Total	470 734

Proportion of population aged 5 and over having internally migrated (%)	8.6
---	-----

Note: # It refers to persons whose area of current residence is different from the area of residence five years ago. In defining internal migration, a change in the area of residence refers to a move (a) from a District Council District to another District Council District, or (b) within a District Council District in the New Territories, from a new town to another new town, or from a new town to other areas in the district or vice versa.
