DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, MAY 4, 1892-ADJOURNED MEETING, 9.30 A.M.

Albert Gallup, Esq., who had been reappointed as a Commissioner of Public Parks, presented his certificate of appointment, which was ordered entered upon the minutes, as follows:

CITY OF NEW YORK, OFFICE OF THE MAYOR.

Know all men by these presents, that by virtue of the power in me vested, I hereby nominate and appoint Albert Gallup, of the City of New York, to be a Park Commissioner, for the term provided by law, commencing May I, 1892, to succeed himself.

In witness whereof, I have hereunto set my hand and affixed my seal of office this twentieth day of May, in the year one thousand eight hundred and ninety-two.

(Seal)

HUGH J. GRANT, Mayor.

The roll being called-

Present-Commissioners Dana (President), Gallup, Straus.

The minutes of the meetings of April 20, 27 and 28 were read and approved.

The following communications were received:

From the Comptroller, transmitting a copy of a resolution adopted by the Sinking Fund Commission, authorizing the leasing of the premises known as "Barry's Hotel" on One Hundred and Fifty-fourth street, for the use of the Engineers of the new bridge across Harlem river at One Hundred and Fifty-fifth street. Filed.

From the President of the American Museum of Natural History, asking that action be taken to secure the additional appropriation of \$25,000 for the current year, as authorized by chapter 290 of the Laws of 1892.

Commissioner Gallup offered the following:

Resolved, That the Board of Estimate and Apportionment be requested to authorize the transfer of the sum of twenty-five thousand dollars from any unexpended balances or appropriations, for

the year 1891, to the Appropriation for Maintenance of Museums for the current year as authorized by the provisions of chapter 290 of the Laws of 1892.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

From the Secretary of the American Museum of National History, forwarding a copy of the annual report of the Trustees for the past year. Filed.

From the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, submitting for approval a plan for regulating and paving St. Ann's avenue from One Hundred and Thirty-eighth to One Hundred and Fifty-sixth street, adjoining St. Mary's Park.

On motion, said plan was approved by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

From A. P. Boller, Constructing Engineer, in relation to the commencement of work on the new bridge over Harlem river and the necessity for employing an engineer corps.

Mr. Boller appeared and was heard, whereupon the matter was referred to the President, with power.

From James L. Babe, asking permission to sell maps in the Central Park. Referred to the President, with power.

From J. F. Munckwetz, Jr., reporting as to the feasibility of using the Castle Garden building for an aquarium. Laid over.

Commissioner Straus, to whom was referred an application of Carl H. Schultz for a renewal of his license for the sale of mineral waters in Central Park, made a verbal report and recommended that a license be granted Mr. Schultz for one year, upon his agreeing to pay \$500 for the privilege, and to make all repairs necessary to keep the building occupied by him in good condition.

On motion, the recommendation of Commissioner Straus was approved by the following vote: Ayes—Commissioners Dana, Gallup, Straus—3.

From the Superintendent of Parks:

- 1st. In relation to purchasing new horse lawn mowers. Referred to the President.
- 2d. Reporting James Mangan, a Cottage Laborer, for disorderly conduct and using abusive language to his foreman. Filed.

On motion of Commissioner Gallup, all the bids or proposals received on 20th ultimo, for furnishing and delivering gravel were rejected, and the Secretary was directed to advertise for new bids by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

On motion of Commissioner Gallup, the purchase of five hundred cubic yards of gravel was authorized by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

On motion of Commissioner Dana, the purchase of one boat-load of broken trap-rock for use on One Hundred and Tenth street, was authorized by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

Mrs. Mary Forster, Miss Ida Van Etten and J. S. Steele, representing the Socialistic League, were heard in relation to an application for permission to hold a series of open air meetings in City Hall Park. They were informed that it was contrary to the practice of the Department to issue permits for a series of meetings.

They then modified their application to a request for a permit to hold a meeting at the plaza, City Hall, on Saturday 7th instant, at 4.30 P.M., which was granted.

From James Reynolds, applying for the privilege of selling refreshments in Claremont Park. Referred to Commissioner Gallup, with power.

From Park Policeman Max Lasky, asking to be allowed pay for three days' time lost on account of a contagious disease in his family. Referred to the Acting Captain of Police for report.

From Charles Goldsmith, Ambulance driver, applying for an increase of pay. Referred to the President.

From L. F. Haffen, Engineer in charge of New Parks north of Harlem river, recommending the commencement of the work of improving the parkways and the employment of men and teams for that purpose.

On motion, the Engineer was directed to submit a detailed statement of the amounts required for the work referred to in his report, and the Secretary was authorized to make application to the Board of Estimate and Apportionment for an appropriation under the law providing for the improvement of the parkways, by the following vote:

Ayes-Commissioners Dana, Gallup, Straus-3.

David Leventritt and a committee of the Columbus Monument Association appeared and asked that the entrance to Central Park at Fifty-ninth street and Eighth avenue be designated as a site for the Columbus Monument. Consideration of the matter was laid over.

The Secretary presented a statement of moneys received and deposited in the City Treasury during the month of April, which was ordered entered upon the minutes, as follows:

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, MAY 11, 1892-ADJOURNED MEETING, 9.30 A. M.

Present-Commissioners Dana (President), Gallup, Tappen.

The following communications were received:

From the Commissioner of Public Works, in reference to an arrangement for the joint use by this Department and the Department of Public Works of the engineering force now engaged on the One Hundred and Fifty-fifth Street Viaduct for the construction of the new McComb's Dam Bridge. Referred to the President.

From the Secretary of the Metropolitan Museum of Art, respecting the preparation of plans for a boiler house on the northeast side of the Museum building, and asking information relative to the method of obtaining the additional appropriation for the Museum authorized by a recent Act of the Legislature. Filed, with directions to the Secretary to reply thereto.

From Joseph Wolf, architect, relative to the necessity for closing the Art Museum evenings during the prosecution of certain work on the north wing of the building. Approved.

From Stephen Peabody, desiring to occupy the Hunter Island house in Pelham Bay Park, and offering to pay \$1,200 per annum for two years for the privilege.

On motion, the offer of Mr. Peabody was accepted.

From the Landscape Architect, reporting as to the suitability of the Circle at Eighth avenue and Fifty-ninth street as a site for the Columbus Monument.

David Leventritt was heard in relation to the proposed site at Fifty-ninth street and Eighth avenue, and was requested to furnish the Department with all information concerning the statue, so that the Board might be better able to determine upon the advisibility of selecting the said location as a site. Further consideration of the matter was laid over.

From the Acting Captain of Police, recommending that the annual parade and review of the Park Police be arranged for the 26th instant. Approved.

From the Engineer of Construction, in relation to the paving of the roadway crossing Washington Square. Filed.

From the Counsel to the Corporation, advising that, in his opinion, this Department has no right to set aside a portion of Tompkins Square for the exclusive use of smaller children of the vicinity, as proposed by a resolution of the Board of Aldermen. Filed.

From the Engineer in charge of the New Parks:

1st. Reporting an estimate of the cost of grading and leveling the knoll at the southerly end of the ball grounds in Crotona Park, and recommending that an offer of M. O'Connell to do the work for \$500 be accepted.

On motion, an order for doing the work was authorized to be issued as recommended by the Engineer by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

2d. Reporting in relation to injuries received by a horse belonging to F. C. Glasier, on the City Island Bridge, at Pelham Bay Park. Laid over.

Commissioner Tappen offered the following:

Resolved, That the Bridge Committee of the Westchester Board of Supervisors be invited to a conference with the Park Department on Wednesday, 18th May, at 10 A. M., at No. 51 Chambers street, touching the City Island Bridge.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen-3.

3d. Reporting an estimate of the cost of building a pavilion in Crotona Park. Laid over.

From a committee of the Socialistic League, asking permission to hold a public meeting in City Hall Park on Saturday, 13th instant, at 4.30 P. M.

Miss Ida Van Etten and John S. Steele were heard relative to the application.

On motion, permission was granted.

On motion of Commissioner Dana, permission was granted to equestrians to speed their horses on the bridle-paths of Riverside Park, from One Hundred and Fourth to One Hundred and Eighteenth street, going northward only, at a rate of speed not exceeding twenty miles an hour, before 12 o'clock M.

John M. Tierney, D. A. McLeod, Edgar Ketchum, Orson P. Raynor, John O'Brien, Oscar Hillstrom and others, a delegation of Highbridge property-owners, were heard in regard to providing means of transit across Harlem river during such time as McComb's Dam Bridge is closed for traffic.

The delegation was informed that the matter would be expedited as much as possible.

The Secretary presented the following estimates for repairing col	ttages in Central Park:

A. GALLUP, Auditing Committee.

NEW YORK, May 25, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

From the Police Surgeon, stating that Officer Charles E. Bertram had been under his care for eight days, suffering from injuries received while in discharge of his duty.

On motion, full pay was allowed Officer Bertram for the time lost.

Mr. A. M. Powell and others, residents of West Seventy-second street, were heard in relation to the condition of that street in the vicinity of Riverside Park, and requested that action be taken to prevent the use of the street as a dumping ground and travel over the lawns at the lower end of Riverside Park.

On motion, at 11.30 A.M., the Board went into executive session.

Commissioner Gallup offered the following:

Resolved, That the plans for fitting up the building known as Castle Garden as an aquarium and for the improvement of the grounds around said building be and hereby are approved, and that the same be forwarded to the Board of Estimate and Apportionment for the approval of said Board, as provided by section 2 of chapter 28 of the Laws of 1892.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

From Louis J. Grant, attorney, relative to reinstating Michael Rogan in the employ of the Department. Referred to Commissioner Gallup.

From D. E. Seybel, in relation to an application for permission to construct a foot-bridge over Spuyten Duyvil Creek, at Kingsbridge.

On motion of Commissioner Tappen, consent was given to the construction of a foot-bridge as applied for, at the expense of the applicants, subject to the rights and consent of any party in interest in the lands or premises affected.

From Frederick H. Allen, desiring to occupy the "Hoyt House," in Pelham Bay Park.

On motion of Commissioner Tappen, the use and occupation of the premises known as the "Hoyt House," was authorized for nine months at \$60 per month, all repairs to be made by the occupant.

Commissioner Gallup submitted the following report:

MAY 23, 1892.

I report with reference to the letter of Mr. Bushe, on behalf of Mr. Peabody, referred to me, relative to the occupancy of the Iselin House on Hunter Island, that the President has approved the form of a letter which has been sent in reply to Mr. Bushe, setting forth his rights as tenant.

I also report concerning the letter of Captain Louis Wendel, referred to me, relative to the improvement of the approaches of the Washington Bridge, that the bill turning over the approaches to the Washington Bridge to this Department has not become a law, and, therefore, this Department can do nothing. I have sent Captain Wendel's letter to the Secretary of the Bridge Commission, with the request that he inform him of the situation of affairs.

Concerning the restaurant at Claremont Park, I report that I have awarded the license to the petitioner for a fee of five per cent. on the gross receipts, and that the license has been duly executed.

From the secretary of the Memorial Committee of the G.A.R., asking that the use of the cottage at Union Square by the committee under a permit from this Department be made to include the placing of signs on the outside of the cottage and the selling of tickets within. Granted,

From Edward G. Arthur, asking permission for a delegation of the Seventh Regiment Veterans to decorate the Seventh Regiment Monument in Central Park on Memorial Day. Granted.

From the Engineer in charge of the New Parks, recommending the transfer of the engineering force under him to the Engineer of Construction and the appointment of a team and ten laborers. Referred to the President, with power.

Commissioner Dana made a verbal report in relation to the condition of the City Island Bridge and recommended that immediate repairs be made to the planking, which recommendation was, on motion, approved by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

From Robinson & Wallace, applying for a permit to build a vault under the sidewalk in front of premises No. 852 Fifth avenue.

On motion, a permit was ordered granted by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

From Thomas Brennan, a Laborer employed in the shops, applying for an increase of pay.

On motion, the pay of Thomas Brennan was fixed at \$3 per day, by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen-3.

From the Superintendent of Parks, recommending the discharge of four carts and the employment of two teams.

On motion, the recommendation of the Superintendent was approved.

On motion of Commissioner Tappen, permission was given to continue the running of horsecars in Transverse Road No. 3, crossing Central Park until further orders, by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

On motion, at 12.30 P. M., the executive session arose and the Board adjourned to meet Wednesday, June 1, at 10 A. M.

WEDNESDAY, JUNE 1, 1892-ADJOURNED MEETING, 10 A.M.

Present-Commissioner Dana (President), Gallup, Straus, Tappen.

Mr. R. T. Creamer appeared and asked that favorable action be taken upon a petition referred to this Department by the Board of Street Opening and Improvement asking that the gore bounded by One Hundred and Sixth and One Hundred and Seventh streets, Boulevard and West End avenue, be acquired by the City for park purposes.

Mr. Cyrus Clark, representing the West End Association, was also heard in favor thereof.

On motion, the President was authorized to ast in concert with the Commissioner of Public Works in the matter.

The following communications were received:

From the Counsel to the Corporation:

WEDNESDAY, JUNE 29, 1892—SPECIAL MEETING, 10 A.M.

Pursuant to the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
Nos. 49 AND 51 CHAMBERS STREET,
COMMISSIONERS' OFFICE, June 27, 1892.

Mr. CHARLES DE F. BURNS, Secretary, etc.:

SIR—You will please issue notices for a meeting of the Board to be held on Wednesday, 29th instant, at ten o'clock A. M., for the purpose of opening proposals and transacting miscellaneous business.

Respectfully,

PAUL DANA, President D. P. P.

Present-Commissioners Dana (President) Gallup, Tappen.

The minutes of the meetings of May 18 and 25 and June 1, 8, 15 and 22 were read and approved.

Mr. Cyrus Clark appeared and was heard in opposition to the use of any portion of Riverside Drive for a speeding course.

On motion of Commissioner Dana, the President was authorized to present to the Board of Estimate and Apportionment a request for the moneys asked for by the Trustees of the Metropolitan Museum of Art for the opening of the Museum on Sundays between July 1 and December 31, with the exception of the first five items on the schedule, submitted by the Trustees, being in all \$4,008.96, by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

On motion of Commissioner Gallup, the matter of the proposed change of the hour of concerts at East River Park was referred to the President with power.

On motion of Commissioner Gallup, the Counsel to the Corporation was requested to advise this Department as to whether, under the act authorizing the extension of the railroad in the Central Park Transverse road and its connections with surface car lines on the east and west sides of the Park, such road can be built in sections or all at one time, and whether the consent of the property-owners on the line is to be obtained before work is begun.

At the hour of eleven o'clock Mr. E. G. Marsh, representing the Comptroller, being present, and the meeting open to the public, the President, in the presence of the representative of the Comptroller and such of the parties making proposals as were present, opened the estimate-box and publicly opened and read all the estimates or proposals which had been received in accordance with advertisements duly published in the CITY RECORD for the following work:

DOCUMENT NO. 124.

BOARD

OF THE

DEPARTMENT OF PUBLIC PARKS.

June 30, 1892.

The President presented a report of the transactions of the Department for the quarter ending December 31, 1891, which was ordered transmitted to his Honor the Mayor, and also printed as a document of the Board.

CHARLES DE F. BURNS,
Secretary.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending December 31, 1891.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET,
January 1, 1892.

Hon. HUGH J. GRANT, Mayor:

SIR—Pursuant to the requirements of section 49 of chapter 410 of the Laws of 1882, as amended by chapter 62 of the Laws of 1887, the Department of Public Parks hereby submits the following statement of its transactions during the three months ending December 31, 1891.

During the period named much attention has been given the matter of the proposed new bridge over Harlem river at One Hundred and Fifty-fifth street, to take the place of old McComb's Dam Bridge, and to connect with the viaduct now building on said street. Proposals for constructing the bridge proper were advertised for and received early in October. It was deemed best, after careful consideration, that the bridge, with the approaches, should be built under one contract; and, accordingly, the bids were rejected and plans and specifications for the entire work were prepared, and after receiving the approval of the Board of Estimate and Apportionment, the work will be again advertised. Steps are also being taken to commence proceedings for acquiring the lands required for the Jerome avenue approach.

Maps showing the lands required for approaches, which it is proposed to build to the footways of the bridge of the New York and Northern Railroad Company over Harlem river at Eighth avenue, have been prepared and forwarded to the Board of Street Opening and Improvement at the request of that Board.

The bridge leading to City Island from Pelham Bay Park, which is owned partly by this City and partly by the County of Westchester, has required and received attention. A proposition to the effect that this Department will contribute \$800 for repairs and maintenance for the year 1892, provided the said county undertook the work of maintenance, has been made to the Supervisors of Westchester but not accepted by them.

Litigation between the City and the Suburban Railroad Company has resulted in a judgment of the Court of Appeals maintaining the claim of the Suburban Company, that it has the right to construct its road through St. Mary's and Bronx Parks. This result is to be deplored, as the

beauty of Bronx Park and St. Mary's Park will be in a great measure destroyed, but on the other hand, access to these parks will be greatly facilitated. A bill will be introduced providing for the change of such route.

The matter of the application of L. J. Callanan and others, requesting the removal of the elevated railway from the Battery Park, has been considered in connection with the testimony taken at the several hearings and denied. A statement of the reasons for the denial of the application has been placed on the records of the Department.

The plans and conclusions of the Rapid Transit Commission, as set forth in a report of the Commission made to the Common Council, have been approved by this Department and its consent given to the construction of a railroad thereunder, pursuant to the provisions of section 5 of chapter 4 of the Laws of 1891.

At the request of the Washington Memorial Arch Committee, the Board of Estimate and Apportionment has been asked to include in the estimate for the year 1892 the sum of \$2,500, to be used for placing granite-posts in the plaza surrounding the Washington Arch in Washington Square.

A request has also been made of said Board to authorize the issue of bonds to the amount of \$10,000, for payment of a bill of Alfred P. Boller for that sum on account of professional services in the preparation of surveys, plans, estimates, specifications, etc., for a bridge over Harlem river at One Hundred and Fifty-fifth street, as provided by chapter 207 of the Laws of 1890.

The following transfer of appropriation has been asked for to meet the need of the New Parks for the current year. The sum of \$4,220.77 from the following appropriations for the current year, 1891:

Police Salaries.	\$2,000 00
Resurfacing Fifth Avenue, from Ninetieth to One Hundred and Tenth Street	206 89
Surveys, Maps and Plans.	994 88
Music	13 00
Settees and Tree Labels.	6 00
Telephonic Service	1,000 00

-to the appropriation for "Care and Maintenance of New Parks north of Harlem River," for the year 1891.

An assessment list for resetting curb and relaying flagging on the north side of West Seventysecond street, extending 100 feet easterly from Amsterdam avenue, together with the amount and cost of the work, has been prepared and forwarded to the Board of Assessors.

Licenses for privileges in the parks have been granted as follows:

To W. J. Elliott, to occupy the building used as a tavern at Pelham Bridge, upon his agreeing to pay \$400 per annum and to maintain the building in proper repair at his own expense.

To Isidor Isaac & Co., to conduct the Casino Restaurant in the Central Park for five years, upon their agreeing to pay a sum equal to five per cent. of their gross receipts and to maintain the premises in proper repair.

To Charles Schwarz, to occupy and sell refreshments in the buildings in High Bridge Park for five years, upon his agreeing to pay six per cent. of his gross receipts as license fee and to make all repairs at his own expense.

The committee, consisting of the Presidents of the Metropolitan Museum of Art, the National Academy of Design and the New York Chapter of the American Institute of Architects, having reported favorably as to the merits of the statues of Christopher Columbus, Berthel Thorwaldsen and John Ericsson as works of art, the same have been accepted for erection on the parks at suitable localities.

Permission to cut ice and remove it from the Bronx river in Bronx Park, has been given John H. Keller. Mr. Keller pays the City \$200 for the privilege for the season.

The Fire Department was permitted to occupy a part of Riverside Drive in the vicinity of Seventy-sixth street, for a stand on the occasion of the presentation of the Bennett and Stephenson Medals to members of that Department on November 7.

Permission to erect a temporary building adjoining the Barge Office has been given the New York Associated Press Association for three months.

The Grant Monument Association has been given permission to erect a temporary office building on Riverside Park for one year.

Permission to plant trees in front of premises on Riverside Drive at Seventy-eighth street, has been given to Charles Buck & Co.

The use of the second floor of the Arsenal Building has been given the Teachers' Association for a period of 30 days for an exhibition of geographical appliances, provided no entrance fee be charged.

The Naval Reserve Battalion has received permission to use Castle Garden until such time as it is definitely determined as to what its permanent use is to be, upon the understanding that the floor is to made safe by the Battalion, and the Department is to be held harmless from all liability for damages of any kind.

Contracts for the following-named works have been entered into by the Department during the quarter;

For repairing and resurfacing the macadamized roadway of a portion of the Plaza at Fifty-ninth street and Fifth avenue, and the Circle at Fifty-ninth street and Eighth avenue, at a cost of \$6,737.50. William J. Clark, Contractor; Matthew Baird and James P. Kane, Sureties.

For alteration of roads, walks and other improvements in connection with the erection of the Washington Memorial Arch at a cost of \$6,604.10. Joseph Moore, Contractor; John McQuade and Thomas J. Hamill, Sureties.

For paving with rock asphalt or compressed asphaltic tiles certain walks in Riverside Park, between Seventy-second and Seventy-ninth streets, at a cost of \$5,940. The Neuchatel Asphalt Company, Contractor; Thomas Cunningham and Howard Fleming, Sureties.

For the erection of an iron railing around one park in Park avenue, between Sixty-sixth and Sixty-seventh streets, at a cost of \$1,400. Thomas A. Rourke, Contractor; Edward J. McCloskey and G. A. Vreeland, Sureties.

GARDENING WORK.

The Gardening force has been engaged in caring for the flower beds and shrubbery on the parks.

The bedding plants were taken up and removed to the greenhouse for propagation from cuttings.

