

Two-Man Forum Presents Segregation Issue

Gift Fund Choice Will Come Monday

Y Meeting At 10:30 To Select '64 Project

BY KINI LEWIS

On Monday, November 22, 1964, at 10:30 a. m., a meeting of the membership of the Davidson Y.M.C.A. will be held in the ballroom of the College Union for the purpose of selecting the Y Christmas Fund project. The freshman chapel which usually meets at this time has been canceled so that all interested men can attend this meeting.

Each year the student body contributes to a Christmas Gift Fund which is given to some worthy project chosen by the students. Last year the fund went to move and rebuild the Negro Community Center here in Davidson. In other years it has been designated for various foreign projects.

Suggested Projects

A committee chosen from the student body has studied the project suggestions received from various organizations and would like to submit the following four for the consideration of the membership of the Y.M.C.A.:

1. Church teams working in war-torn Greek villages need funds for the reclaiming of land and raising the standard of living in rural areas. Technicians are working in these areas and need funds for materials and equipment.

2. World University Service has suggested to us the establishment of a student health ward in the Tjerasa Sanatorium in Indonesia. Disease is not uncommon among students in this area of the world, and facilities for them are very limited.

3. The Central School for Missionary Children in Lubenda, Africa, is in need of a station wagon. The school has grown recently, and transportation has become a major problem.

4. Funds are needed to support the work of Dr. Nicholas Gonscharoff, an ex-Red army tank commander, who is doing research on the whole question of the Christian alternative to communism. He is creating propaganda material to be used in Africa and Southeast Asia.

All students are urged to attend this membership meeting and in so doing share in the promotion and execution of the work of the Y.M.C.A.

Junior Class

Mr. Bass, the representative of Hart-Jones will be at the student Store Monday, November 23, from 8 a. m. to take orders for college rings.

ROBERT S. HENRY JAMES F. PISKNEY

"Trucks vs. Railroad" Is Debate Subject For Business-Economics Association Meet

Henry And Piskney To Be Opposing Speakers

On Monday evening, December 2, the Business-Economics Association will present a program of interest to the entire Davidson College student body and faculty.

Two prominent speakers from Washington, D. C., will visit our campus as guests of the association and will be opposing speakers at 8 o'clock in the College Union ballroom. Mr. James F. Piskney represents the American Trucking Association and Mr. Robert S. Henry speaks for the Association of American Railroads.

Robert S. Henry
Robert S. Henry is Vice President in charge of Public Relations of the Association of American Railroads. For the last 28 years Mr. Henry has been in railroad service. Prior to this he was a newspaperman and lawyer in Nashville, Tennessee. Mr. Henry is the author of books on transportation and history, including "This Fascinating Railroad Business," "Trains," "Portraits of the Iron Horse," and in the field of history, "The Story of the Confederacy," "The Story of Reconstruction," and "The Story of the Mexican War."

James F. Piskney
Mr. James F. Piskney graduated from Davidson College in 1927. While here he was president of the student body, a star end on the 1928 state champion football team, a 440 dash man, and a member of Omicron Delta Kappa and Beta Theta Pi. He graduated from the University of Colorado Law School and practiced law in Denver from 1930-34. From 1935 to 1941 he was with the legal department of the Interstate Commerce Commission.

(Continued On Page Four)

MOREHEAD POLL:

Student Opinion On Drinking Analyzed

In the past two weeks the Davidsonian through the feature department conducted the second in a series of monthly student opinion polls on national and local issues. These polls are not designed to influence opinion or prove theories but rather to register student thought and action on subjects of importance and interest to the college.

The poll this month was conducted by 24 representatives from all four classes; gathered cross-section views from 55 percent (458) of the student body, and covered all six dormitories, the Guest House, Carolina Inn, The Village, and five boarding house residences.

Question No. 1. Do you approve of drinking for yourself?

	Yes	No
Total	48.2%	51.8%
Freshman	36.7	63.3
Sophomore	45.7	54.3
Junior	53.0	47.0
Senior	52.4	47.6

It was emphasized by those registering votes that these questions applied to drinking outside of the college. This poll was not concerned with drinking at Davidson.

Question No. 2. Do you approve of drinking for others?

	Yes	No
Total	70.7%	29.3%
Freshman	67.1	32.9
Sophomore	64.4	35.6
Junior	70.5	29.5
Senior	78.7	21.3

Though opinions were not requested many volunteered their thoughts on the subject. It was the general consensus of opinions expressed that drinking was a matter of individual conviction — and as a result a mild indifference was shown to this (No. 2) question.

Question No. 3. Do you drink?

	Yes	No
Total	44.2%	55.8%
Freshman	34.8	65.2
Sophomore	43.3	56.7
Junior	50.1	49.9
Senior	52.5	47.5

It was quite evident throughout the poll that students expressed their own thoughts freely and without influence from others. Of opinions expressed the majority came from the negative rather than the affirmative side. Many ideas were given in regard to the drinking rules here at the college, but these were not relevant to this poll.

This poll was taken by: J. Trawick, B. Daniel, B. Gallier, G. Rob-

D. C., Ga. Tech. Arrange Joint Study Program

By ED SPIER

Dr. John R. Cunningham, president of Davidson College, and Dr. Blake R. Van Leer, president of the Georgia Institute of Technology, announce a college program jointly adopted by the two institutions to train future engineers.

The Georgia Institute of Technology agrees to accept students, with the recommendation of the administration of Davidson College, who have completed a three-year liberal arts course at Davidson. They will be accepted as junior students in one of the Institute's eight engineering departments.

The students will be granted degrees in engineering upon the satisfactory completion of individual programs of work. The programs will be six quarters each, totaling not less than 114 quarter hours.

