ABOUT

The Association for Behavior Analysis International (ABAI) contributes to the well-being of society by developing, enhancing, and supporting the growth and vitality of the science of behavior analysis through research, education, and practice.

Founded in 1974, ABAI has become the hub of the behavior analysis community, with more than 9,000 members worldwide, and affiliated chapter membership of more than 28,000.

ABAI's services to the field include events, online learning, and publication of peer-reviewed journals that promote dissemination of the science. Services to members include job placement and support of more than three dozen special interest groups and 93 affiliated chapters worldwide.