The beds were manured and ninety thousand tulip bulbs were planted for the early spring flowering.

The force has also been engaged in pruning and caring for the trees and shrubs.

The usual work of propagating and preparing plants for spring bedding has gone forward at the greenhouses at One Hundred and Second street and Fifth avenue in the Central Park.

MAINTENANCE WORK.

The general maintenance work on the park has consisted of-

Cleaning, watering and rolling of the drives, also the cleaning and watering of the Transverse Roads, Fifth avenue, West Seventy-second street and the bridle-paths.

The sweeping of the walks and raking leaves off the lawns.

The cleaning of the road and walk basins and hauling of refuse to the dump.

Cleaning shores of the three lakes in Central Park.

Manure was hauled daily from the Menagerie, and the material was also hauled from the yard at Seventy-ninth street and Eighth avenue for the erection of the Skate Building on Large Lake, and also for the building on the Harlem Mere.

The Fourth Avenue, Park Avenue, East River Park and Manhattan Square received attention and were kept as clean as possible, considering the force and demands of other places.

The playing of games, such as tennis and croquet, continued on the park until Thanksgiving.

At Mount Morris Park the usual maintenance work was carried on, such as cleaning of the walks and lawns and repairing washout on the side-hill.

The cottages on the Central and City Parks were kept open in charge of Attendants from 8 A. M. to 5 P. M. The small City Parks, such as Abingdon Square, Jackson Square and Christopher Street Park, were closed at 5 P. M.

At Riverside Park the force was engaged in the general maintenance work of cleaning and watering the drive and bridle-path, cleaning lawns and gutters, repairing curb and gutters, and flagged walks.

Manure was hauled and spread on the grass plots.

The washouts on side-hills were also repaired.

At Morningside Park the force has been engaged in cleaning basins and walks and repairing washouts.

The force from this park were detailed for a part of the time in spreading manure on the Ball Ground, First Division, Central Park, on the Green, Second Division, Central Park, on the Tennis Grounds, Fifth and Sixth Divisions, Central Park.

On the lower City Parks the usual maintenance work has been attended to-walks cleaned and leaves raked off the lawns.

The Carpenter force has been engaged in general repairing, the main items of which were-

Repairs on 27 pieces of rolling stock. This work consisted of putting in new spokes, bodies, bottoms, etc.

97 settees and 65 signs were repaired for the Central and City Parks.

At the Ladies' Cottage, Madison Square, the partitions were repaired and closets generally overhauled.

About 2,000 running feet of new rail fence was erected at Mount Morris Park.

At the Eighty-fifth Street Stables the floors and stalls were extensively repaired.

At the Skate Building on Large Lake platform was erected outside the building, shelving and counter set and water-closets built.

At the Harlem Mere a platform was built on the outside of the Skate Building.

The force of painters has been engaged in the following miscellaneous work:

Painted, two coats, 5 pieces of rolling stock, also repairs on 18 other pieces.

Painted repairs at the following buildings: Shops, Arsenal, Harlem river bridges and 3 cottages on the Central Park.

135 lights of glass were put in the cottages and buildings on the Central and City Parks.

At the paint shop there were painted 200 settee slats, 75 spare truck-wheels, 28 settees, 34 lamps and 38 signs.

The Mason force has been engaged chiefly as follows:

At Mount Morris Park laid 1,500 feet of cement walk, rebuilt 1 receiving-basin and cut and set 3 blue-stone steps.

On Central Park rebuilt 12 brick piers and pointed 200 feet of retaining-wall at McGown's Pass Tavern, also repaired 8 neighboring walk basins.

At Eighty-fifth Street Stables relaid 50 square yards of pavement, also cut and set granite manhole-head in Eighty-fifth Street Transverse Road.

Built furnace at Skate Building, Large Lake, and laid 50 feet of 6-inch pipe.

On the City Parks, built 6 new basins and repaired 37 old ones, also repaired flagging at Cooper Park and Madison Square.

The Plumbing force has been engaged in repairing bursts in water-mains and general repairs of the plumbing work of the cottages and terminals on the Central and City Parks, also in the repair of the hydrants and fountains.

The Mechanical force, not included in the above, has been engaged as follows:

Harness-makers in repairs to harness and making of new harness.

Steam Engineers in attendance on boilers at the Arsenal, Eighty-fifth street shops.

The force of Engineers, Bridgetenders and others on the Harlem River Bridges have been engaged in the operation of these bridges, which require attention both day and night.

The force at the stables at Eighty-fifth street has been engaged in the care, etc., of the maintenance and driving horses stabled there.

The Horseshoers have been attentive to the necessary shoeing of these horses.

CONSTRUCTION WORK.

PAUL DANA, A. GAILUP, Auditing Committee.

NEW YORK, July 13, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same was approved and ordered transmitted to the Finance Department for payment, by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

On motion, at 11.15 A.M., the Board adjourned to meet Monday, 25th instant, at 11 A.M.

CHARLES DE F. BURNS, Secretary.

MONDAY, JULY 25. 1892—ADJOURNED MEETING, 11 A.M.

Present-Commissioners Dana (President), Gallup, Tappen.

On motion, the reading of minutes of previous meetings was dispensed with.

Commissioner Dana offered the following:

Resolved, That a revocable permit be granted to Mrs. N. E. Baylies to build a bay-window on Fifth avenue in accordance with plans furnished, the same to become permanent if within six months she shall have acquired the consent of the adjoining owner.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Gallup, Tappen-3.

Commissioner Tappen submitted a proposed modification of the agreement between this Department and the Trustees of the American Museum of Natural History in accordance with the provisions of chapter 270 of the Laws of 1892, and offered the following:

Whereas, It is provided by section 1, chapter 270 of the Laws of 1892, entitled: "An act to authorize further appropriations for the maintenance of the American Museum of Natural History in the City of New York," as follows, to wit:

Section 1. The Board of Estimate and Apportionment, upon the requisition of the Department of Public Parks, is hereby authorized to include annually in its final estimate of the amounts required to pay the expense of conducting the public business of the City of New York, in addition to the sum or sums now provided by law for the maintenance of the American Museum of Natural History, a further sum not exceeding fifty thousand dollars, upon the condition that the collections in the exhibition halls of said American Museum of Natural History shall be kept open and accessible to the public hereafter free of charge, throughout the year, excepting Mondays, but including Sunday afternoons and two evenings of each week, in order to enable the Trustees of said Museum to open said buildings on Sunday afternoon and close them for cleansing on Mondays; the said Department of Public Parks is hereby authorized, with the consent of such Trustees, to modify to that extent the contract now existing between said Department and the Trustees of said Museum.

And whereas, The Department of Public Parks desires, with the consent of the Trustees of the American Museum of Natural History, to modify the said contract in accordance with the terms of said Act; therefore

Resolved, That in order to enable the party of the second part to open said buildings on Sunday afternoon and close them on Mondays, the fourth section of the contract made and concluded on the 22d day of December, in the year eighteen hundred and seventy-seven, between the Department of Public Parks of the City of New York, party of the first part, and the American Museum of Natural History, party of the second part, be, with the consent of the party of the second part, modified to that extent; and the President is hereby authorized and directed to prepare and execute an agreement with the American Museum of Natural History modifying the aforesaid contract in accordance with this resolution.

Which were adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

2d. Recommending the widening of the Sixth avenue sidewalk five feet on each side for a length of two hundred feet, between Fifty-eighth and Fifty-ninth streets, with a view to the permanent improvement of the entrance to the park at that point. Referred to the President pro tem. to confer with the Commissioner of Public Works.

Commissioner Tappen offered the following:

Resolved, That the Board of Aldermen be requested to pass a resolution authorizing this Department to contract, without public letting, for paving with asphalt the area between the original curb-lines and the present curb-lines, to which the roadway has been widened, on either side of the Washington Memorial Arch in Washington Square, at an expense not exceeding two thousand dollars (\$2,000).

Which was adopted by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

Commissioner Gallup offered the following:

Resolved, That the contracts for which proposals have been this day received be awarded as follows:

For repaving, etc., roadway of Seventy-second street, to Charles H Babcock.

For improvement of Rutgers Park, to Joseph Moore.

For erecting railing around Rutgers Park, to Joseph Marren's Sons,

—they being the lowest bidders; that their proposals be sent to the Comptroller for his approval of the sureties, and when so approved, that the President be authorized to sign the contracts for and on behalf of the Department.

Which was adopted by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

- F. R. Haughton appeared and asked that West Seventy-second street be paved with asphalt or macadam. He was informed that the Department had no appropriation to pave the entire street but only sufficient for one block, and that it had been decided to resurface the block between Columbus and Amsterdam avenues.
- M. J. McDermott asked that the water-service introduced into the building in Pelham Bay Park occupied by the Sisters of Mercy be paid for by the Department. He was informed that there was no available appropriation.

A. GALLUP, N. STRAUS, Auditing Committee.

NEW YORK, August 17, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment, by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

On motion, at 12.40 P. M., the Board went into executive session.

The President pro tem. presented the following report:

The President reports:

That he has executed an agreement with the New York Central and Hudson River Railroad Company, providing for the construction of the proposed foot-bridge to Sedgwick avenue, from the northerly end of the Northern Railroad Bridge, a portion of which runs along the property of the said railroad company. A duplicate original thereof is herewith submitted to the Board. The clause for the removal of the bridge after thirty days' notice seems a reasonable proviso, as the railroad company receives no consideration for the granting of this easement. Doubtless condemnation proceedings could be commenced immediately after the serving of such notice. The construction of this footway was permitted by the New York and Northern Railroad Company also without consideration.

Pursuant to a request from the Department of Docks, a letter was written requesting a formal permit for the erection of a temporary bridge across the Harlem river at Seventh avenue. Such permit is herewith submitted.

Certain criticisms have appeared in the daily papers concerning the condition of the plantations in Central Park, and calling the Department's attention especially to the unhealthy condition of many of the trees, due to overcrowding. The Superintendent has been requested to give his attention to the matter and to report to the Board what, if any, steps should be taken. His reply is, in substance, that as much of the work was done during the present year as his force could do, and he recommends an increase of the force for that purpose. I am not aware, however, of any recommendation made by the Superintendent this year that any special force should be employed for that purpose, and in view of the condition of the appropriations, it would not be wise to increase the force at present, The Superintendent should have made appropriate recommendations before

the evil became first noticed by others than the properly constituted advisor of this Department. The two letters referred to are laid before the Board.

The Secretary has called my attention to the fact that on or about June, 1888, the issue of certain bonds to the amount of \$77,000 was authorized by the Board of Estimate and Apportionment for the purpose of completing the One Hundred and Tenth street wall and the approaches to the Museum of Art, of which there remains an unexpended balance of \$12,098.50. It is recommended that the Board of Estimate and Apportionment be requested to authorize this Department to use such balance for the purpose of constructing new asphalt walks in Central Park where needed. There is but little asphalt work there, the walks being almost wholly of tar. With the present foundation a new surface could be laid at the price paid for the same work on the city parks this year, viz.: ten cents per foot.

There is laid before the Board an application of the Union Railway Company for a permit to extend its tracks over the temporary bridge at McComb's Dam, the company offering to supply electric power to move the draw. In anticipation of similar proposals for the other bridges I caused an estimate to be made by Mr. Kellogg of the cost of operating the draws by steam power, and for the Madison avenue bridge, which shows:

For wages of firemen, and for repairs, coal, and all other incidental expenses for one year, \$1,500.

To install a motor complete would cost about \$3,000. The annual expense would be for the wages of three engineers only, in addition to oil and waste. Thus the cost of the motor would be saved in two years. These motors should be purchased out of the appropriation for next year. The estimate is herewith submitted.

In the matter of the application of Mary Hopper for permission to sell refreshments in the vicinity of the Lorillard house, I have to report that I have granted such a permit, refreshments to be sold by her under the piazza of the Lorillard House, she to pay the city five per cent. on the gross receipts. The refreshments to consist of eatables and non-intoxicating drinks, excluding also weiss beer.

From the Engineer of Construction, recommending the employment of a Draughtsman. Filed.

From the Secretary of the Civil Service Examining Boards, submitting the name of William F. Richards as an eligible applicant for appointment as a Topographical Draughtsman.

On motion of Commissioner Tappen, William F. Richards was appointed as Draughtsman at a salary of \$100 per month by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

From the Superintendent of Parks:

- 1st. Recommending that Foreman James McShane be given charge of the gardening work. Referred to the President pro tem. with power.
- 2d. Recommending the promotion of Owen Leonard to the grade and pay of an Assistant Foreman. Referred to the President pro tem. with power.

From the Engineer of Construction, reporting in relation to the work on the extension of the East River Park and the grounds around Castle Garden. Filed.

Commissioner Gallup offered the following:

Resolved, That the Acting President be authorized to restore to duty as many of the laboring force whose discharge was ordered on July 21 by reason of the insufficiency of the appropriation for labor, maintenance, etc., as may be necessary, and to direct the detail of such force to works of construction as may be required, to take effect September 1.

Which was adopted by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

From the Union Railway Company, applying for permission to lay car tracks over and across the Madison avenue bridge and the temporary McComb's Dam bridge over the Harlemriver. Laid over.

From William Van Valkenburgh, stating his unwillingness to resign his position as Property Clerk, as requested.

On motion of Commissioner Gallup the position of Property Clerk was abolished, to take effect September 1, 1892, by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

The Board then proceeded to consider evidence taken in the trials of Park Policemen.

Frank Dowd, charged with being late for roll call (two charges). Officer Dowd having resigned, no action was taken in his case.

Roundsman Edward P. Alcorn, charged with being absent from duty without leave, was acquitted.

Daniel Heaney, Doorman, charged with intoxication, was found guilty as charged and fined five days' pay by the following vote:

Ayes-Commissioners Gallup, Straus, Tappen-3.

On motion of Commissioner Tappen, the purchase of a team of horses from Stephen Peabody at \$150, subject to inspection by a veterinary surgeon, was authorized by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

On motion of Commissioner Straus, the President pro. tem. was authorized to increase the quantity of gravel to be furnished under contract with Brown & Fleming by an amount equal to twenty-five per cent. of such quantity as provided by the terms of the contract, by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

On motion, the discharge of William Wright, a Laborer, was ordered to take effect on the 11th instant.

On motion, at I P. M., the executive session arose and the Board adjourned to Wednesday, September 7, at IO A. M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, AUGUST 24, 1892—STATED MEETING, 11 A. M.

Present-

A quorum not being present no business was transacted.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, SEPTEMBER 7, 1892-ADJOURNED MEETING, 10 A. M.

Present-Commissioners Dana (President), Gallup, Tappen.

The following communications were received:

From the Secretary of the N.Y. Columbian Celebration Committee, in relation to obtaining permits to erect stands and an arch at Fifty-ninth street and Fifth avenue.

Thomas L. Hamilton, having charge of the matter for the committee, appeared and was heard relative to the application, stating that it was proposed to locate stands at Central and City Hall Parks and Union, Washington and Madison Squares. The matter was referred to the President with power.

From the City Improvement Society, inclosing a copy of a letter sent to the Board of Estimate and Apportionment indorsing the request made by this Department for money to repair the walks in Central Park. Filed.

From the Manhattan Athletic Club, asking permission for an evening parade of bicyclists through Central Park on the 17th instant. Referred to the President with power.

From the Engineer of Construction, in relation to the lighting of the approaches to the footways of the bridge over Harlem river, at Eighth avenue, with recommendations therefor.

On motion, the recommendations of the Engineer were approved, and the matter was ordered communicated to the Superintendent of Lamps and Gas.

The agreement entered into by the Department with the Trustees of the American Museum of Natural History, as approved by the Board, July 25, 1892, was received from the said Trustees duly executed and was ordered placed on file.

From C. Munro Digges, desiring to occupy the house on Twin Island, in Pelham Bay Park.

On motion of Commissioner Gallup, the Secretary was directed to reply that Mr. Digges may occupy the house at a rental of \$50 per month.

From M. L. Nichols, desiring permission to build a portico on the building known as No. 763 Fifth avenue. Referred to the Landscape Architect for report.

From the First National Bank, Bangor, Me., enclosing an assignment made by John Pierce to the said bank of \$50,000 from moneys due under contract for building the north extension of the Metropolitan Museum of Art. Laid over.

Mr. Pierce appeared and requested an extension of time on his contract, and stated that if granted he would have the building enclosed before November 1.

Mr. Wolf, the Architect of the work, was also heard relative thereto.

From the Engineer of Construction, submitting a time statement on the contract for erecting an iron railing around two parks on Park avenue. Filed.

From the Entomologist, reporting upon a communication from W. H. Schieffelin & Co., recommending the use of a preparation called antinonnin for destroying insects on the park trees.

On motion, the offer to furnish a quantity of antinonnin free of charge was accepted.

From Peter Haulenbeck and others, asking that Officer George Gregory be allowed to remain at Duane Street Park. Filed.

At the hour of eleven o'clock, Mr. E. G. Marsh, representing the Comptroller, being present, and the meeting open to the public, the President, in the presence of the representative of the Comptroller, and such of the parties making proposals as were present, opened the estimate-box and publicly opened and read all the estimates or proposals which had been received in accordance with advertisements duly published in the CITY RECORD for the following named works:

For Furnishing and Erecting an Electric Plant, and Wiring and Lighting of the North Wing of the Metropolitan Museum of Art in Central Park.

Names of Bidders.	Amount,
New York Electric Equipment Company	\$23,400 00
General Electric Company	32,400 00

For the Excavating, Mason Work, Granite, Iron Work, Skylights, Asphalling, Carpenter Work, Painting, Plumbing, etc., etc., for a Boiler House, Engine Room, etc., to be Erected in Central Park in the City of New York for the use of the Metropolitan Museum of Art.

Names of Bidders.	Amount.
J. H. & R. H. Deeves	\$51,000 00
Thomas Dwyer	47,700 00
P. Gallagher	48,488 00
Mahoney & Watson	52,535 00
Geo. Vassar & Son	53,300 00
Booth Brothers & Hurricane Isle Granite Company	57,100 00
James D. Murphy	55,460 00

From F. G. Swan, declining to make a complaint against Officer Conroy. Filed.

From C. J. Hannelly, Clerk, reporting relative to instructions given him by Mr. Van Valkenburgh, late Property Clerk. Filed.

A committee of the Horace Greeley Statue Committee, consisting of Messrs. George H. Moore, Chairman, Marvin D. Savage, Secretary, Alexander Smiley, Abm. Pietch, William P. Robinson, William A. Heaton, William P. McHugh and George Fentrick, requested that the location of the site for the Greeley statue be changed to a point further towards the base of the triangle at Thirty-second street and Broadway, for the reason that the station of the elevated road is so close to the apex of said triangle that it would conceal the statue from view on the Sixth avenue side. The committee were informed that their request would be communicated to the Landscape Architect for his consideration in making up the final plan of location.

Commissioner Tappen offered the following:

Resolved, That the Captain of Park Police inquire and report to the Board the propriety of discontinuing police service on Duane street and other small parks where the streets are patroled by the municipal Police force.

Which was adopted by the following vote:

Ayes - Commissioners Dana, Gallup, Tappen-3.

Commissioner Dana offered the following:

Resolved, That the contracts for which proposals have been this day received be awarded as follows:

For an electric light plant for the north wing of the Metropolitan Museum of Art, to the New York Electric Equipment Company.

For erecting boiler-house, etc., to Thomas Dwyer.

—they being the lowest bidders; that their proposals be sent to the Comptroller for his approval of sureties, and when approved, that the President be authorized to sign the contracts for and on behalf of the Department.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—.3

Engineer A. P. Boller appeared before the Board and was heard in explanation of the right of way maps prepared by him for the Jerome avenue approach to the new McComb's Dam Bridge.

Commissioner Dana offered the following:

Resolved, That all action heretofore taken by this Board touching maps showing lands required for the Jerome avenue approach to the new McComb's Dam Bridge be and the same hereby is rescinded.

Resolved, That the map and technical description this day presented, showing lands required for an approach one hundred feet in width, with an additional width of ten feet for a distance of thirty feet from the easterly bulkhead line of the Harlem river be and the same hereby is approved.

Resolved, That the map now before the Board of Estimate and Apportionment, showing land proposed to be acquired for the said approach, dated May 6, 1892, be withdrawn, and that the said Board be respectfully requested to rescind its action of March 29, 1892, in approving a map showing lands required for an approach eighty feet in width, and to approve the map and description this day approved by this Board.

Which were adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

The following communications were received:

From the Clerk of the Board of Aldermen, transmitting a copy of a resolution permitting the Wilson & Baillie Manufacturing Company to depress the curb at Riverside avenue and Ninetieth street to conform to the established grade. Filed.

From the Secretary of the Metropolitan Museum of Art, relative to closing the Museum Building from October 24 to November 8, for cleaning and rearranging collections. Filed.

From the City Improvement Society respecting the Departmental Estimate for 1893, also the carrying of lights by vehicles using Central Park at night. Filed.

From John J. Adams, enclosing a petition of property-owners protesting against the use of West Seventy-ninth street for railroad purposes. Filed.

From James McCauley, submitting a statement of an auction sale of buildings on Crotona and Bronx Parks. Filed.

From John H. O'Rourke, presenting a bill amounting to \$1,424 for extra work done in connection with his contract for mason and granite work for the south approach, etc., to the Metropolitan Museum of Art. Referred to the Building Committee of the Museum Trustees for report.

From the Landscape Architect, reporting upon a plan for making alterations to a shed at the Metropolitan Museum of Art. Filed.

On motion of Commissioner Dana, the plan for altering the shed at the Art Museum was approved and an order for doing the work was authorized to be issued at an expense not to exceed \$960 by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

From the Superintendent of Parks, recommending the acceptance of a quantity of mould offered by Jas. H. Wells to be delivered free of charge.

On motion, the Superintendent was authorized to accept the mould offered.