Pre-Requisites

The details of these programs are to be decided by the Dean of Engineering and the Curriculum Committee of the Georgia Institute of Technology. The programs will include the bulk of the work of the last two years at the Institute. However, they may also include a small amount of freshman and sophomore prerequisite work not given at Davidson College. The details of the three-year liberal arts program as given in the 1964-65 Davidson College catalog are as follows:

First Year
Bible 6, English 6, Mathematics 6, Foreign Language 6, Physics 8, ROTC 3; Total 35.

Second Year
English 6, Mathematics 6, Foreign Language 6, Chemistry 6, History 6, ROTC 3; Total 33.

Third Year
Mathematics 6, Bible 6, Physics 8, Physics or Chemistry 8, Drawing and Descriptive Geo. 6; Total 34.

Students preparing for Chemical Engineering, Ceramic Engineering, or Textile Chemistry will take two

Problem Considered On National, Local Levels

Special to the Davidsonian

The thorny problem of segregation came to the fore for all of Davidson Wednesday in a series of three addresses by Dr. James McBride Dabbs of Mayesville, S. C. and the Reverend Beverly Ashbury of Zebulon, N. C. For the first time this college year students and townspeople were presented with the facts and cases of the current controversy which is rocking the south and border states.

History of the Case

Beginning the series of forum addresses in chapel Wednesday morning, Dr. Dabbs traced the history of the segregation problem from its "beginning" in 1896 with the Supreme Court decision in the case of Plessy vs. Ferguson through 58 years to the inevitable decision made this past spring.

On May 17, 1894, Chief Justice Earl Warren of the United States Supreme Court gave the decision which put an end to the concept of separate but equal segregation which has been in effect since the 1896 decision of Plessy vs. Ferguson. The Plessy case, coming at the end of a long period of reconstruction and compromise following the Civil War, was the final gasp of the Negro in his losing effort to maintain himself on the ground of equality that he had taken such great advantage of in the years following the Civil War. By it, the Supreme Court pronounced that there was no violation of the "equal protection" clause of the Fourteenth Amendment in segregation so long as the Negro was given equal facilities. Thus, in effect, the Court signified that the United States was ready for the south to attempt to solve its own problem of race.

For over thirty years following this decision little was said of the race issue. At the polls and in social life the Negro was in his place in the South. Segregation, however, has been a rising issue since 1950. The "separate but equal" ruling began to lose effect on the one hand, and on the other the people of the States began to sense an existing inequality in everything, including opportunity, in the south. With the change in public opinion new cases regarding segregation began to appear before the Supreme Court at about the same time that cases came to the Court involving the right of Negroes to suffrage. Cases in 1955, 1958 and 1960 regarding the right of Negroes to attend graduate schools of state universities resulted in a progression of decisions which stated first that Negroes must be admitted to the state law school if one of equal calibre is not provided in the state for Negroes, second that Negro law schools could be judged inferior on the basis of "intangibles", i.e. prestige of the school, quality and variety of curriculum, breadth of opportunity, etc., and finally that segregation of a Negro in a white school was also unconstitutional.

Dr. Dabbs' Address

Dr. Dabbs' address was the first of three. He spoke of the history of the segregation problem from its "beginning" in 1896 with the Supreme Court decision in the case of Plessy vs. Ferguson through 58 years to the inevitable decision made this past spring.

Members of the Student Council are honor bound, and members of the Student Body duty bound, to report violations of the above stated rule. The smelling of alcohol on the breath of is considered by the Council to constitute "under the influence of" as far as members of the Council are concerned. This student rule is administered completely by the Student Body and the Student Council.

The Faculty Rule Concerning Drinking is as follows:

A student will be suspended from Davidson College if he is found guilty of drinking, possessing, or being under the influence of an alcoholic beverage while within the town limits of Davidson, or while attending any off-campus event sponsored entirely or in part by Davidson College or any organization connected with Davidson.

The enforcement of this rule lies with the college and not with any student organization.

Docherty To Speak In Chapel Dec. 2

On December 2, Dr. George M. Docherty will speak in chapel. Dr. Docherty has spoken here many times before and his coming is anticipated with interest. He was born in Glasgow, Scotland, and for many years has been pastor of the New York Avenue Presbyterian Church in Washington. He will conduct a series of services at the First Presbyterian Church in Charlotte during that week.

Dr. Docherty was the speaker at the fall services of Davidson last November. His topic was "Concerning the Faith." His it was to leave many Davidson students with a deeper feeling of meaning concerning their faith.

One Of First Programs

Georgia Tech is one of the first engineering schools in the South to adopt this new three-two educational program. Davidson and Southwestern University are at present the only two institutions to be selected for affiliation with Georgia Tech to enable students to obtain two degrees in a liberalized course.

The objective of the three-two plan, by the integration of a three-year liberal arts course and a two-

(Continued On Page Four)

