Note: Society assets can be larger than the Group assets. This is generally due to the accounting treatment of inter-company loans to lending or covered-bond subsidiaries or loans retained on the Society balance sheet from securitisations. These net out at a Group level so that Group total assets are lower than Society total assets.

¹ Newcastle BS merged with Manchester BS on 1/7/23. As of Dec 2022 Manchester had group assets of £178m