From the Superintendent of Parks and the Engineer of Construction, reporting as to a plan for lighting Morningside Park. Filed.

From the Engineer of Construction, recommending the construction of an iron railing around one additional park on Park avenue.

On motion of Commissioner Gallup, an order for doing the work, at a cost of \$1.75 per lineal foot, was authorized to be issued by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

From H. T. Woodman, Consulting Architect, in relation to the specifications submitted by him on 21st ult., for a boiler and filter for Castle Garden.

Commissioner Dana moved that the specifications for a boiler and filter as submitted be approved, and that a form of contract be prepared and printed, and, when printed and approved as to form by the Counsel to the Corporation, that the Secretary be directed to insert an advertisement in the CITY RECORD inviting proposals for doing the work, which was carried by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

PAUL DANA, Auditing Committee.

NEW YORK, October 19, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

On motion, at 11.50 A.M., the Board went into executive session.

Commissioner Tappen offered the following:

Resolved, That Park Police force, by reason of extra and efficient service on the days of the Columbus celebration, have thirty-six hours relief from duty in such manner as Captain Collins may decide, to be in accordance with the discipline and duties of the force, without deduction of pay.

Which was adopted by the following vote:

Ayes-Commissoners Dana, Gallup, Straus, Tappen-4.

A communication was received from the Captain of Police, calling attention to the vigilance shown by Officers Isaac Dobson and John T. McGee on the occasion of their capture of Adam Thompson, a highway robber.

On motion of Commissioner Gallup, honorable mention was ordered made of the vigilance and efficiency shown by Officers Dobson and McGee.

Commissioner Tappen offered the following:

Resolved, That the Landscape Architect be directed to consider and report upon the question of increasing the facilities for pedestrians to cross the Central Park from east to west or vice versa.

Which was adopted by the following vote:

Ayes - Commissioners Dana, Gallup, Straus, Tappen-4.

On motion of Commissioner Tappen, the President was authorized to execute a contract with the Keystone Bridge Company for replacing with steel the tracks of the turn-table of the Madison Avenue Bridge, at an expense not to exceed \$3,600 by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

On motion of Commissioner Gallup, the matter of ascertaining the cost of constructing underground conduit for lighting Central Park with electric light was referred to the President for report. Commissioner Dana offered the following:

Resolved, That, inasmuch as the surface of Seventy-second street, between Columbus and Amsterdam avenues, has been perfected as a parkway, the rules be applied thereto which prevail in Riverside Drive in regard to business traffic.

Which was adopted by the following vote:

Ayes-Commissioner Dana, Gallup, Straus, Tappen-4.

On motion of Commissioner Gallup, the Engineer of Construction was directed to proceed with the preparation of surveys and plans for the extension of the Parade Ground in Van Cortlandt Park.

On motion of Commissioner Gallup, the form of contract and specifications for cleaning and concreting the Pond in Central Park, as approved by the Board of Estimate and Apportionment, was ordered printed and the work was ordered advertised.

On motion, at 12.20 P.M., the executive session arose and the Board adjourned.

CHAS. DE F. BURNS, Secretary.

WEDNESDAY, OCTOBER 26, 1892-STATED MEETING, II A. M.

Present-Commissioners Dana (President), Gallup, Straus, Tappen.

The reading of minutes of p evious meetings was dispensed with.

Messrs. Jacob F. Miller, John P. O'Brien, William S. Patten, E. Twyeffort, Horatio J. Brewer and John H. Ammon submitted petitions and were heard in favor of the construction of a carriage entrance to Central Park at West Ninetieth street.

Mr. Alfred Skitt appeared before the Board and offered to procure the consent of the propertyowners on Eighty-fifth street, between Fifth and Madison avenues, to the construction of a railroad connecting the existing railroad in Transverse Road No. 3 with the Madison Avenue line, pending the settlement of the question as to the extension of said Transverse Road railroad eastward and westward, under the act of the Legislature of 1892.

Mr. Ashley W. Cole, Secretary of the Ericsson Monument Committee, made application for the payment to J. Scott Hartley, sculptor, of one thousand dollars, on account of work on the statue of John Ericsson.

On motion, the matter was laid over pending the receipt of an opinion from the Counsel to the Corporation.

The following communications were received:

From the Board of Estimate and Apportionment, transmitting copies of resolutions of said Board, as follows:

- 1st. Transferring the sum of \$3,600 to the appropriation for Harlem River Bridges for the purpose of renewing the tracks of the draw of the Madison Avenue Bridge. Filed.
- 2d. Approving specifications and form of contract for cleaning and concreting the pond in Central Park. Filed.
- 3d. Authorizing the issue of bonds for \$2,000 for the preparation of plans, etc., for the extension of the parade ground in Van Cortlandt Park. Filed.

From the Secretary of the National Horse Show Association, asking that the mounted Park Police be allowed to compete for prizes at the coming exhibition to be given by the Association.

On motion, permission was given the mounted squad to take part in the exhibition, with the provision that horses who have won blue ribbons in any previous contest shall not be allowed to enter.

From F. A. Ringler, Jacob Ruppert and others, complaining of the burning of leaves in Fifth avenue, opposite the park. Filed.

From the Engineer of Construction, reporting an estimate of the cost of constructing an entrance to the Central Park at West Ninetieth street. Filed.

From the Superintendent of Parks, reporting in relation to the proposed location of electric lights in Bryant Park.

On motion, the report of the Superintendent was approved and ordered communicated to the Gas Commission.

From the General Inspector, calling attention to a number of tree labels now on hand, and recommending that they be placed on the trees. Referred to the Superintendent of Parks for compliance.

From the Engineer of Construction:

- Ist. Reporting a time statement on the work of repairing the roadway of Seventy-second street, between Columbus and Amsterdam avenues, and recommending that all penalty for overtime be remitted on account of unavoidable delays in the prosecution of work. Approved.
- 2d. Reporting upon an application of Edwin C. Gregory for promotion from the grade of Axeman to that of Leveler.

On motion, Edwin C. Gregory was promoted to the grade of Leveler at a compensation of \$90 per month, to take effect on the 1st proximo.

From A. P. Boller, Engineer, recommending that William F. Stone and James A. Fitzgerald, Inspectors on the One Hundred and Fifty-fifth Street Viaduct be employed, when required, on the masonry work of the new McComb's Dam Bridge, their time to be charged between the two structures as used.

On motion, Engineer Boller was authorized to employ the two Inspectors when necessary, in the manner recommended by him.

Commissioner Gallup reported as follows concerning matters referred to him:

1st. Widening of the sidewalks on Sixth avenue, between Fifty-eighth and Fifty-niuth streets.

The Commissioner of Public Works, with whom he conferred recently, was of the opinion that the cost of the improvement would not be justified by the benefit resulting, and was not inclined to view the idea favorably.

2d. The resolution requesting the Sinking Fund Commissioners to withdraw permission granted the Dock Department to lease the platform in front of Castle Garden.

Commissioner Gallup conferred with the Dock Department at a recent meeting, and was told that they had withdrawn their consent to tug-boats and other vessels landing there, and that the only vessels using the platform with their authority were the Fire-boat and the Mail-boat. That they intend to repair the platform in front of Castle Garden in the spring if this Department does not do so.

In spite of the action of the Dock Board, three tug-boats were moored to this wharf on the day on which this conference was held, and the Dock Commissioners said that it was difficult to keep them away as they are moored at every unoccupied place.

Under the circumstances it is questionable whether it will be wise for this Department to maintain the platform, and whether it would not be preferable to remove it entirely, leaving the sea-wall as it originally was, with chains between the posts, thus making the westerly edge of the Battery similar in appearance to the southerly part of it.

Commissioner Gallup offered the following:

Resolved, That the Commissioners of the Sinking Fund be notified that it is the intention of this Department to proceed forthwith with the construction of an aquarium at Castle Garden and the improvement of the grounds adjacent thereto, in accordance with plans submitted to and approved by the Board of Estimate and Apportionment, and that they be requested to withdraw any permission or consent that may have been granted the Department of Docks, by reason of which the use is made of the dock at Castle Garden for landing purposes by steamboats and tugs.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

The Board then proceeded to consider evidence taken in the trials of Park Policemen.

Thomas Smith, charged with violation of rules and conduct unbecoming an officer.

On motion, charge dismissed.

William C. Zwisler, charged with violation of rules and conduct unbecoming an officer.

On motion, charge dismissed.

On motion of Commissioner Dana, the Comptroller was requested to return the security deposits to all the bidders on the work of constructing retaining-walls on Riverside Park, excepting the lowest, Robert Hanna & Co.

The matter of proposed regulations, requiring tugs passing the draws of bridges over Harlem river to have drop smoke-stacks and flagpoles was discussed, and

On motion, referred to Commissioner Tappen for conference with the United States Customs authorities and report thereon.

The matter of proposed regulations, permitting equestrians the use of the drives in Central Park north of One Hundred and Second street only, and south of that point restricting them to the use of the bridle paths, was referred to Commissioner Straus.

Commissioner Gallup moved the following amendments to the By-Laws:

To amend section 3 of article I. by striking out the hour of 11 o'clock and inserting 9.30 o'clock, so as to read as follows:

Sec. 3. The hour of meeting shall be 9.30 o'clock A.M., except as the Board may from time to time otherwise order.

To amend article III. by striking out all of sections 2 and 4 and by changing section 7 so that the same shall read as follows:

Sec. 7. There shall be a General Inspector who shall hold office during the pleasure of the Board, and who shall be charged with the duty of inspecting all buildings, structures and other property of the Department, and reporting upon their condition from time to time as required by the President. He shall also be responsible for all tools and materials, and in January and July of each year shall submit an inventory thereof. He shall receive from the police and care for all animals and articles found on the parks, keep the time of all the employees, and prepare and certify to the pay-rolls. He shall perform such other duties as the Board or the President may from time to time direct.

The President put the question whether the Board would agree with said amendments, and it was decided in the affirmative by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen-4.

On motion, at 12.50 P.M., the Board adjourned to meet November 2, at 10 A.M.

CHARLES DE F. BURNS, Secretary.

Wednesday, November 2, 1892 - Adjourned Meeting, 10 a. m.

Present—Commissioners Dana (President), Straus, Tappen.

The following communications were received:

From the Superintendent of Parks, calling attention to the importance of lighting the Circle at Fifty-ninth street and Fighth avenue and enclosing a plan showing proposed location of lights.

On motion, the Superintendent's recommendation was approved, and ordered communicated to the Gas Commission.

From the Secretary of the Metropolitan Museum of Art, in relation to the claim of John H. O'Rourke for extra work in connection with his contract for mason and granite work at the Museum.

Filed, with directions to the Secretary to obtain more definite information respecting the claim.

From Fernando Miranda, sculptor, submitting details and photographs of the model of a statuary group for a Columbus fountain, proposed to be presented to the City by the Circulo Colon-Cervantes. Referred to the Art Committee for report as to the ments of the group as a work of art.

Mr. L. Laffin Kellogg, representing Robert Hanna & Co., appeared and asked that the contract for building retaining-walls at Riverside Park, be awarded to them, they being the lowest bidders, and also stated his willingness to go over the claim embodied in their suit against the City and make a fair settlement of the same, and that said suit was for a remission of penalties on a contract and was brought because there was no way to settle such questions except by suit.

Commissioner Dana offered the following:

Resolved, That the contract for retaining-walls at Riverside Park, for which proposals were received on 19th ultimo, be awarded to Robert Hanna & Co., the owest bidders; that their proposal

be sent to the Comptroller for his approval of sureties and when so approved that the President be authorized to sign the contract for and on behalf of the Department.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Straus, Tappen—3.

Mr. James A. Deering, representing Messrs. Isidor and Simon Wormser, presented a petition to revoke the permit heretofore given the Trustees of Sophia Augusta Sherman, to erect projecting windows on premises at the corner of Fifth avenue and Sixty-fifth street, the said Wormsers being owners of adjoining property, and said permission having been granted without their consent.

Commissioner Dana offered the following:

Resolved, That inasmuch as it is represented to the Department by the petition of the adjoining owners that the house on the corner of Sixty-fifth street and Fifth avenue is being built in violation of the usual regulations under which permits for bay-windows are granted, that the permit heretofore granted to the Trustees of Sophia Augusta Sherman be hereby revoked pending investigation and until further order of this Board.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen-3.

Mr. Fordham Morris presented resolutions adopted by the High Bridge Improvement Organization, relative to the proposed Ogden avenue approach to the new McComb's Dam Bridge.

Commissioner Tappen offered the following:

Resolved, That the Consulting Engineer be requested to report the situation of the Ogden avenue approach in connection with the new Central Bridge, and probable cost of construction, also as to right of way.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Straus, Tappen-3.

Commissioner Tappen offered the following:

Whereas, The city bridge known as the Third Avenue Bridge over the Harlem river is a great public thoroughfare, the free passage of which is necessary to accommodate the crowds of people and great numbers of vehicles using the bridge every hour in the day and especially in the morning and evening hours;

Resolved, That the draw of the bridge shall be open at all hours for the usual navigation of the river, except between the hours of six and nine in the morning and five to seven o'clock in the evening, and that between those hours the draw shall not be opened for transient or other vessels.

It is further ordered that this regulation shall not apply to the regular transportation boats of the New York and Northern Railway, but such boats shall have the right of passage as heretofore.

This regulation shall go into effect November 10, 1892.

A further modification of this rule will be considered in favor of tugs and boats having droppipes and low flagstaffs to facilitate passage through the draws.

Laid over.

Commissioner Tappen reported that he had granted permission to John H. Keller and John Deisser to cut ice on the Bronx river during the coming winter, the former to pay the sum of \$300 and the latter \$100 for the privilege.

On motion of Commissioner Tappen, the Superintendent of Parks was directed to prepare and submit specifications and form of contract for the construction of a crematory and manure pit in Central Park, as per plan approved January 28, 1891.

The President from the Auditing Committee presented the following report:

NEW YORK, November 2, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered to be transmitted to the Finance Department for payment by the following vote:

Ayes—Commissioners Dana, Straus, Tappen -3.

On motion, at 11.30 A. M., the Board adjourned.

CHARLES DE F. BURNS, Secretary.

WEDNESDAY, NOVEMBER 9, 1892—STATED MEETING, 9.30 A.M.

Present-Commissioners Dana (President), Gallup, Straus, Tappen.

Commissioner Straus offered the following:

Resolved, That on and after November 15, 1892, all equestrians passing in or through the Central Park south of One Hundred and Second street shall be permitted the use of the drives before twelve o'clock M. only and after that hour they shall be restricted to the use of the bridle roads except at crossings.

Commissioner Tappen moved to amend by inserting after "1892," the words "and in the interest of the public safety."

Which was carried by the following vote:

Ayes—Commissioners Gallup, Straus, Tappen—3.

No-Commissioner Dana-1.

The resolution offered by Commissioner Straus as amended was then adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

The following communications were received:

From the Engineer of Construction:

- Ist. Reporting a time statement on the contract for repairing and repaving with rock asphalt the walks in the City Parks and recommending that all penalty for overtime be remitted on account of unavoidable delays. Approved.
- 2d. Submitting an assessment list for relaying flagging on the north side of West Seventy-second street, from West End avenue to a point about one hundred feet easterly therefrom.

On motion of Commissioner Dana, the said assessment list was approved and signed by the Commissioners and ordered transmitted to the Board of Assessors, by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

From William Durland, in relation to proposed regulations for equestrians in the Central Park. Filed.

From the Superintendent of Lamps and Gas, stating that orders had been given for the erection and lighting of four gas-lamps at Eighth avenue and Fifty-ninth street, as requested by this Department. Filed.

From the Superintendent of Parks, submitting revised plans for a tool-shed to be erected at the Seventy-ninth street and Eighth avenue yard in Central Park.

Commissioner Dana offered the following:

Resolved, That the revised plans for a tool-shed to be erected in the Central Park, this day submitted, be approved, to take the place of the plans approved February 5, 1890, and that the same be forwarded to the Board of Estimate and Apportionment for approval in place of the plan approved by said Board July 6, 1892, and with the request that the Comptroller be authorized to issue bonds to the amount of ten thousand five hundred dollars in the manner provided by chapter 575 of the Laws of 1887, for the purpose of erecting the building, in lieu of the amount (thirteen thousand two hundred and seventy dollars) authorized by said Board July 6, 1892.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

The Board then proceeded to consider evidence taken in the trials of Park Policemen.

CHARLES DE F. BURNS, Secretary.

WEDNESDAY, NOVEMBER 23, 1892—STATED MEETING, 9.30 A. M.

Present-Commissioners Dana (President), Gallup, Straus, Tappen.

The following communications were received:

From the Clerk of the Board of Estimate and Apportionment:

- 1st. Transmitting a copy of the action of said Board in approving revised plans for a tool-shed to be erected in Central Park and providing funds therefor. Filed.
- 2d. Advising of the action of said Board in deciding to adhere to its action in adopting the plans as originally presented, showing the proposed Jerome avenue approach to the new McComb's Dam Bridge, eighty feet in width. Filed.
- 3d. Transmitting a copy of a resolution transferring the sum of \$217.98 to the appropriation for the Zoological Department for the year 1891. Filed.

From the Secretary of the Metropolitan Museum of Art, in relation to the claim of John H. O'Rourke for extra work in connection with his contract for mason-work, etc., at the Metropolitan Museum of Art. Filed.

From Thomas M. North, in relation to the rule regulating the use of the park drives by equestrians, and

From H. A. Hutchins, in relation to the same. Filed.

- From A. Newhold Morris, in relation to erecting permanently the Columbian Arch on Fifth avenue near Fifty-ninth street. Filed.
- From H. H. Balch, desiring to occupy the dwelling known as the Hoyt House in Pelham Bay Park. Referred to the President.
- From E. D. Digges, desiring to occupy the building known as the Hunter House, at Bay Chester, in Pelham Bay Park. Referred to the President.

The matter of the permit granted to the trustees of Mrs. Sherman for bay windows on building at **F**ifth avenue and Sixty-fifth street was then taken up for consideration.

Messrs. John L. Cadwalader and John M. Bowers, representing the trustees of Mrs. Sherman, appeared, submitted petition and affidavits, and asked that the resolution of November 2, suspending the permit granted to the said trustees, be rescinded.

James A. Deering, representing Messrs. Simon and Isidor Wormser, appeared in opposition, and submitted petition and affidavits.

Commissioner Dana offered the following:

Resolved, That inasmmch as it has been ascertained that the bay windows on the building at the corner of Sixty-fifth street and Fifth avenue are within the limits of the permit granted on March 9, and inasmuch as they are now nearly completed, and that although begun in the beginning of June no opposition was manifested on the part of the adjoining owner until November 2, and that the work cannot be disturbed without serious damage to the building, the resolution of November 2 pertaining thereto be rescinded and that the permit issued on March 9 be again in force, and that the work may be completed under the permit originally issued.

Which was adopted by the following vote:

Ayes - Commissioner Dana, Gallup, Straus, Tappen-4.

Mr. E. G. Marsh, representing the Comptroller, being present, and the meeting open to the public, the President, in the presence of the representative of the Comptroller, and such of the parties making proposals as were present, opened the estimate-box and publicly opened and read all the estimates or proposals which have been received in accordance with the advertisements duly published in the CITY RECORD for taking down and rebuilding brick walls of the annex in the Castle Garden building.

- 3d. Submitting a plan for a building to be erected on the shore of the Central Park Lake for the accommodation of skaters, with an estimate of the cost. Referred to the President, with power.
- 4th. Submitting specifications and form of contract for a tool house and shed to be built on the westerly side of Central Park, near Transverse Road No. 2.

On motion, the specifications and form of contract were approved and ordered printed, and when so printed and approved as to form by the Counsel to the Corporation, the Secretary was directed to insert an advertisement in the City Record, inviting proposals for doing the work, by the following vote:

Ayes -- Commissioners Dana, Gallup, Straus, Tappen-4.

From the Landscape Architect:

1st. Enclosing a modified design of the drinking fountain to be presented by Mrs. Graydon for erection on the parks and recommending its acceptance.

On motion, the design referred to was accepted by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

2d. Reporting favorably on plans showing a porte cochere, to be erected in connection with the proposed building on Sixty third street, between Columbus avenue and the Boulevard.

Commisssoner Dana offered the following:

Resolved, That the consent of this Department be and the same hereby is given to the erection of a porte cochere on a building to be erected by Thomas H. Brush on West Sixty-third street between Columbus avenue and the Grand Boulavard, in accordance with plans showing the projection filed in this office by H. C. Carrel and J. G. Glover, architects.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen--4.

From the Captain of Police, reporting the suspension of Officer Michael F. Tallon, pending trial on a charge of perjury preferred against him by Mrs. Lillie Coleman. Filed.

From the Captain and the Surgeon of Police, reporting the death on the 19th inst. of Park Policeman Thomas F. Morrow. Filed.

From the Engineer of Construction, recommending the reappointment of William S. Richards as a Topographical Draughtsman.

On motion, William S. Richards was appointed to the position in which he had been temporarily employed by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

Commissioner Tappen offered the following:

Resolved, That in order to determine the duties and obligations of the Commissioners of Public Parks, as trustees of the pension fund created by chapter 515 of the Laws of 1892, and the investment and disposition thereof, the President and Commissioner Gallup are appointed a committee to examine and report thereon at a future meeting.

Commissioner Gallup offered the following as a substitute:

Resolved, That Commissioner Tappen be and he is hereby requested to examine the Police Pension bill which takes effect on the 1st of January, 1893, and to suggest legislative changes for the purpose of more effectually carrying out its purpose, in order that a bill may be prepared and introduced at the opening of the new Legislature.

Debate was had thereon, whereupon, on motion, the matter was laid over.

Commissioner Gallup presented to the Board a statement of the cost of maintaining the flock of sheep in Central Park for the years 1891 and 1892, and offered the following resolution:

Resolved, That in the opinion of this Board it is inadvisable to maintain the sheep in Central Park during the year 1893, and that the same be ordered sold at auction as soon as the Director of the Menagerie shall advise that it is expedient, to the end that the highest price may be obtained. Laid over.

