1. Enhancement

In designating an area as a Conservation Area the Council are required to pay special attention to the desirability of preserving or enhancing its character or appearance in the exercise, with respect to any buildings or other land in the area, of any powers under the Town and Country Planning Act 1971, Part I of the Historic Buildings and Ancient Monuments Act 1953, or the Local Authorities (Historic Buildings) Act 1962.

2. Demolition of Buildings in a Conservation Area

Most buildings within a Conservation Area shall not be demolished without the consent in writing of the Council. Details of the exemptions are available from the Local Planning Authority.

An application for consent to the demolition of such a building shall be made to the Council as a separate application entitled an application for "Conservation Area Consent" and shall not be taken to have been given as part of planning permission for redevelopment of the site.

3. Development in a Conservation Area

The enlargement and alteration of properties in a Conservation Area without the need for planning permission is limited by the provisions of The Town and Country Planning General Development Order 1988. The following are included in the restrictions: Any building or enclosure within the curtilage of a dwelling-house required for a purpose incidental to the enjoyment of the dwelling (including swimming pools and garden sheds) is limited to 10 cubic metres in extent. Planning Permission is required for any addition to a roof (including dormer windows) or for any extension to a single family dwelling-house whose cubic content exceeds 50 cubic metres, or 10% of the original dwelling-house subject to a maximum of 115 cubic metres whichever is the greater. Planning Permission is also required for the application of cladding to the exterior of a dwelling with stone, artificial stone, timber, plastic or tiles.

4. Trees in a Conservation Area

Any person wishing to cut down, top, lop or uproot any tree in a Conservation Area, which is not already included in a Tree Preservation Order, must give 6 weeks notice of his intention to the Council. Where such work is begun or a tree is wilfully damaged or destroyed without due notice or without the Council's specific consent within the six weeks' period the person concerned will become liable to the penalties applicable to similar contraventions of a Tree Preservation Order and the owner liable to replant with a tree of appropriate size and species. Regulations prepared by the Secretary of State exempt trees which are dying or dead or have become dangerous, fruit trees cultivated for fruit production and trees which do not exceed approximately three inches in diameter.