Who's Who Selects Thirteen Davidson Seniors

ASHEFF	BELL	BROOKHUIS	COOPER	COOPER	DAVIS	FENNERTY	GREEN	KING	LOY	MCCUTCHEEN	SUMMERS	WILSON
BY AL HUNTER Thirteen outstanding seniors were chosen to be in Who's Who Among Students in American Universities and Colleges. These are: Gayle Asheff, Vernon Bell, Henry Brookhuis, Corby Cooper, Charles Cooper, Blake Davis, and Floyd Fennerty, Leighton Green, Corby King, Leighton Loy, Leighton McCutchen, Fred Summers, and Ronnie Wilson.	Gayle Asheff A new member of Phi Beta Kappa.	Vernon Bell Vernon, a member of Sigma Chi and Phi Delta Theta, is officer of the Student Body. He is also a member of Sigma Upsilon, Phi Kappa Phi, and the Red and Black Glee Club.	Henry Brookhuis Well known to all on the Davidson scene, Henry serves as Editor of the Davidsonian, chairman of the Board of Directors of the Y.M.C.A. and Editor of the Student Handbook. Being recently elected into Phi Beta Kappa, he is also a member of Omicron Delta Kappa, Sigma Upsilon, and the Red and Black Glee Club.	Corby Cooper Serving as Cadet Regimental Quartermaster of the Davidson R.O.T.C., Corby has distinguished himself in the military. He is a member of Phi Beta Kappa, O.D.K., and	Charles Cooper A member of the Student Council for several years, Charlie is in the Phi Delta Theta Social Fraternity. He is active in the Beaver Club and the "D" Club, and is President of the Senior Class.	Blake Davis Diable, a member of O.D.K., is	Floyd Fennerty This outstanding senior holds the important office of President of the Student Body. Floyd is also a member of Omicron Delta Kappa, the "D" Club, the Beaver Club, and Kappa Sigma Fraternity. He participates in track and cross country.	Leighton Green This outstanding tennis player is a member of the honorary fraternity, Omicron Delta Kappa, and Phi Beta Kappa. Leighton is also active in Kappa Sigma. He is President of the YMCA.	Corby King Besides being Freshman Advisor, Corby is on the "Y" Cabinet and Board of Directors for the Y.M.C.A. He is a member of the Student Council, Omicron Delta Kappa, and the "D" Club. Corby also plays end for the Davidson Wildcats.	Leighton Loy Leighton serves on the Y Cabinet as chairman of the Campus Life Committee. He is a former Student Council member, President of the National honorary fraternity, Omicron Delta Kappa, and an outstanding singer in the Male Chorus.	Fred Summers President of Phi Kappa Alpha, Fred holds the important post of chairman of Department on the "Y" Cabinet. He is President of the Honorary Fraternity Council.	Ronnie Wilson A recent initiate into Phi Beta Kappa and Omicron Delta Kappa, Ronnie holds the important office of President of the Inter-Fraternity Council. He is a member of Kappa Alpha Social Fraternity, Sigma Upsilon, Sigma Delta Pi and Phi Literary Society.

Take Ten Giant Steps

When a Johannesburg delegate from the Dutch Reformed churches of South Africa to the Second Assembly of the World Council of Churches announced that he would not vote against the Report of Group V, Intergroup Relations...

of the denomination which founded and fosters Davidson College has recommended the admission of Negro students; should we not be studying the practicality of accomplishing that end?

Do not fear. The cause of segregation is being loudly sounded. These are those who are representing the right of the states to determine the constitutionality of segregation in public schools...

One wonders what a Davidson undergraduate, whose Southern segregation situation is not nearly so severe as that of the South African student, would have said and how he would have voted...

We believe that the approach of the leaders of the YMCA is sound. In the chapel presentation and open forum this week they emphasized time and again that we should not be engaged in a debate on segregation; the Christian approaches the problem not as a debator but as a mediator...

We have a job to do as citizens. But we have a special task to do as members of a Christian church, living in a Christian community, attending a Christian college. Some of us have some catching up to do. Some of us have some steps to take—forward.

—Frank White

A Thanksgiving Litany

We thank thee, O Lord that we are white and not yellow or red or brown or black. The Bible does teach that "while men loath on the outward appearance, God loath on the heart" but the outward appearance counts for a great deal...

Roman Catholics preserved the Church, long before anyone ever thought of Protestantism, and our denomination no longer brands the Pope as that "anti-Christ and son of perdition."

We thank thee, O Lord, that we are Southern Presbyterians and have remained aloof from those "uncrossed" Yankees. Yes, it is true that there is "... one Lord, one faith, one baptism, one God and Father of us all..."

We thank thee, O Lord, that we have been blessed with adults and resources to come to a college of the caliber of Davidson instead of to merely a state school. We rejoice that our alma mater tops even the Ivy League schools.

We thank thee, O Lord, that we shall of course be a different Thanksgiving dinner in a comfortable home and around the latest furniture. Yes it is true that two-fifths of the world is starving, but there must always be poor people. Anyway, we have shown our noble character by attending church on Thanksgiving morning and singing enthusiastically: "O Jesus My Great Redeemer, Saviour, Friend and Fellow Sinner—Glorious, Glorious, Glorious..."

Revelation: That "The Kingdom of God and peace will be yours, that I think that I am not the different..." Bible 1964.

Not Everyone: Here

BY RONALD WALTON

Segregation, to undertake the case, has become an issue. The question which relevantly affects the Davidson College community is this: Should we admit Negroes to Davidson as students?...

With the decision of the General Assembly last spring regarding integration, the Board of Trustees must decide whether they are willing to abide by the decision of the governing body of the church, or whether their attitude with the Presbyterian Church U. S. is binding only on members which meet with the trustees' approval...

Secondly: Can Davidson, considering itself a Christian college, allow itself to fall behind other secular universities which have already admitted Negroes (i.e. the law schools of UNC, Tulane, and University of Va.)...

Thirdly: What is the sentiment among those people whom it will most directly affect—the administration, the faculty and the student body?...

Reliable opinion indicates that more members of the student body and faculty are in favor of integration than are opposed to it; however, there is no significant majority...

Arguments opposing integration have more of an emotional foundation than a rational one. Biological inferiority of the Negro is quickly refuted by any competent psychologist...

The "coup de grace" of the segregationists maintains that if you are willing to admit him to school, then you must be willing to have him marry your daughter, sister, etc. This does not necessarily follow...

This is the problem for Davidson: To admit, or not to admit, Negroes. Certainly it is one which requires ethical and personal consideration on both sides.

Why Force The End?

BY GERTY COOPER

The nature of man is seldom changed suddenly by a legal decree. Changes in any social order must come slowly and liberally, and institutions resist of a way of life cannot be wrought by an edict of law alone...

The objective is to create a better life for the people. We must not be misled by the idea that we can create a better life by the mere act of passing laws...