Mr. Simon Stevens appeared before the Board and was heard relative to the proposed regulation for closing the draw of the Third Avenue Bridge, over Harlem river, during certain hours of the day.

Commissioner Tappen offered the following:

The Union Railway Company of New York City having heretofore applied for permission to maintain its tracks upon and across the Madison Avenue Bridge for the purpose of running cars across the said bridge, which cars have been heretofore operated by animal traction, and the said company having determined to operate its cars across the said bridge and upon the rest of its route by electric traction;

Now, for the purpose of enabling said company to effect such change, and for the purpose of securing the proper operation of the bridge as a draw-bridge, when so operated, and for the purpose of securing to the public the greater facilities to be afforded by the use of electric power as a motive power, and for other purposes;

Resolved, That the Union Railway Company of New York City is permitted to maintain its tracks upon and across the Madison Avenue Bridge, and is permitted to run cars, operated by electric power, thereon, and to erect upon the bridge poles fit to carry the wires necessary for the propulsion of the said electric cars upon the bridge, and to construct whatever additional fixtures and wires may be required for such purposes, and is hereby granted full power and authority to run cars to be operated by electric power on the tracks upon and across the Madison Avenue Bridge, provided, however, that the said company shall so construct its tracks, poles, wires, fixtures and appurtenances, and shall so run, manage and operate its cars as not to impair

the use of the bridge as a draw-bridge, and public highway; and provided further, said company shall submit a detailed specification for the work to be done to this Department for approval, and further, that this permission shall be subject to any change in the elevation or grade of the bridge and approaches; further

Resolved, That the said Union Railway Company in consideration of the license herein granted and during the life of this permit, shall supply electric power sufficient to operate the motor to turn the draw of the bridge, the power to be supplied during the whole twenty-four hours, it being understood that the Department of Parks shall supply the plant; notice that such supply of power shall be required of the Union Railway Company of New York City shall be given within thirty days prior to the date when such power shall be required; further

Resolved, That should it be found at any time inoperative or inadvisable by said Union Rail-way Company of New York City to operate its cars by electric traction it may abandon the use of such power and revert to the use of animal power.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

From John A. Wyeth, M. D., in relation to a statue of Dr. J. Marion Sims, proposed to be erected in the parks.

On motion of Commissioner Tappen, the President was authorized to accept the statue on behalf of the Department upon receipt of a favorable report from the Advisory Art Committee, by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

From the Superintendent of Parks, asking to be granted a vacation of three weeks on account of ill-health. Granted.

Commissioner Dana reported that he had recommended to the Board of Estimate and Apportionment that appropriations of \$85,000 and \$75,000 be made to the Metropolitan Museum of Art and the American Museum of Natural History respectively.

Commissioner Tappen offered the following:

Whereas, The minutes fail to show that on October 19, 1892, the President was authorized, when appearing before the Board of Estimate and Apportionment, to change the amount of the appropriations recommended for the Metropolitan Museum of Art and the American Museum of Natural History for the year 1893, from fifty thousand dollars each to eighty-five thousand dollars and seventy-five thousand dollars respectively; therefore,

Resolved, That the minutes be amended and the action of the President under such authorization be entered and approved.

Which was adopted by the following vote:

Ayes—Commissoners Dana, Gallup, Straus, Tappen—4.

N. STRAUS, Auditing Committee.

NEW YORK, November 23, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment, by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

On motion, at 12.35 P.M., the Board adjourned to meet Friday, 25th instant, at 10 A.M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

FRIDAY, NOVEMBER 25, 1892—ADJOURNED MEETING, 10 A. M.

Present-Commissioners Dana (President), Gallup, Tappen.

The proposed regulation requiring the closing of the draws of the Harlem River Bridges during certain hours of the day was taken up and considered.

Mr. Simon Stevens was heard in relation thereto.

Commissioner Tappen offered the following preamble and resolution as a substitute for that offered by him on the 2d instant:

Whereas, By the River and Harbor Act of Congress, approved September 19, 1890, the Secretary of War was directed to cause the low bridges now crossing the Harlem river to be replaced by draw-bridges, twenty-four feet high in the clear above the high water of spring-tides, at the expense of the owners thereof; and provides that the Secretary of War shall prescribe the time and regulations for the opening and operating of the draws in said new bridges, but that said draws shall not be required to be opened at any time other than between ten o'clock in the forenoon and five o'clock in the afternoon, and

Whereas, Many thousands of passengers and vehicles of all descriptions and a great number of street surface cars daily cross the bridges over the Harlem river, and

Whereas, The frequent and irregular opening of the draws of the bridges at Madison avenue and Third avenue at all hours causes great inconvenience and delay to passengers, public and private vehicles and to the lawful and necessary use of the said bridges as important public highways, and are thereby against the best interests of the City of New York, therefore

Resolved, That from and after the 1st day of December, 1892, the draws of the bridges at Madison and Third avenues be not opened or operated between the hours of six and ten in the morning and four and seven in the afternoon, except when otherwise ordered by the Secretary of War.

On motion, the matter was laid over until a full meeting of the Board.

Communications were received from the Presidents of the Metropolitan Museum of Art, the National Academy of Design and the New York Chapter of the American Institute of Architects,

reporting favorably as to the artistic merit of the group of the fountain proposed to be presented to the City, commemorative of the discovery of America by Columbus.

On motion, the fountain was accepted and the matter was referred to the Landscape Architect for recommendation as to a suitable site.

Commissioner Gallup called up the following resolution offered by him and laid over on the 23d instant and moved its adoption:

Resolved, That Commissioner Tappen be and he is hereby requested to examine the Police Pension Bill which takes effect on the 1st of January, 1893, and to suggest legislative changes for the purpose of more effectually carrying out its purpose in order that a bill may be prepared and introduced at the opening of the new Legislature.

The President put the question whether the Board would agree with the said resolution, which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

The President from the Auditing Committee presented the following report:

The Auditing Committee beg leave to report that they have examined and audited the following bills, and submit the same to the Board for approval:

National Calcium Light CompanyMusic..... \$603 00 Woodman, H. T., professional services.... Castle Garden, etc., Improve-82 50 \$685 50 RECAPITULATION. 603 co

\$685 50

Amounting to the sum of six hundred and eighty-five dollars and fifty cents.

PAUL DANA, A GALLUP, Auditing Committee.

NEW YORK, November 25, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

On motion, at 11.25 A. M., the Board adjourned to meet Wednesday, 30th instant, at 9.30 A. M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, NOVEMBER 30, 1892—ADJOURNED MEETING, 9.30 A.M.

Present-Commissioners Dana (President), Gallup, Straus, Tappen.

The following communications were received:

From the Counsel to the Corporation, advising the Department in relation to the erection of a statue of the late John Ericsson, as provided by chapter 251 of the Laws of 1891.

Commissioner Gallup offered the following:

Resolved, That the Board of Aldermen be respectfully requested to pass an ordinance authorizing this Department to enter into a contract, without public letting, for the erection on the parks of a statue of John Ericsson, at an expense not to exceed ten thousand dollars, pursuant to the provisions of chapter 251, Laws of 1891, authorizing the erection of said statue.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Tappen—3.

From the Presidents of the Metropolitan Museum of Art and the National Academy of Design and the New York Chapter of the American Institute of Architects, reporting favorably on the statue of Dr. J. Marion Sims, proposed to be erected on the parks. Filed.

From W. H. S. Wood, in relation to the acceptance of the statue of Dr. Sims. Filed.

From the President of the American Museum of Natural History, enclosing estimates for office and library furniture required for the Museum, amounting to \$991.

On motion of Commissioner Dana, an order was authorized to be issued for the purchase of the furniture, at an expense not to exceed the amount of the estimates, by the following vote:

Aves—Commissioners Dana, Gallup, Tappen—3.

From the Landscape Architect, suggesting changes in the street system at One Hundred and Sixth street and Riverside Drive, as shown on an accompanying design. Referred to the President.

From the General Inspector, relative to the need for repairs to the Park Ambulance and recommending that it be located at the Eighty-fifth Street Stables instead of the Sheepfold. Approved.

From the Superintendent of Parks, in relation to a boat-load of gravel delivered by the contractors in excess of the quantity required. Filed.

Commissioner Tappen offered the following:

Whereas, By the River and Harbor Act of Congress, approved September 19, 1890, the Secretary of War was directed to cause the low bridges, now crossing the Harlem river, to be replaced by draw-bridges, twenty-four feet high in the clear above high water of spring-tides, at the expense of the owners thereof, and provides that the Secretary of War shall prescribe the times and regulations for the opening and operating of the draws in said new bridges, but that the said draws shall not be required to be opened at any time other than between ten o'clock in the forenoon and four o'clock in the afternoon; and

Whereas, Many thousands of passengers and vehicles of all descriptions and a great number of street surface cars daily cross the bridges over the Harlem river; and,

Whereas, The frequent and irregular openings, at all hours, of the draws of the bridges at Madison and Third avenues cause great inconvenience and delay to passengers, to public and private vehicles and to the lawful and necessary use of said bridges as important public highways, and are consequently against the best interests of the City of New York; therefore, be it

Resolved, That from and after the 20th day of December, 1892, the draws of the bridges across the Harlem river at Madison and Third avenues shall not be opened or operated between the hours of six and ten o'clock in the forenoon and between four and seven o'clock in the afternoon, except when otherwise ordered by the Secretary of War.

This regulation shall not apply to the boats of the Fire Department.

Which were adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

Commissioner Gallup offered the following:

Resolved, That the resolutions closing the draws of the Third and Madison Avenue Bridges during certain hours, passed this day, shall not apply to the regular transportation boats of the New York and Northern Railway Company.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen-4.

The President made a verbal report in favor of the erection of a skate building at the large lake in the Central Park, and recommended that specifications and form of contract be at once prepared therefor and when printed and approved as to form by the Counsel to the Corporation, that the Secretary be directed to insert an advertisement in the CITY RECORD inviting proposals for doing the work.

On motion, the recommendation of the President was approved by the following vote:

Ayes—Commissioners Dana, Gallup, Straus, Tappen—4.

The President from the Auditing Committee presented the following reports:

The Auditing Committee beg leave to report that they have examined and audited the following bills, and submit the same to the Board for approval:

NEW YORK, November 30, 1892.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Gallup, Straus, Tappen-4.

On motion, at 11.30 A.M., the Board adjourned.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, DECEMBER 14, 1892—STATED MEETING, 9.30 A.M.

Present-Commissioners Dana (President), Gallup, Straus, Tappen.

Messrs. James M. Constable, A. S. Bickmore, William Wallace and Architect J. C. Cady, on behalf of the Trustees of the American Museum of National History, appeared and submitted for the approval of the Board plans for a proposed extension and lecture hall for the Museum building, which were laid over for consideration.

In the matter of the enforcement of the rule restricting the use of the drives in Central Park by equestrians, Messrs. Charles A. Miller, Thomas S. Ormiston, Thomas M. North. Mr. Barbour and William Durland were heard in opposition to the rule excepting as to its application to the East Drive.

Messrs. John C. Delavergne, representing the Gentlemen's Driving Club, Charles A. Willis, representing the Road Association of the State of New York, and Lawson N. Fuller, were heard in favor of restricting the use of all the drives by equestrians.

Mr. Alfred Skitt was heard relative to extending the tracks in Transverse Road No. 3, from Fifth avenue to the tracks of the New York and Harlem Railroad in Madison avenue.

On motion, the matter was laid over, and Wednesday, 28th instant, at 10.30 A.M., was fixed as a time for a public hearing to be given to all persons interested in the proposed extension of the Transverse Road railway.

The following communications were received:

From the Clerk of the Board of Estimate and Apportionment, notifying the Department of the time fixed for the consideration of the Final Estimate for 1893. Referred to the President.

From the Counsel to the Corporation, interpreting the several sections of chapter 532 of the Laws of 1892, providing for the extension of the railways in the transverse roads crossing Central Park east and west to connect with other city lines. Filed.

From the President of the Board of Engineers, U.S.A., acknowledging receipt of a copy of the resolutions of this Board relative to closing the draws of the Harlem river bridges during certain hours of the day. Filed.

From the Comptroller, inclosing a copy of the action of the Sinking Fund Commission, in revoking authority given the Dock Department to collect wharfage from the water front of Castle Garden, and directing that said water front be placed in the charge of this Department.

On motion of Commissioner Gallup, the Commissioners of the Sinking Fund were requested to authorize this Department to remove the platform from the water front of Castle Garden.

From the Metropolitan Telephone and Telegraph Company, submitting an estimate for telephone service for the year 1893, amounting to \$5,204.75. Referred to the President.

From E. Kilpatrick and others, asking the Department to oppose the construction of a rail-road in Ninety-sixth street, between Central Park, West, and Columbus avenue. Filed.

From James Mott Hallowell, commending Officer George Green for stopping a runaway horse in Central Park, on the 4th instant. Filed and ordered communicated to the Captain of Police.

From T. B. Barringer, relative to damage done his carriage while in Riverside Park, in April last; claimed to be due to the carelessness of a Park Policeman. Filed, with directions to the Secretary to reply thereto.

From George Leviness, applying for a renewal of the license held by his father, Joshua Leviness, for letting boats and selling refreshments at Goose Island, in Pelham Bay Park. Granted.

From R. L. Harrison, in relation to the rental of a building in East River Park, occupied by Hamlin Babcock.

On motion of Commissioner Tappen, the Secretary was instructed to request Mr. Babcock to appear before the Board at its next meeting.

From E. B. Southwick, Entomologist, reporting in relation to the glacial striae, potholes, Indian burying-grounds, shell heaps, etc., in Pelham Bay and Bronx Parks. Filed.

From the Superintendent of Parks, the General Inspector and the Director of the Menagerie relative to depredations committed in Central Park, and from the Captain of Police reporting the detection and arrest of the depredators. Filed.

From the Engineer of Construction:

1st. Reporting relative to the use of the streets adjoining Rutgers Park for the storage of trucks and carts, and recommending that the same be prohibited. Referred to the President with power.

2d. Reporting a time statement on the contract for improving the Plaza at Fifth avenue and One Hundred and Tenth street, and recommending that all penalties for overtime (four days) be remitted on account of unavoidable delays. Approved.

3d. Submitting a time statement on the contract for completing the entrance to Central Park at West One Hundred and Sixth street. Filed.

From the Superintendent of Parks, recommending the acceptance of a quantity of manure offered by H. Wagner, to be delivered free of charge on Morningside Park.

On motion, the Superintendent was authorized to accept the manure offered, half of the quantity to be delivered at Mount Morris Park.

The Secretary presented a statement of the moneys received by the Department and deposited in the City Treasury during the months of September, October and November, which was ordered entered upon the minutes as follows:

On motion, at 11.55 A.M., the Board adjourned.

CHARLES DE F. BURNS, Secretary.

SATURDAY, DECEMBER 24, 1892—SPECIAL MEETING, 1.30 P. M.

Pursuant to the following:

CITY OF New YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET,
December 24, 1892.

Mr. CHAS. DE F. BURNS, Secretary, etc. :

SIR—You will please issue notices for a meeting of the Board to be held this day at 1.30 o'clock P. M., to take action relative to the death of Commissioner Gallup.

Respectfully,

PAUL DANA, President, D. P. P.

Present-Commissioner Dana (President), Straus, Tappen.

The President announced the death of Commissioner Albert Gallup, at 11.02 A. M. this day.

Whereupon Commissioner Tappen offered the following:

The death of our associate, Albert Gallup, has been announced, and we desire to place on record our testimonies to his worth, ability and industry as a Commissioner of Public Parks. For nearly four years he filled the office of Commissioner, and for two years of that time he was, by the unanimous choice of his associates, elected to the office of President, being the chief executive officer of the Board. By his courtesy to all having business with the Department, and his experience and wisdom in all matters connected therewith, he commended himself to his associates and to the public. In the prime of young manhood and with brilliant prospects in the profession of the law, of which he was an honored member, his death is not only a loss to the community which he faithfully served, but a great bereavement to his friends and to the Park Commissioners, who desire hereby to convey to his family an expression of their sincere friendship and high respect for their late colleague;

Resolved, That a copy of this resolution be sent to the late Albert Gallup's family.

Which were adopted and ordered spread upon the minutes by the following vote:

Ayes-Commissioners Dana, Straus, Tappen-3.

On motion, at 1.50 P.M., the Board adjourned.

CHARLES DE F. BURNS, Secretary.

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

The following communications were received:

From C. N. Bovee, Jr., in relation to the proposed extension of the railway in Transverse Road No. 3. Filed.

From A. P. Boller, Consulting Engineer, recommending the construction of pneumatic foundations for two piers between the river and the New York Central and Hudson River Railroad for the new McComb's Dam Bridge over Harlem river instead of piling as provided for in the contract, on account of the great depth of soft bottom at that point making such change of plan necessary.

Commissioner Dana offered the following:

Whereas, The Consulting Engineer on the new bridge now being built over the Harlem river at One Hundred and Fifty-fifth street having reported under date of January 3, the utter impossibility of securing foundations by piling for the piers between eastern bulkhead and the Hudson River Railroad, owing to the great depth of soft bottom, and having recommended as the only possible mode of foundation at such points the pneumatic process;

Resolved, That the Consulting Engineer be and is hereby authorized to apply the pneumatic process for founding two piers between the eastern bulkhead line and the Hudson River Railroad, the same to be performed within the contract under which the work is now being prosecuted, and at the prices established in the contract for such pneumatic work.

Which were adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

NEW YORK, January 11, 1893.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, at 11.45 A. M., the Board adjourned to meet Wednesday, January 18, 1893, at 10 o'clock A.M.

CHARLES DE F. BURNS, Secretary.

THURSDAY, JANUARY 19, 1893—ADJOURNED MEETING, 10.30 A. M.

Present-Commissioners Dana, Straus, Tappen, Gray.

Commissioner Dana called up the matter of plans for a lecture-hall and extension of the building of the American Museum of Natural History, submitted by the Board of Trustees for the approval of this Board.

A report from Calvert Vaux, Landscape Architect, disapproving of said plans was received and read.

A communication was received from James M. Constable, Chairman of the Executive Committee of the Board of Trustees, stating that the said Committee at a meeting held on 18th instant had unanimously confirmed said plans without alteration.

Commissioner Tappen offered the following:

Resolved, That the plans submitted by the Trustees of the American Museum of Natural History for an addition to the Museum Building be and the same hereby are approved and that said plans be forwarded to the Board of Estimate and Apportionment for the concurrence of said Board as required by chapter 423 of the Laws of 1892, and that the said Board be respectfully requested to authorize the issue of bonds to the amount of \$350,000 or so much of that sum as may be required for the construction of said addition and the equipment thereof as provided by the act cited.

Hon. Andrew H. Green appeared and was heard in opposition to the approval of said plans.

The resolution as offered was then adopted by the following vote:

Ayes-Commissioners Straus, Tappen, Gray-3.

No-Commissioner Dana-1.

In explanation of his vote, Commissioner Dana submitted the following:

The plan for a lecture-hall duly submitted for the consideration of the Board of Park Commissioners by the Trustees of the American Museum of Natural History, should not, in my judgment, be approved. It is evident from the statements made by the Trustees that the plans for extending the Museum have been conceived and urged in a spirit which conflicts with that in which the public parks and their architectural features have been made and maintained in their present beauty. The

plan for the lecture-hall violates and stultifies totally without warrant the existing plan for the Museum Building adopted by the Board of Park Commissioners in 1872, in accordance with which the City has already expended half a million of dollars in erecting the section completed in 1877, and it presents an architectural arrangement grossly out of keeping with the standard prevailing in public buildings. The Landscape Architect in the employ of the Department, who, in accordance with custom has been consulted with regard to the plan submitted, disapproves it.

Inspector Peter Conlin, of the Police Department, appeared and stated that he had been informed that this Department was prepared to relieve the municipal police from the care of Van Cortlandt Park, and asked that, if such was the case, the Police Department be notified thereof. He was informed that the Board prefer to take no action in the matter at present.

The following communications were received:

From D. Willis James, in relation to the proposed extension, west, of the railway in Transverse Road No. 3, and

From Charles W. Dayton, in relation to the same. Filed, with directions to the Secretary to reply thereto.

From A. P. Boller, Consulting Engineer, submitting a plan showing the proposed Ogden avenue approach to the new McComb's Dam Bridge, with an estimate of the cost, and recommending that, if the same is to be built, early action be taken in the matter, in order that provision may be made for proper connections with the Jerome avenue approach.

On motion of Commissioner Dana, the plan and recommendation of Engineer Boller were approved and referred to Commissioner Tappen to prepare a bill in accordance therewith for introduction in the Legislature.

From the Secretary, submitting a statement showing the condition of the work being done under the several contracts now in progress in the Department. Filed.

Commissioner Straus called the attention of the Board to the necessity for making alterations to the Manhattan Island approach to the temporary bridge over the Harlem river at Seventh avenue.

On motion of Commissioner Tappen, Commissioner Straus was appointed a committee to secure the necessary right of way.

From the Superintendent of Parks, submitting a plan and estimate of cost of making alterations to stalls at the Police Stables.

On motion, said plan was approved, with directions to proceed with the work.

From the Landscape Architect, submitting a plan showing a proposed widening of Fifth avenue at One Hundred and Twentieth street. Laid over.

From August H. Kassing, applying for promotion from the grade of Park Policeman to that of Roundsman. Filed.

From William Savage and John F. McGinty, Patrolmen assigned to special duty in Central Park, asking to be allowed additional pay on account of extra expenses to which they are put in the performance of such duty.

On motion of Commissioner Dana, the matter was referred to the Captain of Police with directions to submit monthly statements of legitimate expenses.

The Board then proceeded to consider the evidence taken in the trials of members of the Park Police force.

