**NOTICE**

TREASURY MINUTE dated 17th March 1992.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 C.13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 18th March 1992 and until the coming into operation of a further determination:

- (i) The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- (ii) Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);
- (iii) The rates of such interest shall be:

PWLB Non-quota A Rate loans will bear interest at 1 per cent above the corresponding Quota rates.

PWLB Non-quota B Rate loans will bear interest at 2 per cent above the corresponding Quota rates.

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. Authorities may borrow further sums at quota rates at the

discretion of the Public Works Loan Commissioners. Other borrowing beyond the quota entitlement will be at the appropriate rate in the non-quota set of rates.

My Lords concur.

The Treasury determine the rates of interest accordingly.

## MID KENT WATER PLC

*Application for Ordinary Drought Orders*

## WATER RESOURCES ACT 1991, SECTIONS 73, 74 (2)(a) AND (f) AND SECTION 74 (2)(b)

*Notice of Application for Ordinary Drought Orders to Vary Licence Conditions to Groundwater Sources and to Abstract Water from New Unlicensed Sources and to Prohibit or Restrict the Use of Water.*

In view of the exceptional shortage of rainfall throughout 1989-1992 a considerable reduction in recharge to all aquifers has occurred threatening a serious deficiency of supplies of water in the statutory area of Mid Kent Water plc in 1992.

Notice is hereby given that in order to ensure the maintenance of essential supplies of water to its customers this summer, the Company is applying to the Secretary of State for the Environment for an Order pursuant to sections 74 (2) (a) and (f) of the Water Resources Act 1991, to modify licence conditions relating to the abstraction of water from the Chalk Strata at Boughton, Howfield, Thanington, Godmersham, Chilham, Hoplands Farm and Stockbury Pumping Stations. The modifications would provide for temporary increases in the existing authorised maximum day abstraction quantities which would also necessitate a temporary increase in the authorised annual quantity in certain cases. The proposed modifications would also involve the temporary suspension of the compensation water provisions for the Chilham and Godmersham licences and the temporary suspension of the restricted abstraction conditions for the Howfield and Thanington licences with respect to the 104.6 Mld. (23 m.g.d.) flow condition in the River Great Ouse as measured at the Horton Gauging Station. In addition, the Company has constructed new sources into the Ashdown Beds Strata at Bewl Bridge and Goudhurst, the Chalk Strata at Barham and the Lower Greensand at Boarley which are at present unlicensed but which will be available for assisting in meeting projected demands this summer. The Company is applying to the Secretary of State for temporary authorisation to abstract water from these sources this year pending determination of licence applications by the National Rivers Authority.

Details of the existing licence conditions and temporary modifications are indicated in the table.

Notice is also hereby given that in order to ensure maintenance of essential supplies of water to its consumers the Company is applying to the Secretary of State for the Environment for an Order pursuant to sections 74 (2) (b) of the Water Resources Act 1991, and in accordance with the Drought Direction 1991, to authorise prohibition or limitation of the use of water for non-essential purposes. In this respect the Company is seeking authority to prohibit, should this be deemed necessary:

- (a) the watering, by hosepipe, sprinkler or other similar apparatus, of:
  - (i) gardens (other than market gardens), including lawns, verges and other landscaped areas;
  - (ii) allotments;
  - (iii) parks; or
  - (iv) any natural or artificial surfaces used for sport or recreation, whether publicly or privately owned;
- (b) the filling (whether wholly or partially) of privately owned swimming pools, other than:
  - (i) pools designed to be used in the course of a programme of medical treatment;
  - (ii) the filling of pools where necessary in the course of their construction;
- (c) the filling (whether wholly or partially) of ornamental ponds other than fish ponds;
- (d) the operation of mechanical vehicle washers, whether automatic or not;
- (e) the washing of road vehicles, boats, railway rolling stock or aircraft for any reason other than safety or hygiene;
- (f) the cleaning of the exterior of buildings, other than windows;
- (g) the cleaning of windows by hosepipe, sprinkler or other similar apparatus;
- (h) the cleaning of industrial premises or plant for any reason other than safety or hygiene;
- (i) the operation of ornamental fountains or cascades, including those where water is recycled;
- (j) the operation, in relation to any building or other premises, of any cistern which flushes automatically, during any period when those premises are wholly or substantially unoccupied.

A copy of this application together with accompanying plans may be inspected by any person free of charge during all reasonable office hours at the Company's Principal Office, High Street, Snodland, Kent, at the Eastern Divisional Office, Odsal House, Harbledown, Canterbury, Kent, and the Western Divisional Office, King Street, Maidstone, Kent, for a period of seven days from the publication of this notice.

Objections to the application may be made to the Secretary of State for the Environment, Romney House, 43 Marsham Street, London SW1 3PY, (with a copy to the undersigned please) within seven days of the publication of this notice.

Where it appears to the Secretary of State that an Order is required to be made urgently if it is to enable the Company effectively to meet the projected deficiency of supplies of water, he may direct that the holding of a public local inquiry or a hearing by a person appointed by him shall be dispensed with.

- (2) It is an OFFENCE punishable by a fine to remove, uproot or destroy any trees within the areas without first having served notice of an intention to take such action upon the Local Planning Authority with sufficient particulars to identify the trees in question (by virtue of section 211 of the Town and Country Planning Act 1990) unless the tree is exempted (by virtue of section 212 of the Town and Country Planning Act 1990).
- (3) Special attention must be paid to the desirability of preserving or enhancing the character or appearance of the areas in the exercise of any powers under the Town and Country Planning Act 1990 or the 1990 Act.
- (4) The Local Planning Authority is under a duty from time to time to formulate and publish proposals for the preservation and enhancement of the areas (by virtue of section 71 of the 1990 Act).
- (5) Applications for planning permission for development, which in the opinion of the Local Planning Authority, affect the character or appearance of the areas will be published in a local newspaper and by way of a site notice displayed on or near the land in question (by virtue of section 73 of the 1990 Act).

(6) The Secretary of State may direct that section 54 of the 1990 Act shall apply to any unoccupied building within the area that should be preserved for the purpose of maintaining the character and appearance of the area (by virtue of section 76 of the 1990 Act). This will then enable the Secretary of State and the Local Planning Authority to execute works that are urgently necessary for the preservation of the building.

(7) The Local Planning Authority may consider, with the approval of the Secretary of State, the designation of the areas as areas of special control where additional restrictions are placed on the display of advertisements within the areas by virtue of section 18 of the Town and County (Control of Advertisements) Regulations 1989).

Further details of the controls over the demolition of buildings and the cutting down of trees within the areas may be obtained from the Director of Development, Council Offices, South Street, Rochford.