THE PRINCIPALS

A taste of the Davidson campus might be gathered from the most found in the articles on this page. Of the fellows, four are seniors, two sophomores. Left to right, top row first, they are:...

Robert Wilson, not unfamiliar to critical analysis of the local and national situation, graduates this year with a major in psychology. Born in Greensboro, N. C., he has lived in Winchester, Virginia and Miami, Florida. He is a recent nominee to Phi Beta Kappa...

As an observer of debates and bull sessions here at Davidson concerning how the decision applies to us, I have been impressed by the fact that there is as much prejudice and blind acceptance of being right on the part of those in favor of integration as has been shown by those against integration...

Integration?

BY BILL GALLNER

Since the Supreme Court issued its decision against the constitutionality of racial segregation as maintained by twenty state school systems, multitudes of opponents to such a relaxation of one of our most venerated social barriers have arisen to damn the ruling...

A Southern Problem

BY JIM BROWN

I have been bothered with an article dealing with integration. I would like to go to the heart and the mind of someone to give me some help. I am a white boy from the South...

ing they have faced since Reconstruction. It is a problem which cannot be solved in a short period of time, and it is a problem which must and will be solved by the people of the South...

I would venture to say that before last May 17, race relations in the South were better than they had ever been. Segregation was dying, slowly but surely...

To those who held the view that segregation is unchristian and should be abolished immediately, I wish to pose the following questions: Is it Christian to implement a ruling which will tend to pit white against Negro...

Immediate integration would tremendously lower the standard of education in the public schools of the South. It is a fact that the I.Q. of the average Negro is around 13 points below that of the average white man...

I think it must be admitted that the end of segregation will lead to miscegenation, thereby eventually destroying racial characteristics and racial pride. Though there are those here at Davidson who are diametrically opposed to this next view...

SEGREGATION

No Social Chaos Now

BY BOB JONES

Rared, as I have been, in the atmosphere of a very conservative home, I have naturally always considered segregation to be the only way of life. Indeed, I think that irreparable damage would be done to the people of the South if this institution were abolished...

In regard to the religious aspects of segregation, I have found no conclusive evidence as to the un-Christian like characteristics of this institution. To be true, we should respect and love our colored friends. But why can't this be done without throwing down all social barriers?

Integration?

Miscegenation? He!

BY BILL GALLNER

Since the Supreme Court issued its decision against the constitutionality of racial segregation as maintained by twenty state school systems, multitudes of opponents to such a relaxation of one of our most venerated social barriers have arisen to damn the ruling...

I also think it warrants the decision to be based on the fact that there is a definite trend toward abolishing segregation. (Although I think this is very unfortunate, it seems to be true. Why can't we be allowed to solve this ourselves?)

Davidson's 1954 Cats are continuing to rack up the "firsts" in Davidson grid history and can make a major gain on past records if they can turn out a win over Elon tomorrow. Last Saturday night, the Wildcats edged Wofford's Terriers, keeping up with Davidson's never-lose-to-Wofford policy. In a series of seventeen games, Wofford has managed one tie that is the lone mark against an otherwise perfect record. It was the first time this season that a Terrier opponent had stopped the scoring punch of the South Carolina crew, and that in itself was an accomplishment. Though the Davidson team drove within the Wofford 20 yard-line on several occasions, the lack of scoring punch forced the Cats to pull out the win on the toe of Bob Talbert. It was the first time in history that Davidson has won a football game by a field goal, and Coach Dole couldn't have chosen a more appropriate time to try one. Of the five times that Davidson had the ball within the 20, there were three times that Cat players fumbled the ball, and Wofford recovered each time, once on the one yard-line. How much does it take to make a coach tear out his fast-graying hair?

By JIM HOLSINGER

When the Wildcats take the field tomorrow against Elon's Fighting Christians, they have the opportunity to come up with the best season's record since 1907. The 1926 Davidson team which won the State Championship had a record of seven wins, two defeats, and one tie, and if the Cats win the Elon battle, they will surpass that mark with a record of seven wins and two losses. The 1907 club won five, lost none, and tied one, setting the all-time record for Davidson clubs.

1926 MARK GOES ON THE LINE

For the second time this season, the Cats have the opportunity to become the first Davidson team since 1926 to win four straight contests. After winning the first three games this year, the Cats muffed the chance when Presbyterian pulled a 10-7 upset. After losing to Furman, Davidson got back on the winning track and has now won three straight again. It may take quite an effort to get that fourth, however, since Elon is no push-over. The Wildcats remain a three-touchdown favorite and will have an added incentive since the parents of many players will be sitting in the stands as part of the Parent Day program.

The Fighting Christians will be out to give Davidson its first licking in a long series, and this year's team will be one of the best Elon has ever thrown at the Cats. Last week Elon beat Lenoir-Rhyne by the same one-touchdown margin that Wofford beat the Bears. They'll be rough!

The '54 Cats go into their last game with an impressive list of statistics which include three wins in which their opponents were held scoreless (V.M.I., Citadel, and Wofford). The Cats have averaged 19.2 points per game and have held opponents to a 7.7 average. On five occasions, the Davidson club has scored in the double figures, with the 53-6 rout of West Virginia marking the high point of the year.

SENIORS TO DON PADS FOR LAST TIME

Though the next issue of The Davidsonian will have a feature on the seniors on this year's football squad, we still feel the need of saying a word about the boys who are playing their last football game for Davidson tomorrow. There are eight seniors on the team, and their absence next year will indeed be felt. Corky King and Charlie Rankin are Wildcat ends who will be graduating, and Harry Peterson is the lone graduate in the tackle position. Dickie Davis, Captain of the Cats this year, will be playing his last game, and Jim Fasul may be doing the same, though the Fayetteville guard has another year of eligibility left. In the Wildcat backfield, Bill Rowland joins Fasul on the uncertain list, but Jim Thacker and Henry Brown will be putting on the Davidson pads for the last time tomorrow.

