

## **323 Air Expeditionary Wing**

**Lineage.** Designated and activated on 14 Mar 2008. Inactivated on 30 Apr 2008.

**Assignment.** Third Air Force (Air Forces Europe), 14 Mar-30 Apr 2008.

**Station.** Balotesti, Romania, 14 Mar-30 Apr 2008

**Emblem.** Not authorized an emblem. Could have used emblem of 323 Flying Training Wing with expeditionary added to scroll. Did not exist long enough to process an emblem.

Existed as a pure provisional organization known as a “support” expeditionary organization. This is where one unit, in this case the 323 FTW(Major Force Provider [MFP]) provided predominance of resources. Upon inactivation, the wing’s lineage and history terminated, never to be brought back.
