THE MOTOR HOME PEOPLE

1992 LESHARO

LeSharo Does It All

The 1992 LeSharo is the most versatile vehicle on the road! It combines all the advantages of a car, a van and a motor home to give you a vehicle that's perfect for traveling around the city or across the country.

No matter what you have in store for LeSharo, this all-purpose motor home will rise to the challenge. With the responsive fuel-injected engine, 3-speed automatic transmission and aerodynamic design, LeSharo carries you around the city with the ease of a car. It also offers many features customarily found in vans, such as beautiful interiors, abundant seating, and lots of large windows for visibility and ventilation.

And LeSharo is a true motor home in every way. The efficient use of space creates plenty of interior living room without sacrificing comfort. There's a complete bathroom with a shower, a fully-equipped kitchen and a rear dinette that converts into a double bed. Outside, LeSharo has an aerodynamic wind-swept look with sleek sides that allow it to slip through the wind.

Best of all, LeSharo is backed by Winnebago Industries' 30+ years of RV building experience and a 3 year/36,000 mile limited warranty, so you know it's dependable. Now what are you waiting for? Go out and test drive the most exciting motor home on the road today - the 1992 Winnebago LeSharo. If you're looking for an efficient, hard working vehicle with many talents, it's the perfect choice!

LeSharo's unique split level interior allows up to six feet of headroom. Stain resistant, automotive grade upholstery fabrics and plush carpeting adorn the beautiful Silver Streak decor.

Special Features:

- Front wheel drive provides agile handling, superior traction and fuel efficiency.
- Well-designed driver/passenger area includes standard features such as reclining bucket seats, cruise control, air conditioning, electronic tune/signal seeking AM/FM cassette stereo and an oak beverage tray.
- Large wardrobe and lots of overhead cabinets provide ample storage space. Under the wardrobe is a convenient drawer for storing smaller items.
- Monitor panel indicates fresh water, holding and LP tank levels.
- A wall mounted thermostat controls the LP gas furnace for no-fuss comfort on chilly nights.
- Water heater with motoraid and rear automotive heater are standard.
- Standard driver & passenger floor mats.
- Electrical power is provided by a 12V coach battery with charger and 110V shoreline. This can be supplemented by an optional 2,500 watt gasoline-powered generator with its own 8 gallon fuel tank.
- Fiberglass rear cap has an extra-large window and integrated storage for the spare tire and electrical power cord.
- Steel unibody chassis for strength and integrated design, features electro-deposition coating to inhibit corrosion.
- Light, yet strong, structural aluminum body framework.
- Light, durable, and fully insulated Thermo Panel® sidewalls contain extra thick block foam insulation.
- New for '92 are handsome exterior striping and graphics.

ONLY FROM THE MOTOR HOME PEOPLE.

When you buy a Winnebago motor home, you're purchasing more than a great vehicle. You're purchasing a history of craftsmanship.

Winnebago doesn't just assemble motor homes, we are a true manufacturer. Most of our components are designed and built on-site, in the industry's largest manufacturing facility. We produce all of our own structural parts. Fiberglass. Aluminum. And most of our own furniture, including hand-crafted cabinetry.

That's the only way Winnebago builds motor homes. It's why we build them so well.

and services, and meet new friends who share your enthusiasm for motorhoming. For more information, call W.I.T. at 515-582-6874.

Only the best parts ever see the inside or outside of a Winnebago. Our comprehensive testing program ensures it, on-site, in the industry's largest testing facility.

Our own half-mile test track, ridden with bumps, chuck holes and cobblestones measures structural soundness. Rain-tunnel high pressure hoses blast vehicles with the force of a thunderstorm. Vibration, rust, chip resistance, weight distribution... the testing goes on and on.

Quality assurance. It's just one reason why Winnebago motor homes retain a higher resale value than any competitive motor homes.

motor homes on display. Discover how they're constructed. And tour the industry's most impressive manufacturing complex. Best of all, you'll witness first hand the Winnebago Industries commitment to motorhoming.

Call 515-582-3535 for further information.

Behind every Winnebago motor home stand Winnebago people: designers, engineers, assemblers, quality inspectors, dealers and hundreds more. Each is an integral part of Team Winnebago. All work together to provide you with the finest motor home you can buy.

For 33 years, quality recreational vehicles have been our business. That long-term commitment continues today.

Pride in our team. Pride in our product. For you, it means pride of ownership.

As a Winnebago owner, you are invited to join the Winnebago-Itasca Travelers (W.I.T.) Club. Enjoy rallies and caravans, receive dollar-saving discounts