Wildcats Meet Elon In Season Finale

Ashcraft Paces Cats' Fourth Place Finish

BY LEON HOWELL

In the Southern Conference Cross Country meet in Lexington, Virginia, last Saturday, VMI, participating on their home course, turned in an easy victory. With a winning score of 27, they finished ahead of W&L with 71, West Virginia with 71 and Davidson with 94 in that order.

Pete Ashcraft, sophomore runner, finished second in the Southern Conference Cross Country meet at Lexington. Ashcraft was the leading Davidson runner and was named on the All-Conference team in an announcement following the meet.

Angle, the long striding VMI star, won the race by several yards over the Davidson hope, Pete Ashcraft. In a field of 52, this was a fine performance for Pete and Davidson was proud of its fourth place finish against seven good teams.

The coaches voted to select an All-Conference team based on season performances at each meet and this year's squad included Ashcraft. This group also awarded next year's meet to Davidson, to be held on the third Monday in November.

Saturday morning at 11 a. m., the Carolina's AAU meet will be held here at Davidson. Several good teams will be brought down, with the University of North Carolina being favored. A plaque will go to the winning team and fifteen medals will be awarded the leading runners.

Senior Gridders To Be Featured In Next Issue

The next issue of The Davidsonian will have a special feature honoring the seniors on the 1954 football team. The seniors play their last game of the season tomorrow against Elon, and a post-season tribute will be well-deserved. The seniors will leave Davidson's football fortunes, having seen the best season since the war, and certainly they have played a tremendous part in that performance.

DICKIE DAVIS

BOB TALBERT

Davis And Talbert Key Men In Cats' Big "3"

As the whooping and hollering died away at Spartanburg last Saturday night, Davidson fans were singing the praises of Dickie Davis and Bob Talbert, the key men in the series of plays which brought Davidson's only score against the Terriers.

In the second quarter of a scoreless contest, Davis scooped up a Wofford fumble on the Wofford 20 yard-line after Wofford had stopped a Davidson drive and was starting to roll. It seemed that the little guard's effort might have been in vain as the Cats moved to the Wofford 7 yard-line but stalled there.

With fourth down coming up, Talbert came into the contest to attempt a field goal. The try was to be from the Wofford 18 at a slight angle, and Talbert booted the ball through the uprights for the only score of the night. It was the first time this season that Davidson had attempted a field goal, and Coach Dole's strategy paid off.

Dave, Captain of the '54 Cats, played his last game of the season and was the only member of the Davidson defense to play.

linebacker's post, Dickie recovered two Wofford fumbles, intercepted one Terrier pass, and was a demon at stopping the running game of the highly-rated South Carolina crew.

Talbert has received his share of notice this season since he is the first Davidson player in quite a while who has been able to kick the points after in consistent fashion, but Saturday night's performance put him in the spotlight.

Playing before a hometown crowd in Spartanburg, Bob made the first field goal attempt of his life. Though he had been kicking extra points since his high school days and had practiced field goals, this was the first time he had been put to the test in a game.

As Don Carter (25) leads the way, Henry Brown is shown carrying for a first down in the second quarter of last week's scrap with Wofford. The Cats won 3-0, securing the best Davidson season record since 1926.

Davidson Edges Wofford In Real Thriller, 3-0

BY BOB PULLIAM

Davidson College, famous for its scholars, came up with an "educated toe" last Saturday night and won their sixth game of the season as they downed the Wofford Terriers, 3-0. Ironically enough, the boy with the educated toe, Bob Talbert, is from Spartanburg, home of the Terriers. Dickie Davis, senior Cat guard, recovered a Wofford fumble with less than six minutes remaining in the second quarter, and with only four minutes left in the first half, the winning goal was kicked.

Davidson and Wofford gained almost the same amount of yardage on the ground, although brilliant line play for both teams far overshadowed the usual, hard running attacks of both clubs. The Cats had a large edge on the passing side of the ledger, completing eight of nineteen for 129 yards, while Wofford completed only three of fourteen for 59 yards.

The Terriers had a first quarter touchdown play called back because of an off-side penalty, and never again were they able to penetrate deep into Davidson territory.

Wofford entered the game as a slight favorite, but with the exception of the first-quarter surge which carried to the Davidson four yard-line, the Terriers were kept in their own territory most of the time by the charging Wildcats.

The Cats, driving deep into Wofford territory after time, lacked that punch necessary to score as they were hurled back by the powerful Terrier line or fumbled

the ball away.

Typical of line play by both teams was the fact that Joe Hazle and B. B. Stevens, Terrier half-backs who had run rampant over all previous foes, were held to less than 50 yards net rushing by the Cats.

Trying to pick an individual star is sometimes difficult and when the Cat line did so well, everyone is to be congratulated. Dickie Davis and Harold Davis played exceptionally well, and Harold stopped Lawrence on that first Wofford scrimmage play which went almost all the way. Henry Brown and Don McKee moved the ball well for the Cats. McKee, one of the fastest runners in the Davidson backfield, almost broke away on one occasion, but was tripped just as it appeared that he might go all the way.

The Wofford-Davidson series began in 1904, and with the exception of a 7-7 tie in 1948, Davidson has won every game (the record is 16 wins and one tie).

Saturday's contest marked the first time this season that Wofford had been held scoreless. The Citadel, only team to whip the Terriers prior to the Davidson game, could only take a 14-13 win over the Gold and Black.

Information Given For Greek Week

Coach Pete Whittle has released advance information concerning the annual Inter-fraternity swimming and wrestling meets which will be held just following Thanksgiving holidays.