Michael Delury, Doorman, charged with being absent from duty without leave (two charges), was found guilty as charged and fined five days' pay by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray—4.

NEW YORK, January 19, 1893.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, at 12.25 P.M., the Board adjourned.

CHARLES DE F. BURNS, Secretary.

WEDNESDAY, JANUARY 25, 1893—STATED MEETING, 10.30 A.M.

Present-Commissioners Dana (President), Straus, Tappen, Gray.

The following communications were received:

From the Secretary of the New York Chapter of the American Institute of Architects, advising the Department of the election of Mr. N. LeBrun as President of said Chapter. Filed.

From the Director of Menagerie, reporting in relation to the repairs required to be made at the Menagerie, with an estimate of the cost. Referred to Commissioner Gray for report.

From the Landscape Architect, reporting upon a plan submitted by Hon. John R. Fellows for roadway improvements adjoining Highbridge Park.

On motion of Commissioner Tappen, the matter was referred to the President to investigate and report as to what can be done to establish a public road or street at the location named.

From the Engineer of Construction, recommending that C. D. Earl, now employed as an Axeman, be assigned to the work of cleaning the "Pond" at Fifty-ninth street and Sixth avenue, Central Park, and that his pay be increased during such employment.

On motion, said recommendations were approved, and the pay of C. D. Earl was fixed at \$90 per month while employed on the work of cleaning the pond.

From the Superintendent of Parks, recommending that provision be made in drawing the specifications for the enlargement of the American Museum of Natural History for securing good construction in the arrangement of the walks, drives and lawns in immediate connection with the proposed buildings.

On motion of Commissioner Dana, the matter was referred to the Trustees of the Museum with the request that the Superintendent's suggestion be complied with.

From the Secretary of the Civil Service Board, reporting John J. Odell as eligible for promotion to the fourth grade of clerkship. Filed.

Professor A. S. Bickmore appeared and was heard in relation to bills now before the Legislature to amend laws authorizing appropriations for the American Museum of Natural History.

On motion of Commissioner Dana, Senate Bill No. 32 and Assembly Bill No. 54, relative to the American Museum of Natural History, and Senate Bill No. 30, relative to the Metropolitan Museum of Art, were approved.

The Secretary submitted the following estimates for carpenter work in making alterations and additions to Police Clothing Rooms at the Arsenal:

Ryan & Seabold.	\$1,287 00
Charles McCloskey	985 oo
John Brennan	875 00
William Sexton	789 o o

On motion, an order was authorized to be issued to the lowest bidder for doing the work by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

From Cornelius Ryan, applying for the privilege of conducting a refreshment stand at Mount Morris Park.

On motion of Commissioner Straus, the application of Mr. Ryan was ordered granted for one year upon his agreeing to pay a sum equal to ten per cent. of his gross receipts as license fee by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Hugh Stevenson appeared and was heard in relation to making a street fronting on High Bridge Park, as shown on plan submitted, the private land to be dedicated for that purpose and the property-owners to do the work at their own expense.

Alfred Skitt submitted a draft of contract for the construction of the east side link of the Transverse Road Railway and asked that the same be submitted to the Sinking Fund Commissioners for their approval.

The same was ordered sent to the Corporation Counsel for his approval.

A committee of the West End Association, consisting of Messrs. James A. Deering, Cyrus Clark, J. Romaine Brown and Mr. Kittel, appeared before the Board and asked that something be done towards the improvement of Riverside Park.

They were requested to submit bills with a view to carrying out this improvement, for the consideration of the Board. The committee also called attention to the necessity for improving the Cathedral Parkway, the report of the Commissioners in condemnation proceedings for the widening of One Hundred and Tenth street having been confirmed on December 30, 1892. It was suggested that the Engineer or Architect prepare a plan of improvement.

The Engineer of Construction was directed to prepare a sketch showing houses, etc., on the line of the Cathedral Parkway and Riverside Park, with a view to having the same sold at auction.

Commissioner Tappen called up the matter of the proposed improvements on Cedar and other New Parks in the Annexed District and Engineer Haffen appeared and was heard in relation thereto.

On motion of Commissioner Gray, Commissioner Tappen was authorized to prepare a bill for presentation to the Legislature creating the office of Vice-President of the Board and authorizing that bills and pay-rolls may be signed by two members of the Board, one of whom shall be the President or Vice-President.

Commissioner Tappen moved to amend the By-laws by adding a section to Article 4, as follows:

Sec. 5. In case of any emergency in the public service within the jurisdiction of the Department, a Commissioner being present may take such action and make such order as may seem necessary, provided, however, that no expense shall be thereby incurred, unless there be a fund or appropriation chargeable therewith.

Which was carried by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray—4.

On motion of Commissioner Tappen, the Secretary of the Board was appointed as Secretary and Treasurer of the Park Police Pension Fund created by chapter 515 of the Laws of 1893, by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray—4.

From John P. Dunn, Assistant to the Counsel to the Corporation, advising the Department of the confirmation, on December 30, 1892, of the proceeding for acquiring the lands within the lines of Cathedral Parkway, between Seventh avenue and Riverside Park, as established by chapter 275 of the Laws of 1891. Filed.

Commissioner Straus offered the following:

Whereas, The report of the Commissioners of Estimate and Assessment in the matter of acquiring title on behalf of the City to Cathedral Parkway provided for in chapter 275, Laws of 1891, was confirmed by the Supreme Court, on the 30th day of December, 1892, and the title to the lands required is now vested in the City.

Resolved, That the Landscape Architect be requested to report to this Board a plan for the actual improvement and completion of the said parkway.

Which were adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Tappen, the Engineer in charge of the New Parks was directed to proceed without delay with the work of scraping and painting Pelham Bridge, by the following vote:

Aves-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Dana, the Superintendent of Parks was directed to submit a list of the park cottages requiring painting and other repairs.

PAUL DANA, Auditing Commeitte.

NEW YORK, February 15, 1893.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

On motion, at 11.30 A. M., the Board went into executive session.

Commissioner Dana moved that the action of the Board of the 11th ultimo in authorizing the granting of a license to Peter Tisch to sell soda water in East River Park be rescinded and that a license be granted Max L. Jacobs for that privilege for one year upon his paying the sum of \$150.

Which was carried by the following vote:

Ayes—Commissioners Dana, Tappen, Gray—3.

Commissioner Dana made a verbal report in the matter of proposed surveys of Mosholu Parkway.

Commissioner Tappen offered the following:

Resolved, That the Board of Estimate and Apportionment be respectfully requested to authorize the Comptroller to issue bonds or stock to the amount of four thousand dollars in the manner provided by chapter 417, of the Laws of 1892, for the purpose of making topographical surveys and plans for the improvement of Mosholu Parkway as authorized by said act.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray-3.

Commissioner Gray offered the following:

Resolved, That Augustus St. Gaudens, Daniel C. French and J. Q. A. Ward be requested to act as a committee and report to this Board as to the character and artistic merits of the public statues in the City of New York, omitting their own work.

Which was adopted by the following vote;

Ayes—Commissioners Dana, Tappen, Gray—3.

The Board then proceeded to consider the evidence taken in the case of Park Policeman William C. Zwisler, charged with violation of rules and conduct unbecoming an officer (two charges).

On motion, the charges against Officer Zwisler were dismissed.

On motion of Commissioner Gray, the Secretary was granted leave of absence for two weeks.

Commissioner Tappan offered the following:

Resolved, That the Bridge Committee of the Supervisors of the County of Westchester be requested to confer with this Board concerning the construction of a new bridge at City Island.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray—3.

On motion the report of the Department for the quarter ending March 31, 1892, was ordered printed as a document of the Board (see Document No. 125).

On motion, at 12.35 P. M., the executive session arose and the Board adjourned to meet Wednesday, March 1, at 10.30 A. M.

DOCUMENT NO. 125.

BOARD

OF THE

DEPARTMENT OF PUBLIC PARKS.

February 15, 1893.

The President presented a report of the transactions of the Department for the quarter ending March 31, 1892, which was ordered transmitted to his Honor the Mayor, and also printed as a document of the Board.

CHARLES DE F. BURNS,

Secretary.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending March 31, 1892.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET,
April 1, 1892.

Hon. HUGH J. GRANT, Mayor:

SIR—In pursuance of the requirements of section 49 of chapter 410 of the Laws of 1882, as amended by chapter 62 of the Laws of 1887, the Department of Public Parks hereby submits the following statement of its transactions during the three months ending the 31st of March, 1892.

The subject of legislation affecting the interests of the Department has received careful attention, and the several bills introduced in the Legislature during the past quarter have been considered and acted upon by the Board of Parks, as follows:

BILLS APPROVED.

Providing for a pension fund for the Park Police.

Providing for the improvement of the Parade Ground in Van Cortlandt Park.

Authorizing change of location of the zoological collection.

Providing for the improvement of the parkways north of the Harlem river.

Providing for the improvement of Castle Garden and fitting up the same as an Aquarium, and improving the grounds adjacent thereto.

Providing that the land damages shall not be included in the cost of the bridge to be built over Harlem river at One Hundred and Fifty-fifth street.

Providing for the extension of the Transverse road (Central Park) railways.

Providing for the equipping and fitting up of the north extension of the Metropolitan Museum of Art.

Authorizing the improvement of Van Cortlandt Park by changing the location of existing railway routes therein.

Providing for the acquisition by the City of the water front along Riverside Park.

A bill introduced in the Assembly, providing, in substance, that crosstown elevated roads may be built in any city of the State, and over any portion of the city theretofore exempted, has been discussed, and steps have been taken to secure an amendment by adding a proviso excepting public parks and places from the operation of the act. Although the purpose of the bill is merely to connect with the new bridge, yet the act as drawn is so broad that it would, if it became a law, permit the construction of an elevated road across Washington Square or any of the city parks.

A bill has been introduced relative to the Department of Street Cleaning, by the provisions of which this department is required to clean all streets, etc., under its jurisdiction. As this department has no special plant for such work, the cleaning of all paved streets should be continued under the Department of Street Cleaning, and it has therefore been suggested that the bill be so amended.

Upon examination, it appeared that the exemption contained in the bill known as Senate Bill No. 614, to amend the railroad law, does not apply to the new parks in Westchester County. Steps have been taken to have the bill amended so as to exempt all public parks from its provisions.

Bills providing for the construction of a bridge over Harlem river at Third avenue and for erecting a Soldiers' and Sailors' Arch at Fifth avenue and Fifty-ninth street have been considered, but action thereon has not as yet been taken.

A bill to provide for the extension of the boundaries of Riverside Park and an exterior street along the Hudson river adjacent thereto is also under consideration.

The bill providing for the improvement of Castle Garden having become a law, the work will be taken up without delay. The building is being used temporarily by the Naval Reserve. Permission has been given the Columbus Monument Committee to use the building for two weeks in June next for the purpose of holding a fair in aid of the Monument Fund. A plan for improving the grounds around the building has been prepared and approved.

A bill to prohibit the construction of railroads within the limits of St. Mary's or Bronx Parks has been prepared and sent for introduction in the Legislature. The erection of an elevated railroad structure across these parks upon the route laid out by the Suburban Rapid Transit Company, prior to the acquisition of those lands for park purposes, would cause the utter destruction of some of their most beautiful features.

A bill providing for the construction of a driveway along the westerly side of the Central Park became a law. It required this department to take immediate steps to carry out its provisions. The project excited much public comment, and many protests were made against the so-called speeding drive. Following your Honor's suggestion a public hearing was given, which resulted in the adoption of the following:

Whereas, By the advice of the Corporation Counsel, Senate Bill No. 444, relating to a new drive in Central Park, is not to be considered as mandatory, the Board of Park Commissioners hereby

Resolve. That the road contemplated by the act be not constructed.

Subsequently the following preamble and resolution were also adopted:

Whereas, The Board of Park Commissioners have examined the question of providing a road in Central Park in accordance with the terms of chapter 142 of the Laws of 1892, and have decided that the road contemplated in that act be not constructed;

Resolved, That the Legislature be requested to repeal the law, and that the Governor be requested to give his approval.

The subject of the improvement of the extension of East River Park has received attention and plans therefor are in course of preparation.

The improvement of Rutgers Park is also receiving attention, and the Board of Estimate and Apportionment has been requested to provide the funds to do the work (\$23,500) under authority of section 9 of chapter 320 of the Laws of 1887.

A proposition to lay out a public park at Fort Washington Point, overlooking the Hudson river, has been considered, and a full report favoring the acquisition of the land for park uses has been placed before the Board of Street Opening and Improvement.

Plans, specifications and estimates for constructing retaining-walls along the westerly side of Riverside Park, between Seventy-ninth and One Hundred and Twenty-ninth streets, have been prepared and placed before the Board of Estimate and Apportionment. This work has been under way for a year, and its magnitude has prevented the Engineer from completing the plans before. It is of the utmost importance that the work be speedily commenced, as the bank is being washed away rapidly.

Amended plans for a coping and railing around Mount Morris Park have been prepared in order that the work may be done within the limit of the fund available for that purpose, and as soon as passed upon by the Board of Estimate and Apportionment the work will be pushed to early completion. A design for a music-stand in this park has been prepared, and the stand will be erected without delay.

A site for the proposed statue of John Ericsson has been selected near the Barge Office at the Battery.

A drinking-fountain, to be presented to the City by Mrs. Clendenin Graydon, will also be located at Battery Park.

Proposals have been invited and received for the construction of the new McComb's Dam Bridge over Harlem river, together with the Jerome avenue approach thereto, and the contract has been awarded to the Passaic Rolling Mill Company. The Board of Estimate and Apportionment has been asked to authorize the issue of bonds to the amount of \$1,250,000, from time to time, in such sums as may be required for carrying on the work.

The Board of Aldermen has been requested to authorize this Department to contract with the Metropolitan Telephone and Telegraph Company, without public letting, for telephonic service for the current year at an expense not exceeding \$4,000.

It has decided, for sanitary reasons, to postpone the work of cleaning the pond in Central Park, near Fifty-ninth street and Fifth avenue, until the fall of the year. The Board of Estimate and Apportionment has been asked to authorize the expenditure of the sum of \$1,000 from the appropriation for cleaning the lakes for the purpose of doing certain work necessary to put the pond in a healthful condition for the summer.

The insurance on the park buildings, known as McGown's Pass Tavern, Claremont and High Bridge Park Hotels, has been renewed.

The license held by William Keeler for the boat service on the Harlem Meer in Central Park has been renewed for two years.

The consent of the Department has been given to the erection of bay windows and other projections on buildings located as follows:

Buildings known as Nos. 1980 and 1982 Fifth avenue and Nos. 1 to 33 (inclusive) West One Hundred and Nineteenth street.

Dwelling of Ogden Mills, at the southeast corner of Fifth avenue and Sixty-ninth street.

Dwelling of Henry R. Hoyt, on Fifth avenue, between Seventy-fourth and Seventy-fifth streets.

Dwelling owned by Walker & Lawson, on the easterly side of Riverside Drive, thirty-six feet north of One Hundred and Fourth street.

Dwelling of Elbridge T. Gerry, at southeast corner of Fifth avenue and Sixty-first street.

Dwelling owned by Sophia Augusta Sherman, at the southeast corner of Sixty-fifth street and Fifth avenue.

Dwelling of W.H. Payne, known as No. o8 Park avenue.

Upon application of the Superintendent of Fire Telegraph, permission has been given to lay iron pipes for a subway duct at several points along Eighth avenue and Seventy-seventh street, between Eighth and Ninth avenues.

Consent has also been given to the laying of a 48-inch water-main in One Hundred and Tenth street, opposite Central Park.

A permit, revokable at the pleasure of the Board, has been given the Broadway Cable Road Company to place a switch on the sidewalk at Bowling Green.

Permission to use Castle Garden for the purpose of holding a fair in aid of the Columbus Monument Fund has been given the committee having the matter in charge,

Permission has been given the Sisters of Mercy to occupy the Lorillard Cottages in Pelham Bay Park, from April 1, at a monthly rental of \$145.83, the occupants to make all necessary repairs to put and maintain the cottages in proper condition.

The U.S. Grant Post, G.A.R., has been given permission to decorate the tomb of General Grant and conduct memorial services thereat on Decoration Day next.

The following contracts have been entered into by the Department:

With Theodore P. Huffman, for furnishing hay, straw, oats, corn and bran, amounting to \$7,520.50. W. B. Perry and William Y. Frazee, sureties.

With John J. Hopper, for erecting parapet walls, bronze railings, etc., for enclosing Morningside Park, along One Hundred and Tenth street and the avenue westerly thereof, amounting to \$73,837. Theodore F. Cone and John M. Canda, sureties.

With the Metropolitan Telephone and Telegraph Company, for telephonic service for the year 1892, amounting to \$4,000. William H. Woolverton and Horace W. Chipman, sureties.

GARDENING WORK.

The force of gardeners has been employed as follows:

Those at the greenhouses in the care and propagation of the spring bedding plants; those employed outside in the shrubs and trees on the Central Park.

On the Central and City parks little work was undertaken outside the usual routine work, such as cleaning roads, walks and basins.

MAINTENANCE WORK.

The frequent snow storms during this quarter resulted in considerable work required to remove the snow from the walks in the Central and City parks, and also from the three skate ponds in Central Park.

The lawns of Central Park were manured, the ball ground and green being given a liberal application.

The Transverse roads, Fifth avenue, West Seventy-second and One Hundred and Tenth streets, were cleaned and cared for from time to time as required.

The sleighing on the Park drives was improved at the bare places by dumping snow carted from the walks and under bridges.

The ladies' and men's cottages in Central and City parks were kept open, in charge of attendants, from 8 A. M. to 6 P. M.

The force at the stables were engaged in the care and grooming of the horses and in attending to the necessary repair of harness and washing and cleaning of the light wagons.

During this quarter there were four days on which there was skating on the ponds of Central Park.

At Riverside the work was of the usual maintenance character, and consisted of cleaning drives and property roads, repairing washouts and cleaning and repairing basins.

At Morningside Park little work was done outside guarding department property and repairing washouts.

Owing to the small force of mechanics in the employ of the Department during this quarter very little mechanical work was undertaken. The work consisted chiefly of the repairs of signs, settees, rolling stock, painting of repairs and glazing in cottages and buildings on the various parks, repairs of hydrants and closets and shoeing of horses.

The other mechanics of the Department were engaged in operating the bridges over the Harlem river (with the assistance of Firemen and Bridge Tenders) and in attending the steam boilers at the Arsenal and shops.

CONSTRUCTION WORK.

Regulating and Grading for Entrance at One Hundred and Sixth Street and Central Park, West, and about 150 feet of Driveway connecting same with the West Drive in Central Park.

The contract for this work was executed on September 2, 1891. Work was commenced September 10, 1891, and is now completed.

The amount of work done during the quarter was:

386.74 cubic yards of earth excavation.

3,146.14 cubic yards of rock excavation.

For the Erection of an Iron Railing Around One Park in Park Avenue, between Sixty-sixth and Sixty-seventh Streets, and a Portion of Park between Sixty-fifth and Sixty-sixth Streets, in the City of New York.

The contract for this work was executed on December 31, 1891. Work was commenced on March 7, 1891, and is now complete.

The amount of work done during this quarter is 545 lineal feet of iron railing furnished and set.

PARK POLICE.

The salaries of the several grades of the Park Police have been fixed as follows:

Captainper annum,	\$2,700 00
Surgeon	2,250 00
Sergeants	1,800 00
Roundsmen	1,250 00
Mounted men	1,200 00
Patrolmen (longer than one year in service)	1,100 00

The death of Captain Thomas Beatty while on duty, on the 26th of March, and after many years of faithful service in the Department, during which he had passed through all the grades of the police force, caused great regret. The Commissioners have expressed their appreciation of his services and commended his example to all of the present and future members of the force.

Sergeant Louis Flock has been detailed to act as Captain.

The force consists of -

METEOROLOGICAL OBSERVATORY.

Monthly tables have been printed for distribution to home and foreign observatories and libraries; weekly reports have been issued to the CITY RECORD and newspapers; weekly and hourly reports to the Health Department, and meteorological information has been supplied to the Counsel to the Corporation and to the law courts.

The annexed tables give an abstract of the mean, the maximum and minimum readings from the various self-recording instruments in this observatory for the first quarter of the year 1892, and also comparisons with the observatories for the same quarter for the past twenty years taken at this observatory.

By order of the Board of Parks.

A. GALLUP, President.

CHARLES DE F. BURNS, Secretary.

WEDNESDAY, MARCH I, 1893-ADJOURNED MEETING, 10.30 A. M.

Present-Commissioners Dana (President), Tappen, Gray.

B. L. Ackerman, Esq., representing the Washington Heights Taxpayers' Association, presented a copy of a preamble and resolution passed by said association, asking for the improvement of Highbridge Park and was heard in relation to the same.

Charles Strauss, Esq., representing the Eastchester Development Company, appeared and was heard in relation to the laying out of a roadway through Pelham Bay Park leading from Bartow to Hutchinson's river.

Sherman T. Pell, Esq., of the Board of Supervisors of Westchester County, appeared and stated that in the opinion of said Board it was not advisable to rebuild the City Island Bridge at this time.

The following communications were received:

From the Clerk of the Board of Estimate and Apportionment, transmitting a copy of the action of said Board:

- 1st. Approving plan for an entrance to Central Park at West Ninetieth street and providing funds to the amount of \$17,000 for doing the work. Filed.
- 2d. Authorizing the issue of bonds, under chapter 417 of the Laws of 1892, to the amount of \$4,000 for the purpose of making topographical surveys and plans for the improvement of Mosholu Parkway. Filed, with directions to the Engineer in charge of the New Parks to proceed with the work.

