydney for several years before becoming political correspondent in Canberra. Michael accepted an offer to become Finance Editor of news station 2GB in Sydney in 1984, where he produced and presented a daily business programme. Later became current affairs producer and presenter at the station before moving to London as European correspondent for Australia's Macquarie network in 1987.

Victoria Livschitz

President and CEO, Grid Dynamics

For the past 15 years, Victoria Livschitz has built a reputation as an entrepreneur, innovator, and recognized leader in the Java and grid-computing community. She founded Grid Dynamics in 2006, bringing together an elite team of top-flight architects, engineers, and mathematicians. Previously, Victoria spent a decade as a principal architect for Sun Microsystems, pioneering the use of Java in factory automation, designing the industry's first real-time fraud detection system, and architecting the first utility-computing product for software developers. She has also done advanced research on next-generation languages and paradigms, and designed Metaphors, an original programming language. Earlier in her career, Victoria served as a system architect and developer at Ford Motor Company.

Victoria holds numerous patents in grid technology and has won prestigious awards for engineering excellence, including Ford's Chairman Award and Sun's System Engineer of the Year. She holds a B.S. in Computer Science from Case Western Reserve University.

John T. Preston

Founder and Managing Partner, C Change Investments, Senior Lecturer, MIT Entrepreneurship Center

Mr. Preston is founder and managing partner of C Change Investments as well as President and CEO of Continuum Energy Technologies LLC and a Senior Lecturer at MIT. Mr. Preston's primary expertise is in energy, environment, technology, and entrepreneurship. Before starting CET, Mr. Preston was the Director of Technology Development (and Licensing) at

MIT, where he was responsible for the commercialization of intellectual property developed at MIT. In that capacity, he oversaw activities that led to the creation of hundreds of new technology-based companies as well as the negotiation of thousands of licenses with existing companies. He also oversaw many complex negotiations including the creation of the U.S. standard for high definition television, while representing MIT on the HDTV Grand Alliance. Mr. Preston received a B.Sc. in physics from the University of Wisconsin and an MBA from Northwestern University. Mr. Preston was awarded the rank of "Knight of the Order of National Merit of France" by French President Mitterrand. He was awarded the "Hammer Award for Reinventing Government" by Vice President Gore. Mr. Preston is Honorary Alumnus of the Massachusetts Institute of Technology.

DOING BUSINESS IN RUSSIA: RED TAPE RELIEF IN CONSTRUCTION

Sofya Trotsenko

Head of the Center for Contemporary Art WINZAVOD

Studied in the Economics Faculty at the Russian State Institute of Cinematography, and is a graduate of the Russian Academy of Public Administration under the President of the Russian Federation. In 2001, she started work in a property management company. In 2004, she set up Eleven, which was then Moscow's biggest photographic studio. Since the end of 2005, she has been Head of the WINZAVOD Centre for

Contemporary Art in Moscow. Sofya Trotsenko not only set up the arts centre from scratch, but also turned the industrial space of a former factory into one of the main cultural centres in Moscow. She was the driving force behind the creation of the START programme, which supports young contemporary artists, and the annual "Best photographs in Russia" project, which involves people from every part of our country. WINZAVOD's educational activity includes running series of lectures by leading experts in the field of contemporary culture, creative workshops and children's studios, and publishing the Winzavod ArtReview newspaper. Sofya sees her mission as supporting contemporary Russian culture.