The Inter-fraternity swimming meet will come first on the docket, being scheduled at present for November 30 and December 1. There will be eight events in the meet, beginning with the 25-yard freestyle and ending with the 150-yard medley relay. Other events which will be held in the meet are: the 50-yard free-style, 75-yard free-style, 50-yard backstroke, 50-yard breaststroke, 75-yard individual medley, and 200-yard relay. There will be a limit on the participation of individuals this year, with one swimmer being allowed to swim in only 2 events and one relay.

The Inter-fraternity wrestling meet will be held on December 7 and 8. The following weight classes will be used: 123, 130, 137, 147, 157, 167, 177, 191, and heavy-weight. There will be a three-pound allowance on weight (a man in the 123-lb. class is able to weigh in at 126). Weigh-ins will be held from 8:30 to 4:00 on Tuesday, December 7.

Since the first Varsity wrestling meet will be held on December 3 and 4, eligibility officials have ruled that men who wrestle with the Varsity will not be allowed to compete in the Inter-fraternity meet. The committee based its decision on the fact that one of the major purposes in the meet is to find material for future Varsity competition, and Varsity grapplers do not need to participate since they are already on the squad.

Tough Contest Expected From North State Club

BY JOHN JOHNSON

The Fighting Christians of Elon invade Davidson tomorrow to play the Wildcats in the final game of the season for both teams. The contest, starting at 2:15 p. m., will be held at Richardson Stadium.

Despite the bad weather, Coach Dole worked his boys hard this week in preparation for the battle. He is taking no chances on this game and even drilled the squad in Tuesday's rainstorm. The team is in good shape and will be at full strength for the contest.

Elon has a 5-1 conference record and has clinched second place in the North State Conference. The Christians proved to have a strong defense by holding bigger and more experienced Eastern Carolina, last year's North State Champions, to only 85 yards rushing and by intercepting five passes. The Christians also outplayed the Citadel but lost the game when the Bulldogs scored two quick touchdowns in the final three minutes. Elon beat Lenoir-Rhyne by the same six-point margin that Wofford did, and the Christians ran up a greater score against Catawba than did Davidson.

Elon saw a rather poor season last year, when they had to rely heavily on the untried sophomore and freshmen members of the team, but now these men have gained experience and have played some excellent football.

Coach Varney, with sixteen lettermen, will be able to field a complete team of monogram-wearers. At the ends for the Fighting Christians will be Chuck Michaux, who for two years has served as a back, and Captain J. C. Diasher. Although the tackle position was weak last year, it is strong now with six husky 200-pounders from which to choose, Coach Varney gave the starting assignments to Bob Kopko and Ed Davidson. At guards will be lettermen Chuck Maynard and Glenn Varney, a younger brother of the Elon coach. Homer Hobgood, a light but fighting junior, will hold down the center spot. In the backfield, Bill Snyder and Jerry Akromas will alternate at the quarterback position.

Bob Stauffenberg will be the fullback, and Whitney Brodham and Paul Watts will be the half-backs. Break-away runner Kerry Richards will also add speed to the Elon backfield.

In the fifteen years of competition, the Christians have been able to score only two points against Davidson, and the Cats are favored to win this one. Elon, however, has one of the best teams that they have fielded in many years.

The probable starting lineups are:

Pos.—Elon	Davidson
LT—C. Michaux	Patterson
LT—Bob Kopko	Peterson
LG—Maynard	D. Davis
C—Hobgood	Abernathy
RG—Varney	Fasul
RT—Davidson	H. Davis
RE—Diasher (Capt.)	Rankin
QB—Snyder	Reiland
LH—Brodham	Thacker
RH—Watts	Smith
FB—Stauffenberg	Brown

Cagers, Matrons Continue Work As Season Nears

Davidson's basketball and wrestling squads are hard at work in preparation for the opening of their respective seasons which begin in early December. The teams have been working almost continually since practice started on November 1, and the clubs should be physically ready to go by the time that the opening whistle blows.

Coach Charlie Parker's wrestling crew opens the 1954-55 slate at Lexington, Va., with a quadrangular match with Auburn, Marshall, and V.M.I. also participating. The match will be held on December 3 (Continued on Page Four)

SERGEANT SKETCH

M/SGT. JOHN P. BUTTS

Master Sergeant John P. Butts, who is now an Assistant Instructor in M.S. II at Davidson College R.O. T. C. Headquarters...

Almost immediately Sgt. Butts was sent to Panama with the 14th Infantry Division and remained there for a little over three years.

M. Sgt. Butts, in September, 1943, left for the China-Burma-India Theater as a member of the now famous "Merrill's Marauders" which was the first Infantry Unit to serve in Asia during World War II.

After approximately a year and a half, Sgt. Butts returned to the United States and was stationed at Camp Gordon, Georgia until he was discharged on October, 1945.

Sgt. Butts immediately reenlisted and between October, 1945 and January, 1947 was moved from Fort Bliss, Texas to Fort McClellan, Alabama to Fort Bragg, N. C. in January, 1947.

From Fort Jackson, Sgt. Butts was given his first assignment to Davidson College. In February, 1953, he was sent to the Far East for the third time in his army career.

Sergeant Butts now lives with his wife and son in Cornelius, N. C.

Truckers ...

(Continued From Page One)

Commission. After the war, during which he rose to a colonel in the Air Force and won several medals, he returned to Davidson as a professor of political science. In 1949 he was made athletic director at which post he served until recalled to active duty.

We all know the importance of transportation, especially the railroad, in the building of our nation. We also know of the growth of trucking, how it has hurt the railroad, and how the railroad is now fighting to regain some of its lost carrying trade.

Mr. Pinkney and Mr. Henry are sure to provide many interesting comments and sidelights on these and other important issues between the truckers and the railroads.

All students are urged to attend, for this will be a very interesting and educational program, and could prove quite amusing.

David McLean Center To Be Dedicated Sunday

The David McLean Community Center, known for many years as the "Y" Hut, will be rededicated this Sunday afternoon, November 21, at 3:00 P. M.