From the Secretary of the West End Association, transmitting a copy of preamble and resolutions approving of the proposed extension through West Eighty-sixth street of the railway in Transverse Road No. 3. Filed. On motion of Commissioner Dana, the bill now before the Legislature and known as Assembly Bill No. 653, to amend chapter 532 of the Laws of 1892, by prohibiting the construction of a railway in West Eighty-sixth street, was disapproved, by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

From Edward N. Vallendigham, suggesting that arrangements be made to secure low excursion rates to persons visiting the New Parks north of the Harlem river. Referred to the Secretary to reply, suggesting that the matter be communicated to the railway companies whose lines pass through or near the parks.

From Augustus St. Gaudens and Daniel C. French, accepting the invitation of the Board to report on the artistic merits of the Park statues. Filed.

From the Carter Medicine Company, requesting that advertising signs be allowed to be placed under the stairways of the elevated railroad stations at Battery Park and South Ferry. Denied.

From U. S. Grant Post, G. A. R., applying for permission to decorate the tomb of General Grant, and hold memorial services thereat on Decoration Day next.

On motion, permission was granted with the understanding that the arrangements must be made without expense to the Department.

From the Landscape Architect:

- 1st. Submitting a plan for improving the walk system in the Central Park, south of Seventy-second street. Laid over.
- 2d. Submitting plans for a shelter or pavilion to be erected on Cedar Park upon a site designated.

On motion, said plans were approved, and the Secretary was directed to procure estimates for erecting the pavilion.

3d. Submitting a plan, showing a proposed entrance-way to Highbridge Park from Edgecombe road. Laid over.

From the Engineer of Construction:

- Ist. Submitting a time statement on the contract for furnishing and setting granite coping and posts around Mount Morris Park, and recommending that all penalty for overtime be remitted on account of unavoidable delays in obtaining the materials. Approved.
- 2d. Submitting an estimate of the cost of improving the Cathedral Parkway in accordance with the plan prepared by the Landscape Architect and submitted to the Board on the 15th ultimo. Filed.
 - 3d. Submitting specifications and forms of contracts for the following-named works:
- 1. Excavating and removing pavement and other materials and furnishing mould in eight parks in Fourth avenue, between Fifty-sixth and Sixty-fifth streets.
- 2. Erecting iron railings around six parks in Fourth avenue, between Fitty-ninth and Sixty-fifth streets.

Commissioner Dana moved that the specifications, etc., submitted by the Engineer be approved and ordered printed, and when printed and approved as to form by the Counsel to the Corporation that the Secretary be directed to insert an advertisement in the CITY RECORD inviting proposals for doing the work.

Which was carried by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

From the Engineer in charge of the New Parks north of Harlem river, in relation to proposed changes in the street system east of Cedar Park in the Twenty-third Ward and recommending that the Department favor the same. Filed.

From the Superintendent of Parks, calling attention to the necessity for repairing the roofs of the Arsenal Building and the shops in Central Park.

On motion of Commissioner Dana, the Secretary was directed to procure estimates for repairing the roof of the Arsenal Building and submit them to the Board.

From the Sisters of Mercy occupying cottages at Baychester, in Pelham Bay Park, asking permission to cut and use as firewood some of the dead trees in that vicinity. Referred to the Engineer in charge of the New Parks, with power.

From Gabriel Case, stating that the insurance companies require that McGown's Pass Tavern be supplied with fire-hose and a fire-extinguisher. Referred to the Superintendent of Parks for report.

On motion, the subject of maps and other data of the New Parks north of Harlem river was referred to Commissioner Tappen to report upon.

The Secretary submitted estimates for painting, etc., the new addition to the police clothing-rooms in the Arsenal Building, as follows:

Peter McCormick & Sons	\$400 00
Adolph Kaufman	447 00
M. Breen	794 00
P. J. Moran	874 00

On motion of Commissioner Tappen, an order was authorized to be issued to the lowest bidder for doing the work at an expense not to exceed \$400, by the following vote:

Ayes—Commissioners Dana, Tappen, Gray—3.

The Captain of Police submitted an estimate for placing shower-baths at the southerly end of the first floor of the Arsenal Building for the use of the police and also in the quarters of the mounted police.

On motion of Commissioner Dana, the matter was referred to Commissioner Tappen, with power, by the following vote:

Ayes - Commissioners Dana, Tappen, Gray-3.

A communication was received from the Counsel to the Corporation advising the Department that the plans for a lecture hall and extension of the American Museum of Natural History Building had not been approved by the Trustees in the manner required by chapter 423 of the Laws of 1892, and that the Comptroller would not be justified in issuing bonds for the erection of the proposed building.

On motion of Commissioner Dana, the Secretary was directed to forward a copy of the Corporation Counsel's opinion to the Trustees of the Museum.

Commissioner Dana offered the following:

Resolved, That all action heretofore taken by this Board respecting right of way maps for the Jerome avenue approach to the New McComb's Dam Bridge over Harlem river, be and hereby is rescinded.

Resolved, That the map or plan and technical description of lands required for the Jerome avenue approach to said bridge, prepared in the manner suggested by the Counsel to the Corporation and this day submitted, be and the same hereby is approved; that the said map and description be forwarded to the Board of Estimate and Apportionment for the approval of said Board, and when so approved that the same be sent to the Corporation Counsel with the request that he initiate a proceeding for acquiring title to the said lands in the name of the Mayor, Aldermen and Commonalty of the City of New York.

Which were adopted by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

Commissioner Gray offered the following:

Resolved, That the Superintendent of Parks be and he hereby is directed to have signs made and placed on the various bridges crossing the bridle-paths in the Central Park, reading as follows "Visitors will please not loiter on this bridge."

Which was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray-3.

The President, from the Auditing Committee, presented the following reports:

Commissioner Gray moved to amend the Police regulations by adding thereto the following:

No member of the Park Police force shall take any remedy containing opium, salicylic acid or quinine, or any other drug that may produce symptoms simulating those of alcoholism, except upon the written order or prescription of his regular family physician or the Surgeon of the Department.

Which was carried by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

On motion of Commissioner Tappen, the code of rules and regulations governing the Park Police force submitted to the Board, February 26, 1890, and in force from that date, was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray 3.

(See Document No. 116.)

Commissioner Gray offered the following:

Resolved, That Messrs. Charles A. Dana, J. Pierpont Morgan, Addison Brown, C. S. Sargent, Seth Low and F. L. Olmsted be requested to examine the parks north of the Harlem river, with a view to determining the most suitable locality for the establishment and maintenance of a botanical garden, and to report to this Board their recommendations for the selection of a site.

Resolved, That, in the opinion of this Board, the location of the botanical garden proposed to be established and maintained in one of the parks of this city, should be determined by this Department after hearing the report of such committee, and that the bill now before the Legislature, known as Senate Bill No. 76, should be so amended as to permit of the designation of a site for said garden in any of the parks north of the Harlem river.

Which were adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray—3.

On motion, at 12.30 P. M., the Board adjourned to meet Monday, 13th instant, at 12 o'clock M.

WEDNESDAY, MARCH 15, 1893—ADJOURNED MEETING, 10.30 A.M.

Present-Commissioners Dana (President), Tappen, Gray.

Messrs. James A. Deering and Simon Stern appeared and were heard with reference to the proposed improvement of the Cathedral Parkway.

A communication was received from the Secretary of the American Museum of Natural History, stating that at a meeting of the Board of Trustees of said museum held on 14th instant, plans for the proposed addition to the museum building were approved, and a Committee was appointed to present the same to this Board.

Messrs. James M. Constable and Morris K. Jesup appeared before the Board and asked that a day and hour be assigned for the Committee appointed by the Trustees to present the plans for the addition to the museum building for the approval of this Board. Friday next, 17th instant, was fixed as such day, at 3.30 P. M.

Mr. Cyrus Clark was heard in regard to a bill, which has been presented in the Legislature, providing for the placing of the trees on West End avenue and the Boulevard under the care of the Park Department, and asked that this Board approve said bill.

The Superintendent of Parks was directed to go over the ground and report what amount of money it would take to replace the trees on the Boulevard and West End avenue.

Mr. M. J. Hirsch of the East Side Association, and Mr. J. Collins Pumpelly of the City Improvement Association, appeared, and Mr. Hirsch was heard in regard to placing additional seats on the east side of the Park, and also with reference to laying out a foot-path in the vicinity of the terrace on the easterly side of the Fifth avenue driveway, from Ninetieth street down as far as the museum and the placing of seats thereon.

The following communications were received:

From the Advisory Art Committee, in relation to the sculpture offered to the City for placing in the parks, and recommending that in the future none but works of superior artistic excellence be accepted. Filed. From Charles A. Dana, Seth Low and Addison Brown, accepting the invitation of the Department to serve on a committee to select a site for a botanical garden. Filed.

From Charles P. McClelland, relative to the amended bill now before the Legislature to provide for a botanical garden and arboretum. Filed.

From B. H. Irving, suggesting the upper part of Van Cortlandt Park as a site for the proposed botanical garden. Filed.

From the Superintendent of Floriculture of the New York State World's Fair Exhibit, asking the loan of plants from the Central Park. Referred to Commissioner Tappen for report.

From the Stone and Brick Water-proofing Company, proposing to treat the obelisk with the "Caffall Water-proofing Process," for the sum of \$2,000

Commissioner Gray offered the following:

Resolved, That, under authority obtained from the Common Council, an agreement be entered into with the Stone and Brick Water-proofing Company, for the treatment of the obelisk in the manner recommended by the Committee of Experts, at an expense not to exceed two thousand dollars, and that the President be authorized to execute such agreement for and on behalf of the Department.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

From Peter Hogan, in relation to the plans for the crematory proposed to be constructed in the Central Park. Referred to the Superintendent of Parks.

From Joseph Wolf, Architect, relative to a proposed modification of the contract for the electric light plant now being put in the Metropolitan Museum of Art and inclosing an estimate of the contractor offering to do the additional work involved for the sum of \$875.

Commissioner Tappen offered the following:

Resolved, That the proposed change in the electric-light plant for the Art Museum be approved and that an order be issued to cover the additional work at an expense not to exceed eight hundred and seventy-five dollars.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray—3.

From the Captain of Police:

- ist. Reporting the destruction of one of the horses used by the mounted squad. Filed.
- 2d. Reporting relative to a stand located at the foot of Whitehall street and used for the sale of papers, tobacco, etc.

On motion of Commissioner Tappen, consent was given to the maintenance of the stand upon the condition that the occupant shall pay the sum of \$10 monthly for the privilege, by the following vote:

Ayes-Commissioners Dana, Tappen, Gray--3.

From the Director of the Menagerie, reporting in relation to the loss by death of animals in the menagerie during the winter months. Filed.

From the Engineer of Construction, submitting an estimate of the cost of improving the north-west corner of the Central Park in accordance with the plan approved July 5, 1892.

Commissioner Dana offered the following:

Resolved, That the estimate prepared and submitted by the Engineer of Construction for improving the northwest corner of the Central Park, in accordance with the plans therefor approved by this Board, on the 5th day of July, 1892, be approved, and that the Board of Estimate and Apportionment be respectfully requested to authorize and direct the issue of bonds to the amount of thirty thousand five hundred dollars, as provided by chapter 575 of the Laws of 1887, for the purpose of constructing a carriage driveway and bridge for same as shown on said plan.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Tappen, Gray-3.

From the Superintendent of Parks:

- 1st. Asking approval of his action in accepting a quantity of mould delivered free of charge on Riverside Park. Approved.
- 2d. Submitting a plan for fitting up the building at Eighty-eighth street and Riverside Park for use as a ladies and gentlemen's cottage.

On motion, said plan was approved and referred back to the Superintendent to prepare specifications and an estimate of the cost.

3d. Reporting as to the condition of the trees in the new parks north of the Harlem river. Laid over.

From William V. Brokaw, asking permission to erect projections on the front of two houses to be erected on Fifth avenue, south of Sixty-fourth street.

Commissioner Dana offered the following:

Resolved, That the consent of this Department be and hereby is given to the erection of projecting windows on the fronts of two houses to be erected by William V. Brokaw, on Fifth avenue, commencing thirty feet south of Sixty-fourth street; such projections not to extend more than two and one-half feet beyond the building line, as shown on a plan filed in this Department by Henry F. Kilburn, architect; this consent to take effect upon payment to the Department of the sum of four hundred dollars.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

From the General Inspector, submitting an inventory of cases, materials, repairs, etc., made by the Trustees of the American Museum of Natural History.

Commissioner Dana offered the following:

Resolved, That the inventory of cases, materials and repairs for the American Museum of Natural History be approved, and that the Board of Estimate and Apportionment be respectfully

requested to authorize and direct the issue of bonds to the amount of forty-eight thousand five hundred and eighty-three dollars and forty-one cents, as provided by chapter 423 of the Laws of 1892, for the purpose of repaying to the Trustees of said museum the amounts expended by them for improvements and repairs on the museum building.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

On motion of Commissioner Tappen, it was ordered that a pay-roll be prepared for the amount due Officer Michael F. Tallon, to March 1, and that such pay-roll, when signed by the Commissioners, be forwarded to the Finance Department, by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

Commissioner Gray reported verbally in relation to the Park ambulance, that a new one would cost \$550, and that an allowance of \$175 might be made for the one now in use; that if repaired the present one would answer the purpose for another year, and that the cost of such repairs would be \$75.

On motion, the ambulance was ordered repaired, by the following vote:

Ayes-Commissioners Dana, Tappen, Gray-3.

From the Advisory Art Committee, expressing gratification at the appointment of Messrs. Ward, St. Gaudens and French to examine and report upon the sculpture in the parks. Filed, with directions that a copy be sent to Mr. St. Gaudens.

FRIDAY, MARCH 24, 1893—SPECIAL MEETING, 10.30 A. M.

Pursuant to the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, COMMISSIONERS' OFFICE,
Nos. 49 AND 51 CHAMBERS STREET, March 22, 1893.

Mr. CHARLES DE F. BURNS, Secretary, &c. :

SIR—You will please issue notices for a meeting of the Board to be held Friday, 24th inst., at 10.30 o'clock A. M., for the purpose of transacting such business as may be presented.

Respectfully,

PAUL DANA, President, Department Public Parks.

Present—Commissioners Dana (President), Straus, Tappen, Gray.

The plans for an extension of the American Museum of Natural History building, as submitted by the Trustees on the 15th instant, were taken up and considered.

Mr. James M. Constable and Professor A. S. Bickmore were present and heard in explanation of the plans.

A communication from the Counsel to the Corporation, defining the powers and duties of this Department, under chapter 423 of the Laws of 1892, in relation to the enlargement of the museum building, was received and placed on file.

Commissioner Tappen offered the following:

Resolved, That the following-named architects, selected by the Board, be named as architects to examine the plans proposed by the Trustees of the American Museum of Natural History for the extension of the building therein named, to wit: William R. Ware, Robert H. Robertson, Charles W. Clinton and Richard M. Hunt, and that they be requested to report thereon at an early day.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Grav-4.

On motion of Commissioner Dana, the matter of a change of metal in the numbers on the shields used by the Park Police was referred to Commissioner Gray for report.

On motion of Commissioner Gray, the Superintendent of Parks was directed to submit a plan and specifications for the enlargement of the cottage at Stuyvesant Square.

On motion, at 11.50 A.M., the Board went into executive session.

The Board then proceeded to consider evidence taken in the trials of Park Policemen.

Joseph F. Kirby, charged with being off post and intoxication, was found guilty as charged and fined thirty days' pay by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Joseph F. Kirby, charged with violation of rules and neglect of duty, was found guilty as charged. Sentence was suspended.

The case of Michael Delury, Doorman, absent without leave, whose sentence was suspended on 8th instant, was called up and a fine of five days' pay was imposed by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Tappen, the appointment of such additional working force as may be required in the Central and City parks, and also the new parks, was authorized by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, at 12.40 P.M., the executive session arose and the Board adjourned to meet Thursday, 30th inst., at 2 o'clock P.M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

THURSDAY, MARCH 30, 1893—ADJOURNED MEETING, 2 P. M.

Present-Commissioners Dana (President), Straus, Tappen, Gray.

The committee of architects, consisting of Professor W. R. Ware and Messrs. R. H. Robertson, Charles W. Clinton and James B. Lord, appointed to examine the plans for the extension of the American Museum of Natural History building, being present, that subject was taken up and the matter presented to the committee by the President and the Board.

The committee, after conferring, asked that all documents and papers in the case be sent to them, as also the plans under discussion, and any communication which the Board may desire to address to them, coming to them as a Board and under the signature of the Secretary, such communication to contain all the questions which the Board desires them to pass upon, and any advice or information as to persons whom they wish to be called in to counsel or to give evidence. Which request was ordered complied with.

Commissioner Gray moved that the following question be submitted to the committee:

Are these plans as submitted proper and such as are suitable for the purposes for which the existing building is intended, and do the plans meet the requirements of the museum?

Which was carried by the following vote:

Ayes—Commissioners Straus, Tappen, Gray-3.

Commissioner Gray moved that the Committee of Architects be requested to notify the Museum Trustees when they will be in session, in order that the Trustees may have an opportunity to be heard if they so desire; also that the architects, J. C. Cady & Co., be also notified and have a hearing at the same time.

Which was carried by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

A plan and profile, showing the proposed public driveway between One Hundred and Fiftyfifth and Dyckman streets, along the Harlem river, laid out pursuant to the provisions of chapter
102 of the Laws of 1893, was submitted by the Engineer of Construction.

Commissioner Dana offered the following:

Resolved, That the map or plan submitted by the Engineer of Construction, entitled "Plan and profile showing a public driveway between One Hundred and Fifty-fifth and Dyckman streets, in the Twelfth Ward of the City of New York, as laid out and established by the Commissioners of the Department of Public Parks, in pursuance of the provisions of chapter 102 of the Laws of 1893," dated "New York, March 30, 1893," and signed "M. A. Kellogg, Engineer of Construction, Department of Public Parks," be and the same hereby is approved, and that the President be authorized to cause three similar maps or plans to be prepared, to certify the same and cause them to be filed in the manner described in section 1 of said act.

Resolved, That, pursuant to the provisions of section 8 of chapter 102 of the Laws of 1893, the Department of Public Parks hereby certifies to the Comptroller of the City of New York that the sum of ten thousand dollars is necessary and required to carry on the work of making preliminary surveys, maps, plans, etc., for the construction of the driveway provided for in said act, and requests the issue of bonds to that amount, as authorized by section 9 of the act cited.

Resolved, That, upon the filing of the map showing the public driveway laid out and established under chapter 102 of the Laws of 1893, the Counsel to the Corporation be requested to initiate a proceeding, as provided by section 4 of the act cited, to acquire title in the name of the Mayor, Aldermen and Commonalty of the City of New York, to the lands embraced within the lines of said public driveway as shown on said map.

Which were adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Gray, it was ordered that a communication be addressed to the committee having in charge the statue of Nathan Hale, requesting that all action in the matter be postponed until it can be ascertained if there is sufficient room for the statue at the site which has been designated in view of the new uses which it is proposed to make of City Hall Park in the erection of the new municipal building, by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Tappen, it was ordered that a bill be prepared for introduction in the Legislature authorizing the issue of bonds to the amount of \$100,000, for the improvement of Corlears Hook Park when acquired for park purposes, by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, at 3.55 P.M., the Board adjourned to meet Wednesday, April 5, at 10.30 A.M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, APRIL 5, 1893—ADJOURNED MEETING, 10.30 A.M.

A quorum not being present, no business was transacted.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

FRIDAY, APRIL 7, 1893-SPECIAL MEETING, 10.30 A. M.

Pursuant to the following:

CITY OF NEW YORK-DEPARTMENT OF PUBLIC PARKS, COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET, April 5, 1893.

Mr. CHARLES DE F. BURNS, Secretary, etc.

SIR—You will please issue notices for a meeting of the Board to be held on Friday, 7th instant, at 10.30 A. M., for the transaction of such business as may be presented.

Respectfully,

PAUL DANA, President D. P. P.

Present-Commissioners Straus, Tappen. Gray.

In the absence of the President, Commissioner Tappen was called to the chair.

The following communications were received:

From the Mayor inclosing a letter from C. A. Seward and Levi P. Morton, in relation to a statue of Roscoe Conkling, proposed to be erected in Union square. Referred to the Advisory Art Committee.

From the Counsel to the Corporation, advising the Department in regard to allowing accused officers of the Park Police Force to be represented by counsel at trials. Filed.

From a Committee of Swedish Americans in relation to the ceremony of unvailing the statue of John Ericsson. Filed, with directions to the Secretary to communicate the same to the Ericsson Monument Committee.

From a Committee of the New York Society for Parks and Playgrounds for Children, requesting that a part of East River Park be set apart for swings, etc., for children. Approved and referred to the Superintendent of Parks to designate a location.

From C. Vanderbilt, accepting appointment on the committee to select a site for the proposed botanical garden. Filed.

From James Brown Lord, accepting appointment on the Committee of Architects to examine and report on the plans for the enlargement of the American Museum of Natural History Building. Filed.

From Lieutenant-Colonel G. L. Gillespie, Corps of Engineers U. S. A., in relation to the extension of the bulkhead lines on the Harlem river. Referred to Commissioner Dana.

From Charles Sooysmith, in relation to the elevated railway structure in One Hundred and Tenth street. Filed, with directions to the Secretary to reply that this Board will favor any change for the public good that may be agreed upon.

From the Secretary of the Metropolitan Museum of Art, stating that the museum building would be closed from April 6 to 19, inclusive, for the usual semi-annual cleaning and rearrangement of collections. Filed.

From R. H. Robertson, asking permission to erect projections on the proposed dwelling of Charles T. Yerkes, at the southeast corner of Sixty-eighth street and Fifth avenue.

Commissioner Straus offered the following:

Resolved, That the consent of the Department be and the same hereby is given to the erection of projections on the proposed dwelling of Charles T. Yerkes at the southeast corner of Sixty-eighth street and Fifth avenue. Said projections not to extend more than three feet beyond the house line of Sixty-eighth street nor more than two feet beyond the house line of Fifth avenue, as shown on a plan filed in this office by R. H. Robertson, architect.