The Community Center, which was moved and renovated as a result of the Davidson College Y.M.C.A.'s annual Christmas Gift Fund last year, was formerly located behind the Negro Elementary School and was used by the community for over a decade as a supplementary school room and community center.

Open House

The dedication service will be the formal opening of the community center for the use of the Negro community. After the service there will be an open house, with refreshments being served by the ladies of the community, for all who care to inspect the building.

It was before the Second World War that the Davidson College Y.M.C.A. turned over the money raised by the Christmas Gift Fund for the building of a sorely needed community center. After much hard use for many years, it was decided by the College student body that they wanted to help recondition the Center, making it a place that could be used and enjoyed by persons of all ages.

A lot was purchased from Mr. J. R. Caldwell on Graham Street and the old Center was moved to its present site. Mr. Floyd Ballard contracted to renovate the building, and extensive repairs were made. In addition, a section was added which now provides two bathrooms and a store room. Other additions have been made in terms of equipment, for example, folding chairs and tables, gas furnace, electric

stove and refrigerator, etc.

John Withers is at present Chairman of the Community Center's Board of Control and has put much of his own labor, along with that of friends, into the building. The Board of Control is thinking about beginning a Teen Age Club for the young people of the community, with the help of the College Y.M.C.A. Other possible projects are being considered by the Board at the present time. Policies for the use of the Community Center will be announced at a later date by the Board.

Named For Alumnus

The Community Center is named after Mr. David McLean who was a student at Davidson College at the time of the building of the Community Center. He, as Y.M.C.A. Cabinet member in charge of Colored Work, was one of the main forces behind the drive to raise funds for the Center and spent much of his time working with the young people of the community. Because he was beloved by the community, the Community Center was named for him. Mr. McLean is at the present time a missionary in Africa.

Moderator To Speak At Vespers Sunday

Dr. Wade Hamilton Boggs, Sr., Moderator of the Presbyterian Church, U. S., will be the speaker at vespers Sunday night, Nov. 21. Dr. Boggs is a native of Liberty, S. C. He was a member of the class of 1907 at Davidson where he received his A.B. degree. He did graduate study at Austin Theological Seminary, the University of Texas, and Biblical Seminary of New York. He received honorary degrees from Presbyterian College of South Carolina and from Southwestern in 1928 and 1944, respectively.

Dr. Boggs was ordained as a Presbyterian minister in 1913 and has served pastorates in five southern states since that time. In 1943 he became the Executive Secretary of the Assembly's Committee of Christian Education and Ministerial Relief and of the Board of Annuities and Relief. He has held many important positions in the Assembly including the lower courts of the church. Dr. Boggs was elected Moderator of the 94th Assembly of the Presbyterian Church in the United States at its meeting in Montreat on May 27, 1954.

Dr. Boggs married the former Miss Louise Sheldon of Westminster, S. C., and they have two children, a son and a daughter. His son also has become a minister.

Cagers, Matmen ...

(Continued From Page Three)

Coach Danny Miller's basketball squad has been working hard in practice sessions, with the routine being varied with scrimmage games with other teams and a high school clinic. The Cat cagers will get their schedule under way right after Thanksgiving holidays, playing their first game on December 1. The initial contest will be against the Guilford Quakers, with Guilford playing a return engagement on December 6.

Some say that there ought to be three of everything. One for whites with racial pride, one for Negroes with the same, and one for those who want to be together.

Murrow-McCarthy Film To Be Shown Sunday

The Committee for Effective Citizenship is currently sponsoring a film for the Y. M. C. A. This documentary film, presented by Freedom House, gives highlights of the Edward R. Murrow-Joseph R. McCarthy controversy on Murrow's See It Now, CBS-TV program. Following the film a member of the faculty will lead a discussion. This program will be held in the Student Lounge of the Davidson College Church, Sunday Night, November 21, immediately after Vespers.

Peddlers Forbidden On Davidson Campus

College regulations prohibit the solicitation of Davidson College students in the selling of any type of merchandise. This announcement was made by college authorities this week in the face of reports that a number of students and outsiders have been going from room to room in their selling efforts and that they have also been approaching other students at the College Union and at other places on the campus.

The regulations against any form of solicitation were put into effect many years ago at the request of the students because of the great amount of time lost in dealing with an endless succession of salesmen with all types of merchandise.

On Segregation

There are those who say that constant dripping will wear away the hardest stone. However, there are stones here that have been here a lot longer than some of the drips.

Two-Men Forum ...

(Continued From Page One)

In limiting his opportunities in relation to the opportunities of other students in the same school.

It becomes evident that the Supreme Court has left the realm of tangible inequalities and has become a judge of intangible inequalities. According to Dr. Debbis, time alone was necessary for the court to proclaim what was already evident, that equality must mean what it says both on the college and the grade school level.

A Southern Problem

At 7:30 Wednesday evening the Reverend Beverly Asbury of the Zebulon, N. C., Baptist Church joined Dr. Debbis in speaking to a group of about 60 Davidson students, professors and townspeople.

ROTC Canteen Will Appear In Concert

Cadet Colonel Carter A. Cooper announced this week that elements of the Davidson College ROTC Regiment will participate in a Holiday Parade in Kannapolis on November 30th.

This will mark the first time in some five years that the Regiment has taken part in a parade off the campus. ROTC leaders hope that the parade will not only have a good public relations effect for the College but will also be a means for building morale and "esprit de corps" within the ROTC unit.

High enthusiasm on the part of the Cadet Corps has already been shown in the good response given the appeal for volunteers for the marching unit which will be sent to the parade.

Davidson ROTC units participating in the parade, which will have approximately 80 other units, are the ROTC Band, commanded by Cadet Captain Haywood Rogers, the Regimental Color Guard, and the marching unit of 80 sophomore cadets, commanded by Cadet Captain George M. Cannon. Assisting in the operation are Cadet Lieutenants William M. Heston, Jr., Robert B. Dalton, Stratton N. Stergosh, and Emmanuel G. Sfasico.

Transportation to and from Kannapolis for the event will be furnished by 2 1/2-ton trucks from the Army Motor Pool in Charlotte. General arrangements for the operation were handled by Cadet Colonel Cooper, Captain Lee R. Brown and Lt. Colonel John D. Sapp of the Davidson ROTC.

Chorus and Ensemble Appear In Charlotte

The Davidson College Male Chorus and Brass Ensemble will give their first combined performance at the Covenant Presbyterian Church in Charlotte this Sunday afternoon at five o'clock. The program is to include selections of early church music, several Bach selections, several Russian selections and a few Christmas numbers. This is the first time this year that either of these organizations has given a concert off campus and also the first time that they have ever given a combined program. The Chorus is under the direction of Mr. Donald Platt, and the Brass ensemble is directed by Mr. J. P. Satterfield. Mr. J. T. Peeperman will be the organist for the group. Sunday evening, both the Male Chorus and the Chapel Choir will furnish the vocal music for Vespers. This will be the first time this semester that the two choral groups have sung together. The music will consist mainly of Thanksgiving selections.

Five Are Disciplined For Dormitory Trouble

At a special meeting of the Student Council Tuesday night five students were disciplined for creating disturbances in the dormitories. One student was acquitted of a similar charge.

Two students were placed on probation as regards conduct in the dormitories for playing a radio excessively loud late at night. Three students were given a short censure, a small fine, and a letter home, in addition to probation concerning dormitory conduct for removing and breaking bottles.

As to method of integration, Mr. Asbury pointed up a definite possibility of race riots with either immediate or gradual integration. He indicated that precipitous integration would perhaps cause less difficulty in the long run than a slow, continuously annoying process.

Dismissing his attention to the church and segregation, Mr. Asbury pointed up the inevitable cleavage in membership and the accompanying danger of church splits and dissension of ministers. He brought out the church's weakness in failing to apply the Gospel to education of its children in contemporary social problems such as segregation.

In proposing a solution to the problem Mr. Asbury proposed study groups and interracial groups working together to solve problems common to both races. As an example of such interracial cooperation he mentioned working together to establish recreational facilities in municipalities. A test area willing to undergo integration and a study of the problems which would arise would also aid in solving the problem as a whole, Dr. Asbury asserted. He suggested Greensboro, N. C., as a likely place for such an experiment.

A Davidson Problem

Davidson College, a church-related institution whose trustees come from the synods of North Carolina and Florida, is not free from the problem of segregation on the grounds of being a non state school. When the General Assembly of the Presbyterian

Nov. 30 Deadline For Beauty Contest Photos

Pictures entered in the 1950-51 Goise and Cranks Beauty Contest are to be handed in at the College Union desk no later than November 30. These photographs which will be entered in the beauty section of the annual will be selected from the entries by a prominent outsider whose name has not yet been disclosed.

As in past years, student body approval is necessary for the printers to personalize the yearbooks with gold-embossed names on all front covers. A vote will be taken Friday in chapel and extra charges for this service will be 75 cents if a majority are in favor of this addition.

Want Frat Soap

"All fraternities are urged to be taking various activity pictures, because in the past the staff has found a lack in both quantity and quality of fraternity informals," announced Swain Loy, editor of this year's Goise and Cranks.

Many students who failed to order additional photographs from Smith Studios of Raleigh at the time when proofs were shown have expressed desires to do so. Prints may be secured by placing orders with Swain Loy or Bill Jenkins.

Freshmen, Too

All freshmen interested in working on the Goise and Cranks staff are asked to sign up at the College Union desk. Typists are much needed and boys not yet working in any type of extra-curricular activity are especially urged to participate in the production of this year's annual.

Church, U. C., met in Montreat, N. C., early in the summer it voted to urge synods to adopt a policy of opening the doors of their colleges and schools to all races.

A follow-through on this appeal by the General Assembly would mean that Davidson would be among the first undergraduate schools in the state (indeed in the south) to admit Negroes. The problem of what basis the Negro will be admitted on would be one for prolonged investigation.

Dr. Pietsenfeldt's Annual Report

His student bodies left Thursday to attend the State Student Legislature in Raleigh. Meeting in the Capitol, the legislature began sessions Thursday afternoon and will continue through Saturday morning.

Buddy Dye, Floyd Fessner, Swain Loy, Clyde Robinson, Jeff Smith, and Stuart Vaughn are representing Davidson at the legislature. The legislature is composed of representatives from all of North Carolina colleges. It contains an upper and lower house and is designed to allow leaders of the various student bodies to meet and discuss common problems and issues confronting students in general.

Davidson has participated in the legislature to some extent in the past, but is sending a full delegation this year for the first time in recent years.

D. C., Ga. ...

(Continued From Page One)

year engineering course, is to better prepare the engineering student for his chosen profession.

Dr. Karl Compton, former President of the Massachusetts Institute of Technology, was one of the initiators of this trend. He felt that the technical institutions can train students in technical aspects but they also need a good background in the arts. There are now dozens of ranking technical schools in the United States which have affiliated with outstanding liberal arts schools in forming three-two educational programs.

Dr. C. J. Pietsenfeldt, Dean of the Faculty of Davidson College and coordinator of the programs with Columbia University and Georgia Tech, has had considerable experience with three-two programs. Dr. Pietsenfeldt served as coordinator of the three-two program at Washington and Jefferson College which was the first institution to be selected for affiliation with both M.I.T. and the Carnegie Institute.

Later, when Washington and Jefferson founded its own school of engineering, Dr. Pietsenfeldt served as Dean of Engineering for that institution.