This consent to take effect upon payment to the Department of the sum of five hundred dollars. Which was adopted by the following vote:

Ayes-Commissioners Straus, Tappen, Gray-3.

From J. F. Sutton, in relation to crow blackbirds in the park, and suggesting that they be destroyed. Laid over.

From the Architects in charge of the work of the Aquarium, submitting plans and specifications for a steam heating apparatus for Castle Garden building.

Commissioner Tappen offered the following:

Resolved, That the plans and specifications for steam heating apparatus for the Aquarium be approved and the specifications ordered printed, and when printed and approved as to form by the Counsel to the Corporation, that the Secretary be directed to insert an advertisement in the CITY RECORD, inviting proposals for doing the work.

Which was adopted by the following vote:

Ayes—Commissioners Straus, Tappen, Gray-3.

From the Superintendent of Parks reporting an estimate of the cost of repairing the roof and gutters of the Casino in Central Park.

Referred to the Secretary to obtain estimates for doing the work.

From Horatio C. King, acknowledging receipt of letter respecting the Nathan Hale Statue. Filed.

From H. H. Hollister, complaining of annoyance of equestrians by boys on the bridges over bridle roads in the park.

On motion of Commissioner Gray, the Captain of Police was directed to detail an officer in citizen's clothes to protect equestrians from such annoyance.

Commissioner Gray offered the following:

Resolved, That the numbers on the shields now in use by the Park Police Force be made of copper, and that an order be issued for making the necessary alteration.

Which was adopted by the following vote:

Ayes-Commissioners Straus, Tappen, Gray-3.

Commissioner Gray offered the following:

Resolved, That the Captain of Police direct the Force stationed in parks south of Central Fark to note on their daily reports all cases of idleness and inefficiency on the part of the laboring force that may come under their observation, stating full particulars in each case, and that all such reports be at once transmitted to this office.

Which was adopted by the following vote:

Ayes—Commissioner Straus, Tappen, Gray-3.

At this point Commissioner Dana entered and took the chair.

The Secretary submitted a statement of moneys received and deposited in the City Treasury during the month of March, which was ordered entered upon the minutes as follows:

Statement of Moneys Deposited in the City Treasury during the Month of March, 1893.

The above-mentioned bills having been read and passed on separately, on motion, the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Commissioner Dana offered the following:

Resolved, That the bill of Fred. H. Parson, amounting to one thousand two hundred and three dollars and seventy-six cents, for premiums on insurance of buildings in the New Parks north of the Harlem river, be and the same hereby is audited and approved and ordered transmitted to the Finance Department for payment, chargeable to the appropriation for Maintenance and Construction of new parks north of Harlem river, etc.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Tappen, the Secretary was directed to notify the contractor for furnishing gravel to the Department to state without further delay the location of the bed from which he proposes to supply the gravel.

On motion, at 11.55 A.M., the Board went into executive session.

The case of Park Policeman Michael Madden, charged with intoxication, was taken up and the evidence considered, and Officer Madden was found guilty as charged.

Commissioner Gray moved that Officer Madden be dismissed from the force.

Which was lost by the following vote:

Ayes-Commissioners Dana, Gray-2.

Noes-Commissioners Straus, Tappen-2.

Commissioner Tappen then moved that Officer Madden be fined thirty days' pay.

Which was carried by the following vote:

Ayes-Commissioners Dana, Straus, Tappen-3.

No-Commissioner Gray-1.

On motion of Commissioner Dana, the Landscape Architect was directed to examine and report upon the proposed public driveway along the Harlem river by the following vote:

Ayes—Commissioners Dana, Straus, Gray-3.

No-Commissioner Tappen-1.

M. J. McDermott appeared before the Board and asked that the Institution of Mercy be reimbursed for an outlay of \$380, made for a supply of water to the buildings occupied by that institution in Pelham Bay Park.

On motion of Commissioner Tappen, the amount to be paid by the Sisters of Mercy for the use and occupation of said buildings was fixed at \$125 per month to January 1, 1894, by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, the arrangement of Park Concerts for the coming season was referred to the President, with power.

On motion of Commissioner Gray, the present by-laws of the Board, and also the police regulations, were ordered printed.

Commissioner Gray submitted a draft of a proposed legislative bill placing Fifth avenue, from Washington square to One Hundred and Tenth street, under the jurisdiction of this Department, with authority to prescribe regulations for its use.

Debate was had thereon, and the matter was laid over.

The President placed before the Board quarterly reports for the nine months ending December 31, 1893, which were approved and ordered transmitted to his Honor the Mayor, and also printed as a document of the Board.

(See document No. 126.)

On motion, Commissioner Dana was chosen as Chairman of the Board of Trustees of the Park Police Pension Fund created by the chapter 142 of the Laws of 1893, by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray--4.

On motion, at 12.50 P.M., the Executive Session arose and the Board adjourned.

CHARLES DE F. BURNS, Secretary.

DOCUMENT NO. 126.

BOARD

OF THE

DEPARTMENT OF PUBLIC PARKS.

April 7, 1893.

The President presented reports of the transactions of the Department for the three quarters ending December 31, 1892, which were ordered transmitted to his Honor the Mayor, and also printed as a document of the Board.

CHARLES DE F. BURNS,

Secretary.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending June 30, 1892.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET, July 1, 1892.

Hon. Hugh J. GRANT, Mayor:

SIR—Pursuant to the provisions of section 49 of chapter 410 of the Laws of 1882, as amended by chapter 62 of the Laws of 1887, the Department of Public Parks hereby submits the following statement of its transactions during the three months ending June 30, 1892:

Commissioner Albert Gallup having been reappointed as a Commissioner of Public Parks, the personnel of the Board of Parks remains unchanged.

At the annual reorganization of the Board Commissioner Paul Dana was elected President to serve until May next.

Aside from the care and maintenance of the parks, much attention has been given the several works of improvement now in progress, as well as other proposed improvements in connection with the park system. A plan for the permanent improvement of Manhattan Square has been considered and is now in course of preparation. A retaining-wall upon the westerly side of Riverside Park, between Seventy-ninth and One Hundred and Twenty-ninth streets, has been planned, and an issue of bonds to the amount of \$141,500, as provided by chapter 575 of the Laws of 1887, has been asked in order that the work may be commenced and pushed to early completion.

Plans for fitting up Castle Garden as an aquarium and for the improvement of the grounds around the building have been made and are now before the Board of Estimate and Apportionment for the approval of that Board, as required by section 2 of chapter 28 of the Laws of 1892.

The extension of the Parade Ground in Van Cortlandt, as provided for by chapter 530 of the Laws of 1892, has been taken up, and the Board of Estimate and Apportionment has been requested to provide the sum of \$2,000 for making surveys and doing other preliminary work for the preparation of plans.

The subject of improving the new parkways, Mosholu, Crotona, Bronx and Pelham, as provided for by chapter 417 of the Laws of 1892, has received consideration, and an application has been made to the Board of Estimate and Apportionment for \$40,000 to proceed with the work.

A plan for regulating and paving that part of St. Ann's avenue adjoining St. Mary's Park, prepared by the Commissioner of Street Improvements in the Twenty-third and Twenty-fourth Wards, has been approved by this Department.

Matters in relation to the museums in the park have received the attention of the Board. The work of erecting the north wing of the Metropolitan Museum of Art, although progressing, has not made satisfactory progress, the delay being occasioned by the inability of the contractor, as he states, to procure materials on account of the strikes of the quarrymen. The vacancy caused by the death of the Architect, Mr. Arthur L. Tuckerman, has been filled by the appointment of Mr. Joseph Wolf, under whose charge the work is now going on. Plans for a boiler-house and electriclighting for the new wing have been prepared and approved by the Trustees and the Board of Parks; they have been submitted to the Board of Estimate and Apportionment for the concurrence of said Board, with the request that funds to the amount of \$90,000 be provided for the work, as authorized by chapter 420 of the Laws of 1892. The sum of \$5,600 has been transferred to the appropriation for maintenance of the museums, to be applied to the opening of the American Museum of Natural History on Sundays during the remainder of the year. The Park Board has also approved of a transfer to the Art Museum for a similar purpose. Pursuant to the provisions of chapter 290 of the Laws of 1892, the Board of Estimate has been requested to authorize the transfer of \$25,000 from any unexpended balances or appropriations for 1891 to the appropriation for maintenance of museums for the current year.

Senate Bill No. 832, to provide for the enlargement of the American Museum of Natural History building, has been approved by the Board of Parks, and the Governor was requested to give the same favorable consideration.

Of the several statues now before the Department for erection on the parks, sites have been selected for that of Horace Greeley and also that of General W. S. Hancock. The former will be located at the north end of the triangle at the junction of Broadway and Sixth avenue at Thirty-third street, and the latter at the triangle at the junction of One Hundred and Twenty-third street and Avenue St. Nicholas. A site for the Columbus monument, to be presented to the City by the Italian societies, has been designated at the Circle at Fifty-ninth street and Eighth avenue.

The flower market established at Union square last season has been permitted to remain at the same location.

Music in the parks has been arranged for, and the concerts which were commenced in the early part of May will be continued in the following order during the summer months and as far into the early autumn as the appropriation for that purpose will admit:

Central Park, Saturday and Sunday afternoons.

Battery Park, Friday evenings.

Mount Morris Park, Tuesday evenings.

Tompkins Square, Wednesday evenings. East River Park, Thursday evenings. St. Mary's Park, Saturday afternoons. Washington Square, Monday afternoons. Paradise Park, Monday evenings.

The concerts, which are one of the most attractive features of the parks, are very largely attended.

The work of cleaning the "Pond" at Fifty-ninth street in Central Park has been accomplished. The water has been drawn down and the accumulations along the shores have been removed. A new basin has been built at the southerly end, and the Pond is in a healthful condition for the summer.

In view of an opinion of the Counsel to the Corporation, in which he advised that there is no authority to set apart a portion of Tompkins Square for the exclusive use of small children dwelling in the vicinity, as proposed and requested by a resolution of the Board of Aldermen, the Departmen has taken no action in the matter.

Plans have been made for a tool-house and wagon-shed to be located near Eighty-first street, on the west side of Central Park, and a request has been made for funds to do the work.

Upon the application of the Building Committee of the Grant Monument Association, permission has been given for the removal of the present tomb of General Grant from its present location to a point about 75 feet northerly therefrom during the progress of the work on the monument. Permission has also been given the association to place contribution boxes in the vicinity of the tomb and also to erect a stand, etc., for use on the occasion of laying the cornerstone of the monument in April.

Permission has been given the Westchester Water Company to maintain three telephone pay stations in Pelham Bay Park, upon condition that the police and park employees shall have the free use of said telephones in Westchester County, and in case communication is had between any one of those three stations and other stations in New York County the said company shall pay the charges therefor. Mr. Frederick H. Allen has been permitted to occupy the "Hoyt House," in Pelham Bay Park, for nine months, at \$60 per month. All repairs to be made by the occupant.

The license of A. H. Dollivar for operating swan boats on the Central Park Pond has been renewed for three years at \$250 per annum.

The license of Charles Schwarz to occupy and sell refreshments in the buildings in Highbridge Park has been renewed for five years, at six per cent. of his gross receipts, the licensee to put the buildings in proper condition and maintain them in such condition, together with the approaches, during the continuance of his license.

Carl H. Schultz has been given a renewal for one year of his license for the sale of mineral waters in Central Park, in the building known as the "Mineral Spring." Mr. Schultz pays

\$500 for the privilege, and agrees to make all repairs necessary to keep the building in good condition.

James Reynolds has been given the privilege of selling refreshments in Claremont Park.

Stephen Peabody has been given permission to occupy the "Hunter House" in Pelham Bay Park for two years. Mr. Peabody will pay \$1,200 per annum for the privilege.

The consent of the Department has been given to the construction of a driveway entrance in the rear of the Metropolitan Club Building, at the northeast corner of Fifth avenue and Sixtieth street, as shown on a plan filed in this office.

The work of constructing the new McComb's Dam bridge over Harlem river is making satisfactory progress.

The Department has received a copy of chapter 552 of the Laws of 1892, amending the law providing for the construction of this bridge, by including in the land to be acquired in connection with approaches the gore north of One Hundred and Fifty-third street, between Seventh avenue and McComb's Dam road, and steps have already been taken toward the acquiring of the gore.

As the bridge is being built in connection with the One Hundred and Fifty-fifth street viaduct, now in course of construction by the Department of Public Works, the engineering force employed on the latter structure has been employed on the bridge, and their time is apportioned between the two works.

Plans for a temporary bridge over Harlem river at Seventh avenue, to accommodate the constant traffic during the construction of the new bridge, have been prepared and approved by the Board of Estimate and Apportionment, and immediate steps will be taken to have the bridge built within the shortest possible time.

The New York and Northern Railway Company has given its consent to the construction on its lands of approaches to the footways of the company's bridge over Harlem river at Eighth avenue, and plans therefor have been prepared and approved. The work will now be pushed to completion without further delay.

An application of property-owners and residents of Kingsbridge and vicinity for permission to construct a foot-bridge over Spuyten Duyvil Creek at Kingsbridge, at their own expense, has been granted, subject to the rights and consent of any party in interest in the lands or premises affected.

A thorough examination of the machinery of the draw of the Madison avenue bridge has been made, and the turn-table was found to be in need of immediate repairs, including new steel track circles. The Board of Aldermen has been requested to pass an ordinance authorizing the Department to have the work done without contract, at public letting, at an expense not exceeding \$3,600.

The Board of Aldermen has also been asked to authorize the purchase, without public letting, of a steam stone-crusher, for use on the New Parks north of the Harlem river, at a cost not exceeding \$1,500.

The Sinking Fund Commission has been requested to lease for this Department, for two years, the building and sheds in One Hundred and Fifty-fourth street, near McComb's Dam road, known as the Old Barry Hotel, at an annual rental of \$600, to be used as offices by the engineers employed on the construction of the bridge over the Harlem river at One Hundred and Fifty-fifth street.

Contracts for the following-named works have been entered into by the Department during the quarter:

For the construction of a bridge over Harlem river at One Hundred and Fifty-fifth street, together with the Jerome avenue approach thereto. Passaic Rolling Mill Company, contractor; Andrew Carnegie and the American Surety Company, sureties.

For repairing and repaving, with rock asphalte, the walks in the city parks, other than Central Park. The Sicilian Asphalt Paving Company, contractor; Henry Bolze and Thomas Watson, sureties.

For the erection of an iron railing around two parks in Park avenue, between Fifty-sixth and Sixty-sixth streets. Joseph Marren's Sons, contractors; Joseph Marren and Martin Mahon. sureties.

For the construction of mason and granite work for four parks in Park avenue, between Fifty-sixth and Sixtieth streets. William Kidney, contractor; Thomas F. Russell and Walter J. Ford, sureties.

For the completion of the entrance to Central Park at West One Hundred and Sixth street and connecting driveway. P.J. Moran, contractor; Fred. W. Turner and Robert Hannas sureties.

For furnishing and delivering screened gravel on Central Park and Riverside Drive. Brown & Fleming, contractors; Michael Regan and Thomas Smith, sureties.

For furnishing and delivering forage. Theodore P. Huffman, contractor; W. B. Perry and W. Y. Frazee, sureties.

CONSTRUCTION WORK.

CENTRAL PARK.

Completion of the Regulating and Grading and Improving Entrance at One Hundred and Sixth Street and Central Park, West, and Driveway, Connecting same with the West Drive in the Central Park.

The contract for this work was executed May 17, 1892, and work ordered commenced on June 1.

The amount of work done to June 30 was 3,000 cubic yards earth excavation.

Cleaning Lakes in Central Park.

The work done has been for purification of the Pond at Fifty-ninth street and consists of the construction of:

- I brick basin for surface over floor.
- 442 lineal feet 4-inch cast-iron water-pipe laid.
- 36 lineal feet 10-inch vitrified pipe laid.
- 51/2 cubic yards rock excavated.

MORNINGSIDE PARK.

The Erection of Parapet Walls, Bronze Railings and Appurtenances for the Inclosing of Morningside Park and the Avenue on the Westerly Side of the Park, from the Entrance at Manhattan Avenue to a Point 21½ Feet Westerly from the Westerly Pier of the One Hundred and Twenty-second Street Entrance, in the City of New York.

The contract for this work was executed March 10, 1892, and work ordered commenced April 13, 1892.

The amounts of work done during the quarter are:

- 125 cubic yards of excavation.
- 600 cubic yards dry wall taken down.
- 400 cubic yards dry wall rebuilt.
- 95 cubic yards rubble masonry built.
- 73 cubic yards ashlar masonry built.
- 63 cubic yards cobbles furnished and set.
- 274 cubic feet ashlar in old piers taken down.
 - 17 cubic feet ashlar in old piers reset.
- 102 cubic feet new four-faced ashlar furnished and set.
- 144 cubic feet two-faced ashlar in parapet walls.
- 3,245 cubic feet granite base posts, coping, etc., furnished and set.

CITY PARKS.

For Alteration of the Roads, Walks and Other Improvements required in Connection with the Erection of the Washington Memorial Arch in Washington Square, in the City of New York.

The contract for this work was executed October 10, 1891, but the construction of the arch delayed the commencement until May 2, 1892, on which date the work was ordered to begin.

The work done has been:

1,023 square yards old granite-block pavement relaid.

778 square yards new granite-block pavement furnished and laid.

- 551 square feet new bridge stones furnished and laid.
- 144 lineal feet old 6-inch curb reset.
- 118 lineal feet new straight 6-inch curb furnished and set.
- 178 lineal feet new curved 6-inch curb furnished and set.
 - 1 receiving basin rebuilt.
- 64 lineal feet 12-foot vitrified pipe furnished and laid.
- 191 lineal feet old 2-inch edging reset.
- 155 lineal feet new 2-inch edging furnished and set.

Repairing and Repaving with Rock Asphalt the Walks within the City Parks other than Central Park in the City of New York.

The contract for this work was executed May 10, 1892, and work ordered commenced May 23, 1892. The work on the several parks has been the laying of—

14,600 square feet asphalt pavement with concrete base.

18,000 square feet asphalt pavement without concrete base.

MAINTENANCE WORK.

Gardening.

The gardening force has performed the following work:

The numerous flower beds of the Central and City Parks have been prepared and planted. In this work over 15,000 pansies and daisies, together with about 100,000 other bedding plants such as colens, geraniums, etc., were planted. After these plants were set out it was necessary to water, cultivate and care for them from time to time.

At Manhattan Square 50 trees and 400 shrubs were planted out, cultivated and watered.

400 vines and shrubs have been planted on the Park avenue parks at Sixty-seventh and Sixty-eighth streets.

The trees on all the parks have been pruned and the dead ones removed.

At the greenhouses plants have been propagated and prepared for the parks, and the stock in the nursury has been cared for.

General Main'enance Work.

The park drives have been cared for, also the walks, bridges and paths.

During this quarter most of the children's picnic parties occur. This season 111,572 children in parties have enjoyed the use of the lawns for this purpose. The cleaning of the lawns after these parties involves much labor. The lawns have been prepared for the usual summer games. The park cottages have been repaired and maintained, and the bridle paths cleaned, the lawns mowed and Fifth avenue properly maintained.

The "Plaza" and "Circle" at Fifty-ninth street have been repaired with broken stone and gravel.

The shores of the park lakes have been kept in order.

At the park stables the horses have been cared for, harness and wagons kept in repair.

At Riverside Park considerable work was required to be done in connection with the laying of the corner stone of the Grant Monument.

The bridges over the Harlem river have been maintained and operated.

In the work of maintaining the parks there are very many minor items too numerous to mention here which, together with the work mentioned herein, have taken the time of the force of mechanics and laborers employed for that purpose. The details of all such items appear upon the records of the Department.

Of the arrests made, 513 were males and 70 females.

37 accidents occurred in the several parks during the quarter. 92 runaways have taken place in Central Park, 56 of which were stopped by mounted Policemen, 23 by Policemen on foot, and 13 were stopped by the drivers or escaped from the park.

43 collisions have occurred on the park drives, in which 22 wagons were broken and taken to the park stables, with the horses.

16 horses, 12 cows and 5 dogs have been impounded on the parks.

Assistance has been rendered to 83 persons taken sick or injured in the various parks. A boy and an infant were found drowned in the park lakes, and a man and a boy were rescued from drowning. One man was found dead and one infant. Four men committed suicide and one attempted suicide. Two abandoned infants, a male and a female, were found.

Five officers have been injured in the performance of duty.

Seven Patrolmen have been promoted to Roundsmen and three Roundsmen to Sergeants.

The annual parade and review of the Park Police took place in the Central Park on the 20th of May.

At the request of the United States Horse and Cattle Show Society, the mounted squad of the Park Police were allowed to take part in the exhibition given by the society in the early part of May.

METEOROLOGICAL OBSERVATORY.

During the past quarter monthly tables have been printed for distribution to home and foreign observatories and libraries; weekly reports have been issued to the CITY RECORD and newspapers; weekly and hourly reports to the Health Department, and meteorological information has been supplied to the Counsel to the Corporation and to the courts.

The annexed tables give an abstract of the mean, the maximum and minimum readings from the various self-recording instruments in this observatory for the second quarter of the year 1802, and

also comparisons with the observations for the same quarter for the past twenty years at this observatory.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending September 30, 1892.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET, October 1, 1892.

Hon. HUGH J. GRANT, Mayor:

SIR—In compliance with the provisions of section 49 of chapter 410 of the Laws of 1882, as amended by chapter 62 of the Laws of 1887, the Department of Public Parks hereby submits the following statement of its transactions for the three months ending September 30, 1892:

During this quarter attention has been given to the improvement of the unfinished northwest corner of the Central Park, and plans have been made for that and also for improving the newly-acquired lands in extension of the East River Park. The fitting up of the old Castle Garden building at Battery Park as an aquarium has also received consideration and the work has been commenced under the supervision of Mr. Harvey T. Woodman, who has been employed as Consulting Architect for this work. In connection with the construction of the aquarium the grounds around the building will be improved in keeping with the park.

The Board of Estimate and Apportionment has been requested to authorize the expenditure of the sum of \$12,098.50, being the aggregate amount of the unexpended balances of bonds heretofore authorized to be issued under the provisions of chapter 575 of the Laws of 1887 for the construction of asphalt walks in the Central Park. The said Board has also been requested to transfer the sum of \$3,600 for renewing the track of the turn-table of the Madison Avenue Bridge.

The Board of Aldermen has been asked to authorize this Department to contract, without public letting, for paving with asphalt the area between the original and the present curb-lines on either side of the Washington Memorial Arch in Washington Square, at an expense not to exceed \$2,000. This is to enable the Department to arrange with the contractor now paving the roadway to do this work in connection with that covered by his contract and at the same price.

The consent of the Department has been given to the erection of projections on the following-named premises:

Dwelling of Mrs. N. E. Baylies at the northeast corner of Fifth avenue and Seventy-first street.

Dwelling of C.G. Judson on the west side of West End avenue, 76 feet south of Seventy-second street.

Building of Andrew A. Smith on the north side of East Eighty-seventh street, 175 feet east of Central Park.

Building of Higgins & King at the northwest corner of Madison avenue and Eighty-seventh street.

This consent is given pursuant to section 688 of the New York Consolidation Act touching projections and erections on streets within a distance of 350 feet from the boundary of any park. Plans showing the projections consented to are on file with the Department.

The Department has entered into the following-named contracts:

For the erection of a music stand in Mount Morris Park, \$3,299. John E. McGuire, contractor; David Boyd and Robert Boyd, sureties.

For the construction of approaches to the southerly footwalk of the New York and Northern Railroad Company's bridge over Harlem river at Eighth avenue, \$4,887. John D. Walsh, contractor; James D. Leary and Daniel J. Leary, sureties.

For building temporary bridge across Harlem river with approaches, etc., connecting with McComb's Dam Bridge, \$12,000. T. & A. Walsh, contractors; A. T. Decker and Alfred J. Murray, sureties.

For erecting an iron railing around Mount Morris Park, \$7,678.30. M. J. Drummond, contractor; H. H. Brown and John Keresey, sureties.

For furnishing and setting granite coping and posts around Mount Morris Park, \$10,556.80. Stephen Ruddy, contractor; M. McGrath and Patrick McMorrow, sureties.

For improving the public plaza at Fifth avenue and One Hundred and Tenth street, \$7,740. F. Thilemann, Jr., contractor; F. V. Smith and Richard J. Mahoney, sureties.

For repairing and resurfacing the macadamized roadway of Seventy-second street, between Columbus and Amsterdam avenues, \$2,411.50. Charles H. Babcock, contractor; James Baird and Matthew Baird, sureties.

For the improving of Rutgers Park at Rutgers Slip, between Cherry and South streets, \$12,570.74. Joseph Moore, contractor; John McQuade and George Moore Smith, sureties.

Music has been continued in the parks and concerts have been given nearly every day during the quarter in some one of the parks; 88 concerts in all were given and greatly enjoyed by the large number of people always in attendance.

MAINTENANCE WORK.

The gardening force has been engaged in the care of the flower beds and herbaceous plants in Central and City Parks, 300 dead, diseased or overcrowded trees were removed and the trees along the drives pruned.

The routine maintenance work, cleaning and watering of the drives and the cleaning of the walks, lawns and basins has been attended to on the Central, City Parks, Riverside and Morningside Parks.

The lawns were moved on an average of one a week, either by hand or machine.

The work incident to the concerts, which occurred daily at some point within the jurisdiction of the Department, has been attended to.

The cottages in the Central and City Parks have been kept open and in charge of Attendants.

The lawns of Central Park have been open for the playing of such games as tennis, croquet, ball, etc.

The drives of Central Park and Riverside have been repaired with gravel.

The iences at many points on the Central and City Parks were repaired.

The force at the Eighty-fifth Street Stables has been engaged in the care, etc., of 68 horses, and in the repairing of harness and light wagons.

The mechanical force has been engaged as follows:

Repaired 36 pieces of rolling-stock, such as dirt trucks, grass carts, etc.

The Carpenters also repaired signs and settees for the Central Park, repaired the roof of the Sheepfold and Blacksmith shops and greenhouses, and also made incidental repairs at various other points.

The painting force painted and lettered 28 pieces of rolling-stock, such as dirt and spring trucks; also prepared 177 signs for Central and City Parks. Also painted repairs and done necessary glazing at the animal buildings, stables, greenhouses and shops.

The mason gang has been engaged in repairing concrete walks and basins at Battery Park, Washington Square, Stuyvesant Square.

In cutting and setting bridge-stone on crosswalks of Fifth avenue, and in repairing basins and drains in the Central Park.

The forces at the shops have been engaged in the shoeing of the horses and in general repair of the ironwork of the rolling stock, iron fences, urinals, etc.

The force on the Harlem river bridges has been engaged in the care and operation of these bridges and in their general repair and maintenance.

The Plumbers were engaged in the general repair of the plumbing work, closets, etc., throughout the parks.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending December 31, 1892.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, Nos. 49 AND 51 CHAMBERS STREET, January 1, 1893.

Hon. THOMAS F. GILROY, Mayor:

SIR—In pursuance of the provisions of chapter 410 of the Laws of 1882 (section 49), as amended by chapter 62 of the Laws of 1887, the Department of Public Parks hereby submits the following statement of its transactions during the three months ending December 31, 1892:

In the death of Commissioner Gallup, the Board of Parks and the Department have met with a great loss. It occurred on the 24th of December, and, on the same day, the following testimonial of his colleagues was placed on the records of the Department:

"The death of our associate, Albert Gallup, has been announced, and we desire to place on record our testimonies to his worth, ability and industry as a Commissioner of Public Parks. For nearly four years he filled the office of Commissioner, and, for two years of that time, he was, by the unanimous choice of his associates, elected to the office of President, being the chief executive officer of the Board. By his courtesy to all having business with the Department, and his experience and wisdom in all matters connected therewith, he commended himself to his associates and to the public. In the prime of young manhood, and with brilliant prospects in the profession of the law, of which he was an honored member, his death is not only a loss to the community which he faithfully served, but a great bereavement to his friends and to the Park Commissioners, who desire hereby to convey to his family an expression of their sincere friendship and high respect for their late colleague."

The organization of the Board remains the same as at the date of the last report.

Several matters of importance have required and received careful consideration.

The Departmental Estimate for the year 1893 has been prepared and forwarded, the several items for which money will be required aggregating \$1,515,718.75.

The subject of closing the draws of the Harlem river bridges during certain hours, which has been under discussion for some time past, has been disposed of by the adoption of regulations, taking effect December 20, requiring that the draws of the Madison and Third avenues' bridges shall not be opened or operated between the hours of six and ten o'clock in the forenoon, and between four and seven o'clock in the afternoon, except when otherwise ordered by the Secretary of War.

These regulations do not apply to the boats of the Fire Department nor to the regular transportation boats of the New York and Northern Railway Company.

The work of converting the old Castle Garden building into an Aquarium is steadily progressing.

The work of constructing the new McComb's Dam Bridge over the Harlem is also making satisfactory progress. Preliminary steps have been taken for acquiring title to the gore of land north of One Hundred and Fifty-third street, between Seventh avenue and McComb's Dam road, for use as an approach to the new bridge.

The Department has given its consent to the Union Railway Company to use electric power to operate its car lines over the Madison and Third avenue bridges crossing Harlem river, for which the said company has permission.

The proposed extension east and west of the railway in Transverse Road No. 3, as authorized by chapter 532 of the Laws of 1892, has been considered, and several hearings have been given the parties interested.

Consent has been given to the erection of a porte cochere on a building to be erected on West Sixty-third street, between Columbus avenue and the Boulevard.

The rules which prevail on the Riverside Drive, in regard to business traffic, have been applied to West Seventy-second street, between Columbus and Amsterdam avenues, inasmuch as the surface of the street on that block has been perfected as a parkway.

The Gas Commission has been requested to provide a suitable number of lights for the Circle at Eighth avenue and Fifty-ninth street.

A statue of the late Dr. J. Marion Sims has been presented to the City for erection in the Park.

A statue in bronze of the late President Chester A. Arthur has been offered and is now before the Advisory Art Committee, who will report as to its artistic merits before further steps are taken toward its erection. Plans prepared and submitted by the Trustees of the American Museum of Natural History, for the further enlargement of the Museum building, are now under consideration.

Permission has been given to John H. Keller and John Deisser to cut ice on the Bronx river during the coming season.

The license of William A. Hall to moor a bathing-house at the Battery has been renewed for a period of three years, upon the same terms and conditions as hitherto.

A license held by Joshua Leviness for letting boats and selling refreshments at Goose Island in Pelham Bay Park has been renewed to his son George Leviness.

Contracts have been entered into by the Department, as follows:

For regulating and paving the widened portion of the roadway adjacent to the Washington Arch in Washington Square; the Barber Asphalt Paving Company, contractor; F. V. Greene and A. L. Barber, sureties. Estimated cost, \$2,000.

For taking down and rebuilding brick walls of annex in Castle Garden building, \$3,300; Joseph Moore, contractor; John McQuade and John McLaughlin, sureties.

Constructing retaining-wall on the westerly line of Riverside Park, between One Hundred and Nineteenth and One Hundred and Twenty-ninth streets; Robert Hanna & Co., contractors; James Rogers and David Christie, sureties. Amount of contract, \$52,617.50.

For salt and fresh water filters for the Aquarium in Castle Garden building, \$8,522; the Field Force-pump Company, contractor; American Surety Company and Henry D. Lyman, sureties.

For the erection of a tool-house and sheds in Central Park; John E. McGuire, contractor; Robert Boyd and David Boyd, sureties. Amount, \$9,709.

MAINTENANCE WORK.

The gardening force has been employed in removing the summer-bedding plants and planting out the tulip beds at various points in the parks, in prunning shrubs and thinning out the plantations and at the green-houses, in the care and propagation of bedding plants for the coming spring.

The maintenance force has been engaged in the usual routine work of caring for and cleaning the roads, drives, walks, lawns, basins, etc.

The increased use of the Park, on account of the number of visitors in the city during the Columbus Celebrations, necessitated considerable extra work in the repairing of the plazas on Fifty-ninth street, at Fifth and Eighth avenues.

The lawns of Central Park were open for the use of those who participated in such games as tennis, croquet, foot-ball, etc., until the end of November.

The various cottages on the parks were kept open and in charge of attendants from 8 A. M. to 5 P. M.

Preparations were made for skating on the large lake and at Harlem Meer. At Harlem Meer the customary skate-house and platform were erected, and a large platform and building for toilet accommodations were erected on the shore of the large lake.

On November 18 a slight fire occurred at the green-houses, One Hundred and Fourth street and Fifth avenue, Central Park, which was extinguished by the Department employees. The damage was merely nominal.

At the new entrance, One Hundred and Tenth street and Fifth avenue, a concrete foundation 144 feet long, 3 feet wide and 3 feet deep was laid; a walk 193 feet long by 12 feet wide was laid, and 11 granite steps were set, with rustic side stones for supports; a couple of basins were built and surrounding ground was graded.

At the new entrance, One Hundred and Sixth street and Eighth avenue, the ground was graded and a number of rocks placed in the banks.

The construction work in connection with the addition to East River Park was commenced. It consists of grading slopes and placing stones for foundation of walks.

The bridges over the Harlem river were operated as usual, except that from December 20 the draws on the Third and Madison Avenue bridges were closed from 6 to 10 A. M. and from 4 to 6 P. M.

The mechanical force was engaged in the repair of rolling stock, settees, etc.; the painters in glazing and preparation of signs; the plumbers in shutting off the water, putting up lamps on the shore of the lakes used for skating, and the mechanics in the shops in the operation of boilers and repair of tools, etc., and the masons in the repair of basins and drains.

Bills amounting to \$150,000.33 and pay-rolls amounting to \$197,788.98 were audited during the quarter and sent to the Finance Department for payment.

Cash to the amount of \$9,565.92 was received by the Department and deposited in the City Treasury.

By order of the Department of Public Parks.

PAUL DANA, President.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

WEDNESDAY, APRIL 12, 1893—STATED MEETING, 10.30 A.M.

Present-Commissioners Dana (President), Straus, Tappen, Gray.

Col. W. C. Church, of the Committee having in charge the erection of the Ericsson Statue, appeared and was heard upon the subject of an inscription for said statue.

Commissioner Tappen, at the request of the Committee, proposed the following:

The City of New York erects this statue to the memory of a citizen whose genius has contributed to the glory of the Republic and the progress of the world.

Commissioner Dana offered the following as a substitute:

The City of New York erects this statue to the memory of John Ericsson, a native of Sweden, and a citizen of the United States, whose genius has contributed to the glory of the Republic and the progress of the world.

The question was put upon the substitute, which was lost by the following vote:

Aye-Commissioner Dana-1.

Noes-Commissioners Straus, Tappen, Gray-3.

The question was then taken upon the original proposition, which was carried by the following vote:

Ayes—Commissioners Straus, Tappen, Gray—3.

No-Commissioner Dana-1.

Mr. McMorrow, of Smith & McMorrow, appeared and asked that the fee charged them for projections on a proposed building at Eighty-eighth street and Madison avenue be remitted or reduced. The request was denied.

The following communications were received:

From the Elerk of the Board of Aldermen, transmitting a copy of a resolution authorizing this Department to contract for telephonic service for the current year without public letting. Filed.

From the Counsel to the Corporation, forwarding a form of agreement to be entered into with the New York and Harlem Railroad Company for the construction of tracks to connect their line with the tracks in Transverse Road No. 3.

Alfred Skitt, representing said company, appeared and stated that the form was satisfactory, and that the company would undertake to obtain the consent, as therein provided, within three months.

On motion of Commissioner Dana, the matter was referred to Commissioner Tappen for conference with the Counsel to the Corporation as to the questions of terminating the agreement on notice; ownership of road when constructed, and the amount of license fee to be paid.

From the President of the Metropolitan Museum of Art, enclosing a certified copy of chapter 276 of the Laws of 1893, an act to provide for the equipment and fitting up of the north extension of the Art Museum building, and asking that early action be taken thereunder. Filed, with directions to the Secretary to request information as to the objects and purposes of the expenditures proposed to be made.

On motion of Commissioner Tappen, the machinery, etc., in the flour mill at Bronx Park was ordered sold at public auction, by the following vote:

Ayes -- Commissioners Dana, Straus, Tappen, Grav-4.

From James E. Ware, Architect, asking permission to erect projections on dwellings proposed to be erected by Dr. J. V. S. Woolley at the northeast corner of Riverside Drive and Seventy-fifth street.

Commissioner Dana offered the following:

Resolved, That the consent of this Department be and hereby is given to the erection of projections on four dwelling-houses proposed to be erected by James V. S. Woolley at the northeast corner of Riverside Drive and Seventy-fifth street; said projections shall not extend more than three feet six inches beyond the building line of Riverside Drive nor more than four feet beyond the building line of Seventy-fifth street, as shown on a plan filed with this Department by James E. Ware, architect.

This consent to take effect upon payment to the Department of the sum of two hundred and fifty dollars for the privilege of the Seventy-fifth street projection, no charge being made for the projections on Riverside Drive, for the reason that the main front line of the facades in each house are planned at right angles with the side walls and arranged to be built considerably back from the house line, thus leaving more space back of the line than will be occupied by the projections.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

From the Engineer of Construction:

. Ist. Submitting plans and specifications for repairing and protecting the foundation and masonry of the Battery sea wall in front of Castle Garden and adjoining grounds.

On motion of Commissioner Dana said plans and specifications were approved and the specifications ordered printed, and when printed and approved as to form by the Counsel to the Corporation, the Secretary was directed to insert an advertisement in the CITY RECORD, inviting proposals for doing the work, by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray-4.

2d. Submitting plans and specifications for constructing receiving basins and laying drain-pipes for walk and surface drainage in East River Park.

On motion of Commissioner Dana, said plans and specifications were approved and the specifications ordered printed, and when printed and approved as to form by the Counsel to the Corporation, the Secretary was directed to insert an advertisement in the CITY RECORD, inviting proposals for doing the work, by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray-4.

From the Superintendent of Parks, recommending the acceptance of an offer of T. E. Crimmins to furnish a quantity of mould free of charge on Morningside Park.

On motion, the Superintendent was authorized to accept the mould.

From P. H. McArdle, submitting an estimate for making the necessary repairs to the roof and gutters of the Casino in Central Park. Referred to Commissioner Tappen.

The President from the Auditing Committee presented the following reports:

NEW YORK, April 12, 1893.

The above-mentioned bills having been read and passed on separately, on motion the same were approved and ordered transmitted to the Finance Department for payment by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Commissioner Dana offered the following:

Resolved, That the bill of J. & W. Scott, amounting to twenty-five dollars and sixty-two cents, for ice supplied to the Department from July 1 to October 1, 1892, be and the same hereby is audited, approved and ordered transmitted to the Finance Department for payment, chargeable to the appropriation for labor maintenance, supplies, construction and repairs for the year 1892.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Commissioner Gray offered the following:

Resolved, That the Board of Health be requested to have immediate inspections made as to the sanitary condition of the Fifty-ninth street Pond, in connection with the work of cleaning said pond now in progress under contract, and advise this Department what action should be taken in the matter to properly protect the health of the residents in that vicinity.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray—4.

On motion of Commissioner Tappen, the Contractor for cleaning the Pond was directed to appear before Commissioner Gray at 12 o'clock M., 13th instant, at this office for explanation.

Commissioner Gray offered the following:

Whereas, many complaints have been made of boys throwing stones at pedestrians and equestrians in unfrequented parts of the Central Park, causing danger to life and limb; and

Whereas, Several arrests have been made, but the small penalty imposed upon the offenders does not have the effect of checking the evil; therefore,

Resolved, That the attention of the Board of Police Justices be invited to the matter' with the request that they impose upon any person brought before them who may be found guilty of such offense, such punishment as will be sufficient warning to others to stop the practice.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

Commissioner Gray called up the proposed bill, placing Fifth avenue from Washington square to One Hundred and Tenth street, under the jurisdiction of this Department.

Commissioner Dana stated that he had looked into the matter and could not favor such legislation.

Commissioner Gray called attention to the inadequacy of the Park Police Force in view of the large number of visitors to the city that might be expected in consequence of the World's Fair.

Commissioner Tappen offered the following:

Resolved, That in the opinion of this Board the Police Force should be increased during the period of the World's Fair; that the appointment of twenty special Park-keepers for service from June to October, a period of five months, be and hereby is authorized, provided the Board of Estimate and Apportionment will provide a sufficient appropriation therefor.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, the action of the Board of the 7th instant, providing for copper numbers on Police shields, was reconsidered, and authority was given to Commissioner Gray to have iron numbers put on the badges at an expense of twenty cents per badge, by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Gray, the Superintendent of Parks was directed to require Cottage Attendants to be suitably uniformed.

A report of the committee of architects appointed to examine the plans for the enlargement of the American Museum of Natural History building, was received and read.

Messrs. Morris K. Jesup, Albert S. Bickmore, William Wallace and L. de C. Berg appeared and were heard in relation thereto.

Commissioner Tappen offered the following:

Resolved, That the plans submitted by the Trustees of the American Museum of Natural History for an addition to the Museum Building be and the same hereby are approved, and that said plans be forwarded to the Board of Estimate and Apportionment for the concurrence of said Board,

as required by chapter 423 of the Laws of 1892, and that the said Board be respectfully requested to authorize the issue of bonds to the amount of three hundred and fifty thousand dollars, or so much of that sum as may be required for the construction of said addition and the equipment thereof as provided by the act cited.

Which was adopted by the following vote:

Ayes—Commissioners Straus, Tappen, Gray—3.

No-Commissioner Dana-1.

On motion of Commissioner Gray, the Landscape Architect was directed to report as to the expediency of widening the East Drive, with an estimate of the cost, by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion of Commissioner Straus, the Landscape Architect was directed to report as to the feasibility of an additional carriage drive in Central Park, by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray-4.

Commissioner Gray offered the following:

Resolved, That the Board of Parks desire to express to the committee of advisory architects their appreciation of the service rendered by them in examining and reporting upon the plans for the extension of the building of the American Museum of Natural History, and to tender to said committee their thanks for the able and courteous consideration of the subject given by them.

Which was adopted by the following vote:

Ayes-Commissioners Dana, Straus, Tappen, Gray-4.

On motion, at 1.05 P.M., the Board adjourned to meet Thursday, 20th instant, at 10.30 A.M.

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS.

THURSDAY, APRIL 20, 1893—ADJOURNED MEETING, 10.30 A. M.

Present—Commissioners Dana (President), Straus, Tappen, Gray.

Mr. Fordham Morris appeared and asked the co-operation of the Commissioners in planning a boulevard for the Annexed District.

He was requested to submit a written application with a map of the proposed location.

Commissioner Gray called attention to additional complaints of annoyances to equestrians in Central Park, and also to a newspaper article relative to arrests for insulting women and the punishment inflicted upon the offenders.

Commissioner Dana stated that he had had interviews with the police justices on the subject.

On motion, the matter of the prevention of annoyances of this character was referred to Commissioner Gray.

Commissioner Tappen offered the following:

Resolved, That the Landscape Architect be directed to prepare a plan for the construction of a walk from Eighty-fifth to Ninety-sixth streets, between the Bridle Path and the East Drive in the Central Park, and submit the same to the Board, with an estimate from the Engineer of Construction, of the cost of doing the work.

Which was adopted by the following vote:

Ayes—Commissioners Dana, Straus, Tappen, Gray-4.
